Mark Nov. 3 in Your Calendar Now!

You will be doing yourself and your city a big favor if you turn to your calendar right now and put a big circle around Nov. 3 . . . It will be election day again.

This year a mayor, city councilmen and judges are to be elected and some very important bond issues to be voted on.

It is vitally important that the city school bond issues be passed and that favorable support be given the child welfare levy.

It is equally important that careful thought be given to the race for mayor and council. A lot of people are confused and need to carefully study the election issues before going to the polls.

We have often been asked to endorse candidates for public office. We have made it a policy of these newspapers to refrain from general endorsements. In special instances, we have made endorsements. We will go on record next week stating our choice for mayor in the coming election and stating our reasons for same.

South Side Council To Back School Issue

Smith, Klipfel Kerscher, Win *Grid Guesses*

With most teams playing true-to-form, the Hartley Newspaper Football Guessing Contest was decided this week by a few key games, mostly in the Ohio Conference.

Heidelberg and Wittenberg, perennial powers in Ohio grid circles, fell by the wayside at the hands of Akron and Muskingum respectively.

These two games, coupled with the double defeat of the service teams — Army and Navy — largely determined the winners in this week's contest.

While most guessperts picked Ohio State to topple the Illini, there were enough Illinois votes to remove the contest from the upset ranks.

Here's the winners of this week's contest:

John Smith, 919 Clarendon-av; Daniel H. Klipfel, 640 Stewart-av; and E. J. Kerscher, 573 Frebis-av.

They will be awarded, in the order of their finish, $10 in cash, a front end alignment from C&E Shell Service and an oil change and lube job from Owen D. Wurts.

Winners in this contest will receive $10 in cash; a lube job from Ross William's Sohio or one bowling bag from Parson's Recreation.

Each week further proves that you don't have to be an expert to win a prize in the contest. All you need is a healty share of luck. And if you haven't yet used any of your share, you might try entering this week's contest. Full details are listed on a page advertisement inside this week's newspaper.

Guessperts have already made their selections for this weekend. Here's the concensus on some of the top games.

Purdue to wallop Ohio State, Northwestern to jolt Michigan; Michigan State to upset Notre Dame; Cleveland Browns to start winning against the Chicago Cardinals; Heidelberg to biff Denison; Capital to extend its streak over Muskingum.

Organization Hears Address Made By Harold Washburn

In a meeting of the Council of South Side Organizations, Harold Washburn, assisted by Mike Lower, narrated on some important facts of the oncoming Bond Issue and 7.6 mill operating levy. A film strip was shown to the council that was entitled "Where the Future Begins." They stated that children are already born and living in Columbus who will occupy the proposed classrooms.

The Council went on record as heartily endorsing the passage of the three mill Bond Issue and renewal of a 7.6 mill operating levy to assure unlimited opportunity in education for the youth of Columbus.

In a release from Columbus Public Schools, Harold Eibling, superintendent of schools, said, "Last November the Columbus Board of Education authorized the administrative staff of the schools to make a thorough survey of school building needs in the early 1960's."

Eibling stated that after seven months of exhaustive study and after consultation with the Bureau of Educational Research at Ohio State University the results of this investigation were made public.

The survey revealed that during the five-year period beginning on Jan. 1, 1960, Columbus must erect 32 new schools, build additions at 20 schools, carry out remodeling projects at 37 schools and complete 82 other projects.

This recommended program is based on a very real need. The children to occupy these new and improved school facilities are born and living in Columbus. The Board of Education issued the following information to the citizens of Columbus:

The population of Columbus increased at a substantially higher rate in the 1950's than during the 1940's. Between 1950 and last January the population increased approximately 106,000.

Columbus is growing more rapidly than any other major city in the state. This takes in Ohio's two largest cities, Cleveland and Cincinnati.

Authorities estimate that Columbus, a city of 481,000 at the present time, will become a city of 567,000 by 1965.

Survey shows that over 12,000 new dwellings have been constructed since 1956 and the pace has not slackened. A large majority of these developments are located in the south end of Columbus.

Statistics show that last year alone more than 12,500 babies were born in Columbus. This brings the total to 68,000 babies born during a six year period. This amount actually exceeds the number of pupils enrolled in all 12 grades during the 1958 school year.

Mr. Eibling stated that he is confident that Columbus will support the bond issue.

The Program Council and Board of Management of the South Side YMCA will probably promote this at their meeting next Monday according to a spokesman.

The Council of South Side Organizations is urging voters to consider this issue and levy for the benefit of the oncoming youth.

County Day Appeal Drive Held Oct. 8

October 8th was designated County Day, as the first report luncheon for this year's United Appeal drive got under way. Mayor Sensenbrenner along with mayors of other communities in the county were recognized and honored during this session of reporting.

The South and Southeast Group of the Suburban Business Division, reported that of a goal of $11,678, they had collected to date, $80 or 0.7 per cent of their goal.

William Santanich, this year's group chairman, stated, "it is too early to give a true and accurate account of all monies collected, because all reports were not in at this time."

However, he asked all residents of the South and Southeast Area to "get solidly behind this community project, and end this year's campaign with a hundred per cent plus report when the campaign closes on Oct. 28."

With all divisions giving a very gratifying first report, the campaign had reached a total of $745,548, for 22.1 per cent of this year's goal.

Woman Is Listed In Fair Condition After Trailer Blast

A South Side woman is in fair condition in Mercy Hospital after she was injured late Sunday by a fuel oil explosion when she attempted to check the level of fuel in a storage tank on the porch of her trailer.

Mrs. Maxine Bagley suffered severe burns over the upper part of her body when she used a match to check the fuel level.

The match touched off oil vapors that sent flaming fuel spraying over her body and ignited the trailer. Flames swept through the interior of the trailer as the aluminum exterior melted away.

The injured woman's husband, Charles, rushed his mother-in-law, Mrs. Emma Welch through the door. She suffered possible internal injuries and her condition is listed as good at Mercy Hospital.

Bagley, listed as owner of the trailer, managed to carry his six-week-old daughter to safety. Neighbors were caring for her Sunday night.

Firemen unofficially estimated damage to the trailer at $2000 and $1500 to its contents.

The blast ripped the bottom out of the 50-gallon fuel container on the front part of the trailer. Heat from the blazing fuel melted a large section of the aluminum trailer into streams of metal.

Flames roared into a bedroom and several closets before firemen managed to bring them under control.

Charles Bagley, husband of the injured woman, suffered burns as he helped the family to safety. He was released from Mercy Hospital Tuesday morning.

THIS IS FREEDOM'S TEXT BOOK

Freedom is expressed in many ways by many people, but almost universally, freedom has been stimulated and taught in the pages of a free press — free to seek out the truth and free to express these facts.

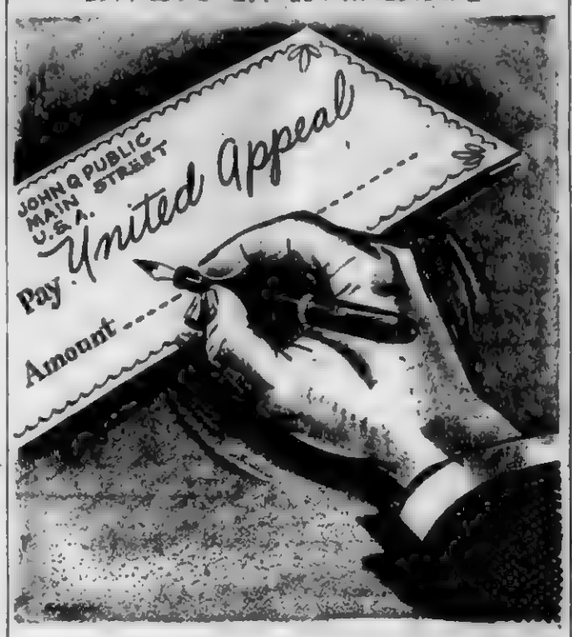
Never has any part of human society been called on more consistently than the press to play a significant role in protecting the rights of individuals. Your newspaper today is not only a key to better living, but it is truly freedom's textbook.

To limit the press in its attempts to obtain accurate and factual information would be to limit your right to know—a basic concept in a free society. Despite this role, there are those who would deprive newspaper readers of this freedom.

The barring of reporters from town council meetings, legislative hearings, public committee meetings, and court trials is in a real sense an infringement on your right to know; a restriction on your newspaper's right to teach and report.

Certainly, these practices should be condemned.

But we could hardly take such a stand without first looking to ourselves and knowing full well that we practice what we advocate.



Just as the reporter should not be denied the facts on events or transactions having public interest, neither should anyone with a legitimate interest be deprived of information.

The press, as the recognized medium for informing the people, should be given every opportunity to obtain the facts. Only after every door closed by a public official has been opened to the press, shall we have complete freedom of information.

Only so long as this is true can your newspaper effectively serve as freedom's textbook.

"Everyone admires the fellow who doesn't let grass grow under his feet—unless he uses your lawn to prove it."
—Morris Bender.

BIBLE COMMENT:

Right To Kill During War Is Questioned

From the time of Moses, probably no commandment has been so persistently disregarded as the sixth, "Thou shalt not kill."

From the beginning, men have set their own private limits upon the terms of this edict. Its breach has been on a vast scale.

We need not look to the ancients for incidents of barbarism and slaughter. In our own century we have seen mass killing and genocide of almost unbelievable proportions.

Many Christians are divided on whether the commandment applies to killing in warfare.

The assumption that it is all right to kill when a constituted government orders, is a further limitation on the commandment. It obscures the fact that the constituted authority itself may be acting on an immoral basis.

Millions of persons have met death and committed mass murder at the whim of a dictator or at the instruction of a government.

Some churchmen feel that it is the right of the individual to weigh the morality of going to war.

If you purchase stolen property, they will say, you do not gain more right to the article than the thief had when he stole it.

Similarly, our participation in mass killing does not absolve us from moral liability for our actions if the decision of the government was motivated by aggression or a warped sense of national justice.

That is why some men elect to stand as pacifists during wartime, feeling that they are bound to kill no man.

Others hold that there is a point at which pacifism breaks down—when you yourself are attacked. A man of peace, they aver, has a right to expect others to be the same. When they are not, the limit on the sixth commandment must be enlarged.

Climaxing a successful season, the Swan Club Babe Ruth baseball team held its fifth annual banquet at the Swan party room, Tuesday night, Sept. [illegible].

Guests of honor were the two coaches and the 13 boys who made up the club's team.

With a record of nine wins and three losses the team went to the semi-finals in the state and finished second in the American league here in Columbus.

After a steak dinner, speaker Jim Warner talked on the possibilities and opportunities of the younger generation in athletics. He praised the members of the team for their good sportsmanship.

Bob Irwin was selected the most valuable player by the team members. He was presented a trophy by Paul Sietz, OSU baseball pitcher.

Ed Bellman showed moving pictures of the Groveport-Swan game and individual action shots of each team member. These films will be put in the Swan Club file for future enjoyment and training of the Swan Club's baseball teams.

Cruisers Top 'Hounds, 16-12

Groveport's Cruisers outlasted a battling Grove City eleven Friday night to churn their way to a 16-12 gridiron win after a scoreless first half.

Jay Montgomery passed to Gerald Van Gundy for two points after the first touchdown and run the ball over for two more after the final TD. It meant the margin of difference in the game.

Don Troendly accounted for both of the Cruisers' goals.

Fish Are Bitin'—Get Goin'!

INSIDE ON THE
Outdoors
By ROD COCHRAN

It has been difficult for hunters to concentrate this season on the hunting at hand, for warm summer weather has kept fishing in the news. Many fishermen from around here take a trip or two to Lake Erie every year to sample the fishing up there. I have just returned from my annual "perch jaunt" to Put-In-Bay—that quaint village on South Bass Island six miles out in the lake.

South Shore Is Good

The trip has been annual, that is, for the last three years. During that time perch have become abundant in the lake and have provided a fishing bonanza. Fish populations change in Lake Erie so it is wise to take advantage of whatever fish is "high" at the moment. Perch are being caught fairly generally all along the southern shore, with excellent catches reported all summer from Sandusky Bay, Catawba and island areas.

The fishing season isn't over! Not according to R. W. Recob of Recob Supplies, West Jefferson, who just reported that Dale Patterson of his town recently caught a 5¼ pound largemouth bass. The monster was 22⅜ inches long. Patterson caught his fish in Big Darby Creek on a Tiny River Runt.

Fishing Lake Erie is not the easiest thing in the world for a downstater. You either must hire a charter boat, or have access to a sea-worthy boat and know something about the lake. Once you are on the water it is not difficult to find where the perch are biting, for there will be a congregation of boats at the good spots. There always seems to be room for one more boat—so perch fishermen join the crowd and join in the fun.

Called "Perch Ranges"

People familiar with the lake catch perch by locating underwater humps or mounds. Residents on the island area call these humps "perch ranges"—why I'll never know—and locate them by sighting two ways on land objects such as trees, houses and rocks. Once they are sighted in, they throw out the anchor and start fishing. Good perch ranges are passed on from father to son, and while they are not secret, some one must be able to locate them in order for other fishermen to follow the leader.

Once you are on a range, catching perch is about the easiest fishing there is. You fish about a foot to 18 inches off the bottom—the way to find this depth is to let out line until you hit bottom and then reel in the prescribed amount of line. A minnow is used for bait, and you jiggle it once in a while to keep it in motion.

When the action is fast, perch will hit almost anything and often fishermen will cut minnows in two to make them last longer. If the bait bucket empties you can use the belly skin off of the perch already caught. And anglers have been known to use strips cut out of their shirt tails in order to keep in there perching.

Catches of 100 Common

Granted, it isn't a spine tingling exciting kind of fishing but it has its fascination. It is something like eating peanuts—once you get started you keep going for one more until it's difficult to stop. It is common for a couple of good fishermen to bring in more than 100 perch after angling from two or three hours. For some reason they seem to bite best from 9 to 10 in the morning and from 3 to 5 in the afternoon.

The rewards of perch fishing are many. First you have the fellowship of a comrade engaged in teamwork effort. Secondly, you enjoy the calming effects of sitting in a boat, catching fish, and watching the gulls dive for dead minnows. Thirdly, you are rewarded with probably the finest table fare that Ohio waters have to offer. Perch fillets browned in a frying pan are the best, and enough in themselves to send you back for more on another autumn day when the ducks are flying and the leaves turning.

Sports Open House Set

Southeast Conservation Club has designated Sunday, Oct. 18, as open house day at its new club grounds, 1040 Borror-rd.

A full program is planned that will show conservation practices on the land that will improve hunting. Tours around the natural lake on the property will be made. The open house will be integrated into a workshop session for school teachers and the other conservation members who are interested in conservation education programs.

Members of the Southeast Club have been leaders in getting conservation into the classrooms of Columbus. The open house scheduled next Sunday will be a milestone in the club's history. Visitors are welcome.

Food Markets This Week

by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Vegetables—Cabbage, cauliflower, endive, potatoes, squash.

Fruits—Apples, cider, canned fruit cocktail.

Protein Foods—Pork loins, bacon, stewing hens, turkeys, medium eggs, cheese.

CHEESE FESTIVAL TIME

Plan to look over the cheese displays at your store this week. In October the cheese industry puts forth special effort to make available cheeses of every variety and flavor. Many retail stores are featuring it at "special prices." Regardless of how you like cheese—with apple pie, with crackers, in a sandwich or in some elaborate and exotic appetizer, main dish, salad or dessert—you'll find a variety to suit your need.

Differences in Price—It pays to do a little comparative shopping when buying cheese. There are several reasons that account for differences in cheese prices. The length of the ripening or aging process will affect price. This means sharp cheese usually cost the most per pound, due to added storage and handling costs. You must pay for "built-in services." Sliced or grated cheese of the same variety will cost more than the unsliced. Cheese in smaller packages usually means a higher price per pound. And the higher the fat content the greater the food value and the higher the price.

You'll find the identity and content of all varieties of processed cheese clearly stated on the labels.

Care at Home—All cheese should be kept refrigerated. It may be kept in a covered container, wrapped in metal foil, waxed or cellophane paper, or in its original container if prepackaged. Cottage cheese should be kept tightly covered to retain its moisture. Cheese absorbs other flavors easily. It should not be frozen.

1959—GOOD POTATO YEAR

This year's potato crop in Ohio is of excellent quality. The crop is a big one. Early summer weather was favorable. Many growers irrigated crops during the dry weather. Hot weather in August and September matured potatoes earlier than usual, resulting in firm skins. This means the potatoes will keep well in storage.

If you want Ohio potatoes, look for the "Buckeye Brand." Most of them are of the Katahdin variety. They are displayed in sizes from five to 50-pound bags. If you have good storage facilities you usually save money by buying in the large packages.

You can keep potatoes satisfactorily for a few weeks at temperatures of 60° to 70° F. Or, potatoes may be kept about three months at 35° to 40° F. In either instance, keep them away from the light to prevent greening. And remember that potatoes keep better if they are packed loosely in bags or in a bin that permits air to circulate. One "bad" potato can spoil the lot, so sort them frequently.

Jon S. Ellifritz, a South High School senior, has the warmest wishes of all residents in Leaderland, when he takes the Dec. 5 finals of the National Merit Scholarship Qualifying Test. To get an idea how well Jon did in the semi-finals, 30 high school seniors of the Columbus area were ranked in the 10,000 highest scorers, nationwide. A total of 550,000 students took the tests, competing for 196 scholarship awards. Being in the winner's circle isn't exactly a nogel experience for Jon, for while in grade school, he was Central Ohio's entrant at the national spelling contest held in Washington, D.C.

The crib, high chair and Pablum had been waiting since Aug. 5, but Kathy Jo Leist proved her independence by picking Oct. 5 as the day to make her debut, so now all the friends of John and Mary Leist, 1204 Oakwood-av, can relax and make plans to visit little "Miss Independence" in person!

Two South Siders that we know about are making a two week tour of Europe at this time, though there may be more in the tour from this area. Lena Poczik, 310 Hinman-av, and Emma Pritcl (we have probably given her name a new spelling!) of Innis-av are the travelers who will soon be telling their "stateside" friends about Italy, France and England. The voyagers in this particular tour come from Columbus and Toledo.

Class representatives from South High School met this past Tuesday, Oct. 13, to discuss the upcoming homecoming game and dance, Oct. 23. Final plans were made for the dedication of the press box.

Sue Miller will exchange her wedding vows with Roger Clark this Saturday, Oct. 17, at 7 p.m. Scene of the open wedding will be Southwood Church of Christ.

Mid-October means "birthday" to these small-fries: Stephen Butts, Oct. 10; Marla Morehouse, Oct. 20; Gary Stewart, Oct. 19; Daniel Toth, Oct. 17; Jeff Feil, Oct. 16; Michael Ross, Oct. 21; John Eagon, Oct. 10; Jimmie Roseberry, Oct. 13; Charles Wood, Oct. 13; Elizabeth Garren, Oct. 15; Charles Frames, Oct. 21; Lloyd Gray, Oct. 17; Susan Lunader, Oct. 12; Peggy Ikehorn, Oct. 20; David Colegrove, Oct. 9; Carl Snyder, Oct. 21; Dolores Fugate, Oct. 31.

Friendships made while working together as Girl Scout leaders were renewed on a recent day this month, when Mrs. C. W. Steinmetz entertained the former leaders at her home, 1454 Wilson-av. Several of the women are continuing in the youth organization in other capacities at the present time. The guests were Miss Olive Wharton, Mrs. Leland Evans, Mrs. William Gerhard, Mrs. Herman Heil, Mrs. John Peer, Mrs. Arthur Foster and Mrs. Robert Klemm.

The Jolly Joes Club will meet tonight at 7:30 at the home of Loraine Sailor, 657 Moler-st.

The Schiller Park Golden Age Club will partake of a pot-luck luncheon at famed Dawes Arboretum, Tuesday, Oct. 20. This will be one of the final outings for the current season for the group. These officers were elected at the previous Oct. 6 meeting: president, Frances Colegrove; vice-president, Helen Kizer; secretary, Ella DeWitt; treasurer, Alberta Rigot; chaplain, Mary Deffenbaugh; parliamentarian, Henry Cotner. (An interesting fact about the group's treasurer we'd like to add . . . she is the grandmother of first-mentioned Jon Ellifritz, at the top of the column.)

The household at 1411 S. Sixth-st was at full membership over the weekend when C.B.S. freshman Priscilla Dicke took her place in the family circle for that length of time.

The Seemueller family, 462 Stanley-av, visited relatives in Coshocton and attended that city's fair while there.

Ida Wharton, chairman of the Moosehaven committee, Women of the Moose Chapter 206, has decided to serve a steak dinner when her committee has charge of the Wednesday, Oct. 21, meal. In addition to the featured item on the menu there will be mashed potatoes and gravy, green beans, sheet cake and coffee. Cost to adults is $1 and 50c for children. The weekly dinner is held from 5 to 7 p.m., at 36 W. Sycamore-st.

Celebrating time for the Kessler family, 174 and 174½ E. Moler-st, for two birthdays appear on their October calendar. Diane Kessler, daughter of Mr. and Mrs. Joseph Kessler, is now two years old, as of today. Diane's uncle, Jon Kessler, reaches his 18th year next Monday, Oct. 19.

Mrs. Harold Colegrove of Haddonfield, N.J., was a Columbus visitor for a week. She had entertained her grandson in New Jersey, and her Columbus visit was the result of bringing the youngster back home. Part of her week was spent with Mr. and Mrs. James Colegrove, 1077 Bruck-st.

A group that brings so much cheery warmth to needy families is running low in its "supply department" these days. The Sunshine Comfort Club, which makes comforters for needy folks, could use old white sheets or pillow cases, and quilt pieces, as its supply of these items is "short" at this time. These fine women have helped needy families that ye Gadabout has told them about, so we are glad to assist them, now that we have the chance to do so. For those wishing to contribute, call Mrs. Colegrove, HI. 4-4716.

"Duke" Eichel, 1341 S. Third-st, leans a little heavier on the "Life Begins, etc." philosophy, on account of his Oct. 17 birthday.

We understand a new group came into being at the PTA convention earlier in the month, strictly informal of course. We hear it was dubbed "Ardie's Hot-Rodders" by one of the charter members of the group. (As a clue, we'll say "Ardie" belongs to two school PTA's — one junior high, t'other is senior high.)

At the time we wrote this column, four women had given, and generously, of their plants for the patients at Benjamin Franklin Hospital. In addition to assisting the ailing ones at B.F.H., we get such a thrill out of meeting the readers personally! Our nice neighbor, Mrs. J. V. Wilson, 1395 S. Sixth-st, was one who came right down and told us she was donating some of her plants. Our faithful contributor in all projects, Lillian Ryan, had her lovely daughter bring their contributions. Two new friends were quite generous, so thanks to Mrs. Bunte, 1032 S. Ohio-av, and Mrs. Kuehner, 1531 S. High-st.

The League of Women Voters meets today for its annual membership tea, from 1 to 3 p.m., at the First Community Church. "League Influence in Legislature" will be the topic of Mabel Davis. Mrs. Davis is the former state legislative representative of the Ohio League of Women Voters. All units of the LWV will soon be busy handing out the Voters' Information Bulletin, a non-partisan source of information designed for those people who like to make their voting choices dependent on the candidates' records alone.

Capital University student Rudy Wiegerig, 677 E. Moler-st, is a patient at Grant Hospital after undergoing an appendectomy at Grant Hospital Monday. While thinking of Rudy and Cap, how about the football team at that school? Three games: Cap 110 points, opponents 0. And how about Al White, whose points per game sound like he thinks he's in basketball! Sooo, you wailing OSU fans, rejoice that Cap is also in Columbus to uphold the football tradition that rests in our capital city. (Hadn't meant that last sentence as a pun, but we'll let it stand.)

Two little friends, Dolores Fugate, 499 E. Gates-st, and Mike Miller, 494 Hanford-st, were on television for two weeks, on WTVN-TV, 9 a.m. Sunday, and though we missed the first program, we wrote a note to ourselves to assure us of watching them on their final appearance. They were cute, and so serious!

Zoning Topic Of OSU Meet

Zoning in small towns and rural areas will be among some 14 topics which experts will discuss at a Community Development Conference, scheduled for Nov. 13 and 14 at Ohio State University.

Prof. Bryon E. Munson, supervisor of community development at Ohio State, said the two-day meeting is designed primarily for people from communities that do not have professional planning staffs.

In addition to zoning, program topics will include discussions of local government structure, industrial development, water supply and sewage problems, transportation, education, social welfare and recreation, planning methods, and others.

Some tickets to the Ohio State-Iowa football game Nov. 14 will be available to those attending the sessions.

Vicki Hess Reigns As Queen At Homecoming

By Elizabeth Smith
HI. 3-1184

Vicki Hess was crowned queen at the Marion Franklin homecoming on Friday night.

Vicki was announced as the queen at game half time and was presented a beautiful bouquet of red roses by Miss Paula Barry, last year's queen. She was crowned at the dance which followed the game.

Vicki made a lovely queen, attired in an orchid formal of row upon row of tiny ruffles. Her escort was Dave Blum. Her court was four other senior girls.

Kit Edwards wore a ballerina length pink flowered formal and was escorted by Dan Dailey. Jerilyn Miller was lovely in a ballerina length white formal with pink embroidery and was escorted by Jim Kremer.

Pat Smith was attired in a bright red net formal with ruffles edged in two rows of silver thread. She was escorted by Jim Strawser. Diana Wisecarver was stunning in a beautiful pink formal with a lovely apron effect to the skirt of the gown. She was escorted by Bob Kyle.

The only sad part of the evening was the loss of the game by Marion to the North High players.

The new South High EUB Church opened its doors to an overflow congregation on Sunday. There were 371 in the morning worship service, with the cry room, parlor, coat room and narthex all filled with chairs.

There were others who looked in the doors and saw the crowd and went elsewhere. With the nursery open, and the junior church in session this coming Sunday, they hope there will be room for all the adults in the sanctuary. If they still have overflow crowds there will be a second worship service soon, for they are determined to have a service for all who want to attend.

The evening service was the first communion in the new church. There were 173 who attended that service.

A youth choir of 37 voices made a beautiful picture, attired in their blue robes with white collars.

The PTA convention last week was attended by quite a large number of delegates from our immediate community. Representing Scioto Trail School were Genevieve Miller, Evelyn Eberts, Ruth Huffman, Irene Hamler, Pat Dodson, Mary Carter, Joyce Carle and Ann Blair.

From Marion-Franklin those attending were Mr. and Mrs. Edwin Gearhart, Mrs. Carl Weber, Mrs. John Nippert, Mrs. Richard Smith, Mrs. Henry Scheiderer, Mrs. Paul Berger, Mrs. Herbert Cripe, Mrs. Lawrence Gutridge and John Nippert. Those who represented George C. Berry were Mrs. Robert Miller, Mrs. Sheldon Johnson Jr., Mrs. Nelson Miller, Mrs. Anthony Douridas, Harold Miller and Mrs. Dorsey Bassett.

Mrs. Dora Eberts has been moved to Mrs. Krouse's Rest Home at 123 North State-st in Westerville. "Grandma" or "Mother" Eberts, as she has been known in this community for years, is 88 years old and has become a bed patient, and needs nursing care all the time.

Mr. and Mrs. Ralph Boren and family spent the weekend of Oct. 1 in Portsmouth visiting Ralph's parents who were leaving for a three week Florida vacation.

Julie Johnson, small daughter of Mr. and Mrs. Jerry Johnson has been quite ill the past week. She has had a very bad case of bronchitis and had to be taken to Children's Hospital one night. At this writing she is better.

Maj. Womeldorf of South High-st suffered a heart attack on Sunday and was taken to Doctors Hospital.

Mrs. Louis West is home from the hospital, but is under strict orders from her doctor to not do anything. She is still marked with many bruises and a concussion as a result of her fall down a flight of stairs.

Mr. and Mrs. William Wedebrook, and Mr. and Mrs. Gomer Wedebrook of Portsmouth will be attending the races at Scioto Downs this week. The rest of their time in Columbus will be spent with Barbara Boren on Colton-rd.

The Ways and Means Committee of Marion-Franklin PTA met with their chairman, Mrs. Walter Reese, on Thursday afternoon and worked on the plans for the annual Turkey Supper to be held Nov. 15 at the school.

Miss Betty Donahue was guest of honor at a personal shower on Tuesday evening, at the Walnut Hill Fellowship Hall. Beverly Bond, Margaret Shuler and Dianne Masters were the hostesses.

Mrs. James Harvey entertained in honor of the 84th birthday of Mrs. Pearl Harvey. Guests were Mrs. Elmer Mitchell of Baldwin Park, Calif., Mrs. Will Harvey, Mrs. Mary Shover and daughter Cheri, Mr. and Mrs. Don Harvey and daughter, Christy. The Don Harveys showed pictures of their travels in Europe while they were stationed in Germany.

Mr. and Mrs. George Harvey and children, Judy and Ricky of Zanesville, were guests in the evening and enjoyed ice cream and cake with the group.

Commissioners Approve Sewage Plant Project

Approval of a request for an expansion of a privately installed and operated sewage plant at the Winchester Subdivision, south of Refugee-rd and Rt. 33, was given last week by Franklin County Commissioners.

C. Burr Dawes, who built the plant three years ago for the 30-home development, estimates the expansion cost will be over $40,000. Dawes was asked by commissioners for detailed estimates and plans of the enlargement.

Leftover egg yolks should be covered with a small amount of cold water and stored in refrigerator.

REPORT TO PEOPLE

Mayor Sensenbrenner Answers Criticism Of Water Program

Editor's Note—What has the administration of Mayor M. E. (Jack) Sensenbrenner done in the last six years and what are the mayor's plans for the next four, if Sensenbrenner is re-elected Nov. 3? The mayor answers those questions in a report to the people presented in a series of articles in the Hartley Newspapers. The second follows.

Mayor M. E. (Jack) Sensenbrenner, seeking another four-year term, took advantage of his report to the people on his six-year administration to give his side of the controversial Columbus water situation.

"Under my administration," the mayor said, "Hoover Dam was completed at a staggering cost of $26,000,000. The previous administration rejected the federal government's offer to build a dam for only $7,000,000 cost to the city.

"As a result, much of the increased revenue from the added water supply had to go to retire the debt incurred by the project."

Since Sensenbrenner took office 851.6 miles of water mains have been laid. Even so, during the extreme June and August droughts this year, some drop in pressure was noted, particularly on the East Side.

"This will be remedied after completion of standby tanks and the normal execution of the Sensenbrenner capital improvements program," the mayor promised.

The plan, approved by city council last January, calls for several new lines, including the Stelzer Road line, to begin in 1960, the mayor said. The plan includes several new mains for the East Side as well as other areas in the city.

The mayor listed his achievements in providing new sewers as "outstanding" and listed these accomplishments:

"Alum Creek Trunk (Section B) just north of Route 62 along the creek to about 900 feet south of Livingston Avenue has been completed. Another East Side project, the Big Walnut Trunk, between Broad and Livingston, is serving the new Western Electric plant at East Broad and Taylor Station Road. This includes a pumping station which is located 1,500 feet south of Livingston on the east side of the creek. Work is under way on the Olentangy Main Trunk."

PROJECT IN AIR

BIG RUN BIG—Just how big is the Big Run sewer project being undertaken by the City of Columbus? Mayor M. E. (Jack) Sensenbrenner made a special effort to point this out last week as the project "got off the ground." The mayor, all five-feet-ten-inches of him, is shown standing inside one of the 78-inch tiles which will be installed along the line. The sanitary sewer tiles, part of which are under construction at the Concrete Products Division of American Marietta Co., 555 Furnace-av, will eventually run from the Hilltop to the Jackson-pk treatment plant. Jack Merritt, district manager of the local firm, is shown with the mayor.

Completion in 1956 of the Beulah Road Main Trunk Line (northeast) and expansion of the sewage treatment plant, in addition to the Truro Relief System, were listed as significant achievements.

Construction of first section of the Big Run sewer to provide expanded service for the West Side began this month. Three other sections are in the planning stage. Bids for the Early Ditch Branch of the first section were opened earlier this month.

Synchronized traffic lights to make better use of main streets in Columbus are in effect throughout most of the city. The program should be finished by the end of the year, the mayor says.

Cost of the program to the city was $400,000 and the federal government contributed another $220,000 because synchronization helps the civil defense program. The mayor said he pushed the program in numerous conferences with other officials.

An Appleton, Wis., wife told a judge that her husband called her a "rebel," and beat her. Her spouse, a southerner, explained that she had called him a "Yankee."

The People's Mayor . . . THE ISSUES

FANCY AND FICTION

The Private Press and Sensenbrenner

It is not a secret that the privately owned Star-Dispatch-Journal newspapers and WBNS radio-television facilities oppose re-election of the Sensenbrenner administration.

It is also not a secret that all these newspapers, radio and television facilities are managed by a wealthy private interest.

But, because these communication facilities have so many different labels and crop up in so many different places, it is easy to forget, when they all express the same opinion, it is nothing more than the bossman agreeing with himself. It is even possible, unless one is careful, to get the feeling that no other opinion exists anywhere.

Fortunately, differences of opinion are still possible . . . they're even popular. Even the controlled press which yells its opinion the most often is sometimes viewed as suspected the most, the least believable.

THE ISSUE at stake in this election, as before, is whether certain "rich alumni" should run the team from the sidelines . . . or should the team's quarterback on the field call the signals. Does Columbus want her city decisions made in City Hall . . . or sent to City Hall from the bleachers? Your opinion in the voting booth counts exactly the same as the next voter, whether you run a newspaper or not.

"Six years of jobs, progress and growth AND THE BEST IS YET TO COME"

SLUM CLEARANCE

Columbus citizens for years talked about slum clearance. The cooperation and enthusiasm of the Sensenbrenner administration has done something about it. Two projects are under way; two others are already to start. This program of neighborhood renewal as well as complete rebuilding programs has been a part of this effort.

THE ISSUE is to continue in office an administration willing to risk the violent criticism of vested interests in order to remove the blight of slums.

HOUSING FOR THE AGED

The happiness, health and welfare of senior citizens is a growing problem for every community. The Sensenbrenner administration has recognized this problem by again doing something constructive.

A new 10-story senior citizen apartment building and recreation center is underway at Sunshine Park.

THE ISSUE is to continue this kind of social responsibility in City Hall.

EXPRESSWAYS

Mayor Jack Sensenbrenner alone did not build the expressways. Neither did any other single person or group. But his administration did get the Third Street Viaduct off the planning boards where it had been for fifty years. It is not nearly completed. Look around you in every part of the city and see the expressway progress.

THE ISSUE is the proven record of getting things done versus general promises and "Saturday night quarterbacking."

SEWERS

The postwar building boom in Columbus created a great need for sewer development. Annexation further increased this need. The problem was tackled with four major sewer trunk lines and an authorized sewage treatment plant, with still other lines on the drawing boards. Construction is ready to begin on two additional sewer trunks to speed the program.

THE ISSUE is progress of the Sensenbrenner administration versus artificial petty criticism.

PARKS AND RECREATION

A sensible new program of locating parks near schools, thus creating neighborhood recreational centers has been inaugurated by the Sensenbrenner administration. Three new recreation centers and a new golf course are completed. Plans for three added recreation centers are in the mayor's program.

THE ISSUE is the completion of this responsible program of community service versus a do-nothing opposition.

THE MOMENT OF TRUTH

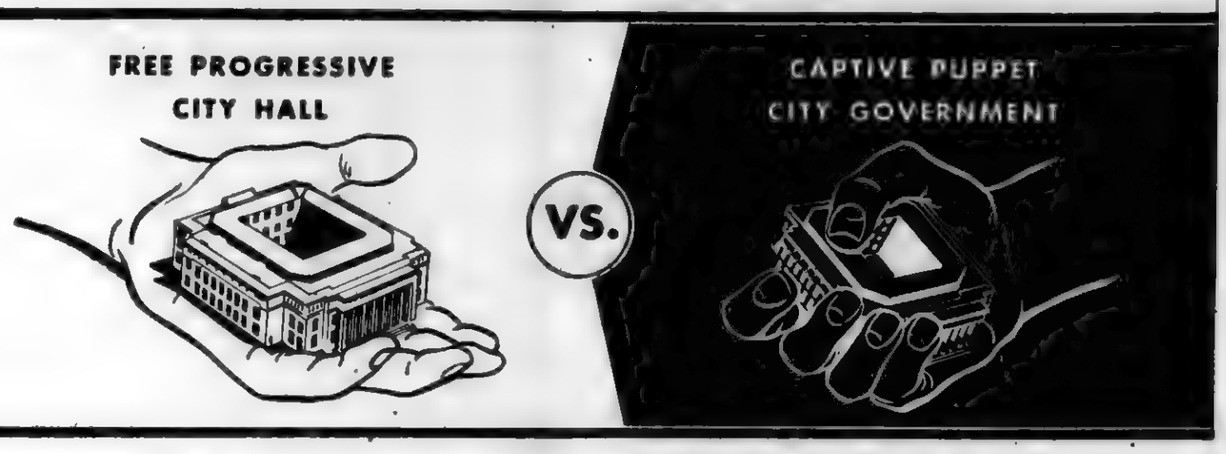
Sensenbrenner Team Reviews City Progress

Neither a single man, nor a small group of men can justly take credit for all the progress of a great city. Progress is always the composite result of the many efforts of the many who participate.

But . . . city progress can be stopped by government in spite of the best efforts of others. This is often the case in city after city throughout the country.

To the government official, it is often more desirable to resist change — progress — because the process of change creates responsibility. The easiest way to avoid criticism is to do nothing and escape notice.

The progress of a city, then, becomes the record of the government during the time of progress. At the very least, it becomes the record of that government's willingness to risk public censure at the next election. Interested private groups or individuals run no such risk.



It is with these thoughts in mind that the record and issues of the mayoralty campaign should be judged. The Sensenbrenner administration HAS been an administration of progress. The risk of public criticism has been taken willingly in reaching every decision.

Much progress has been made BECAUSE of the Sensenbrenner team. Other progress is the result of the cooperation of the Sensenbrenner administration on a non-partisan basis with citizens groups.

THE ISSUE now is the continuation of this constructive public policy where progress is not only possible . . . but is sought and encouraged.

"Six years of jobs, progress and growth AND THE BEST IS YET TO COME"

THE ISSUE: | **The principal issue in this year's mayoralty campaign is:**

The present administration's progress in solving the basic needs of Columbus is recognized in fact. The campaign is the character assassination by POWER AND PREJUDICE against a man . . Mayor Jack E. Sensenbrenner

HE DESERVES YOUR SUPPORT!

ANNEXATION

Under Mayor Sensenbrenner, Columbus has increased in size from 42 to 88 square miles. Why? Because only in this way could the city be prepared to attract new industry, and therefore create more jobs and prosperity.

This has also brought new citizens, new homes and new incomes to our city.

THE ISSUE is to complete this program of community expansion.

CITY FINANCES

Businesslike money management is a vital part of the Sensenbrenner administration. Inactive city funds have been invested to earn more than $300,000. The city has made more than $100,000 in operating the zoo concessions and airport parking. The program of annexation has also increased the city income without tax increase.

THE ISSUE is the continuation of this proven program versus financial double talk or profit going to vested interests instead of to the people.

SENSENBRENNER TV SHOWS

Mayor Sensenbrenner will bring the issue of this campaign directly to the Columbus public in four TV programs. They are scheduled as follows:

WTVN

Wednesday, October 28, 6:00 to 6:15 p.m.

WLW-C

Thursday, October 29, 6:20 to 6:25 p.m.; Friday, October 30, 6:10 to 6:25 p.m.; Monday, November 2, 6:10 to 6:25 p.m.

WATER

Water Mains — 851.6 miles of them have been laid to serve Columbus' growing area and booming population during the Sensenbrenner administration. Progress has been made just as rapidly as finances have allowed. An additional $5.8 million is planned to continue this program.

THE ISSUE is an adequate water program of water development, subject to the availability of money rather than politically inspired criticism that recognizes only part of the problem.

HEALTH AND SAFETY

A new synchronized, safe traffic control system will be completed by year end; a revitalized program of housing and sanitation inspection is underway; the city's program of free polio immunization is a matter of record.

THE ISSUE is the continuation of an administration responsible to the people's needs versus a campaign that fails to mention these community assets.

Duckworth Plumbers Defeat Mifflin 36-0

Duckworth Plumbers made it five in a row, to remain undefeated, in the Ohio Bearcat League by downing Mifflin 36-0.

The Duckworth eleven started on their own 25, after an exchange of punts, and drove 75 yards in ten plays to score in the first period. Jerry Robinson ran from the 5 for the initial touchdown. Marc Borst carried for the conversion.

In the second period Marc Borst broke loose around left end and scooted 62 yards, behind good blocking, to score Duckworth's second touchdown. A pass from Rick Anderson to Bill Foraker accounted for the extra point. For the third touchdown Anderson broke loose off right tackle and raced 30 yards to paydirt. Not content with scoring the touchdown, Anderson smashed through left tackle for the extra point.

Skeeter Ellis climaxed another drive in the third period, when he drove 5 yards for Duckworth's fourth score.

Mike Long provided an exciting climax to the game, by intercepting a Mifflin pass and racing 50 yards for the last score.

The Plumbers showed a decided edge in first downs, showing 10, all by rushing, to 4 for Mifflin.

Good all around play by John Komives and Marty Komives plus the good defensive work of Butch Kirby and Fred Hamler contributed much to the Duckworth win.

After the victory, the Duckworth team and their parents celebrated by having a wiener roast at the South Side Y Park.

Susan Watzek Ends WAC Military Training

Recruit Susan M. Watzek, daughter of Mr. and Mrs. Charles A. Watzek, 1434 Fairwood, completed eight weeks of basic military training Sept. 30 at the Women's Army Corps Center, Fort McClellan, Ala.

Recruit Watzek received drill and physical fitness training and instruction in Army history, traditions and career fields. She attended South High School.

OVER THE TOP—Mayors of Franklin County use a "one-two-five" formation to keep the United Appeal ball rolling toward an "Over The Top" victory. From left to right, back row, Richard Savage, of Worthington; William Schneider, of Bexley; Jacob Shawan, of Marble Cliff; Richard Meling, of Whitehall; and M. E. Sensenbrenner, of Columbus. Middle row, Gaymon Wright, of Hilliard and W. Ralph Jones of Dublin. Kneeling, in front, County Commissioner D. J. Kunz.

Mayors Honored At 'County Day' As United Appeal Gets Underway

Oct. 8th was designated County Day, as the first report luncheon for this year's United Appeal drive got under way. Mayors Gaymon Wright of Hilliard and W. Ralph Jones of Dublin, along with mayors of other communities in the county were recognized and honored during this session of reporting.

The Hilliard-Dublin area of the Suburban Business Division, reported that of a goal of $12,747 they had collected to date $195 or 1.5 per cent of their goal.

Joseph Schreick, this year's group chairman, stated, "It is too early to give a true and accurate account of all monies collected, because all reports were not in at this time."

However, he asked all residents of the Northwest Group to "get solidly behind this community project, and end this year's campaign with 100 per cent report when the campaign closes on Oct. 26."

With all divisions giving a very gratifying first report, the campaign had reached a total of $745,548, for 22.1 per cent of ths year's goal.

Kiwanians Seek Merchandise For 4th Annual Auction Sale Oct. 24

Just about anything that has ever been worn, grown, ridden upon, sold, acquired, accumulated, or has seen the light of day or the darkness of night, is being sought by the West Franklin Kiwanis Club.

Merchandise that fits the above and other descriptions is needed for the Fourth Annual Auction Sale, to be held at the Prairie Township School Saturday, Oct. 24, beginning at 7 p.m.

Proceeds from the sale are used to aid boys and girls in West Franklin County who are in need of medical or optical care, for a college scholarship each year to a high school senior student of the area, and for many other purposes in which funds are needed by youngsters in the western part of the county.

The event has grown in popularity over the years and the 1958 sale netted the organization more than $2100. Almost everything imaginable is sold to the highest bidder, with a team of four or five professional auctioneers, who donate their services, handling the affair.

Among the articles to be sold this year are a 50-foot sidewalk, framed and poured when and where the highest bidder desires; a brand new electric kitchen range, baled hay, baskets of groceries, home-made cakes, electrical appliances, new and used furniture, an outdoor furnace, freshly-made cider, pumpkins and —yes—even an automobile.

Everything placed on sale is contributed to the Kiwanis Club and, though much of the merchandise is new, many serviceable used articles are also sold.

Those who have anything which could be auctioned are asked to contact one of the co-chairmen: Ernest Brown, TR. 6-7482; Harry Eberhard, TR. 8-5162, or Walter Stephens, II, BR. 9-3433. A truck will call for any contribution.

An added attraction at the auction is the dinner, ham or turkey, which will be served from 5 to 7 the evening of the sale, in the school cafeteria, by the Prairie-Norton PTA.

GUARANTEED TO FIT!—Chris Bucci, instructor at Hilltop Lanes, 2419 W. Broad-st, hands a bowling ball to Noble Allen, Jr., of the West Franklin Kiwanis Club, that will be auctioned to highest bidder at the Fourth Annual Kiwanis Auction Sale, Oct. 24 at the Prairie Township School. The ball, presented to the Kiwanians by Hilltop Lanes, will be custom drilled to fit the buyer, guaranteeing a perfect fit, according to Miss Bucci.

Lincoln Park PTA Holds Luncheon For Children

A jitney luncheon, for the children of Lincoln Park School, will be served by the room mothers, Thursday, Oct. 15.

The executive board meeting will be held Oct. 15 at 1:30 in the school auditorium.

Seventeen members of Lincoln Park PTA worked at the convention. Mrs. William Conley, president of Lincoln Park PTA was chosen to be one of the hostesses at the banquet. Mrs. Dale Davy, Mrs. Jack Kirby, registration; Mrs. Edward Sherrod, Mrs. Carl Jones, Mrs. Ray Fee, Mrs. William McGinnis, Mrs. Lawrence Doddridge, Mrs. Thomas Carter, Mrs. Ralph Drown, ushers and pages; Mrs. Charlene Ritter, teller; Mrs. Evalyn Gill, Mrs. James Simpson, publication; Mrs. Gus Autenrieth, exhibits; Mrs. Richard Brown, Mrs. John Factor, Mrs. Donald Moore, hostesses.

Those attending the banquet were Mrs. William Conley, Mrs. John Colmery, Mr. and Mrs. Maurice Lowks, Mrs. William McGinnis, Mrs. Ivan Young, Mrs. Leon West, Mrs. Richard Brown, Mrs. Ray Fee, Mrs. James Simpson and Mrs. Evelyn Gill.

The voting delegates from Lincoln Park were Mrs. Richard Brown, Mrs. Calvin Fullen, Mrs. William Conley, Mrs. John Colmery, Mrs. Jack Kirby, Mrs. Evelyn Gill, and Mrs. Thomas Carter.

The membership drive will open the week of Oct. 12 with Mrs. Edward Sherrod as chairman.

Flippo will be at Lincoln Park School, Oct. 31.

Young Folks Find Judge Draper Wears Robe Of Friendship

By Betty Daft

"It isn't possible to teach or preach idealism without practicing its principles." Judge Robert M. Draper, 104 S. Westmoorav, fills his hours off the bench with application of his philosophy.

By giving generously of his time and talents to young people, he has helped countless ones find their way out of entangling webs of circumstances.

And the youngsters in turn, recognizing his council, guidance and interest in their welfare as genuine, have made him their friend and confidante.

He has symbolized "the law" as a trusted friend, rather than a frightening, robed orge behind an imposing bench to hundreds of youngsters.

• • •

"The Judge," means a sympathetic listener and helpful counselor to Explorer Scouts in the Sullivant Gardens post, students in his weight-lifting class there, and members of the Sunday School class he teaches at the Presbyterian Mission on Main-st.

And in return, he reaps a rich dividend of frendships for the efforts he sows in their behalf.

Time Is 'Plentiful'

"Time? There is always plenty of time," he insists. "Anyone can find the time if he just clears his mind of the unimportant.

"There is always an hour to go hunting with a boy or take him ice skating, teach kids a skill, or find a job for a young girl who badly wants to become a nurse."

Hoping to interest others in helping, the common pleas judge points to such an urgent need as the inadequate recreational facilities at Sullivant Gardens.

West Side Kiwanis Club has recently offered some support to the program at Sullivant.

"There are 1000 youngsters living in the project. Cut off as they are, by Mound-st and industry, the cloverleaf, farm lands and the cemetery, they are virtually dependent on the program offered there for all their leisure time activities."

High in his praise of the project's recreation director, Draper said, "They do a great deal with very limited facilities. Much more is needed."

A softball diamond, horseshoe court and badminton court have been recently laid out on the athletic field at his insistence.

Wife Shares Interest

Ruth Draper wholeheartedly shares her husband's interest in children, and their home is always on an "open house" basis to their daughters' friends.

Judge Draper speaks confidently of his faith in young people. "They have never let us down; our hospitality and friendship have never once been abused.

"Our mark on young people is all we leave behind us."

Missionaries Speak

Dr. William Gillam

Dr. Edwin W. Kilbourne

Dr. William Gillam, General Deputational Director of the Oriental Missionary Society, and formerly field director of the society's work in Colombia, Ecuador, and Brazil, spoke at the Livingston Methodist Church, Sunday, Oct. 11.

Dr. Gillam presents the moving drama of Latin American evangelical missions out of 13 years of active overseas service, most of which were spent in the critical area of the Republic of Colombia where vital issues relating to religious liberty were at stake.

Serving with Youth for Christ teams, he traveled extensively throughout most of the Latin Republics and in the Caribbean area. As a result of trips into the latter area, he initiated steps which led to the acquisition of Radio 4-VEH at Cape Haitien, Haiti, in the West Indies, and which has become the international missionary radio voice of society.

He spoke on reports of recent mission projects, such as the unique Vocational Bible Institute for backland youth in Colombia; the mobile medical work among the Saraguro Indians of Ecuador and the advance of the society in the frontier areas of Brazil.

As a missionary musician, Dr. Gillam made a contribution to indigenous Spanish music, one of which is his song "O Cristo Mio."

Dr. Edwin W. (Edwyl) Kilbourne, recently returned missionary from Korea, spoke at the Livingston Methodist Church, Sunday, Oct. 11.

Edwyl Kilbourne is a third generation missionary, and grandson of Ernest A. Kilbourne who, with Charles E. Cowman, pioneered the work of the Oriental Missionary Society in Japan.

He was born in Japan and spent his childhood and early youth in Korea and China. He began his missionary career in China, from which he was forced to flee during World War II. At the time of the Korean Conflict he was working in that land, only to flee again. For a time he served in Japan, but upon termination of hostilities he became the first missionary to be permanently admitted back into Seoul after the evacuation of missionaries from that city.

As few other men his age, Dr. Kilbourne has lived at the front lines of human tragedy. His wide range of experience has equipped him to serve as superintendent of the Korean work of the Oriental Missionary Society and vice-president of the Seoul Theological Seminary, in co-operation with an effective Korean national staff which warmly welcomes his contribution to the training of Korean ministers.

STUDY DAZE—Franklin Heights student, Selim Dere, of Turkey seems to be having a bit of trouble finding the right English word with the right meaning and spelling as he goes over home work. The young Turkish student is enrolled at the school where he is taking two years of work in the next nine months.

TURKISH STUDENT HERE

Street Corner Assemblies Mean Homework In Turkey

In Turkey, whenever a group of teen-agers may be seen "hanging around" a street corner, they are usually not idling their time away nor are they plotting some devilish mischief.

In all probability, according to Franklin Heights senior Selim Dere, they are doing their homework.

Selim should know. He is the southeast part of Turkey, from a locale known as Mardin, located approximately 30 miles from the Syrian Border. At the present time his address is 1743 Eastfield-dr, the residence of Air Force S-Sgt. and Mrs. James Wells.

Why do Turkish high schoolers do their studying on street corners? Why, because that is where electricity is available," Selim declares. "There are no electric lights in homes in small towns in Turkey," he added.

Selim knows five languages and seven dialects of his own tongue. He has already been graduated from Turkish schools. He spent five years in grade school and six in a technical high school in his home country.

"In Turkey," he explained, "the high schools are divided into two categories, professional and technical." He went to classes eight hours a day, six days a week from 7:30 a.m. to 6 p.m. each school day. "If one took music, that was an extra period," he pointed out.

Selim will be at Franklin Heights for one year, doubling his courses, Principal William Rogers said. Selim presently is taking chemistry, physics, consumer economics, sociology and doubling in English.

He had previously completed two years of high school work at Ft. Wayne, Ind.

He usually studies for hours a night. His hardest subject, when he first came to this country, under the sponsorship of the Congregational Churches, was English.

"So many words that sound alike are spelled so differently and mean such different things," he smiled.

He likes U.S. Schools because "I have time for sports here in school. We didn't in Turkey."

Selim plans to go out for the wrestling squad at Franklin Heights.

Taking all things into consideration, Selim says that he thinks that the students in the United States learn more. One reason: in science classes there is more equipment with which to experiment.

Right now, he says that he is anxious to get home for a vacation.

Rock 'N Roll? Yes, they have it in Turkey too, Selim said.

Ohio Avenue EUB To Hear FormerPastor

Rev. H. W. Buckley, of Zanesville will return to Ohio Avenue EUB Church as guest speaker next Sunday, Oct. 18.

Rev. Buckley, who was pastor at the church for nine years, will speak at Men's Day Services at 8:30 and 10:30 a.m., according to the pastor, Rev. Glendon Herbert.

While a resident of the South Side Rev. Buckley was active in community and inter-church work. He was a vice-president of the Columbus Area Council of Churches and chairman of its department of Christian Education. He left the city in 1956 and while at Zanesville has built a new church which was dedicated last month.

Laymen of the Ohio Avenue Church will participate in the services under the direction of Marshal Kroft, president of EUB Men.

Westinghouse Employes Get Wage Hikes

Approximately 4,000 employes of the local Westinghouse Electric Appliance plant will receive an automatic pay increase this month.

E. L. Smith, works manager, said today that the wage increase of three and one-half per cent of 1955 base rates will boost local employe pay and benefits by over $1 million yearly. On a national basis, approximately 107,000 Westinghouse employes will receive the increase, boosting pay and benefits by more than $24 million.

The raise, which became effective on Oct. 12 for a majority of employes, is the fifth in the series of annual wage hikes put into effect by the company since Oct. 1955, as part of a five-year program.

With the new raise, Westinghouse wage rates will be at least 26 per cent higher than in 1955, Smith said. This includes 16 per cent in annual increases, and 10 per cent in quarterly cost of living adjustments.

The works manager pointed out that, in addition to the regular raises and cost of living adjustments, the present five-year program has also brought other benefits. As an example, he said the company has assumed the entire cost of employe's insurance, leaving employes only the cost of coverage for dependents. At the same time, coverage for hospital room and board charges was increased to $15 a day.

Officials Say Hospital Far From Ideal

Poor equipment, antiquated buildings and a turnover in personnel all contributed to the unsatisfactory sanitary conditions found Sept. 8 by Governor DiSalle at the Columbus State Hospital, the press was told this week.

Dr. Joseph H. Drayer, chief of food and sanitation, City Health Department, said that because of these factors the institution has not qualified for a food handling license since 1954. "But we had to license them," he said, "if we didn't, they couldn't operate. It was something we had to live with."

Drayer said the hospital was inspected on Sept. 2 and given 30 days to correct 11 violations. He said no violations were recorded at Columbus State School since May 5.

Dr. Lowell Dillon, Columbus State Hospital, superintendent had little to say publicly in answer to the governor's charges of poor management. Dr. R. C. Anderson, acting mental health director, said the hospital has suffered from 100 years of neglect. He said Dr. Dillon has not been given the staff, money or facilities to carry out the job adequately. He said 300 more employes would still be far from ideal.

Church Planning For Smorgasbord

Ladies Aid of St. James Lutheran Church, 1683 Hilliard-Rome-rd, will sponsor a smorgasbord Sunday, Oct. 18, from 5 to 7:30 p.m.

Featured on the menu will be ham, fried chicken, vegetables, salads, relishes, homemade pies and cakes.

Dinner price for adults will be $1.50. Children under 10 will be served for one dollar.

Brown shelled eggs are the same as white in quality, food value and flavor.

A ROCKY RIDE, BUT HE MADE IT!

LANDSLIDE TOPSIDE—William Hoffman, employe of Malven Inc., 464 N. Highland-av, counts himself a mighty lucky man. He escaped unscathed from this six-ton avalanche of crushed rock which covered his hardtop coupe Monday evening at Harper-rd and McKinley-av. William Clevenger, 698 S. Front-st, driver of the Cecil Bros. truck, said he was heading south on McKinley and was unable to tell which direction Hoffman was going to take. He swerved to the right and his truck went out of control, tipping over on the 1957 coupe. Under the severe load the steel top convexed leaving only inches above the seat. Hoffman stands beside the door from which he barely had room to squeeze out. "And to think I almost bought a convertible a week ago!" he said shakenly. (Staff photo—Marc Orr)

New Charity Law In Effect

Columbus' charitable solicitation ordinance went into effect Aug. 26 effecting practically every member of service clubs and other groups which each year conduct fund-raising campaigns.

The intent of the ordinance, as established when passed by City Council, is to protect the spirit of giving for all honest and straight-forward charitable solicitations.

Here's how the ordinance will work and will affect you:

1. It became effective August 26, 1959.
   - Exceptions: The ordinance does not apply to publicly recognized evangelical, missionary or religious organizations or any accredited college, university or school or any solicitation made within the membership of an organization.
   - Modifications: In the cases of local units of a parent organization, such as: Wings, Twigs, Cancer Rays, and Guilds, a single permit obtained by the parent organization will be sufficent for all local units.
2. A five-member Charitable Solicitation Board shall be appointed by the Mayor for a term of five years, a member to be appointed annually, to issue charitable solicitation permits upon request and after due investigation.
3. An application for charitable solicitation permit shall contain the following information.
   - Identification of organization.
   - Purpose of solicitation.
   - The need for the solicitation.
   - How contributions will be distributed.
   - Methods to be used in soliciting.
   - Names and addresses of those in charge of solicitation.
   - The time of solicitation.
   - The estimated cost of solicitation (a statement that not less than 80% of the amount raised shall go for the charitable purpose).
   - The amount of wages or other remuneration to be paid to any person or persons in connection with the solicitation.
   - A financial statement of the last preceding fiscal year of funds collected for charitable purposes by the applicant.
   - A statement that if permit is granted, it will not be used or represented as an endorsement by the City of Columbus.
4. Fee: The application for permit shall be accompanied by a fee of $10.00 which shall be kept by the City of Columbus whether the permit is granted or denied. (The Board may also require a good and sufficient bond of $2,000 for the protection of persons who may sustain pecuniary losses by reason of unauthorized practice of permittee or agent.)
5. Permit Issue: The Board will issue a permit whenever it finds the following facts:
   - All statements made in the application are true.
   - The applicant is of good character.
   - Solicitation will be reliably supervised.
   - The solicitation is not a fraud on the public.
   - Cost of fund raising is reasonable.
6. Professional Promoters: Professional fund raising promoters must obtain a special licence (fee $25) by providing substantially the same information as above. No promoter shall in any manner whatsoever solicit within the City of Columbus without such a license.
7. Identification of Solicitors and Agents: Each agent and solicitor of a permit holder must be provided with an information card, envelope or some other evidence of identification which shall include information as:
   - Name of permit holder.
   - Purpose of solicitation.
   - Period for which issued.
   - Name and description of agent or solicitor.
   - Signature of agent or solicitor.
   - Authorized signature of Charitable Solicitations Board.

   Such identification can be provided by the permit holder or may be obtained from the Charitable Solicitations Board at a cost of 1c each.
8. Special Regulations:
   - **Appeal Procedure:** If the Charitable Solicitations Board denies an application for a permit, the applicant may appeal from such decision before the Charitable Solicitations Board of Review composed of the Mayor, the President of City Council and the City Auditor.
   - **Penalty:** Each violation of this ordinance is punishable by a fine of not more than $500 and/or six months in prison.
   - **Receipt:** The person soliciting contributions for charitable purposes shall be prepared upon request to provide a written receipt to the contributor.
   - **Under age solicitors:** No person under the age of 14 shall solicit contributions for charitable purposes between the hours of 6:00 P.M. and 6:00 A.M. unless accompanied by a person of age 16 years or more, which person has a proper identification card.
   - **Cost of Fund Raising:** The cost of such activities as shows, dances, bazaars, raffles, sporting or social events, advertising space or commodities shall NOT be considered as part of the cost of solicitation. However, compensation in any form paid to a "professional promoter or solicitor" is part of the cost of solicitation.
   - Report Required: A detailed report and financial statement required within 30 days after solicitation.

PTA Membership Drive In Progress At Barrett

This is a busy season for Barrett Junior High School's Parent-Teacher Association. With a membership drive in progress, a meeting and open house coming up Oct. 21, the PTA is a busy outfit.

Barrett's PTA has worked close to the school, and its activities are directed toward the good of the school. With a large and active membership the association can do its most for the school. Besides gifts to the school directly this PTA furnishes yearly $200 for a scholarship for some promising college student who will become a teacher.

Barrett's first PTA meeting for this year will be held in the school auditorium at 7:30 p.m. Wednesday, Oct. 21, with Mrs. Carl Jividen presiding. After the business meeting there will be four grade level meetings in separate rooms for grades 7, 8, 9, and Special. Classroom visitation and refreshments in the lunchroom will follow these programs and will close the evening.

The Christmas card sale is the only source of income for Barrett's PTA. (Membership dues go to state and national headquarters to support their activities). Barrett pupils will be visiting their neighbors with a very fine assortment of Christmas cards whose sale makes possible the support which the Parent Teacher Association gives to their school.

Big Walnut Has Plenty For Fishermen

"If walleye fishing is your forte, better head for Big Walnut Creek around Obetz. Division of Wildlife tests nets have shown the fish are there—and plenty of them."

That is the comment of Clayton Lakes, a fish production foreman with Wildlife District No. 5. Many walleyes in the 15-to-18-inch size have been taken.

Lakes also reports numerous shovelhead catfish running from 14 to 22 inches and plenty of small channel catfish from 10 to 13 inches.

"These test-netting operations serve a two-fold purpose," Lakes explains. "They provide fisheries personnel with valuable information concerning migration concerning migration, rate of growth, and the like, and, in addition, tell fisherman where the fish are located."

Poll Shows Trend Change To Sensenbrenner In Tight Race

Westlake's Lead In Survey Narrows As Election Nears

With Columbus' "day of decision" approaching, a final feeling-out of voter opinion through the Hartley Newspapers Mayoralty Poll shows incumbent Mayor M.E. Sensenbrenner and Republican Ralston Westlake running practically even in the battle for the city's top political post with the mayor showing marked gains as the election gets closer.

"Representing all of the city's 33 wards; the poll indicates that either opponent can win by swaying a sizeable block of uncommitted votes between now and election day.

• • •

Sensenbrenner, underdog in earlier polls, regained popularity primarily at the expense of his opponent while the percentage of undecided votes remained virtually unchanged.

In the completed poll Westlake captured the higher percentage of committed votes. In the final survey, the voting went:

Westlake	36.4%
Sensenbrenner	33.3%
Undecided	30.3%
Total	100%

This, in itself represents a big gain for Sensenbrenner,. When the city was polled earlier this fall, Westlake's lead was:

Westlake	43.3%
Sensenbrenner	27.9%
Undecided	28.8%
Total	100%

This straw vote was started Aug. 8 and a running account of the poll was published weekly in Hartley Newspapers for five weeks. The above figures represent a sampling from all the 33 city wards as of this week. The poll has been conducted along lines recommended by reputable pollsters.

While the above figures show that Westlake has a slight lead among those who have actually expressed themselves on the campaign, there are several other important factors to take into consideration to-wit:

In winning the 1955 election, Sensenbrenner defeated Joseph Jones by a vote of 50,792 to 43,863 or a percentage of 54 to 46. In the current poll of the voters who said they had supported Sensenbrenner in 1955, an even 20% indicated they may not vote for him this time.

Only 4.8% of these votes indicated their actual belief in Westlake. Another 59.6% of those who have weakened in their support of the mayor indicate that while they have some personal complaint or have not been too happy with the administration they still are not sure they would vote for Westlake.

In the last round of the poll there was a decided upswing of votes favorable to Sensenbrenner which could indicate that as the election draws nearer Westlake has still done nothing to cause them to come over to his camp.

Experienced pollsters indicate that it can be expected that Sensenbrenner will get a greater percentage of the undecided voted because he is the incumbent and because the present trend is toward Sensenbrenner.

While some people might disagree, it is perhaps a fact that Republican voters are generally ready to voice an opinion about a candidate while fewer Democrats are so willing to talk. This could mean than an additional element of several percentage points might be expected for Sensenbrenner at the polls.

Conclusion: Present indications are that the race will be a close one but there are enough factors in Sensenbrenner's favor to predict that he will be re-elected.

• • •

Mayor Sensenbrenner Should Be Re-Elected

Mayor M. E. Sensenbrenner should be re-elected.

We believe Columbus has much progress to look forward to in the next four years with Mayor Sensenbrenner at the head of the city government.

We like the mayor because he has been for a program. Nothing is accomplished by people who are constantly **against** things. The mayor has a record of being positive, but while he has been so firm in his stand, he has been for a wide array of activities that have resulted in good for Columbus.

The Spectator By C.C. Hartley

One of Sensenbrenner's most outstanding characteristics is his enthusiasm for the work he is doing, enthusiasm for the future of Columbus. He believes in our city. He has confidence in the future of the city and an abundance of confidence in his record.

He believes that the people of Columbus are entitled to credit for the All-America City Award. But it should be recalled that this award did not just happen. It was the result of things being done in Columbus city government. It was based on progress in the building of expressways, sewers, streets, recreation centers, the air terminal, railway underpasses, extensive growth and general good government.

Many a person who has had an opportunity to visit other major cities in the United States recently have remarked that Columbus got a late start in expressway building, slum clearance and other major programs. But today Columbus is a beehive of activity as expressways, sewers, slum clearance and other programs are progressing at top speed.

A large segment of business people of Columbus will attest that the progress being witnessed in Columbus today has been the result of decisions being made and then followed by careful expediting.

Establishment of the office of a finance director has long been advocated for Columbus. Business people of the city have long recognized the need of a capital improvements budget. Both have been accomplished by the Sensenbrenner administration.

Columbus is one of the fastest growing cities in the United States today. Such rapid growth makes it an essential that the city administration be able to make decisions now. It is one thing to talk about our needs. It is another to do something.

We believe the record of the mayor is such that he should be re-elected. A careful look at his record will reveal that in practically every instance the mayor's program has been one of the greatest good for the greatest number.

He is the only truly **independent** mayor Columbus has had in more than 35 years. No individual or organization has been able to influence him except for the things that were good for Columbus.

Columbus voters should base their decision Nov. 3 on a look at the Sensenbrenner record and what he is **for** rather than what others are **against**.

RECEIVES AWARD—Mike Kranzley, seated, was awarded a plaque in recognition of 15 years of service with the Franklin County Polio Chapter of the National Foundation. The award was presented by Harry Shaw, Jr., standing, chairman of the Franklin County Chapter.

Kranzley Receives Plaque From Polio Foundation

Mike Kranzley, 2501 Brookwood-dr, received a plaque from the Franklin County Polio Chapter of the National Foundation. The plaque was presented him by Harry Shaw, chairman of the board of the Franklin County Chapter. Mr. Kranzley is the secretary of the Chapter and is in his 15th year with the organization.

Kranzley stated they they are in need of mothers to march on polio in January. Those interested in contributing some time for this very important cause can receive more information by calling HI. 4-2141 or BE. 1-2065.

He stated that much is being done to combat this disease. Residents are urged to contribute and to avail themselves of the vaccine.

Have You Seen This Man?

Young Man Sought In Fritz Case

Detectives are digging hard to find the murderer of Joseph Fritz. They issued a special "wanted" bulletin Friday for a dirty blond-haired man they feel was the last to see the storekeeper alive.

Lt. Beck stated he isn't exactly a suspect, but he added, "We're extremely interested in talking to him."

Detectives said he was seen at the Fritz store, 2280 Alum Creek-dr several times before the murder and the night of the killing.

He is described as being white, five feet, seven inches tall, 150 pounds, 25 to 27 years old, thin cheeks, deep eyes and clean shaven. The most outlying feature about his description is that his hair was long, nearly to his neckline.

He was seen driving a black or blue 1953-54 Chevrolet bearing a Kentucky license plate. The rear of the car had been damaged. The fenders and rear deck lid had been crudely pounded out, apparently with a hammer.

City detectives said they want to question the man because he may have seen someone else in the vicinity if he himself did not commit the crime.

A police department patrolman who talked with a neighbor of Fritz said he had told detectives that the young man had been seen in the neighborhood recently trying to get credit for gasoline and groceries.

Ohio State Bucks Surprise This Week's Contest Entrants

Ohio State's upset win over Purdue completely surprised most contestants in this week's Hartley Newspaper Guessing Contest who showamazingly high accuracy in other respects.

Only three other games really baffled the local Monday morning quarterbacks who had everything figured but Capital's loss to Muskingum, Louisville's trouncing of Dayton and Wisconsin's tripping of Iowa.

This week's winners are:

Ray E. Kendell, 2801 Shelly-dr; E. J. Kerscher, 573 Frebis-av; and Jerry Ray, 1087 Innis-av.

They will receive, in the order of their finish, $10 in cash, a free lube and oil change from Russell Kelly and a free set of brake shoes from Automotive Parts Co.

Certificates enabling winners to receive their prizes are being forwarded through the mail.

Only a few games separated the prize winners from the other contestants trying their hand at pigskin forecasting. This again proved that anyone has a chance to win the jumbled craze football contest.

Full details on another contest along with an entry blank are contained on an inside page of this newspaper. Prizes being offered are $10 in cash, two free pizzas from Dino's Pizza and two free passes to Rollerland.

Looking ahead into this weekend's pigskin slate, here's how contest entrants are predicting this week's games:

Wisconsin to nip Ohio State, Aquinas to beat Central, Wittenberg to defeat Capital, Purdue to upset Iowa, New Albany to lose a tight one to Rosary and Heidelberg to defeat Muskingum.

Open House Set For Fairmoor

Water, City Economy Promised By Westlake

Council President W. Ralston Westlake, Republican candidate for mayor, promises that if elected one of the first things he will do is start wheels turning to get the Stelzer-rd water line installed to serve the East Side.

Had the line been in, the East Side would have had adequate water, despite last week's water main break, he said. Because of the break, about 7,000 North American Aviation workers on the first shift were sent home and all Whitehall and two Columbus schools were closed.

Westlake claims the Democratic administration withheld construction of the line to force an annexation to Columbus. Administration spokesmen say the line was not constructed because of lack of funds and that it is programmed for start of construction next year.

The line would bring Hoover Reservoir water to the East Side.

"Columbus people wanted Hoover Dam and they want the service it is capable of providing," Westlake said. "The multi-million dollar investment is a waste of taxpayers' money until the dam is put to full use."

Westlake in his prepared statement also said he favors a car and truck pool for city workers to save the city money. He said the city also can save money by doing engineering work that now is farmed out to consulting engineers.

Maxson Seeking Term On Bench

Thomas Maxson, Grandview Heights city attorney, is a candidate for Columbus municipal judge for an expired term ending Jan. 2, 1962.

The 52-year-old attorney is a lifelong resident of Columbus and Franklin County. He has practiced law in Columbus 28 years, except for 3½ years during World War II when he was with the Counter Intelligence Corps.

He was Gahanna solicitor five years before his appointment in 1952 as Grandview Heights solicitor.

He is a member of the Columbus and Ohio State Bar Assns, Northwest Kiwanis Club, Southeast Conservation Club and Tri-Village Shrine Club.

Gillie Is Asking Return To Bench

Judge William T. Gillie, seeking to be returned to the Columbus municipal Court, has brought a background of both small and big city legal and judicial experience to the bench.

A native of Cleveland, the judge was graduated from Western Reserve University in 1936 and the Cleveland Law School in 1940. He served in the Southwest Pacific during World War II, then opened a law practice in Urbana.

The 44-year-old judge was Urbana city solicitor and Urbana municipal judge before he moved to Columbus in 1954. He has been assistant city attorney, city prosecutor and first assistant city attorney.

Former Gov. C. William O'Neill appointed him to the municipal court.

Forman To Seek Low Light Rates

The city's municipal light plant should be expanded so it can supply power to more users, believes Robert T. Forman, Democratic candidate for city council.

"Columbus citizens were shocked not long ago when Public Utilities Commission of Ohio granted another rate increase to the electric company," Forman said in a recent speech.

"In most cities the people can do nothing, but Columbus has its own light plant," he added. "If elected, I will work for the immediate expansion of the municipal light plant." Forman said the city light plant has been selling its power below the rates charged by the electric company.

How hardly shall they who have riches enter into the kingdom of God.—Mark 10:23.

Duckworth Plumbers Defeat Gahanna 12-6

Duckworth Plumbers remained undefeated in the Ohio Bearcat League, winning the sixth in a row to stay at the top in a first place tie with Arlington.

The two strong teams will clash for the championship Sunday, Oct. 25, at a site yet to be determined.

The game last Sunday started out as if Duckworth was going to have an easy time of it as Rocky Roshon took the opening kick-off and raced 50 yards before being downed. The Gahanna defense stiffened however and Duckworth was forced to punt. Neither team could cross the goal line in the first quarter.

Soon after the second quarter started Gahanna punted out-of-bounds on the Duckworth 22. The Plumbers put on their longest march of the game by driving 78 yards in 11 plays. Fred Hamler climaxed the drive by going over from 10 yards out. The Gahanna eleven fought back strong and put on a drive of their own. Ernie Ferroni took a pass from Feazel and raced 20 yards to tie up the game.

Again in the third quarter, neither team could score as both teams showed strong defenses.

Shortly after the fourth period opened, Rick Anderson intercepted a Gahanna pass to start another Duckworth drive. Jerry Robison bulled his way through left guard for the six pointer that turned out to be the margin of victory.

Andy Poczik, Jim Leonard, Mark Rhoades and Roger Harper turned in outstanding performances on defense for Duckworth.

Eddie Bostick, Dick Kimberly and Jim Osborn were the boys up front that made the holes for the Plumbers' backs to scoot through.

For information regarding the Duckworth vs. Arlington championship game, please call Mr. Bateman at HI. 4-8008.

Plans Cancer Prevention For South Side Residents

Group leaders working on the American Cancer Society's Cancer Prevention Study in the South Side Area have been announced by Mrs. J. R. Winel, 352 E. Moler-st, area chairman.

They include Mrs. Dale Davy, 560 Frebis-av; Mrs. William Hockman, 166 E. Waterloo-st, Canal Winchester; Mrs. C. E. Greiner, 1442 Lockbourne-rd; Mrs. Carl Cannon, 1138 Wilson-av; Mrs. Boyd Rife, 347 Markison-av; Mrs. Henry B. Ellis, 612 Frebis-av; Mrs. Leo Reis, 56 Hanford-st; Mrs. Frank Poeschel, 220 Jenkins-av; and Miss Catherine Adkinson, 424 Acton-rd.

These women are among the 450 volunteer researchers in Franklin County who will be working on this six-year project, beginning Nov. 2. Purpose of the study is to seek light on what factors in personal environment and habits can be pinpointed as causing cancer. Nationally, the American Cancer Society expects to involve one million persons in 20 states in this Cancer Prevention Study.

Each researcher will enroll ten families in which at least one member is over the age of 45. Everyone in the household over 30 will be asked to fill out a questionnaire. To keep the answers strictly confidential, researchers will not question the subjects, or be permitted to see the completed questionnaires. Each participant will seal his questionnaire in an envelope to be transmitted to the scientists conducting the study. The researchers will ask only families they know personally to complete the questionnaires, and the Society strongly urges the public not to accept a questionnaire from a stranger.

Old Marion Community Still In Grips Of Tragedy

By Elizabeth Smith
HI. 3-1184

After the terrible tragedy at Williams-rd and High-st, this Monday morning, I don't know if I am capable of putting together a column or not, but will try.

I know I speak for all the community when I say our deepest sympathies are with the parents of the children.

It's at times like this when we all feel so helpless, and can do so little.

I spent about two hours at the scene of the tragedy and I know there are some very irate parents in this community right now.

For innocent little children to be the victims of the carelessness and uselessness of such an accident is almost more than conscientious parents can take. We only hope that this tragedy will wake some of the important people of our city up to the traffic problem of South High-st where the school children are concerned.

Bob and Faith Luft have just returned from a week at Fontana Village in the Smokey Mountains.

A birthday party was given in honor of Andre Fontaine of 1484 Moler-rd, at the home of Mr. and Mrs. Zigmond Fuleki at 1637 Frebis-av.

Helping to celebrate were Mrs. Fuleki's mother, Mrs. Charles Mohr of Buckeye Lake, and Mr. and Mrs. Earl Kulp, Mr. and Mrs. Clarence Miller, Mr. and Mrs. Andy Fontaine, Mr. and Mrs. Charles Spiellman, and Mrs. Earl LeBlanc.

Happy birthday to Jerilyn Miller, who celebrated her 17th birthday Oct. 19.

Major Womeldorf is some improved after his heart attack of a week ago. He is a patient at Doctors Hospital.

The youth of South High Church tried something Sunday that this community has not seen before. Thirty nine young people in decorated cars went on a "Jalopy Raid" and brought back to the church 24 other young people, for a pizza supper, recreation and an hour of devotions.

On the evening of Oct. 30, these same youth will be out in the neighborhood, with their UNICEF milk cartons collecting money for this very worthwhile project. It is hoped the people will give freely of their pennies for this project that is nationwide.

Hazel Detty received word last week that her father had been taken to the hospital at Marion, and Hibert Detty's father in Chillicothe is seriously ill, so there is much traveling to be done by these two in looking after each of their fathers.

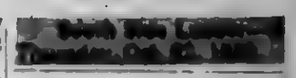
Bob Darst, Sr., has been confined to his home the past several days. It is hoped that he is better now and able to be back at work.

I again have Monday mornings to get news, so please call me with your news up until noon Monday.

Training Center Scene Of Saturday Dance

Instead of the bootslap of drill squads and the barked commands of petty officers, the Navy and Marine Corps Training Center, 240 N. Sandusky-st, will rock to the strains of teenage dance music from 8 to 11 p.m., Saturday, Oct. 24.

The dance in observance of Navy Day also commemorates the birthday of Theodore Roosevelt. Young men and women, between the ages of 16 and 19, from Franklin County have been invited.



Jones Park Arena Closes For Season

The Jones Park Wrestling Arena on Groveport-pk is closed for the season.

Promoter Bob Rogers says, "We thank the fans for their loyal attendance and sincerely hope they enjoyed wrestling this season."

"We'll definitely be back next season," he said.

Smart advertisers will stress the buy-at-home theme.

Five Left Homeless By South Side Fire

A mother and her four children were left homeless after a fire swept through their Evergreen-dr home Tuesday afternoon. Damage was unofficially estimated at $4000.

Fire Chief Albert said the fire started from a cigaret in the living room chair.

Mrs. Mattney, occupant of the house, had gone downtown to shop with her two children, Kenneth, 10 and Zenith, 8. The other two children saw the fire trucks speed by as they came home from school.

Firemen said that several alarms were turned in by the neighbors in the vicinity."

Chief Smith said the fire spread from the living room to two other rooms downstairs and up a stairway. It had not yet burned through the roof.

RAILROAD FEATHERBEDDING:
$500,000,000 LOSS
TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than $500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Alexander Graham Bell made it so easy to keep friendships alive in these hectic, harried days . . . without the great Bell's invention, we wouldn't have known that former Columbusite Jane McGrew was in town last week-end, visiting her father, J. L. Waldschmidt, of 836 S. Fifth-st. Jane had lots of news to tell us, and we were glad to catch up on the happenings of the McGrew clan since they left Central Ohio last spring. The oldest son of Jane and George, John McGrew, is home on leave from Korea.

Polly, a South High grad, is now a member of the Woman's Army Corps, stationed at Ft. McClellan, Alabama. Polly would love to hear from her friends and classmates, so we are including her address in today's wordage. Here 'tis: Recruit Polly McGrew, W.S. 8303684, Co. A 3rd WAC Trn'g Bn. US WAC Center, Ft. McClellan, Ala. Oh yes, we forgot to mention the new address of Jane herself. It's 501 N. Kenwood, Royal Oak, Mich.

Billy Sayres of Bruck-st, is bouncing around as "good as new" again, after having a tonsillectomy not so long ago.

Mary Jon was the name chosen for their new little girl by Mr. and Mrs. Richard Stickle, 336 E. Markison-av. The eight pound, six ounce girl arrived on Sept. 28.

Our "doll lady" Mrs. I. Bier, reminded us to tell our readers that it's "that" time again, when she intensifies work on her dollies, that go to patients of Benjamin Franklin and to children of Franklin Village. She takes cast-off dolls, whose owners have outgrown them or grown tired of, and fixes them so beautifully that the new owner thinks her dolly is straight from Santa personally. And, since we have already mentioned Mrs. Bier's project, may we add that there will again be our annual "Gifts for Giving," the fifth such endeavor. Simply stated, your white elephants are used to give to the Ben Franklin patients, to be used as gifts for them to give to their loved ones. We deliver the contributions directly to the patients, and only wish every contributor could share in the gratitude that the patients feel! (Mrs. Bier's phone? HI. 4-4083.)

Before we close, thanks to Mary Johnson and to Mrs. James Colegrove for the lovely plants for the recently completed "plant" project. About fifty plants were donated, so we deem the project successful, wouldn't you?

The People's Mayor . . .
THE PLEDGE

"I pledge my energies . . . and the efforts of my administration . . . to continue working for the growth, prosperity and security of the Columbus community in every possible way. I pledge a free and approachable city administration where any citizen can talk it over with an interested and sympathetic administration. This will continue to be a city governed by dedicated men for all people."
From Speech By:
Mayor M. E. Sensenbrenner
All-American City Progress Dinner
September 24, 1959
The past six years have seen Columbus turn from a dormant city surrounded by a ring of small satellite communities into a free and growing "All American City" where progress, jobs and expansion are assured for our ever-increasing population. This was the big challenge which was met by the Sensenbrenner administration. The result and the record is one of good city government where progress and growth speaks for itself.
But the job is not done. Plans are under way in every area . . . from A to Z . . . the airport to the zoo . . . to meet the needs and solve the problems of the citizens and community already honored as an All-American City.
Mayor Sensenbrenner's pledge to continue to work for greater progress, prosperity and gowth can be wholeheartedly believed because the past record proves he can and will do it!

Halloween Plans At Schiller Park Center Complete For Saturday's Event

Big plans are being made for the Halloween celebration to be held at Schiller Recreation Center this year. The center has in the past held one huge party for all children 12 years and under on the night of Halloween, which has in the past attracted extremely large crowds. This year the party will be divided into two separate parties — one for those six and under in the afternoon at 2, and the other for those aged seven through 12 in the evening at 7.

The same type of party will be programed for both age groups, with costume judging, movies, refreshments, etc. The only difference will be that the younger children will attend in the afternoon, and the older ones in the evening. All children attending each party are to be masked. Parents who accompany their children will be asked to be seated in the gymnasium and watch the costume judging while the boys and girls are attending the party.

48 Schools And 62 Additions Keep Pace With City Growth

Columbus Public Schools have experienced substantial growth and progress since the end of World War II, Superintendent Harold H. Eibling reported today.

The superintendent noted that "school facilities have been expanded and improved in every neighborhood in the city and the program of education has been strengthened on all grade levels." He added:

"Anyone who reviews the last 14 years should be impressed and inspired by the record of the people of Columbus and the employes of the Board of Education."

Dr. Eibling said that the investment of approximately $7,000,000 has resulted in the following major improvements in the South and Marion areas:

NEW SCHOOLS: Marion-Franklin Senior High School*, capacity 1000 pupils; George Beery Junior High, 600 pupils; Mohawk Elementary - Junior High, 1500 pupils. Deshler, 24 classrooms; Main Street, eight-classroom annex; Helmandale, nine classrooms, and Stockbridge, 12 classrooms.

ADDITION AND REMODELING: South High, industrial arts and music facilities added, shop, home economics, and guidance facilities improved; Barrett Junior High, gym-auditorium, gym, and science rooms added, major remodeling.

Roosevelt Junior High, cafeteria added, major remodeling; Heyl, seven classrooms added, complete remodeling; Lincoln Park, six classrooms and multipurpose room added, complete remodeling.

Siebert, four classrooms added, complete remodeling; Beck Street, six classrooms added, complete remodeling; Ohio Avenue, four classrooms added, complete remodeling; Fair Avenue, four classrooms added, complete remodeling; Franklin Junior High, addition of gym-auditorium, complete remodeling.

REMODELING ONLY: Stewart, complete remodeling; Southwood, complete remodeling; Reeb Avenue, complete remodeling; Fairwood, minor remodeling.

Fulton, minor remodeling; Livingston, minor remodeling; Main Street, major remodeling; Fornof, minor remodeling.

Scioto Trail, minor remodeling, Third Street, major remodeling, East High, minor remodeling; Douglas, complete remodeling.

*Constructed by Marion-Franklin Local School District. Bonded indebtedness assumed by Columbus Board of Education.

Dr. Eibling explained that many other miscellaneous projects, some furniture and equipment purchases, and site improvements also were completed in this section of Columbus.

City Doubled

Turning his attention to the entire city, the superintendent declared that Columbus has more than doubled in geographical area since the end of World War II.

He said that the population of Columbus has increased by approximately 145,000 people during this period and that the number of births in Columbus has increased sharply. He noted that 6,138 babies were born in 1945, as compared to 12,542 last year.

Dr. Eibling reported that enrollment in the Columbus Public Schools has doubled since the late 1940s. To keep up with this incredible growth and to meet the educational demands of the times, he said that the Board of Education has taken the following steps:

48 New Schools

• It has built 48 new schools, erected 62 additions to schools, and carried out 46 major remodeling propects and 200 minor improvement projects.

• It has nearly doubled the size of the teaching and the non-teaching staffs.

• It has revised the curriculum on all grade levels and improved instructional services for all pupils substantially.

On this point, Dr. Eibling cited the establishment of WCBE-FM, the Board's educational radio station; expanded use of educational television; establishment and expansion of a library of educational movies, filmstrips, and recordings; expansion of counseling services; broadening of the program for slow learners, and the establishment and expansion of a program for able learners.

• It has decreased the size of classes. "In view of our tremendous growth in enrollment, this is a remarkable achievement," commented Dr. Eibling.

• It has strengthened salary schedules and employee-welfare policies.

People Support Schools

The superintendent emphasized that this progress has been made possible "solely because the people of Columbus have given such strong support to their school." He added:

"We are counting upon their continued support to see us through the 1960s, which definitely will bring the schools new challenges."

Mayor To Start Campaign On TV

THERE WAS ALWAYS TALK, BUT:

Mayor Got Things Moving

Columbus has more than doubled in land area since 1954 and its 86 square miles makes it the largest city in Ohio and the third largest in the Midwest. Only Chicago and Detroit cover more area.

Columbus had but 41.735 square miles of land in 1954. The tax valuation was $767,374,490, compared to $1,060,849,130 now and an anticipation of more than $1,110,000,000 next year.

When Mayor M. E. (Jack) Sensenbrenner took office nearly six years ago, he invoked a water and sewer freeze that required that all unincorported areas annex to Columbus before they could receive water and sewer line facilities. His reasoning was that he did not want Columbus to be "strangled by a ring of municipalities around the mother city," as he phrased it.

The annexation program, he says, insures sufficient land inside Columbus for new industry for generations to come.

"This means the city receives the benefit of the property tax," he said. "It means something else, also quite important. Our share of the sales tax from the state of Ohio is in proportion to the amount of taxable real estate inside the city limits."

Sensenbrenner, who is seeking another four-year term, in his report to the people, tells about progress made in various other areas under his administration.

He pointed to completion of Raymond Memorial Golf Course on Trabue-rd, Sunshine, Whetstone and Linden Recreation Centers as well as completion of Dennison-Hunter, now known as the Thompson Recreation Center. Now under construction is the Windsor Terrace Recreation Center.

Referring to slum clearance, the mayor said that though for years civic leaders talked about the evils of slums — and Columbus had a plan — not until he became mayor did blighted, sub standard buildings begin to disappear.

The start and completion of the new Port Columbus terminal building and field expansion under the Sensenbrenner administration prepared Columbus for the jet age, the mayor said.

He listed these other achievements:

New fire stations at Arcadia and Deming, Livingston and Hamilton, and Southgate and Parsons. Fire department personnel increased from 558 to 700.

Police department personnel increased from 536 to 643 and police equipment modernized to meet additional requirements.

Construction and improvement of 133 miles of streets plus maintenance of 233 miles of streets added because of annexations.

Three across-the-board salary increases for city workers.

Free polio vaccine program of last summer.

Inauguration of a program of providing park areas near all new schools.

Combined weekly collection of garbage and rubbish.

Longevity benefits for all city employes.

Construction of the Long-st parking garage and offstreet parking lots at Belle and Town and Mound and Third.

Letters Tell Sad Story

Emotionally rattled after last week's tragic accident, residents of Scioto Trail area responded to the shocking situation with these letters. Here are some of their comments on the accident:

A Terrible Thing . . .

Just one week ago this morning that a terrible thing occurred here at the trailer court. There were 30 or 40 children standing in line waiting on the school bus that would take them to Scioto Trail School just north of the court, when an automobile coming south on High-st went out of control and started up on the sidewalk, and acting like a mowing machine coming into the children. Then the sight of the children lying in the street and alongside of the highway.

My wife had just gotten out of the car and was over at the end of the line when this tragedy occurred that missed her by about two feet.

If the car had been over two or three feet more it would have gotten a lot more of the children than it did.

We here at the court and the South Side probably altogether are thankful that it didn't kill more than it did.

Mr. and Mrs. Robert D. Oakes
3433 South High Street

I Am A Mother . . .

I am a mother of three children. We live in the south end of town where a week ago today on Oct. 19, we experienced the most awful tragedy of our lives and I imagine of the lives of many more not only in this community but all over Ohio.

The lives of three innocent little children were snuffed out in just a few minutes because of the carelessness of a few people.

Who but the good Lord above can say whose fault it was. Some say if the keys hadn't been left in the car, if the police hadn't been chasing the man in the stolen car. Why didn't the car hit the store. If and why are awful big words to contain so few letters. But no matter what we say or do nothing will bring the children back to the bereaved parents or the saddened neighborhood. To me you can't write tears down on paper.

It just seems like such a terrible dream that I can't wake up from. I know if it were my three I would be much more sad than what I am but I can just say thank God that it wasn't mine and hope that this will waken people up and, maybe their deaths won't have been in vain.

If the speed limit were reduced to 35 instead of 45 that might help a whole lot.

Mrs. Howard Parks

A Great Loss . . .

This has been a great shock to all of us. At this time our hearts are heavy with sorrow. This was a great loss for the Beliah and Cline families. However we know that this could well be one of our own. If our little girl would have gone to school last Monday it could have been her. This we thank God for.

We think that the speed limit on S. High-st should be 35 miles an hour at all times from the shopping center on into town.

We should have a traffic light here at Williams-rd like

School Problems Taken To Council

SIGNS OF SAFETY—Above is a familiar scene to residents of S. High-st and of the Scioto Trail School area. Numerous signs such as those in the picture appear on both sides of this S. High-st area, yet motorists do not heed the warnings of "School Crossing, Reduce Speed Ahead, School Zone" and other warning signs that appear at this and other schools. Along with caution signs the background of the picture shows one of several police radar units that are being operated throughout the Columbus area.

Local Residents Seek 35 MPH Speed Zone

Residents of the Williams-rd and S. High-st area converged on Columbus City Council Monday night in protest to traffic hazards that appear around Scioto Trail School district.

In bringing their proposals to the Safety Committee, they stated that sidewalks in the South Gate-rd and Basswood-rd area are in demand, that a left turn light should be erected at the Williams-rd and S. High-st intersection.

They further requested that speed reduction signs be posted within specified areas of the school. At this time, Harold Oakes, operator of the trailer court school bus stated that the traffic light at South Gate and High-st is blank facing the school.

He also stated that it was a hazard for buses and cars leaving the school area to merge on to High-st without the aid of a traffic signal. They were referred to the Traffic Commission for further consideration.

It was a little over a week ago that an unforseen accident took the lives of three children. A driver, driving a stolen state car, jumped the curb after losing control of his car and plunged into a group of children waiting to board a school bus. This, an unforseen accident, put fear and anger into parents of this district.

Spokesman from Oakes Trailer Court stated that "Some feel that if the police had not chased him at the rate of speed this may have been prevented. Others feel that if he did not get stopped there would have been a chance of him hitting more further down the road as children were waiting to board Columbus Public School buses.

C. L. Dumaree, assistant superintendent of Columbus Public Schools said that this certainly is one of the most tragic things that could happen involving school children.

He stated that this is the worst accident involving school children that has happened in the city of Columbus. Dumaree said that the Columbus Public School System extends its complete and sincere sympathy to those families of the children.

Couple Burn To Death In Auto Fire

A 44 year old South Side man and a woman who was his wife's bowling partner died Monday night in a flaming parked auto.

Dr. Robert A. Evans, coroner, said the two died of suffocation. Police believe the deaths of Melvin L. Kessler, 790 Deshler-av and Mrs. Maxine Lea, 1944 Genessee-av were accidental.

A Pennsylvania railroad crew spotted the flaming auto in the narrow lane beside the lumber firm and called the fire department.

Firemen sped to the scene believing that a nearby lumber yard was on fire. They were unable to locate the burning car in the almost hidden lane, until one of the firefighters climbed onto the nearby railroad bed, Captain Sawyer said.

Identification of Kessler was made by his registration, police said. Mrs. Lea was identified by a charge plate and papers in her scorched purse.

The Lea's and Kessler's were very close friends according to relatives.

Schiller Park To Organize Youth Group

A new club is being formed at Schiller Recreation Center for people 19 years and over. This is to be a YOUNG ADULT CLUB. It seems that at most recreation centers there is not much for this age group in the form of planned program activity. This club is being started in the hope of being able to provide some of the activity that this age group likes to participate in.

As it now stands there will be a dance held on Thursday evening, Oct. 29, in the auditorium from 7:30-9:45.

The formation and future of this club will depend on how the idea is accepted by this age group. If you are in the young adult age bracket and you think that there is nothing to do, come over to Schiller and sign up for the group.

George C. Beery Parent-Teacher Drive Successful

The George C. Beery Membership Drive opened Oct. 12, through Oct. 16.

A total of 280 parents joined the PTA.

The membership chairman, Mrs. Valerie Miller, is very happy with this number but would like to increase it.

So if you have not joined you may do so now.

Child Welfare Levy Should Be Passed

Voters are asked to support the one half mill tax levy for Child Welfare and Poor relief services in Franklin County next Monday. This is a renewal levy that will provide urgently needed funds for the orphaned, neglected children and to needy families.

The fact that this is a renewal will mean that there will be no increase in taxes.

The Child Welfare Board is currently caring for 1812 children that have been neglected or abused by their parents. This is a responsibility of the people of the county. Passage of the levy again is essential if these youngsters are to continue to receive this care.

Columbus School Bond Issue and Levy Important

Columbus has one of the finest school systems in the country today and this in the face of the ever expanding community needs for more schools.

The people of our city have responded to previous appeals for bond money for new schools and they have been able to maintain their confidence in the way the school administration has spent this money.

This paper today contains a map showing the needs of the schools in this area. Every segment of the city will benefit from the passage of the bond issue.

Your support of these school financial programs at the election next Tuesday, is a vote for the future of our young people. You can make no finer investment.

HOERMLE KNOWS VALUE OF DOLLAR

No one knows the value of a dollar more than a businessman who started from scratch and, through the years, conducted a successful business.

Such a man is William P. Hoermle, Sr., a Democrat who wants Columbus voters to return him to city council, when they go to the polls Tuesday.

That is one reason Hoermle, appointed to council early this year to fill a vacancy, should be kept as one of the Columbus city fathers. Hoermle started his own business in 1925 on Parsons-av. He knows how to meet a payroll. He knows how to purchase wisely so he can give good values and retain the friendship of many customers. And he knows how to give service.

Columbus now is in the midst of gigantic expenditures for expressways, water and sewer facilities and other facilities the rapidly-expanding community needs. Many millions of dollars will be spent over the years.

That money comes from one primary source — the taxpayers. It must be spent wisely so Columbus residents will get the maximum value for every dollar. Bill Hoermle knows this and, if returned to council, will watch expenditures closely.

In his own business, he conserved finances as his business grew. That is how a city government should operate, he says.

Many persons who visit his store come in as citizens with problems for a councilman. The store is open from 9 a. m. until 8 p. m. And Bill Hoermle says citizens can see him there any time.

He knows the problems of the average man and woman, because he has been dealing with them as a businessman for many years.

Bill Hoermle is vitally interested in two major city problems — getting the maximum benefit out of the dollar and saving lives on city streets.

He would like more drivers to become safety conscious and would like to see city employes set a good example in a safety program.

City employes should set an example in good safety practices when they are driving city cars and trucks, he feels. Maybe that would become contageous and encourage others to give the other driver a break and be careful and considerate of the other driver.

Bill Hoermle has some good ideas of what constitutes good city government. They are sound and Bill Hoermle has the ability and determination to put them to use.

Bill Hoermle should remain on city council.

The South Side will gain at least 36 necessary projects if the school bond issue passes on November 3. Vote YES for the school bond issue.

TV CLASSES—Television has been brought into two classes at Barrett Junior High School this year. Pictured above is a Health Science class held daily at the school. The classes come over television from WOSU-TV.

Television Classes Highlight Barrett Jr. High School Program

Barrett started just this year to teach by television. The program comes into two of Barrett's classrooms directly from WOSU-TV (Channel 34) each morning from 9:05 to 9:25 a.m. They are viewed by two eighth grade classes in health science in this school as well as by other classes in other buildings and can be viewed by anyone who can get WOSU-TV.

The programs are presented by Miss Bonnie Gillom and Miss Mary Baker, both teachers in the Columbus Public School System. They follow textbooks which the pupils have and they also present other material in the field of health and science. Guest speakers, like Coach Woody Hayes, Doctor Jack Prince, OSU opthalmologist, science research teacher Jerry Karahner of the Columbus Public Schools all contribute to the enrichment of the program.

After each half hour program there is some discussion time left in the class period which can be used by class and teacher.

The whole program has been commended for the reasonable amount of material and for the careful and efficient organization of each presentation. Interest has been at a high level.

BIBLE COMMENT

Jesus Made No Attempt For Power

There is a fascination in setting together parallel passages in the Old and New Testaments.

One of the most striking is between the 22rd Psalm, the Shepherd Psalm, and the declaration of Jesus in John, 10:10, "I am the good shepherd."

As devout Jews, familiar with the Scriptures, both Jesus and those who listened to Him must have associated the words with the psalm.

As a simple declaration it might have seemed the word of an imposter, making an extravagant claim for himself. But the words of Jesus, making plain the nature and mission of the good shepherd, make any suggestion absurd.

The Good Shepherd fulfills in every measure what Jesus was seeking to instill in the minds of His disciples—that greatness is in service, not in self-seeking.

Indeed, no quest for self, of place or power ever marked His earthly life or ministry.

He was, truly, the Good Shepherd, giving His life for His flock.

Four young Columbus residents were guests of friends in Cleveland last week for two days. Mr. and Mrs. Donald O'Harra, 1216 Marble-dr, and Mr. and Mrs. William Kerr, 1209 S. 22nd-st, were the visitors and their hosts were Rev. and Mrs. John Bean. The three women were classmates at South High School 10 years ago.

We tried repeatedly to get an "unbusy" signal at HI. 4-2691, while writing this week's column, but never succeeded! We were wanting to get full information from Leah Hursey, anent the Courage, Inc., bazaar to be held Nov. 2 at the Neil House. Since we didn't reach the Molerst resident, we'll have to rely on our meager memory of past Courage, Inc., bazaars. The bazaars are timed to assist Columbusites with their holiday gift buying, and feature items created by Courage, Inc., members. Other items, such as cards, novelties, etc., actually are the sole means of livelihood for some of the handicapped members. The bazaar will be held on the mezzanine of the hotel.

We were highly amused when Mrs. Joseph Berecz, 600 Hilockrd, told us she got quite tired of eating cake the third week of October, but we can sympathize with her plight . . . all four of the Berecz children have birthdays in a three-day span, a newsworthy item indeed. Joe, the eldest, attained his maturity on Oct. 19, and a surprise party attended by 15 friends marked his 21st birthday. Patty Berecz was 19 on Oct. 20; the twins, Robert and Roberta, were 12 on Oct. 21. One nice thing the twins are willing to share the same cake so there are only three cakes in three days!

We're hoping Julia Rogers, 393 Gates-st, has her hopes realized by having her leg cast removed, and soon. A fall last May 30 caused her "casting."

It's hobgoblin time with a birthday for added excitement for these youngsters: Ronald Williams, Nov. 4; Levi Ganse, Nov. 3; Marcia Ratliff, Oct. 31; Stanley Evans, Oct. 29; Paul Queen, Oct. 29; Donna Wirtz, Oct. 31; Johnny Beard, Nov. 2; Blaine Stewart, Nov. 1; Janet Fromm, Nov. 3; Robert Gaulke, Nov. 4; James Blackburn, Nov. 1; William Michael Wells, Oct. 31.

School news . . . Lincoln Park PTA will hold a festival at the school this Saturday, Oct. 31. Flippo the Clown will present a comedy and magic act from 11 a.m. to noon. Other features include used toys, pick-a-pocket and refreshments. The annual South Side Halloween party will again be held at Barrett Junior High School, Oct. 31, from 7:30 to 10:30 p.m. Thirty-five cents admission will be charged. All junior high school teen-agers are welcome. Records, plus square dance calls by Jim Wagner, will furnish the evening's entertainment. Refreshments are free, with compliments of the Council of South Side Organizations. (They are the appropriate cider and doughnuts). Barrett PTA members will assist in chaperoning, etc.

St. Mary's PTA will hold its only fund-raising project of the year this Sunday, Nov. 1. A bake sale will be held after all the masses, in the student center.

The Civic Affairs Committee will be the sponsoring committee for the Wednesday, Nov. 4, dinner at 36 W. Sycamore-st. Sieg Stork, of the Loyal Order of Moose, and Mabel Gregory, of Chapter 206, will be co-chairmen for the 5 to 7 affair. Roast bee, gravy, browned potatoes, salad, coffee and home-made pie will be available at $1 a ticket for adults, 50c for children. Another joint project for the men and women of the W. Sycamore-st lodge will be a rummage sale Friday, Oct. 30, and Saturday, Oct. 31, at 213 E. Main-st. The two groups are endeavoring to raise funds to redecorate their meeting place, prior to the state convention that will be held in the South Side establishment.

A 10:30 a.m. wedding in St. Mary's Church this Saturday will unite Margaret Ellen Trout, 258 Siebert-st, and James Kusan, 1921 Wager-at, in marriage.

One past birthday, that of John Graham, Oct. 19, and more current ones are those of Mary Mason and Dorothy Craggs, today; Irene DeMatteo, Nov. 3, and "Grandma" Donahoe, our wonderful next-door neighbor, Nov. 3.

We don't hesitate to heckle our friends, so "he who 'dishes out' should be able to take as well." . . . We called an Amhurst number and asked for information for the names of Trudeau Guild members scheduled to assist with the Halloween party at the Benjamin Franklin Hospital for the patients this p.m. Not knowing the chairman of the party personally, we proceeded to introduce ourselves and were rattling on a mile a minute. Finally, the voice at the other end said, "but Priscilla, I know you, and this is your cousin, Maggie!" She'd recognized our voice, but didn't know the score for awhile! (Her name is Burr, the chairman's name is Borrows, so that explains why she gave an affirmative reply when we'd asked for the chairman. Dont' ask us how the wrong phone number was on our list! We still only know the Trudeau Guild 10 members who will be working this evening from 7 to 8. Never did find out the ones from Guilds 9, 12 and 15. Those from No. 10 are Dona Hampton, Mary Claar, Marge Hoptry and Priscilla Lenox. A one-hour party would seem quite short to most of us, but is anticipated so eagerly by those at Ben Franklin. (An after thought . . . perhaps this little chuckle will help to point up another pertinent fact: one little item that you need only 30 seconds to read may have taken an hour of checking to get the facts straight. The Gadabout does not have time to run down every lead that may come her way, much as she'd like to, so to keep the news supply accurate and plentiful the assistance of the readers is welcomed. Send your news to us at 1411 S. Sixth-st, or call us at HI. 4-1061. (This time of year, Saturday is a bad day, as are the hours of 2 to 6:30.)

The Golden Age Club will hold its business meeting Tuesday, Nov. 3, at Schiller Park.

Trudeau Guild 25 will meet Wednesday, Nov. 4, in the home of Mrs. Clem Fisher.

The Beginner, Primary and Junior Departments of Southwood Church of Christ will hold a combined Halloween party this evening from 7 to 9, at the church. Prizes for various types of costumes will be given and refreshments will be served.

Don't forget to perform your "good citizen" duty next Tuesday, Nov. 3, by including a visit to the polls as part of your day's activities. It's a privilege to vote. Don't abuse it!

Senior High School enrollment in Columbus will increase from 10,500 at present to at least 14,400 five years from now. New Senior High Schools are needed. Vote YES on the school bond issue November 3.

Wise Money Policy Urged By Westlake

W. Ralston Westlake, Republican candidate for mayor, in a prepared statement said that, if elected Tuesday, he will use sound business principles in conducting the city's business.

Westlake said that he has spent a lifetime paying taxes and that "taxes under state and city Democrats have been going up, up, up."

One of the prime issues in the mayoralty campaign is money, he said. He asserted the present city administration "is spending more than $400,000 a year over its revenues while boasting about the soundness of its fiscal (money) policies."

The income tax reserve fund stood at $650,000 at the beginning of the year and will be down to $225,000 by the end of the year, he asserted.

However, M. D. Portman, city finance director, said the balance at the end of the year should be between $500,000 and $600,000. It stood at $763,230 on Oct. 27.

Portman said his figures come from the office of the city auditor, who is of the same political faith as Westlake. He also pointed out that the city council authorizes all expenditures. Westlake is president of city council.

Columbus can afford to support both school issues on November 3. Educational costs in our city are lower than those in Ohio's seven other large cities. Vote YES on both school issues November 3.

ECONOGRAM

Farm real estate prices in U.S. continued to rise through mid-July. The July index of farm real estate prices showed an increase of one percent from Mar. 1 to July 1 and six percent above July last year. Prices have continued to advance each quarter to a new high since 1954. Rate of gain recently has been slower, however. Upward pressure exerted by bidding of farmers and by builders of suburban homes, factories, roads, etc. Downward pressures are prospective lower farm income and "tight money" situation.

Corn support price for 1959 crop in U.S. will average $1.12 per bushel, unchanged from the "advance" support price announced last February. The $1.12 per bushel average support price reflects 90 percent of the previous three year average market price.

Wool referendum results announced show 68.9 percent of the 101,993 producers voting favored deductions. The producers favoring incentive payment deductions owned 81 percent of the sheep represented in the vote. Deductions cannot exceed one cent per pound for shorn wool and 5 cents per cwt. from unshorn lambs. Announcement on the deductions for the new agreement to finance advertising, promotional and related market development activities on lamb and wool will be made later.

Corn crop indicated Oct. 1 of 271 million bushels in Ohio is 20 percent above the previous record. Yields indicated at 67 bushels per acre and is six bushels per acre greater than the previous 1954 record.

Industrial output at 148 percent of the 1947-49 level, fell slightly in September, down one percent from August and seven points below the pre-strike June level of 155 percent. Steel production remained at 12 percent of capacity and depleted inventories of steel reduced activity in some other industries.

Cattle and calves on feed in 21 feeding states totaled nearly 4.8 million head on Oct. 1. This was up 20 percent from a year ago but seven percent below the number on feed July 1. Cattle feeders report intentions to market nearly 2.2 million head during months of October, November and December. If carried out, this would raise marketings 34 percent above marketings in comparable period last year.

Apple crop expectations in Ohio dropped some during September. Estimated production now set at 3¾ million bushels, 11 percent below last year and seven percent under 10 year average. U.S. production estimated to be nine percent below year ago but seven percent above average.

Peach crop in Ohio was 29 percent less than last year and 17 percent below the average. Nationally the crop was 2 percent above last year and 18 percent above average.

Honey report in October indicates 1959 Ohio production more than double last year's production which was second lowest on record. Ohio ranks seventh this year in honey production compared with 15th last year. Increase due to higher yields with 11 percent fewer colonies.

All hay production in Ohio expected to be nine percent less than 1958 and seven percent below average. Supplemental feeding during the past month of both hay and grain was considerably greater than usual.

Pizza Plant To Open Here

It was disclosed last week that a new Pizza and Barbeque sauce processing plant will soon be opened in Reynoldsburg.

The owners of the new business are Ronald "Ronnie" Hayes and Dave Betts who until recently had operated pizza operations in Lancaster, Newark, Springfield and Granville.

Hayes, a native of the village, stated that the plant will begin production soon at 7637 E. Main-st. the site once before used for food processing and will probably employ between 10 and 15 persons.

A 28 year old bachelor, Hayes, says that the name of Specialty Foods Company will label the product.

For Hunting

Farm Land Owners Pool Acerage

Farmer-land owners in 39 Ohio counties have pooled 141,831 acres on which they and their guests may hunt quail beginning Nov. 16. Their applications were approved at the recent meeting of the Ohio Wildlife Council in Athens.

For the general public, there will be available approximately 500,000 acres of state-owned or controlled land in 100 areas.

The Quail Bill passed by the recent General Assembly provides that bobwhite quail may be legally taken with a gun or dog and only upon areas or lands owned by the state, under lease to the state, licensed shooting preserves and other lands as are controlled under formal easements, licenses or agreements with the Department of Natural Resources.

Opening day of the season will mark the first time in 46 years that quail may be harvested in Ohio. The daily bag limit is six and the possession limit is 12 after the first day. Hunting hours will be from 9 a.m. to 5 p.m. and the season ends Dec. 9.

In the agreements between the land owners and the department, where the property was not under one ownership, an individual was designated who is to be responsible for the operation. In the pooling of the privately owner lands, the ruling was no area could contain less than 1,000 acres and must form a continuous block.

Other stipulations call for censuring such lands between Oct. 30 and Nov. 10, to record the total numbers of coveys and birds; limiting the harvesting to not more than 50 per cent of the pre-season count; reporting the number of hunters and kill on a daily basis to the Ohio Division of Wildlife by Jan. 1; granting permission for the areas to be censured the following year whether or not they are hunted, and allowing division agents to census the areas when and if needed.

State Folk Festival Next Month

Ohio square dancers will have a chance to sharpen their dancing skills, eat barbecued chicken and see some top-notch square dance callers in action at Ohio's 13th annual Folk Festival. The event is set for the Youth Center on the Ohio State Fairgrounds, Nov. 21 and 22.

Clair W. Young, 4-H Club supervisor, says the festival is expected to bring together more than 1000 persons for classes and workshops in square and folk dancing.

This year's event will feature all-Ohio callers. They will take part in the first evening's program, scheduled to start at 8.

Classes for beginners and advanced square dancers are scheduled for the following day. Other features will include a workshop for callers; beginning and intermediate couple dances and mixers; nationality dances and play party games; polka, schottish and novelty dances and contras.

A new feature this year will be a caller's swap session. It will give callers an opportunity to exchange ideas. A barbecue will be held at 6 p.m., followed by dancing, again under the direction of Ohio callers.

Young says several rural organizations, including 4-H clubs, Grange, Farm Bureau, Older Rural Youth and others will send representatives to the festival.

November Farm Tour Is Scheduled

Final plans for the Madison County Farm Tour to International Livestock Show, Purdue University, and good swine and beef farms enroute have been completed, according to Bud Putnam and Ray McGuire, co-chairmen of the tour.

A bus will leave London Sunday morning, Nov. 29 at 6:30 a.m., arriving in Chicago Sunday afternoon. The evening can be spent at the International Livestock Show or elsewhere.

Monday morning the group will go to the Chicago Terminal Livestock Market. Monday afternoon to the International Livestock Show and Board of Trade, Tuesday morning to Purdue to good beef and swine set-ups, Tuesday afternoon to swine and beef experiment at Purdue; Wednesday to London to visit three outstanding farms on the way home. Twelve reservations are still available on the bus.

Any farmer interested should contact the Madison County Extension Office and deposit a nominal reservation fee to assure a seat on the bus.

Only one bus load will be going for four days and three nights.

HOPEWELL CHURCH NEWS

Mrs. Bruce Steele has been responsible for the beautiful altar flowers during the summer months as a gift from her garden. Will you contact Kathryn McCollister and let her know which Sunday you would like to place the flowers on the altar?

Saturday, Oct. 31 the IAH will meet at the church at 2 p.m. with Bruce and Sally Forson as hosts.

The Hopewell Woman's Society will be the guests of the Lithopolis Society in the Wagnall's Memorial Tuesday, Nov. 3.

The regular meeting of the Woman's Society will be held Thursday, Nov. 5 at 1:30 p.m. The Week of Prayer and Self-Denial will be observed with Ila Maxwell as devotional leader. Program leaders are Betty Ackerman and Pauline Alspach. Hostesses are Frances Pontius, Virginia Rainier and Gertrude Rainier.

The third session of the Mission Study groups will meet at 7:30 p.m. Sunday, Nov. 1 with the MYF conducting the program for the evening. A playlet entitled "The Edge of the Village," which depicts the great change in the life of the average African when they go from the local tribe to the city, will be presented.

Mardi Ackerman is recovering from a recent tonsilectomy.

Mr. and Mrs. Omer Manson have returned from their vacation in Florida.

Mr. and Mrs. Curtis Fisher and Geneva Swayer visited Mrs. Evelyn Runkle and family at Vandalia on Sunday.

St. Matthew's Attendance High During Summer

In the chill weather now upon us, vacation time is just a fond memory to most of us. In the choice vacation months of July through September there were 35 members of St. Matthew's Lutheran Sunday School, Lockbourne, who did not take a vacation from attending. Those with perfect records are as follows:

Class 1, Tim Triance, Susie Guheil, Jay Peters and Kim Martin.

Class 2, Sally Triance, Vernon Bolender, Jr., Willy Bolender and Judy Guthell.

Class 3, Janet Stover, Mary Jane Peters and Gary Hammond.

Class 4, Martha McKee and Jane Hammond, teachers.

Class 5, Don Hafey, teacher; Barbara Barch and Sandy Stover.

Class 6, Lewis Hay, teacher; Paul Barch, Ralph Barch, Madge Triance, Ruby Stover, Frieda Kuhlwein, Sharon Martin, and Rev. William Bensch, Fred Wike, William Wike, Ellen Peters, Barbara Kuhlwein.

Class 7, E. C. Hafey, teacher; Mrs. E. C. Hafey, Maud Hines, Mark Sherman, Jesse Barch, James Barch and Anna Barch.

The Sunday School has a new ruling concerning attendance. A person may miss three Sundays a year due to illness and still be eligible to receive an attendance pin.

Eighty-eight were present in Sunday School Oct. 25.

COME YE THANKFUL PEOPLE . . .

St. Matthew's Church Holds Harvest Festival On Oct. 25

"Come ye thankful people, come, raise the song of harvest home . . . was the opening refrain of St. Matthew's Lutheran Church, Lockbourne, at the 40th Harvest Festival Service Sunday, Oct 25. Being in a farm community, the congregation feels the need of setting aside one Sunday to thank God for the fruits of the harvest.

Each year at this service the church is decorated to commemorate the harvest. Tall shocks of fodder, golden sheafs of wheat, giant burnished orange pumpkins, green cabbages, brown potatoes and the variegated hue of home canned goods beautified the chancel, and fruit filled cornucopia adorned the altar.

Artistically arranged fruits and vegetables bedecked the window ledges and choir rail. All this was done with loving hands and thankful hearts under the direction of James Barch and Mrs. B. C. Duvall of Route 1, Lockbourne, and Mrs. David Jinks of Route 1, Ashville. Barch has participated in the decorating each of the 40 years.

The Fellowship Group donated the yellow and brown chrysanthemums for the altar.

The choir sang the mood setting anthem "Thanksgiving and Praise" under the direction of Roy Kuhlwein.

Pastor Bensch's sermon, "The Earth as God's Acre," stressed that there is more than just a "worldly harvest." God sowed His love in order that we might reap everlasting life. In turn we must sow His word in order that He might reap more souls.

In keeping with the theme of thankfulness for a bountiful harvest, the fruits of the harvest used in decorating and the loose offering for the day was donated to the Lutheran Welfare League.

Cars, Classes Don't Mix Survey Shows

Does automobile ownership hurt the modern teen-ager's performance in school?

Yes, according to a well-known educator, and what is more important the harm is far greater when combined with a lack of parental control in the usage of a car.

Dr. Keith Kavanaugh, principal of Niles Township High School, Skokie, Ill., verifies the claim of a definite link between the use of the automobile and falling grades through, a survey of 1,455 junior and senior students at the school, in a northern suburb of Chicago.

Conducted by the school's driver education division with the cooperation of the research department of the All-state Insurance Companies, the study is the most comprehensive yet undertaken on the subject.

"We firmly believe," Dr. Kavanaugh says, "That there is a very close connection between excessive use of a car and the exercising of parental authority. It is when the point is reached where driving interferes with study that car ownership or usage becomes harmful. Parents are an important factor in seeing that the teen-ager maintains the right balance between schoolwork and relaxation."

In addition to time spent with the car in social activities, nearly half of those owning a car found it necessary to obtain part-time jobs in order to meet expenses. The additional loss of study time was reflected in a further drop in grades.

Regarding part-time jobs, Dr. Kavanaugh says: "The combination of the car and a job nearly always resulted in lower grades. However, if the student did not own a car and his job was on weekends only, he more often than not was found in the upper part af his class.

The reverse was true if the job was on week days. In these cases the student was usually in the lower part of his class. If a student works, it appears preferable that he work a full day on Saturday rather than an hour or so every school day. Perhaps we're prejudiced, but we feel quality education is a full-time job in itself."

In determining the influence of various factors, such as part-time jobs, on students' class work, the survey teams made a special effort to determine the influence of the car alone upon grades, excluding other activities.

Of the good students who had cars or the use of the cars, but did not have part-time jobs, 85 per cent suffered a drop in grades after they began to drive.

One result of the high school survey pays a tribute to the effectiveness of high school driver training, according to Dr. Davanaugh. High school trained drivers have markedly fewer accidents and traffic violations than do students who learn to drive in other ways.

Of the 72 per cent of the student body which has learned to drive, one out of five was taught in the high school driver training classes. The others were instructed by parents, brothers or sisters and others, the survey shows. The high school trained drivers had only 27 accidents per 100 students taught as compared to 41 accidents per 100 students who learned to drive in other ways.

Citizens Urged To Pass Levy

Attention — Parents, patrons and friends of the Madison Local Schools. Don't forget to vote for the proposed Tax Levy of 1 mill.

This levy proposed by the Board of Education is a renewal of a previously voted 1 mill levy that will expire Jan. 1, 1960.

It is for a period of five years. It will bring in a revenue of about $21,500 that is needed so badly by our school system.

Robert McCracken, Superintendent of schools and the Board of Education hope that you see fit to vote in favor of this Renewal Levy.

Mrs. Edmonston Cites Experience

Golda May Edmonston, former Republican state representative, is a candidate for city council in Tuesday's election.

She says her past service as presiding officer of a number of fraternal, political, social and civic groups gives her a good knowledge of needs of Columbus and its residents.

In a recent statement she advocated a study of flood causes and immediate work to prevent future floods, "proper services" to newly-annexed areas, more recreational facilities for persons of all ages and more policemen.

"With our expanding city, the needs are greater, and the services required can be solved only by careful study and planning," she said.

During her 10 years as a state representative she was a member of the commerce and transportation and public welfare committees.

Dick Williamson placed third in the category.

Robert Wilcox, journalism instructor at West, was program chairman of the Central Ohio event held at Ohio State University, and West students introduced the speakers.

Other West journalism students participating in the workshop were Pat Cotter, Yvonne Veeley, Carolyn Spencer, Vera Dixon, Sharon Hedrick, Barbara Schurtz, JoAnn Jenny, Virginia Halstead, Garry Wiegand, Ruthann Ralph, Linda Fuller, Mary Fields, Jim Roberts, Frances Heft, Jeanne Williams, and Denny Rice.

Wilcox, a member of the Journalism Association of Ohio Schools, was also guest speaker at the advisors' meeting.

Eighteen well-known newspaper, radio and TV editorial people addressed students attending the workshop.

Voters To Decide Fire Levy Need

A two mill levy to be used exclusively for fire protection will appear on the Hamilton Township ballot next Tuesday.

Funds from the levy must be used only for providing and maintaining fire apparatus, appliances, buildings or sites, sources of water supply and materials or establishment and maintenance of fire alarm systems or the payment of permanent, part-time or volunteer firemen.

Approval of the levy is being urged by township trustees to replace worn equipment, add long-needed new equipment and provide the funds for better fire and emergency protection.

The levy will appear on voting machines properly marked as "fire levy."

Spectator—

(Continued from Page 1)

As pointed out last week, we like the mayor for the things he has been for. Columbus has been a progressive city under his administration. The city is forging ahead. Long neglected programs are getting attention.

We believe, with the mayor, that even better things are yet to come.

In the last week of the campaign a lot of claims will be bandied about. For example, the opposition claims the campaign has become one of big money being involved.

It might be pointed out that reports filed in previous years tell this story: In 1953 the Republicans spent $25,492 while the Sensenbrenner organization spent $9,848. In 1957 Republicans spent $30,296 in behalf of Joseph Jones while $13,527 was spent for Sensenbrenner.

It is an interesting fact that Mayor Sensenbrenner, unlike practically every other public office holder, has had no "flower funds." City employes have been told they may contribute to the mayor's campaign fund by delivering their contribution in person but there has been none of the common forced check-off system so often employed.

Again we say, we believe the city will profit by another four years of government under the Sensenbrenner banner.

Hunters Use Bow, Guns In Michigan

MICHIGAN GAME—Bob Strohm (left) and Al Staffan inspect a couple of woodcock taken on a Michigan hunting trip. Photo by Merrill C. Gilfillan.

INSIDE ON THE Outdoors
By ROD COCHRAN

A pair of local hunters, Robert Strohm, 1530 Haft-dr, Reynoldsburg, and Al Staffan, Darbycrest West Jefferson, recently returned from a week of grouse, woodcock and deer hunting in Michigan. While quite a bit of game was encountered, the hunting was not up to expectations. Completing the group were Merrill Gilfillan, Mt. Gilead, and Don Tennant, Dayton.

Strohm was the deer hunter in the crowd and was using bow and arrow. He saw several deer but did not get close enough to any of them for a good shot. The deer population is definitely down this year in the lower peninsula of Michigan according to residents in the area. The hunters found this to be true. They saw plenty of deer sign, and they probably sighted more deer than they would have seen in a week's hunting in Ohio. But the hunting just didn't live up to Michigan's standards. The hard winter up there last year evidently took its toll.

The area hunted was largely in the Pigeon River State Forest about 450 miles from here. First they went to Fletcher Pond, a lake well known to Ohioans for its pike and bass fishing. Next they tried the vicinity around Vanderbilt, and ended the hunt near East Jordon. The hunters camped out for the week, and were using an Apache camping trailer which made it easy for them to break camp and move on searching for better hunting territory.

Hunting Below Par

The grouse and woodcock picture is better than the deer, but hunting is not as good this year as in former years. Staffan, Gilfillan and Tennant were the shotgun enthusiasts, and enjoyed good woodcock shooting during the early part of the trip. Then, the woodcock migrated on south. Grouse hunting was spotty, and not much better than you could find in prime areas in Ohio. The gunners shot a snowshoe hare to vary the grouse and woodcock diet.

Best hunting was in stands of alder along streams. The mixed hardwoods on level ground provided some sport, but the cedar swamps that are often very good held no birds. After a summer of drought, the rains finally came and the swamps held too much water for hunting.

All in all the camper-hunters had a good trip. The middle of October is a wonderful time to be in Michigan where hardwoods are interspersed with evergreens. The fact that the group didn't do any fishing is an indication that the hunting kept them pretty busy.

Food Markets This Week

by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR

Meats and Poultry—Fresh pork roasts, ham, fryers, turkey, fish, cheese and medium eggs.

Vegetables—Squash, Brussells sprouts, endive, potatoes and dry onions.

Fruits—Apples, Emperor grapes, cider and frozen orange juice.

SQUASH AND PUMPKIN

Squash and pumpkin are about as American as autumn. There was always some of both when early settlers of this country tallied up the season's harvest. Today, with a nip already in the air and bright splashes of color dotting our country side, we are reminded that it's squash and pumpkin time in Ohio. If you attended the Pumpkin Show at Circleville last week, you agree that we grow them big in Ohio.

From the Same Family—Because these two vegetables come from the same family it is sometimes hard to tell what's pumpkin and what's squash. If you are ever in doubt, the stems can help steer you straight. Pumpkin stems are hard, furrowed and ribbed; squash stems are soft and flat.

Both squash and pumpkin are famous for vitamin A. Nutritionists say that one-half cup of yellow winter squash gives more than the day's quota of "A," while one-half cup of pumpkin provides a little less.

Squash Varieties—There's a long list of fall varieties, but the common ones you'll find at the markets are:

Butternut—with creamy brown skin. In shape it resembles a gourd with a round end and slender neck. It may range from six to 12 inches long. Delicious as a vegetable or in a pie.

Acorn—is dark green and deeply ribbed with pointed acorn tip, yellow flesh. Has a large cavity, making it suited for stuffing.

Hubbard and Delicious—large squash grown mostly for commercial use. However, you'll find them a little later in the season, whole or cut into family-sized portions.

How to Pick a Pumpkin—A pumpkin heavy for its size will have more meat, less waste, and more likely a sweeter taste for pies or as a vegetable.

If you want a pumpkin for making a Jack O' Lantern for Halloween, choose one that is light in weight. It will cost less and be easier to carve. There's also more room for the candle to glow in these thin fleshed pumpkins.

FALL PORK SPECIALS

Lots of pork continues to come to market—this fall's supply is 12 percent above last year's. "Specials" will be the better buys on fresh cuts. Processed pork also continues at low cost. Hams, bacon, smoked Boston butt and picnic shoulders are relative good values.

Bright Red Cranberries are in evidence and delicious served with pork. Those you see are a part of a record crop of more than one million barrels (100 pounds each.) This year's crop is 29 percent above average. Watch for low prices in late November.

Apples—for apple bobbing, eating, cooking, are still tops in quality. Remember to take home an extra bag of red apples for "witch" food this week-end.

UNICEF Sets Penny Night

By Elizabeth Smith
HI. 3-1184

UNICEF beggars from South High Church will be out with the milk cartons on Thursday evening. One cent used by UNICEF will provide five large glasses of milk, for the BCG vaccine to protect a child from tuberculosis. This is possible since UNICEF purchases are made by the boxcar and shipped by the boatload. When you give pennies in the little milk carton you can be assured it is helping children around the world.

Rev. and Mrs. A. B. Cox were dinner guests at the home of Ralph and Barbara Boren on Wednesday. Rev. Cox was holding revival services at Hope EUB Church and Mrs. Cox is a lifelong friend of Ralph Boren, so it was a very enjoyable evening for all.

Mike Frush was injured two weeks ago when an object hit by the lawn mower lodged in Mikes foot. Blood poisoning set in and he missed a week of school. He is back in school now, but his mother is having to take him each day.

Congratulations to Virgil and Helen Hedges who celebrated their 22nd wedding anniversary on Saturday. Helen had a birthday on Wednesday.

Frank Blakeman and Jim Casto are in Ontario, Canada on a hunting trip. They are after moose, deer and bear. Their trip is taking them as far into the wilds of Canada as a road goes, and then with a Canadian guide they will go on foot to the hideaways of the big game. We hope to see them come driving in with their trailer loaded with meat.

Sandy Skinner celebrated her 17th birthday on Monday. Happy birthady, Sanday.

The annual Halloween party, sponsored by the Sunday School Department of South High Church will be Saturday night at 7:30 p.m. in the Youth Center. An evening of good fun, and eats, with costume prizes to be awarded.

Reports are coming to me that the Halloween pranksters are out again this year. Window soaping we can expect, but when we know of tires being slashed, that is just not a prank. That is real destruction, and a matter for the police.

So maybe that it would be wise for all of us to be just a little more careful about our cars during this week of prowlers. Just such acts spoil the fun that the smaller and young people might have.

Just received word that Russell Johnson, owner of Russ's sandwich shop has just died. Russ was a lifelong resident and business man of our community and the sympathy of the area is extended to his family in this time of their bereavement.

Al Ross has his sister and her husband, a retired naval officer visiting him. They attended church with Al on Sunday at South High Church, so quite a few got to meet them. They are a very much traveled couple—having been to Alaska a couple of times and are just back from Hawaii.

Warning—in our immediate areas be sure you give only to UNICEF beggars with the little identifying milk carton. There are some groups who may have arm bands, but none in our area that I know about. If they do have arm bands they are orange with black letters.

Mary Blakeman, Jeanette Foreman and I were guests of our daughters, Pat DeWitt and Margie Foreman and Mrs. Vernon Tetters was the guest of her daughter-in-law, Gail Teeters, at a mother daughter banquet on Tuesday night at Willards Restaurant. This is an annual affair sponsored by their sorority. The most fun of the evening was in trying to identify old pictures of the mothers. These pictures were "sneaked" out by the girls with the aid of their fathers, or just by the girls doing a little "snooping" on their own, while mothers were busy elsewhere.

Mr. and Mrs. Cyrus Donahue has Lillian's mother from West Virginia visiting with them this week.

Deadline Near For Postal Job Applications

This year approximately 1300 men will be needed to handle the Christmas mail in Columbus, according to Ralph E. Gabele, manager of the Columbus Ohio State Employment Service. Recruits so far have been very slow in filing applications with the deadline of Friday, Nov. 6, close at hand.

Starting work about Monday, Dec. 14, the extra holiday help, consisting of carriers and clerks, will sort incoming and outgoing mail, drive trucks and deliver parcel post.

The post office will use part-time Christmas employes at the main office and branches, throughout the city and county. Carriers' jobs will last through Christmas Eve.

Part-time Christmas employes are urged to apply at the Ohio State Employment Service, 435 Cleveland-av, between 8 and 4:30, and until noon on Saturday.

Ohio State University students interested in Christmas jobs may register at the Financial Aid Office on the campus. Capital University students may file applications at the Dean of Men's Office.

YOUR HELP NEEDED

. . . where the future begins

☛ VOTE YES on the 7.6-mill *renewal* levy

☛ This is not a new tax.
It has been in effect for five years.

☛ This is not an additional tax.
The Board of Education is only asking that you renew the existing 7.6-mill levy for another five years.

☛ This levy provides ⅓ of the revenue needed to operate our schools.
Without this income, educational standards in every classroom in Columbus would be imperiled.

☛ Remember! Passage of this levy will not increase taxes.

☛ VOTE YES on the school *bond issue*

☛ Enrollment is going up.
At least 20,000 more boys and girls will be in our schools by 1964: This estimate is based on children already born and living in our city.

☛ Our schools are filled to capacity now.
In fact 14 classes are meeting in emergency quarters.

☛ We must continue our building program.
We must build 32 new schools, erect additions to 20 schools, and complete 119 minor improvement projects during the next five years.

☛ This building program can be financed economically.
A $29,850,000 bond issue, which would provide all of these new and improved school facilities, would result in an increase of approximately three-tenths of a mill in the tax rate each year during the next five years.

☛ At most, the entire building program would cost the typical homeowner 16c a week.
This figure is for a home assessed at $5,000. Because Columbus undoubtedly will continue to grow in the future, there is a good chance that the actual cost will be less.

Included in this building program for the South Side are five new elementary schools, one new ju nior high school, additions to four elementary schools, an addition to Roosevelt Junior High School, and 25 minor improvement projects.

Columbus can afford to support both of these issues!

During the 1957-58 school year, the latest year for which figures are available, the cost of educating each child in Columbus was $265. This compares to $359 in Youngstown, $351 in Dayton, $338 in Cleveland, $333 in Cincinnati, $312 in Canton, $306 in Akron, and $298 in Toledo.

Vote YES on BOTH school issues Nov. 3!

Mr. and Mrs. Floyd E. McManes,

Tears Don't Show . . .

I work in the grocery store where one week ago today one of the worst tragedies ever to touch my life happened.

To have three innocent lives snuffed out by the useless carelessness and ignorance of one man is almost more than we can understand. I can't look out the store window without seeing three little faces I knew very well and shedding a few tears. I think we all feel an extra burden on our hearts right now and will for a long time to come. As the traffic still flies by heedless of the tragedy here a short time ago we all hover gently over our little ones with a lump in our throats.

How can we stop these things from happening again on this dangerous highway? How do we feel here—most of us are very bitter toward the state, too, for leaving the keys so easily as they go unreprimanded by our newspapers as a whole. We can't truly express our feelings here because "tears don't show on paper."

Mrs. Fred DeWitt.

Feeling Of Panic . . .

Is it possible to put into words the panic a mother feels as she waits to find out whether her two daughters are safe in school or are they lying in a crippled heap in the street?

When you kiss them good-bye in the morning you just naturally expect them back that afternoon all full of the news of their school day but then some days don't go that way. It starts with the howl of brakes, then you can see the cloud of dust, then come the horrible, frightening screams. This is the time your mind starts to work, first shock, then fear, then a sort of pain, then a numb feeling.

My first urge was to run as fast as I could toward the scene, then I wanted to run away. You really want to go and see if your own are alright and to touch their sturdy little bodies, but that nagging fear is there saying, "Don't go because you might find an entirely different thing."

I was one of the lucky ones. My little girls are alright but there are still moments I look at them and thank God for His mercy upon me.

Mrs. L. D. Leadstrom.

Picking Ohio State Is Costly To Football Contest Players

Picking Ohio State to win isn't paying off any more for Hartley Newspaper Football Guessing Contest winners.

In this week's contest, only one of the top three winners tabbed the Buckeyes favorites over the Wisconsin's troublesome Badgers. And it almost cost him his coveted spot.

This week's winners are:

E. J. Kerscher, 573 Frebis-av; Mrs. Clara Kerscher, 573 Frebis-av; and Charlie Beavers, Omar Bakery.

They will be awarded, in the order of their finish, $10 in cash, a lube job from Ross Williams Sohio and a bowling bag from Parsons Recreation.

There's a new contest each week in the Hartley Newspapers. Full details on this week's contest are contained on a full page advertisement inside this newspaper.

And now that it's getting late into the season, there's no reason why just about anyone can't guess most of the games correctly. By comparing scores of previous games, guessers should be able to pretty nearly judge the winners of upcoming tilts barring upsets.

Prizes which will be awarded to the top winners of the contest advertised inside this week's newspaper are $10 in cash and $5 in merchandise from Super Duper.

Contestants are reminded that all entries must be sent on the official blank printed in the newspaper. Prizes are sent to the winners each week through the mail.

Elementary school enrollment in Columbus will rise from 52,000 at present to at least 64,450 five years from now. New schools are needed. Vote YES on the school bond issue" November 3.

Mayor Outlines Plan For Future

Mayor M. E. (Jack) Sensenbrenner says Columbus must continue to grow in all sections — north, east, south and west — to realize its dynamic future.

"Columbus has more potential than any other city in the United States," he says. One reason is the city's geographical location, within 500 miles of 75 per cent of the nation's population.

The mayor and his aides have drafted a capital improvements program which he calls a "blueprint for the future" that is flexible enough to be changed if needed.

Here are some of the items in the program, as listed by the mayor:

Safety department — More policemen and firemen as soon as possible. New fire stations at Northmoor and High, Broad and McNaughton, Fourth and Fulton, Refugee and Lockbourne (with police sub-station), Third and Olentangy River-rd, Maryland Park, on the North Side to replace one at Euclid and Pearl, Fourth and Thurman, Main and 22nd replacement, Chapel and Third replacement and W. Broad and Mill replacement.

Workhouse — Recreation area and new wing at the workhouse.

Airport — Additional expansion for jet plane accommodations.

Expressways — Completion of North Freeway, Fort Hayes traffic interchange, south and east legs of the innerbelt, East Freeway and West Freeway. (Construction of North Freeway has begun, other projects are in pre-construction phases.) Morse-rd grade crossing elimination, for which plans are nearly finished. A total of $6,900,000 for residential streets and secondary thoroughfares. Widening of Stelzer-rd. Extension of Joyce-av. Widening of Livingston-av to Hamilton-rd, with bus service to that intersection. West North Broadway grade crossing elimination and improvement. Extension of Fairwood-av to Frebis. Extension of Indianola from Morse-rd to Chase.

Sewers — New southeast sewage treatment plant. Williams-rd-Scioto River to east sewer lines; Big Walnut main trunk sewer; Alum Creek Main Trunk Section A; enlargement of South Scioto Pumping Station; Marion No. 3 sub trunk extended north from Watkins-rd to Refugee-rd; Olentangy Main Trunk Sewer Part 2.

Recreation — New park areas throughout the city. New recreation centers southeast and at Westgate and Krumm parks. A golf course east or south and at least three new swimming pools.

Water — New water mains on Stelzer-rd, Karl-rd with booster station, Harrison and McKinley, Noe-Bixby-rd, Olentangy River-rd and the E. Broad-st line.

Health—New wing for health building.

In seeking re-election, the mayor argues that it is logical to believe that his program for the future will be accomplished —based on the results of his nearly six years in office.

"As long as I am mayor, I'll give the job the best I have," the mayor says.

Clean Air Week Being Observed Nationwide

Cleaner Air Week is being observed throughout the nation, Oct. 25 to 31.

Co-operating with other agencies promoting the observance of this event is the Division of Smoke Regulation and Inspection of the Department of Public Safety.

Smoke and odors from the exhausts of autos, trucks and buses are among the major sources of air pollution in Columbus. In order to help check some of these causes, the division offers these following tips:

1—If the exhaust from your vehicle is black and foul-smelling, or blue or white—watch out. You are wasting money and polluting the air.

2—Black exhaust may mean a dirty filter or a faulty carburetor. An excessively rich fuel mixture causes great wear on piston rings and grooves because the surplus gasoline washes away the film of oil protecting these surfaces.

Schwarzwalder Seeks Reelection

Judge Alan E. Scharzwalder, who has served as a Columbus municipal judge for more than three years, is a candidate for re-election on the non-partisan judicial ballot next Tuesday.

Former Gov. Frank J. Lausche appointed him to the municipal bench in 1956 and Schwarzwalder was elected to the unexpired term in 1957.

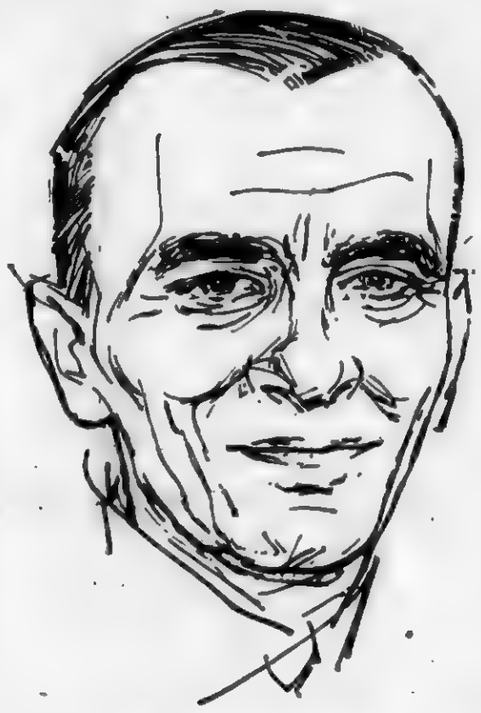
A native of Columbus, the judge received his law degree from Ohio State University in 1948. He has served as an assistant attorney general and as assistant director of the Ohio Department of Liquor Control.

Judge Schwarzwalder was awarded the Navy Cross and Air Medal during his four and one-half years as a Navy flier during World War II.

The judge is on the advisory council for the Senior Citizens Recreation Center, is a member of the Judges Committee on Alcoholism and vice president of the Crippled Children's Entertainment Assn., Inc.

Gordon Pledges Work For Youth

The problems and challenges facing the youth of Columbus need additional consideration, John T. Gordon, Democratic candidate for city council, said in a recent speech.



Zoning and other legislation should reflect the needs of junior citizens of Columbus as well as those of the adult population, he added.

Gordon is for a constant study of improved administrative methods to assure efficiency and quality in government. He has had 10 years' experience in business, management and sales.

For the last five years he has had administrative experience in planning, organizing, directing, coordinating and controlling.

All municipal problems must be evaluated in terms of the human effect on the individual as well as the material effect on the community, Gordon believes.

THE PEOPLE'S MAYOR

This is the final of five citizen messages from the Committee for Sensenbrenner.

In the last four weeks the record, the man, the issues and his pledge have been discussed in this space. In the final analysis the issue to be decided next Tuesday is whether a city administration free from vested influence and dedicated to the progress, growth and well being of Columbus should continue.

We believe the Sensenbrenner administration record and the man's proven ability as an administrater, salesman and ambassador for our All-American City deserves your support.

NEEDED PROJECT—This map locaets major school-construction projects that would be carried out in this part of the city during the next five years if the school bond issue passes on Nov. 3. A total of 171 projects—including 32 new schools, 20 additions, and 119 minor improvement projects — must be completed throughout the city by 1964 if the Columbus Public Schools are to keep abreast of steadily growing enrollments, school officials say. KEY: Hollow circle indicates new junior high school; solid circle, new elementary; solid square, addition to elementary, and hollow square, addition to junior high school.

32 Buildings, 20 Additions Needed For Pupils By 1964

This community will benefit substantially through passage of the two school issues on Nov. 3, Superintendent Harold H. Eibling announced this week.

One issue is a 7.6-mill renewal levy; the other is a $29,850,000 bond issue. Dr. Eibling emphasized that both issues must pass if Columbus Public Schools are to continue to maintain sound educational standards and to provide full-day schooling for all children.

The superintendent explained that the renewal levy will not increase taxes. "The Board of Education is only asking the people to renew the present 7.6 mill operating levy for a five-year period," he said.

The 7.6-mill levy is not a new tax. Neither is it an additional tax. It has been in effect for five years.

At the present time, the levy provides about one-third of the income needed to operate the schools. Failure of the levy would seriously affect the program of education in every classroom in this community and throughout the city, Dr. Eibling declared.

SOUTH SIDE PROJECTS

The superintendent said that passage of the bond issue would make it possible for the board of education to carry out at least 36 necessary projects in the South Side area during the next five years. He listed the projects as follows:

NEW ELEMENTARY schools, to be located near Kelton-av and Gault-st, near the Fulton and Mohawk Elementary Schools, near Parsons-av and Southgate-dr, near Watkins-rd and Fairwood-av, and near Alum Creek-dr and New York Central Railroad.

NEW JUNIOR HIGH school to be located near S. High-st and Southgate-dr.

ADDITIONS to Roosevelt Junior High, Livingston, Lincoln Park, Heimandale and Stockbridge.

REMODELING at Douglas, Fairwood, Fulton, Heyl Avenue, Lincoln Park, Main Street, Ohio Avenue, Reeb Avenue, Southwood, Clarfield, Fornof, Scioto Trail, Smith Road, South High, Marion-Franklin High, Roosevelt Junior High and Barrett Junior High.

SITE EXPANSION at Eastwood, Fair Avenue, Fulton, Reeb Avenue, Mohawk and Franklin Junior High.

PURCHASE OF A SITE for a possible future school in the area west of Parsons and south of Williams-rd.

171 Projects Needed

A total of 171 projects—including 32 new schools, 20 additions, and 119 minor improvement projects—must be completed throughout the city by 1964 if Columbus Public Schools are to keep abreast of steadily growing enrollments, Dr. Eibling declared.

"The need for these new and improved facilities is real," the superintendent said. "A conservative estimate based on children already born and living in Columbus indicates that 20,000 more pupils will be attending our schools five years from now."

Approval of the bond issue would add an average of approximately three-tenths of a mill to the tax rate each year during the next five years, Dr. Eibling said.

"Translated into dollars and cents for the typical home owner, this building program at most would cost about 16 cents per week," he explained. "However, because Columbus is growing so rapidly, the actual cost undoubtedly would be less," he added.

Dr. Eibling said that this amount is based on a home assessed at $5,000. Homes are assessed at substantially less than their actual market value.

Neil House Will Be Scene Of Courage, Inc. Bazaar

Courage Incorporated will hold its annual bazaar at the Neil House, Mezzanine Lounge, Monday, Nov. 2, noon until 9 p.m.

Handmade items made by handicapped members will be featured. All profits go to shut-ins who make the merchandise.

On sale at the bazaar will be needlework, jewelry, artificial flowers, Christmas cookies, Christmas cards and wrapping paper, hand-woven table mats, aprons, dolls, oil paintings, ceramics and novelty gifts.

There will also be a white elephant table with profits used by Courage Incorporated for the purchase of wheelchairs and other aids for members unable to buy them.

Mrs. Helen R. Mack, 91 Kenworth-rd, is chairman of the project committee.

Jones Series Begins Nov. 1

Area residents may hear, during a six-day preaching mission starting Sunday at Westgate EUB Church, the evangelist "who has probably spoken to more non-Christians in more countries, than any man in the world."

Dr. E. Stanley Jones, 75, missionary for more than half a century, has travelled incessantly on evangelistic tours to the Far East, North and South America, Europe, Africa, Australia, New Zealand, and Alaska.

Twenty-eight churches in the western Columbus area are cooperating in sponsoring the Spiritual Life Mission. Meetings will be held each evening at 7:45 at Westgate EUB Church, 52 S. Powell-av.

In the event the church, with closed-circuit television facilities to accommodate 1200 is too small, meeting will be moved to West High School.

In addition to the meeting each evening, Sunday through Friday, Dr. Jones has a crowded calendar of daytime speaking engagements.

He will speak Sunday during the 10 a.m. worship service at Westgate EUB; at the 11 a.m. service at Hope Memorial Presbyterian Church, and at the Methodist District Evangelism Rally at 4:30 p.m.

He will address the Columbus Ministerial Association at 10 a.m. Monday, Downtown Kiwanis Club at noon, and Boulevard Presbyterian Men's Dinner at 6:30 p.m.

Dr. Jones will speak on Tuesday at the EUB Conference at Circleville at 10 a.m., and at the Southeast Lions Club noon luncheon meeting.

Wednesday's schedule includes a chapel service at Capital University at 11 a.m., ladies' luncheon at Boulevard Presbyterian Church, and Hilltop Christian Church dinner at 6 p.m.

He will address a West High School chapel service Thursday, 9:15 a.m., Hilltop Kiwanis Club at noon, and Worthington Methodist Ladies' luncheon at 1:45 p.m.

Engagements on Friday are for a chapel service at Otterbein College at 9:40 a.m., and Broad Street Methodist Church dinner at 6 p.m.

CENTRAL HIGH NEWS

Ex-Teacher, Kent Pfeiffer Confined To Grant Hospital

By Leslie Shelhart

All Centralites, students, alumni, and faculty, will remember the deep devotion with which retired teacher Kent Pfeiffer taught. Mr. Pfeiffer was a teacher of Math at Central until just two years ago.

To all of us who love Mr. Pfeffer, it was a shock to learn of a recent virus contracted by him this summer. The virus, called Echo 9, has left Mr. Pfeiffer bedridden and in great pain. There is no known medicinal cure for this disease.

Mr. Pfeiffer has been taking treatments, at Henry Ford Hospital in Detroit, somewhat like that of a post-polio patient. He is in his second month of confinement and has three to six months of treatment to go.

Recently he was transferred to Grant Hospital here in Columbus.

Your cards and letters could mean that difference in a dreary and hopeless day for an old friend. They may be sent to Kent Pfeiffer at Grant Hospital, Room 418, Columbus.

New Report Cards

Central High's students, along with other high schools in the city, received new report cards Monday. The new cards are larger and have a new grading key.

They are now using an F instead of an E for failing. The teachers also put numbers beside the grade for each subject. A number 1 means strong effort, a number 2 normal effort, and number 3, little effort.

Y-Teens Hop

Central High Y-Teen Club is really large this year.

Y-Teens is the most active club for girls at Central and throughout the city. Girls work on many projects during the school year. They sponsor sales, usher at plays and concerts, sponsor dances, and work on a plan by which the girls give a few hours of their time for service work in hospitals, nurseries, offices, etc.

Tonight the Y-Teen Club at Central is sponsoring its first project of the year, a Halloween Sock Hop for Y-Teens and the Hi-Y.

It will be held from 8 to 9:30 in Central's gym. Admission is only 25 cents.

Officers of the club are Carolyn Waller, president; Cathy Bently, secretary; Pat Long, vice-president; Charlene Wells, treasurer and Sandy Dierker, historian-librarian and member-at-large.

"Happy Halloween"

Sandy Skinner and Richard Lakin are Central High's representatives for the "Fun Without Destruction" campaign this year. They have been visiting West Side elementary schools this week, encouraging youngsters to make the best of Halloween, 1959, and have "fun without destruction." They wish all of you to have the best Halloween ever.

Upper Arlington Man Dies After Two Car Crash

Funeral services were held Tuesday at Schoedinger Stateet Chapel for an Upper Arlington man who died at noon Saturday from injuries sustained earlier in a two-car accident at Rts. 33 and 161, near Dublin.

The victim, Robert I. Radebaugh, 52, was driving north on Rt. 33 when his car was struck by a car driving east on Rt. 161. He was thrown from the car and suffered a skull fracture and multiple arm and leg fractures.

Raymond A. Kraft, 58, of Massillon, driver of the second car, was cited for failure to yield the right of way, according to Franklin County Sheriff's deputies.

Additions will be built at five South Side Schools if the school bond issue passes on November 3. Vote YES on the school bond issue.

Help This Little Lady

And hundreds of other Franklin County youngsters who are having a hard time growing up . . . who have no family of their own.

It's pretty hard for a little girl to grow up . . . when she has no family of her own. Franklin Village is the only real home that Sally's ever had.

She used to live with her parents but they didn't love her. They hurt Sally and neglected her.

Sally was taken from her parents and put in the care of the Franklin County Child Welfare Board. They give her food and shelter and attention. She needs love, too. Right now they are working to find a good foster home for Sally—a chance for her to have the love and affection she deserevs and needs so badly.

But Sally is worried.

She may have to leave Franklin Village. She may have to go back to the "home" she was taken from for her own protection. She may have to go back to the parents who abused and neglected her. That would be a dead end for Sally!

It all depends on the Child Welfare and Poor Relief Levy up for renewal on Nov. 3rd. If it passes, Sally will continue to get the good care she's receiving now. If the levy fails . . . the lack of money will force the Child Welfare Board to send Sally and many other helpless children "home" to be hurt again and again.

Article States Railroads Will Ask Showdown

A stormy showdown between management and labor over the $500 million annual featherbedding waste on the nation's railroads is imminent, Reader's Digest reports in an article in the November issue.

U.S. railroads are determined to modernize the work rules dating from 40 and more years ago, according to the article by Alfred Steinberg. These rules require surplus men on trains, erect jurisdictional barriers between various work groups and otherwise promote waste and inefficiency among 200,000 operating employees, the article points out. Contract negotiations on this explosive issue begin after Nov. 15.

The toll, he adds, is measured in higher passenger fares and freight rates and dwindling business for the long-troubled railroad industry.

The fireman who "has no fires to stoke or boilers to tend" on the modern diesel locomotive is cited by the Digest article as a primary example of featherbedding in practice.

Another obsolete rule gives each engine-crew member a basis day's wage for every 100 miles he travels. This rule dates from 1919, Mr. Steinberg reports, and results in such "high pay for short hours" as an engineer's collecting 1.43 days' wages for clipping off 143 miles in two hours on the Denver Zephyr.

Organ Recital Dated

Wilbur Held, professor of music at Ohio State University, will present an organ recital at 4 p.m. Sunday, Nov. 8, at Westerville Methodist Church, 51 N. State-st.

There will be no admission charge. A free-will offering will be taken.

THE BURNING SPRING THAT STOPPED CAESAR

ON GRENOBLE, FRANCE, THERE WAS AT THE TIME OF THE ROMAN EMPIRE A BURNING SPRING OF NATURAL GAS. IT WAS SUCH A STRANGE SPECTACLE THAT EVEN THE MIGHTY JULIUS CAESAR STOPPED TO MARVEL AT IT.

TODAY, NATURAL GAS IS ONE OF MAN'S MOST CONVENIENT TOOLS—ESPECIALLY FOR THOSE WHO LIVE AND WORK HERE IN AMERICA'S ORIGINAL NATURAL GASLAND. IT MEANS PLENTY OF LOW-COST HEAT ON COLD WINTER NIGHTS...COOLS HOMES IN SUMMER ...LOW-COST USE OF MODERN APPLIANCES... DEPENDABILITY UNAPPROACHED BY ANY OTHER AUTOMATIC FUEL. NO WONDER NATURAL GAS IS NOW, MORE THAN EVER, THE PREFERRED FUEL THROUGHOUT THE SEVEN STATES SERVED BY YOUR COLUMBIA GAS SYSTEM.

How Much Would "No Advertising" Cost Your Business?

Some businessmen look upon advertising as an expense. When expenses must be cut, the advertising budget is first to come under the knife.

The trouble with that method is—it just won't work.
The fact overlooked is that newspaper advertising represents only a fractional part of the cost of goods sold.

Advertising is the instrument which brings the greatest returns when it is intelligently planned.

Advertising becomes expensive when you don't use enough.

It's like failing to lubricate a piece of valuable machinery. You save the cost of the lubricant, but eventually you have to pay the big repair bill—and production losses while the machinery is idle.

Rites Are Scheduled At Wagner Memorial

Wagner Memorial Evangelical United Brethren Church will celebrate its 36th year of service to the community on the South Side Nov. 1.

Rev. Jones, the fifth minister in the church's history, will speak at a special service at 3 p.m. in the sanctuary of the church. Mrs. Wagner Smith, a former organist for the church, will help the church celebrate this special occasion by again playing the organ in the church.

After the 3 p.m. service, the congregation will hold its fellowship dinner in the basement of the church. This will be a highlight of the afternoon, as the other ministers will be present who have served the church in its history.

Rev. Jackson Wagner, for whom the church is named, was the first minister of the congregation which began in 1923. He passed away a few years ago at the age of 82. Rev. A. R. Smith followed him two years later in 1925. Rev. B. C. Peters was the minister in 1928 and Rev. J. R. Browser in 1929. Rev. W. E. Jones, the speaker for the day, served the church from 1930 to 1932. Rev. Rutherford came to the church in 1932. Chaplain Arthur Duhl, now serving the armed forces in Paris, France, began his ministry at Wagner Memorial in 1947. He was followed by Rev. Marvin Paxton in 1952. The church is now being served by Rev. Robert Long, who came to the church in August of this year.

Rev. Wagner formed and organized many of the present Evangelical United Brethren Church in the city of Columbus. He organized and built the Avondale Church, the Fifth Avenue Church, as well as Washington Avenue Church, South High Church and Wagner Memorial Church. Rev. Wagner, along with his brother, Eli Wagner, helped dig the basement of the present church by hand, and did much of the carpentry work and brick work. The church has always been located on the same corner, Oakwood and Stanley, in the South Side.

One charter member of the church is still living, Mrs. Lillie Wildermuth, 580 E. Whittier-st.

North Beats South 12-6

South's homecoming game was hindered both by a muddy field and by the strong defense of North High School, Friday night, at South's stadium.

The effort of Dick Nance spelled victory for North as the Polar Bears pulled through with a 12-6 score over South.

Nance grabbed a 21-yard pass from Fred Nye for a touchdown after Jerry Kyle recovered a South fumble on the Bulldogs' 24-yard line. With 30 seconds remaining in the second quarter, Nance took a pass from Jim Cordell and returned it 69 yards for a second and final touchdown for North.

A 20-yard pass from Sam Wilson to Bill Bolden gave the Bulldogs their only score.

Marred by mud, the winners made only four first downs to South's three. Tom Noble and Alex Meszaros were the defensive standouts for the Bulldogs.

Duckworth Plumbers Defeat Arlington 22-6

Powerful Duckworth Plumbers won the championship of the Ohio Bearcat League last Sunday by downing previously undefeated Arlington 22-6 before an estimated crowd of 500 people.

Parents, relatives, and friends of the Duckworth team, decorated their cars and made the trip together to invade Arlington. Mothers of the boys were presented Mums before the opening kickoff.

The Duckworth rooters had their chance to cheer for the boys early in the game as the Plumbers took the opening kickoff and marched down the field for a touchdown in eight plays. Hard running Rocky Roshon broke loose, behind good blocking, and skirted left end to score untouched.

Before the first quarter had ended, Fred Hamler went through tackle, side stepped the linebacker, then outran the Arlington team to the goal line. The play was good for 45 yards. Hamler then bucked his way over for the conversion. The quarter ended with Duckworth out in front 14 to 0.

The second quarter was nip and tuck but the power of the Plumbers was again too much as they drove 60 yards in 10 plays. When they reached the 15 yard line, Jerry Robison threw a jump pass to fleet Roger Harper who scampered over the goal. Robison then hit right guard for the conversion. The half ended with Duckworth out in front 22 to 0.

Arlington, known as a strong second half team, came out ready to go to work. They fought hard and put on a march of their own. Randy Walker broke loose from the 10 and scored.

The Duckworth boys refused to fall apart and fought right back as they drove to the Arlington 3. They fumbled here though and the game ended a few plays later.

The game was won in the line though as the Duckworth line continually made holes for the backs to run through, and the defense held the Arlington boys in check most of the day.

The Duckworth team won 7 in a row in their march to the championship.

Westlake Beats Sensenbrenner In Heated Battle For Mayor's Post

SOUTH SIDE COUNCILMAN HOERMLE IS ONLY DEMOCRAT WINNER IN CITY

By Bill Rush

South Side Councilman William P. Hoermle was the only Democrat to survive a Republican landslide in Tuesday's municipal election.

Hoermle, appointed to his council post, came through the election test in fine style, finishing third behind expected top vote-getter Golda Mae Edmonston and incumbent William Hicks.

W. Ralston Westlake, Republican City Council president, defied predictions indicating another victory by Democratic Mayor M. E. Sensenbrenner to score a 52,746 to 47,631 win over the incumbent Tuesday.

A record number of Columbus voters — 102,281—turned out to the polls to elect Westlake by 5,115.

Accompanying the new mayor into office will be three Republican councilmen — incumbent William Hicks, Golda May Edmonston and Ronald DeVore. The other council seat will be filled by Democratic incumbent William P. Hoermle.

School Issues Approved

In other city issues, voters approved the 7.6 mill levy and $29,850,000 bond issue approved by the Columbus School District.

The Westlake victory, swung by five per cent of the voters, ended six years of Democratic control of City Hall.

Observers at the Franklin County Board of Elections late Tuesday night attributed a major share of blame for Sensenbrenner's defeat on the current police scandal.

Although this can never be known with certainty, many felt the police department mix-up caused a large percentage of undecided voters to favor Westlake at the last minute.

A poll completed last month by Hartley Newspapers indicated that 30 per cent of the voters were undecided on their choice for mayor as late as two weeks before election.

Republican County Chairman William Schneider termed the flood, the East Side water shortage, Service Director Floyd Redick, Safety Director Leo Phillips and "general squabbling" as what beat Sensenbrenner.

Westlake Carried Hilltop

In capturing the mayoralty, Westlake carried the Hilltop, made inroads on the Democratic lower West Side, cut his majority on the South Side, made gains on the East Side and held the usually-strong Republican North Side.

On the Hilltop, early returns indicated that Westlake carried 15 of 23 precincts.

Moderately surprised at the results, Board of Election reporters attributed Sensenbrenner's strong showing—while losing—to his vigorous campaign.

They felt he had overcome every obstacle placed in his path to re-election and might have won in a very tight race except for the sudden outbreak of investigations within the police department.

Although many issues had a factor in the outcome, it was felt that no singular sectional controversy defeated the Mayor.

On the county-wide scene, citizens elected Judge Alan Schwarzwalder to a full term and F. J. Shoemaker and Charles Petree to unexpired terms on the Municipal Court.

Voters gave hearty approval to the Welfare Levy, 80,583 to 38,901.

Finishing behind the winners in the councilmanic race were Russell M. Jones, Robert T. Forman, John T. Gordon and Raglan R. Reid in that order.

Board of Education candidates, Paul R. Langdon, William R. Fornof, Daniel DeHayes and Homer Trantham, won unopposed.

'MAYOR WESTLAKE SPEAKING'—That's the new response Hilltopper Ralston Westlake earned Tuesday night in this direct-line talk from home to Republican Party Headquarters downtown. Mrs. Westlake at his right, takes down the good news. Seated around their successful dad are the Westlake children, Mrs. Fred (Diane) Corcoran, 880 Wedgewood-dr, David Westlake and Marilyn with the family pet, Heidi.

Winner Hoermle Vows 'Work Harder Than Ever'

William P. Hoermle, Sr.

Reassured by popular vote at the polls Tuesday, returning Councilman William P. Hoermle, Sr., vowed to "work harder than ever" at making Columbus the best city possible.

Appointed to his position, this was the South Side businessman's first test at the polls since taking office. He was the only Democrat elected in the city balloting.

"It means something more when you are elected instead of appointed," the civic leader stated. "It makes me feel like working harder than ever for Columbus."

Hoermle was third in a field of eight council candidates with four to be elected. The East Side resident captured 47,399 votes, 2,300 more than fifth place finisher Ronald DeVore.

Reminded that he was the only Democrat to survive Tuesday's swing toward the Republicans, Hoermle added:

"I'm certainly appreciative of the people's confidence in me. I will do my best job to represent them."

Hoermle added that he will cooperate with the new administration in every way possible to make Columbus a better city.

Council Approves Additional Land For Southview Park

Two pieces of legislation were passed unanimously Monday night at City Council to set the ball rolling for the addition of 37-acres to Southview Park.

The tract lies north of Frankrd, east of the Southwest Freeway, south of Stimmel-rd and west of the Scioto River. This land will make up for the land used for the Southwest Freeway that utilized part of the park area.

The ordinance appropriated $200,000 to cover the purchase of 10 of the 11 parcels involved, as well as authorized employment of a negotiating agent and an attorney to handle the legal end of the transaction.

The companion resolution authorizes condemnation proceedings to obtain the land if negotiations aren't successful.

Additional ball diamonds are to be built on this site along with a proposed nursery and additional recreational facilities, according to a local South Side civic leader.

It is also proposed that a stadium will be erected in the future for league games, hockey, etc. It may be built in the area where the Greenlawn housing project stands. Authorities say that the housing area should be disposed of sometime in 1960. This area of the park is now owned by the City of Columbus.

The Council of South Side Organizations concerned with the up and coming growth in this community feels that the housing project should be torn down to make way for the additional parl area.

The project was erected in 1946 as an emergency veterans housing. It was meant to supply housing for lower wage earners. Since then, according to a federal spokesman, higher wage standards have been met and this housing is no longer required for the purpose intended. The only delay now is the relocating of present occupants. The housing area is not being re-rented, according to authorities.

Council of South Side Organizations members feel this area will be a real asset to southern Columbus.

Three bus passengers were injured in the accident. They were treated at the hospital and released. One of the injured included the bus driver, George Dickerson, 6500 Havens Corner-rd who suffered rib injuries.

Police said the car, driven by Eugene Blarcume, 2400 Wilson-av failed to stop at the stop sign and collided with the bus. The bus was going south on Fourth-st while the car was going west on Reeb-av.

Blarcume was cited for failure to yield to a stop sign.

High School Games Confuse Contestants

While most college teams followed true-to-form last weekend, high school gridders put the whammy on Hartley Newspaper Football Contest guessperts who played the favorites.

Most unpredictable of these was Columbus Eastmoor which moved a step closer to the City League crown by blasting East, 8-6. Franklin Heights, in the middle of a mediocre season after copping South Central Ohio crown last year, provided the other upset at the expense of Circleville, 35-18.

Here are this week's winners.

Richard Fehlow, 278 Molersi; Jerry Ray, 1087 Innis-av, and E. J. Kerscher, 573 Frebisav.

They will receive in the order of their finish, $10 in cash, two free passes from Rollerland and two pizzas from Dino's Pizza.

This is the last week that high school games will appear as part of the guessing contest. Most scholastic pigskin squads will close their seasons next week and begin preparations for basketball.

That means this is the last chance for guessperts especially in tune with the scholastic sports scene to take advantage of their special knowledge and win a prize in the contest.

Full details on this week's contest are found in a full page advertisement inside today's newspaper.

Winners in that contest will receive, in the order of their finish, $10 in cash, a sirloin dinner for two from Johnson's Restaurant and two free pickerel dinners from Plank's, from Owl Market.

Contestants in the contest are reminded that they are allowed only one entry in the contest. Judges will eliminate all entries of any contestant filling out more than one blank.

Ordination Rites Given Former South Graduate

Last Sunday evening was a real highlight in the life of the congregation of Southwood Church of Christ, (Southwood and South Fourth-sts), as one of their young men was set apart to the work of the ministry in a very impressively spiritual Ordination service. Robert A. Schwab has attended Bible School and worship services here from his early youth and was baptized into Christ on Mar. 30, 1947. Joe Bronson was minister of the Southwood congregation at that time.

Mr. Schwab entered Johnson Bible College, Kimberlin Heights, Tenn., to prepare himself for the ministry. Later, he furthered his studies at Kentucky Christian College, Grayson, Ky. Churches with which he worked during student ministry are Grove City Church of Christ and Fly Branch, Church of Christ, Vanceburg, Ky. Rev. Schwab is currently ministering to the congregation at Belcher, Ky., and is also doing youth work with the Church of Christ in Elkhorn City, Ky.

Those participating in the ordination service included elders of the local congregation, Leonard Farnsworth, Robert Hugonlot, George Shreve, Silas Smith, Joe Spiker, and Vernon Vanscoy. Mrs. Reba Alton was soloist, Mrs. Becky Shreve, organist, and Ellis Wesner, minister at Southwood, presented the Ordination Sermon. Loren Dace, professor in Kentucky Christian College, delivered the charge to the congregation and to the ordination candidate.

Robert Schwab is the son of Mrs. Hazel Schwab, 1451 S. Fourth-st, and grandson of Mr. and Mrs. Frank Woods of the same address. Rev. Schwab attended South High School from which he graduated in January, 1952.

South Sider Is Ordained At Southwood-av Church

By Priscilla LaRue Lenox
HI. 4-1051

Bob Schwab, whose home church is Southwood Church of Christ, was ordained in that church last Sunday, Nov. 1. Mr. Schwab attended Johnson Bible College and Kentucky Christian College.

Received a little too late for last week's column was a postal with four autumn birthdayites, so we'll just start today's column with greetings for the foursome. Our best wishes to Clara Hensel, Oct. 30; Linda Lucky, Nov. 3; Jerry Lucky, Nov. 5, and Bill Strauss, Nov. 5.

Wearing a brace for the next few years seems pretty rugged for an active youngster but such will be the future of Stevie Karch, the son of Mr. and Mrs. Jack Karch. Stevie's father is a well-known South High grad, so perhaps some of his classmates would brighten the youngster's day by sending cheery cards, which he loves to receive. The address is 1421 Erika-dr, Springfield. The paternal grandparents, Carl and Ruth Karch, are residents of 272 Southwood-av.

Mr. and Mrs. Bill Weakley will celebrate Oct. 17 in years to come as their wedding anniversary. They exchanged their vows in South Carolina and are now at home at 731 Renick-dr. Mrs. Weakley is the former Carol Butler. Bill's home was formerly 1440 Champion-av.

Trudeau Guild 10 will meet Wednesday, Nov. 11, 8 p.m., in the home of Mrs. Louis Whitacre, 158 Southwood-av.

We always like to tell folks about dinners for two columns, whenever we know about them soon enough, so this is the first week to tell about the pancake and sausage dinner that will be a joint endeavor of Cub Scout Pack 31 and Boy Scout Troop 31 of South Methodist Church. The dinner will be held at the church Saturday, Nov. 14, 4:30 to 7 p.m.; 75c for adults, 65c for children. In charge of the kitchen is Dora Dayton, who got "volunteered" for the job by her ever-lovin' spouse when she was absent from the committee meeting. But Dora, in her efficient way, doesn't mind in the least, even though she was told about it at the breakfast table, before coffee even!

Back on the street they feel is home are Mae and Claude Kiser, 284 Southwood-av, so a welcome is in order. They should just be getting "settled in" about now.

Early November birthdays are those of Wally Dean, Harry Ruden and Lou Whitacre. We're not sure of any of their birthdates, however. Ol' Simon Legree (other name Mary Merritt) has a Nov. 8 tag we know. Anniversary greetings to the Welch-av Ikehorns, today, and some time this week to Helen and Clem Fisher.

Mrs. Annetta Schneider, 1150 S. 22nd-st, attended Gamma Province convention Oct. 30, 31, Nov. 1, as the Alpha Xi chapter delegate of Delta Theta Tau sorority. Other members who attended were Mrs. A. S. Justus, 1447 Wilson-av, and Mrs. Charles Saylor, 2622 Atwood. Mrs. Justus is president of the local chapter. Mrs. Saylor is vice-president and Miss Schneider is corresponding secretary.

Chapter 206 Women of the Moose will have this menu to serve on Wednesday, Nov. 11, 5 to 7 p.m.: Turkey, dressing, mashed potatoes, cranberry sauce, coffee, home-made pie. Irene Brakeall is chairman of the membership committee, the group in charge for the evening.

Tickets are $1 for adults, 50c for children. For newcomers to the community, the Moose Lodge is located at 36 W. Sycamore-st.

We don't know about that Lennie Bornshine, 1623 Oakwood-av. Went to her house and she kept feeding us corn (of the candy variety). Said it was to keep us supplied for this here column! We'll forgive her . . . she's still recuperating from her activity-packed reunion with her daughter, Donna, who flew up from Florida to be with her mom and dad for a little vacation.

Early November birthdays for the younger generation: Jacqueline Sharp, Nov. 10; Catherine and Christine Thiel, Nov. 12; Barbara Gregory, Nov. 11; Steven Moore, Nov. 10; Sue Hall, Nov. 10, Beverly Moore, Nov. 9; Rosemary Parks, Nov. 10; Donovan McKnight, Nov. 11; Daphne Janie Kocher, Nov. 5; Susan Kocher, No. 5; Gary Kitchen, Nov 8, Jeffrey Mason, Nov. 5; Buddy Baker, Nov. 9; Judith Minnick, Nov. 10; Barbara Arnold, Nov. 7; Clarence Oxley, Nov. 6; Homer Knapp, Nov. 7; Gladys Carroll, Nov. 11; Robert Rothwell, Nov. 10; Michael Franz, Nov. 11.

Our ailing list includes these folks: John J. Smith, who is recovering nicely after hospitalization; John Wells, who had an appendectomy in White Cross Hospital, and Lona Schwartz, who had minor surgery in University Hospital.

Since her Oct. 30 birthday is only 10 days before Halloween, Dolores Fugate, 499 E. Gates-st, had a combination-type party on that date. Children attending the two-way festivity were Christina Cowan, Mickey Cowan, Roberta Cowan, Joy Cowan, Pamela Knore, Susan McGinnis, Ronda Shy, Martha Sachs, Mary Ann Leitwein, Steve Miller, Mike Miller, Erlena Miller, Deborah Miller, Lorena Allmon, Phillip Fugate Jr., Betty Lynn Fugate, Marilyn Warner, Donald Warner, Shawn Brown, Mary Lou Spradlin and Vicki Spradlin. Hostesses were Marilyn Allmon, Emily Knore, Clara Shoemaker, Myrtle Scarberry and Judy Fugate. Sounds like the second grade student at Lincoln Park had quite a celebration on her eighth birthday!

Brr . . . we're not envious of the vacation choice of Tim and Helen Souder, S. Third-st residents. North Bay, Ontario, Canada, is the temporary home of the vacationers. Tim is hunting and Helen is trying to get over a cold, midst the rain and snow.

Today's the day for the turkey dinner at South Church of Christ, Woodrow [illegible]. Serving times are 11 a.m. to 1 p.m. and from 5 to 7 p.m.

Jim and Shirley Key, 1420 S. Sixth-st, utilized last weekend to make a quick trip to St. Louis and back. With them on the return trip were Shirley's mother and sister, Helen and Giovonna Martin, who will be Columbus visitors for a while.

Alpha Gams To Sponsor Yule Party

Puppets, to be used in a puppet show for a crippled children's Christmas party and then given to each child as a gift, will be put together at the Nov. 10 meeting of Alpha Gamma Delta Alumnae. The sorority will put on the party for the Franklin County Society for Crippled Children.

Hostesses for the 7:30 p.m. dessert meeting at the home of Mrs. Walter Dolan, 3126 Clermont-rd, will be Mary McNaghten, 1312 E. Broad-st chairman, Mrs. Lloyd Chapman, 734 Francis-av, Mrs. Marion Bell, 989 E. 26th-av, and Mrs. Oscar Rogers, 836 S. Roosevelt-av.

UNUSUAL HOBBY—Mrs. Nettie Caslow has a hobby of making afghans out of men's ties. On her lap is one of 25 afghans that she has completed so far. The needlework is all done by hand.

Woman Uses Men's Ties For Her Hobby

Mrs. Nettie Caslow, 1000 Geers-av, at the age of 94, has an unusual hobby of making afghans from men's ties. These ties, received from several sources, are cut into varied shapes and sizes and sewn by hand into colorful works of art. At the present time she is working on her 25th afghan.

As a side line of her hobby, she also makes pillow cases by hand for relatives and friends. The finely sewn pillow cases are of varied patterns that she makes without the aid of printed patterns or stencils.

On her 93rd birthday she received a gold embossed greeting from President Eisenhower.

Being a fan of Lawrence Welk's television program, she was given an autographed picture of Welk in color followed up a year later with a greeting card from him.

In the era of one room school houses Mrs. Caslow taught school in Hancock County. Some of her pupils were much older than she was. She prides herself on teaching and being taught from McGuffey Readers.

She has a wide knowledge of not only the McGuffey Readers but has followed the life of the author as well. She recalls clearly the birthplace of McGuffey and has visited areas dedicated in his honor.

Mrs. Caslow is a charter member of the Columbus Grandmother's Club. She is the oldest member.

She was born in Canal Winchester and recalls days when she went ice skating on the old canal from which the community gets its name.

In the past two decades hunting license sales in Ohio have increased from about 400,000 to 625,000, say extension wildlife specialists at Ohio State University.

There are a number of ways to make money quickly; unfortunately, most of them are not honorable.

Police Officers Prevent Fatality At Power Line

John Loring, 27 of 744 W. Broad-st, was saved from possible electrocution Sunday afternoon by three motorcycle police officers.

Loring was trapped in the cab of his truck when a 35-foot cargo boom on the vehicle became entangled with high tension overhead trolley wires as he was leaving the State Hospital grounds on the north side of W. Broad-st.

Motorcycle officers Wilbur Ehlers, Harold Baier and Eddie Baker, who came by a few minutes after the accident, cautioned Loring to sit still inside the truck, which was charged with about 550 volts of direct current.

They called for help and stood by until a Columbus Transit Co. crew placed a ladder at the side of the truck from which Loring descended safely.

YOUTHS TO GET THREE SALUTES

The Optimist Clubs of North America will be paying tribute next week to a group of long suffering citizens—our teenagers.

Although it was not intentionally planned, Youth Appreciation Week falls during American Education Week. In addition, Veterans Day is celebrated within the confines of this week. What three events are better to salute the youth of our nation.

If we consider our educational system, we know that the youth of today are facing a great challenge in the fields of science and industry. They are responding to this challenge with a steadfast determination to delve into the vast unknown of research and progress to greater heights.

Veterans Day has been set aside in part to honor the youths who have served in defense of our country. Youths, when challenged by the responsibility and duty of the armed services, have proven themselves as conscientious and as serious as mature men. Look back at the servicemen of the Second World War. Most of them were young, so very young that shaving was an assertion more than a necessity. But they proved their worth at Guadalcanal, Bastogne and Okinawa.

After the guns ceased to roar, the contributions of your youths and their uniforms were hung away to gather dust. Youth was again labeled "teenager" and "delinquent."

Yet many youths have a sincere desire for self improvement in all the experiences and activities for a complete and responsible life. Certainly a few fail and find their way into the custody of the police, but we do not condemn an entire profession because a few practitioners fail to live up to the accepted standards of our society.

Likewise we should not condemn the general population of youth because of a few delinquents . . . we say few because only five percent of our total youth population comes into contact with the law. Conversely, 95 percent of our youth are deserving of our admiration and praise.

For this reason, Optimist International has sponsored Youth Appreciation Week, in an effort to bring this 95 percent their deserving place in our society.

"In the City of Columbus, 10 local clubs of Optimist International will recognize the youth of our city, and give them that rightly deserved "Pat on the Back."

Sale Of Janitrol To Midland Ross Expected Soon

An official statement announcing sale of Surface Combustion Corporation including its three Columbus plants is expected sometime next week.

Negotiations are now in progress for the acquisition on a cash basis by Midland-Ross Corporation of Cleveland. Surface Combustion also has operations in Toledo, Tulsa, Okla., and Toronto, Canada.

The company recently opened a new Janitrol Aircrafts Division plant on Surface-rd, just west of Phillippi-rd.

Midland-Ross is a leading producer of automobile frames and power brakes and of engineered atmosphere control equipment for the textile, plastic, paper, rubber and metal working industries.

Columbus employees have been assured that no changes in operating policy or personnel are contemplated if agreement with Midland-Ross is ultimately reached.

Arthritic Survey Starts Monday Throughout Area

The Franklin County Chapter Arthritis and Rheumatism Foundation will conduct a census to determine the approximate number of arthritics in Columbus and Franklin County. The Chapter is supported through the United Appeal.

William C. McKinley, 1066 Urlin-av, has been named Chairman of the Census Committee. Co-chairman is Mrs. Walter J. Bailey, 1496 Guilford-rd.

Registration cards will be distributed to drug stores throughout Columbus and Franklin County by Monday, Nov. 9.

Purpose of the census is to determine the approximate number of housebound arthritics in the area and those suffering from arthritis who are not now receiving medical care. Information received will be kept confidential.

The survey has been approved by the Columbus Academy of Medicine.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Meats and Poultry—Pork loin roasts, fresh calas, beef rib roasts, fryers, turkeys, eggs.

Vegetables—Spinach, kale, potatoes, turnips, rutabagas, dry onions.

Fruits — Apples, cranberries, grapefruit, grapes, canned peaches.

FALL PORK SPECIALS

Lots of hogs are now being sent to market. While this is bad news for the hogs themselves, it's good news for us as food shoppers. It means it's time to watch for "specials" in pork and to take advantage of its plentiful supply. It means crusty brown fresh pork boasts on your table at low cost.

More Hogs Marketed in Fall — There are two pig crops each year—one in the spring and the other in the fall. The spring crop is normally much larger than the fall crop. Since pigs are normally marketed at about six months of age, it means that pork supplies are normally largest during late fall and early winter. It also means that prices are seasonally low during this same period.

Pork prices have been below the 1954-58 average for most of the year. This fall's run of hogs going to market is about 12 per cent larger than a year ago and will bring additional declines in price. However, the price declines are expected to be smaller and more gradual than usual.

Look for Quality—When you select fresh pork, look for a light grayish-pink color. The meat should be fine in texture, smooth and velvety, and should contain intermingled flecks of fat. The bones should have red porous centers. The outside fat should be white and relatively firm. A high proportion of lean meat to fat is desirable.

Tenderness is usually not a problem in buying pork, since most of our pork products are from relatively young animals.

Proper Storage is Important—Compared with other meats, fresh pork has a relatively short storage life—a few days in the refrigerator and three to six months in the freezer. When refrigerated, it should be loosely wrapped and placed in the coldest part of the refrigerator.

Before freezing, pork should be packaged in moisture-vapor resistant wrappings. Rapid freezing and storage at zero degrees F. or lower is recommended. Cooked pork can be frozen satisfactorily, but it is not as desirable as pork frozen uncooked.

Fresh pork sausage, like most ground meats, is highly perishable and loses quality when kept in the refrigerator for longer than a day or two.

Uncooked cured pork cannot be frozen as successfully as fresh pork, but can be kept somewhat longer in a refrigerator. Half hams have best eating quality if used within five days and whole hams are best when eaten within two weeks.

Recent findings show pork has one-third fewer calories than originally credited. According to a study conducted at Oklahoma State University in cooperation with the National Livestock and Meat Board, lean pork has no more calories than does lean beef. Pork, like other meats, is a good source of protein, iron and B vitamins. Pork is considered to be one of the best sources of thiamine. The food value of fresh and cured pork is similar.

BIBLE COMMENT:

God Is Able To Save All ThroughFaith

One of those eternal riddles without an answer concerns the mother who sees two of her children drowning. Both are disappearing beneath the surface. Both are an equal distance apart from her. There is only time to save one. Which?

If the horror of this problem disturbs us, we need not fear when we contemplate the power of God to save us.

Hundreds of thousands of people leave this earthly existence each day. Yet is is within the power of God to save each one.

He need not weigh the possibility of saving one soul over that of another. He need not be torn by fear and doubts that his decision is the wrong one.

He can save all—or none—as He sees fit.

His desire to save any depends only upon our worthiness for being saved from the whirlpool of earthbound calamity. Also our salvation depends upon our faith that He will, in fact, come to our assistance.

So, after we have struggled against what must come to all men, perhaps there will be an instant before we pass beneath the waters when we will be comforted that His hand is near—not to pull us back to the rocky shore, but to life us upward into the kingdom of heaven.

Marion-Franklin High School Band Beats New South East Lion's Drums

A request from Ray Castle, Marion-Franklin High School band director, resulted in the Red Devil Band receiving a matched set of drums from the ever helping Southeast Lions Club.

The prospect for Marion-Franklin Band being financially able to renovate its percussion section was mighty slim until its plight fell prey to the ever prowling Southeast Lions.

Before a student assembly on Oct. 22, a representative committee from the Southeast Lions Den appeared with a set of Leedy drums, including four 12 by 15 street drums and one 10 by 28 Scotch bass drum with triple chrome plate and red sparkle finish, all complete with accessories. Total project value was $600.

The presentation was made by John Wolford, from Southeast Lions. Principal Edwin Gearhart accepted the instruments and immediately turned them over to director Ray Castle.

Members of the band played numbers showing the difference in the sound of their old badly spent drums and their new pride and joys.

Husband-Wife Archery Teams Score On Deer

Rose McKnight, 1015 Chestershire-rd, holder of the state women's archery championship, recently returned from Michigan with a deer taken with bow and arrow.

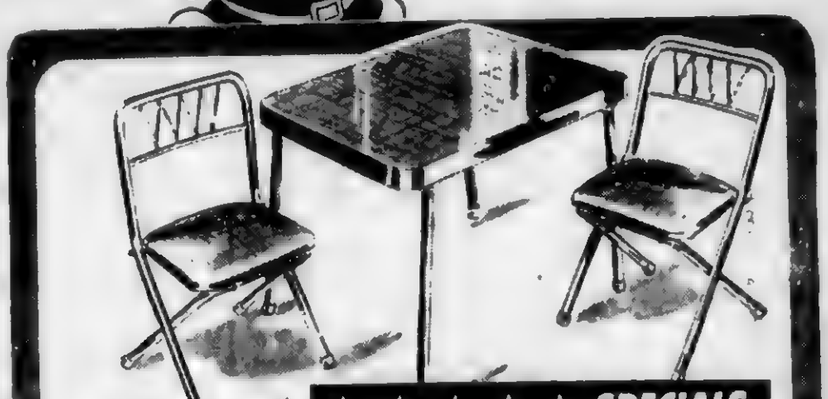
It was her first deer hunting trip, it was her first deer, and to make the jaunt even more successful, her husband, Earl, brought home a deer, too. The McKnights' hunting companions, Bill and Colleen Coverdale, 140 Woodrow-av, also shot two deer with bow and arrow.

Clyde and Elaine Thomas, 1049 Jackson-pk, were hunting with the McKnights and Coverdales but did not shoot any deer.

All members of the Golden Eagle Archery Club, the hunters centered their activities around Alpena, Mich. The Coverdales were there a week, and the others close to two weeks. Clyde and Elaine Thomas are going back soon for another try at big game hunting with primitive weapons.

Mrs. McKnight won the field archery championship, a title she has held for two years now, at the Loss Creek Archers' Club near Bucyrus last summer. There is little doubt that this sharpshooter can hit the target whether it be live or cardboard.

Takes Unusual Skill



Hunting deer with bow and arrow presents a real outdoor challenge, for one must get much closer to the quarry than when hunting with a gun. Stalking, the life and death science of Indians, must be employed to get an archer in range of a deer. Only rarely will a sloppy hunter get off an arrow that will hit a deer.

There has been some talk lately about the humaneness of hunting with bow and arrow, and a national magazine now on the newsstands has an article saying that it is cruel to hunt with bow and arrow. It is my opinion that some wounded game is lost by both archers and gunners — a thing that all sportsmen should strive to correct. This is why dogs are important in small game hunting; they cut down the cripple-loss.

For my money archery is as good an outdoor sport as can be found, and I believe that archers shoot less game, in proportion, than gunners. Certainly, the sport has great appeal, for more archers are joining the ranks all the time. Deer hunting in Ohio provides a lot of sporting opportunity for both archers and gun hunters.

Since the bow and arrow people shoot few deer they are provided long seasons. Here in Ohio the bow season is from Oct. 15 to Dec. 31. The gun deer season is Dec. 10 to Dec. 12.

AWARDED PLAQUES—Left to right are Mrs. George Hickcox, chairman of the South Area for United Appeal Residential Division and Mrs. Robert Greene, division chairman. They were awarded honors at the United Appeal Victory dinner that was held at the Southern Hotel, Wednesday, Oct. 28.

Local UA Leaders Receive Awards

Mrs. George Hickcox, 2257 Lockbourne-rd, chairman of the South Area for United Appeal Residential Division, received the award for the highest percentage in the Division, namely, 147.8 percent of goal, at the United Appeal Victory Dinner in the Southern Hotel, Oct. 28.

The Residential Division, headed by Mrs. Robert B. Greene, chairman, received the award for the first place among divisions, with a percentage of 102.5 of goal, or $163,961.49.

William Santanich, Chairman for South and Southeast of the Suburban Business Division, reported 96.1 per cent of goal.

Before an audience of over 300, George Kauffman, 1959 Chairman for United Appeal, announced that the 23-day day drive had gone over the top by 100.2 per cent, or $3,380.-254, a percentage over last year of 8.6.

Mr. Kauffman congratulated all the workers for a splendid campaign, and as some returns are incomplete, he urged that all solicitors complete their work and make their returns as soon as possible, emphasizing that the total goal is a minimum of absolute needs for the United Appeal's 63 agencies, and "every bit we can raise will be put to good use."

Mr. Kauffman said "the successful campaign is a vote of confidence from the community for the United Appeal way of giving."

Announced as Chairman for 1960 is Harry M. Miller, president and chairman of the board of the Columbus and Southern Ohio Electric Co. He has served on the UA Campaign Advisory Committee and as leader of Business and Industry "A" Division. He is also on the United Community Council public welfare advisory committee.

Mr. Miller's outstanding record of community service assures us of continued top leadership for Franklin County's major health and welfare campaign, commented W. Rex Davis, UA president, who headed the election committee. He said Miller will soon begin planning for the 1960 appeal.

Attempt To Slow Down Hurricanes Under Investigation At Mercier Lab

Hurriances may not be in too much of a hurry when a study now being undertaken by the Mercier Weather Station on Home-rd is completed.

At least that is the implied opinion of weatherman, Rev. M. J. Mercier, a skilled veteran of 51 years at tracking and plotting atmospheric conditions.

"Whether people believe it or not," he began, "something is being done about the weather—and no pun is intended."

Rev. Mercier, a former pastor of the Home Road Christian Church, still calls his preoccupation with weather a "hobby." He assisted in setting up the first such station near the corner of Broad and High in 1908.

Keeps Recordings

At the present time at his Home-rd lab, he keeps an exact instrument recording on atmospheric variations in a daily log with no one to assist him. "Too hard to get expert help," he commented on the situation.

Rev. Mercier began his description on hurricanes with a question: "Why does it appear that there are more and bigger hurricanes than ever before?"

He supplied his own answer: "There aren't. It is just that we did not know about them before. The modern equipment we have today makes it easier for us to follow and chart their courses."

The weatherman followed with another iquiry: "Why do more hurricanes come inland than they used to? And here we get to the heart of the study now being conducted."

The answer, he pointed out, has something to do with heat. At least, he explained, that is what some scientists have come to believe.

"Back in the old days," he cited, "energy exerted by people at work was comparatively nil when viewed alongside today's output.

"For instance, a man working on the farm with a team of horses did not expend as much energy, heat-wise, as today's tractors."

"Likewise, yesterday's gravel and muddied roads soaked up rain fall. Today, the way the highways are built, the drainage system allows the rain to slide off. The roads are left hotter and this heat dissipates into the air.

"And one other thing. Heat used to be absorbed by the ranging mountain forests. Where are the forests of today? Certainly not in the quantity that they used to be."

For all of these reasons and more, Rev. Mercier explained, it is thought that temperature is playing a large part in the production of hurricanes. And the control of temptrature is what the study group is interested in.

Besides his interest in the weather, Rev. Mercier has acquainted himself with cameras, astronomy and radio.

Some 27 years ago, he helped in starting a radio station in the Andes Mountains near Quito, Ecuador in South America.

It is maintained by free will offerings of people throughout the world, Rev. Mercier said.

THE "VANE" WEATHER—Atop the house in which he lives, Rev. Mercier has had weather vanes and wind-direction tinders placed. At the present time, Rev. Mercier is immersed in a research study concerning the possible eventual control of hurricanes.

OPEN HOUSE HELD

OPEN HOUSE—Reeb Avenue School held open house Wednesday, Oct. 28. The 7.6 Tax Renewal Levy and Bond Issue were the topic of the evening's discussion. Left to right are Mr. Howard Williams, principal; Mrs. James Pappas, PTA president; Edwin Gearhart, principal of Marion-Franklin High School, who was a guest speaker.

The Pulse Of The City

By Bill Terry

W. Ralston Westlake, when he assumes office as mayor of Columbus next January, will find himself in much the same position as did former State Highway Director Charles M. Noble.

After his appointment by former Gov. C. William O'Neill, Noble commented to newsmen that he felt like he was getting aboard a fast-moving express train.

That was because the former highway director, Samuel O. Linzell, had laid well the groundwork for Ohio's massive state highway improvement program.

Westlake, also a Republican, will find that Mayor M. E. (Jack) Sensenbrenner has a huge city improvements program well under way and that he, likewise, will be stepping aboard a fast-moving express train of progress.

What happens next in the city improvements program? That question is being voiced by those who have seen plans advance from the drawing boards to construction phases, and who know of still more improvements planned for the future.

During his campaign Westlake spoke mostly in generalities, without voicing concrete prospects for progress. It's up to Westlake to come up with definite plans or he'll find that he has missed the express train of progress.

Some political observers believe that Sensenbrenner would be mayor for another four years were it not for the police scandal which broke a few days before the election. That investigation still is under way and the end is not yet in sight.

This newspaper supported Sensenbrenner editorially in the belief that, as a man of action, he was best fitted to lead Columbus, and because of the results he has produced.

The election is over and the city gets a new mayor next January. This newspaper will back Westlake who has said he is "for a better Columbus"—if he comes up with definite plans to fulfill that general campaign promise.

FESTIVAL PLANNED—Above are chairmen of the Fall Fun Festival of the Clarfield PTA. They are Mrs. Joyce Davis, Julia Martin, Mrs. Emma Wagner and Mrs. A. B. DeLong. A spaghetti dinner will highlight the evening's festivities.

Clarfield Elementary PTA Plans Fall Fun Festival

Clarfield Elementary PTA will hold a fall fun festival and spaghetti dinner at the school, 3220 Groveport-pk, Saturday, Nov. 7, at 5 p.m.

A variety of games, including a cake walk and fish pond, will be offered in the fun festival program in the school auditorium.

Proceeds will go toward purchase of new playground equipment for the school, principal project of the PTA for the 1959-60 school year.

Chairmen for the event are Mrs. Joyce Davis and Mrs. Julia Martin, festival; Mrs. Emma Wagner, spaghetti dinner; Mrs. A. B. DeLong, tickets.

Pioneer Radio Operator To Speak To Hobbyists

Optimist Honor Youth South Side

OUTSTANDING YOUTH—Candidates from South Side schools that were chosen to receive the awards of the Optimist Club's "Youth Achievement Week" were presented certificates in honor of their achievement. They were addressed by one of the leading youth advisors of the state, Judge Carl Weygandt, Chief Justice of the Supreme Court of Ohio. Above are Mark Miller, George C. Beery School; Larry Federer, St. Mary's School; Robert Scott, Roosevelt School; Kenneth McConaha, Barrett School, and Robert Heersdig, Mohawk School.

Chief Justice Weygandt Is Main Speaker At Event

Optimist Club of South Columbus met last Thursday to honor five South Side youths for the oncoming "Youth Achievement Week." Speaker for the occasion was Judge Carl Weygandt, Chief Justice of the Supreme Court of Ohio. He based his talk on youth and law.

The five youths who represented the schools of the South Side received certificates from the Optimist Club in recognition of their standards in the school and home. They will be represented at the Columbus Optimist Banquet that will be held at the Ohio State Fairgrounds Youth Center, Thursday evening, Nov. 12.

Ray Wharton, president of the South Side Optimist Club, praised the boys for their outstanding achievements.

Judge Weygandt spoke with open mind to the boys, members and guests who were present. He stressed to them the importance of law in concern with juvenile delinquency.

There were more than 30 members and guests present at the luncheon. Each year the Optimist Club selects the outstanding youth from different schools to be represented at a banquet held in their honor. This is the second year for the South Side Optimist Club to offer this, since they were chartered in 1958.

Judge Weygandt said that the doors of the Supreme Court are open to all, especially the youth, to witness the procedures. He spoke with an open mind, mixing it with spots of humor and basing the majority of his talk to the candidates to Youth Achievement Week.

The Thursday night banquet will highlight the week's activities with boys from all the Columbus area being honored.

Three Teams Are Toughies In Contest

Ohio State, Illinois and Heidelberg, three of the winningest teams in football, were the downfall of most guessperts taking part in this week's Hartley Newspaper Football Guessing Contest.

All three, which were given heavy support by contestants, either were defeated or tied throwing many prediction sheets out of kelter.

On the other hand, predictors seemed to have the high school situation well in hand with possibly the exception of Aquinas' victory over Lakewood St. Edwards.

Here are this week's winners:

Daniel H. Klipfel, 840 Steward-av and Mrs. C. K. Wilson, 978 S. Front-st.

They will receive, in the order of their finish, $10 in cash and five dollars in merchandise from the Super Duper.

Another chance at winning one of the prizes appears on a full page advertisement appearing in this week's newspaper.

Winners of that contest will receive in the order of their finish $10 in cash and a Burgess utility light from Geis Registrar's.

Columbus Urged To Seek Sewer Project Loan

The advance share of more than $500,000 needed for engineering the proposed Southeast sewage treatment works, may be sought by Columbus in an interest-free federal loan if the city follows the recommendation offered Tuesday by the Development Committee for Greater Columbus.

The federal Community Facilities Administration makes such loans, payable upon construction of such projects, according to the newsletter submitted by the committee.

Construction of the new plant, estimated to cost $12 million, is scheduled for a four-year period beginning in 1961, the newsletter said. The city plans to start construction of the $3 million Alum Creek trunk sewer section to connect the plant with existing lines in 1962.

Smiley Treating As He's Tricked

Pity Smiley the Clown who was out treating while he was tricked Halloween night.

Smiley, who poses as Dick Salenski in real life, spent Halloween eve with his buddy Junior the Clown (Jim Spanabel) entertaining kids at Schiller Park.

While Smiley and Junior pranced with the kids, burglars entered the former's business establishment, Thurman-Jaeger Hardware, and stole over $200 worth of merchandise.

Smiley is still smiling, but it was a poor reward for a nice fellow who gave his time to the kids that night.

ASKS HOMEOWNERS' COOPERATION

Leaf Pickups Begin Here Next Week

City leaf pickup crews will be busy in this part of town next week.

Jarrett C. Chavous, supervisor, announced the following schedule: Monday, Nov. 16 — Sandusky-st to Central-av, between Broad and Sullivant.

Tuesday, Nov. 17 — Central to Clarendon-av, between Broad and Sullivant.

Wednesday, Nov. 18 — Clarendon to Burgess-av, between Broad and Sullivant.

Thursday, Nov. 19—Livingston-av to Whittier-st, between High and Mohawk. Burgess to Roys-av, between Broad and Sullivant.

Friday, Nov. 20 — Livingston to Whittier, between Parsons-av and Lockbourne-rd. Roys to Derrer-rd, between Broad and Sullivant.

Chavous has three suggestions to homeowners who cooperate in the leaf cleanup:

- Place leaves in the gutter the day before scheduled pickups and wet them down so they will stay put. Leaves in yards will be bypassed.
- Remove vehicles from the curb when a cleaning is scheduled. One sedan will block almost 30 feet of gutter that the sweeper cannot reach. The leaf crew will not make a return trip.
- Authority to place leaves in the gutter for a scheduled pickup does not mean that the homeowner can use the gutter as a regular place for disposal of leaves. Putting them into the gutter except on notice of collection is illegal. An accumulation can block catchbasins and cause cars to skid. Citizens have the right to report infractions of this rule to the police or City Attorney's office.

CHURCH INTERIOR—Above is the main section of the church. This seats 300 worshippers. In the rear of the church is a lounge, crying room and another room supplied for extra seating area. ANNUAL CHRISTMAS SEAL DRIVE STARTS

Before the month is out, seven-year-old Linda Strack, of Columbus, will probably be the best known young lady in Franklin County.

Linda appears on the 1959 Christmas seal letter sent to 240,000 homes in the county. She's pictured as she received the Tuberculosis Society's free tuberculin test last spring.

This fall the Society is testing thousands of additional first-graders in every area of the city and county — to discover TB germs which may be hidden in their little bodies.

Christmas seal contributions alone finance the 53-year-old society's free tuberculin testing program . . . plus free chest x-rays, services for ex-patients, educational programs and local TB research projects.

Your Christmas seal dollars mean hope for nearly 300 persons with active, contagious TB in Franklin County, as well as a sound TB prevention program to protect the community.

The sum of $200,000 is needed to carry out local services to Franklin Countians in all areas.

The Tuberculosis Society is not a member of United Appeals . . . Christmas seals, mailed once a year to invite your annual gift, are its sole income. Please answer your Christmas seal letter promptly.

EQUALITY UNDER LAW

The Tampa, Fla., city council refused to permit the construction of a nine-story apartment in a fashionable residential area after prospective neighbors said they didn't want anyone looking down on them.

If arguments were postponed until all participants got the facts, life would be simpler and intelligence would replace emotion.

BIBLE COMMENT

Thanksgiving Is Also Day To Give Help

With the advent of Thanksgiving season our thoughts turn naturally to the abundance of our nation and our personal welfare.

The very name suggests that we give thanks—to God—for His generosity in bringing us good fortune.

But the day has come to have another significance—that of exercising generosity toward those less fortunate. This out-giving is demonstrated in the Bible many times.

Those who expect everything, yet give nothing in return, are turning the idea of Thanksgiving into a selfish and vain mockery of purpose.

Although we may be well off, indeed, there are countless millions throughout the world who literally live from day to day. In India, the Middle East, Africa, South America—yes, in our own country, there exists those who have little cause for thanksgiving, even if they have heard of such a thing as a national holiday of that name.

Until these people are rescued from their grinding poverty and taught to lift their bodies upward, how can we expect them to lift their eyes toward God in thanks?

Thus, thanksgiving has a double meaning for us all: as an occasion when we can thank God for His bounty, and as a time when we can resolve to spread His good work by our prayers and generosity to our fellow man.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Vegetables—Leaf lettuce, kale, potatoes, sweet potatoes, dry onions, turnips.

Fruits—Apples, cranberries, grapes, grapefruit, canned fruit cocktail.

Meats and Poultry—Fresh pork roasts, smoked picnics, beef "specials," fryers, turkeys, eggs

GREENHOUSE VEGETABLES FOR COLD WEATHER MEALS

Arrival of freezing weather stops production of field-grown vegetables. From that time on each year we have to depend on other sources for fresh vegetables. We may get them from greenhouse operators in our area, or we may get them shipped in from California, Florida, and other warm climate states. Ohio is lucky in that it leads the nation in greenhouse vegetable production.

Ohio producers grow about 150 acres of lettuce under glass each year. This crop comes to market from September to April. The quality this year will generally be good, since recent temperatures have been cooler and more favorable to production.

Leaf lettuce varieties are especially adaptable to growing under glass. It adds a colorful frill to your sandwiches or fruit salads.

Bibb lettuce is growing in popularity. It now comprises about 10 per cent of the Ohio lettuce crop. The leaves are tender and sweet — good without dressing, wonderful with.

Endive and Escarole, while mostly shipped in during winter months, are also available from our greenhouses. Both have a tangy flavor and give interesting texture and appearance to your salads. Both are economical.

Watercress, with a pleasant spicy flavor, can be used either as a garnish or as a salad ingredient.

Buying Guides—When selecting any of these salad greens, freshness is the keynote. The leaves should be green, crisp and fresh looking. Salad greens should be kept cool. Wilted leaves may be made crisp again but they never regain their original flavor and nutritive value.

Pre-packaged greens may cost a few cents more than bulk form, but the added convenience of a trimmed, washed and easy-to-store product should be considered in deciding which is the better choice for you.

Old Marion Area News

By Elizabeth Smith
HI. 3-1184

The annual turkey dinner sponsored by the PTA of Marion Franklin High School will be held Saturday, Nov. 14, at the school. Prices will be $1 for adults and 75c for children under 12 years of age. This is the one big money-making event of the year for this group. The support of all parents is needed to make this event the success it needs to be, in order for the group to meet expenses of the year and have a money gift for some needed items. As president of this group I am urging everyone to give us your support and help make this annual event a success.

Mrs. Dora (Grandma) Eberts is in very poor condition at the rest home in Westerville.

Major Womeldorf was taken back to the hospital this past week. He recently had a heart attack and was home for a few days when he had to be taken back to the hospital.

Dallas and Luanna McDonald were visitors this past week with Bill and Elizabeth Zwosta, Ed and Evelyn Eberts and Gene and Martha Schlagel. They were guests of honor at a family dinner on Friday evening. On Thursday evening Luanna attended the reception for Rev. and Mrs. Snider and renewed old acquaintances at South High Church, where she was a member for many years.

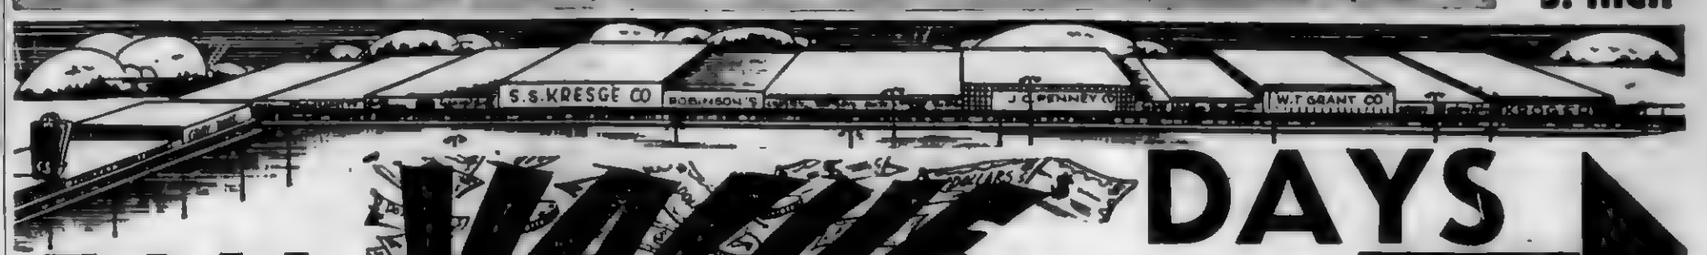
Margie and Dick Foreman were guests of honor at a dinner on Saturday evening at the home of Mr. and Mrs. Richard Smith. Other guests were Bill and Janette Foreman and their sons, Bob and Johnnie. The unusual part of the dinner was in the dessert course when the top layer of their wedding cake was served. It had been frozen the night of the wedding and neither Margie nor Dick knew about it. Becky and Ronnie had the unusual experience of eating some of their parents' wedding cake. It was their fourth anniversary.

The junior class of Marion Franklin will present "Time Out for Ginger" on Nov. 20 at 8 p. m. at the high school on Koebel-rd. It is a comedy full of fun and laughter. Watch for a picture of the cast and further information next week.

I was the winner of a live turkey, given on Saturday at the drawing held at he new insurance agency in the shopping center. Thanks to the Monroe Insurance Agency, the Smiths' Thanksgiving dinner is taken care of.

On Oct. 22 the youth choir of South High Church will sing at the Columbus State School.

Rev. William Snider and Bernita were honor guests at a pot-luck supper reception on Thursday evening at South High Church.



The sympathy of the neighborhood is extended to Mrs. Lillian Ellis and her family in the death of her father, William Stevens, who passed away this past week and was buried Monday at St. Joseph's Cemetery.

We extend a welcome to the new neighbors on Colton-rd. Mr. and Mrs. Roscoe Turner have moved into the house formerly owned by Mr. and Mrs. Orville

Postmaster Accepting Bids For Rush Season Trucks

"Columbus post office will need approximately 100 additional trucks to deliver mail during the Christmas period," Columbus Postmaster Allen M. Rowe, announced today.

Rowe said small vans, large panel delivery, vanettes or covered stake body trucks are best suited for this work. Bulky but light-in-weight mail will be handled in these trucks.

Bids for furnishing and maintaining trucks, with or without drivers, will be accepted in the office of Glen A. Moran, superintendent of collection and delivery, Room 117, New Federal Building, 85 Marconi-blvd, until Nov. 23.

The owner, or suitable person designated by him, may be hired at the prevailing rate of $1.82 an hour. Salary of driver is independent of the truck bid.

Learning To Shoot Is Easy

INSIDE ON THE **Outdoors** By ROD COCHRAN

A person with a reasonably healthy body, steady nerves, fairly good eyesight, who will try, can become an excellent marksman with shotgun, rifle or pistol. The fundamentals of shooting are simple. The most important factor is proper coordination of mind, nerve and muscle.

Many beginning shooters try too hard. In doing so, they aggravate nervous tension, which disturbs coordination. Also, some novices are nervous when they first handle firearms and this has the same effect on their nervous systems. Actually, shooting teaches nerve control—as you shoot more and more, the tendency to try too hard will disappear.

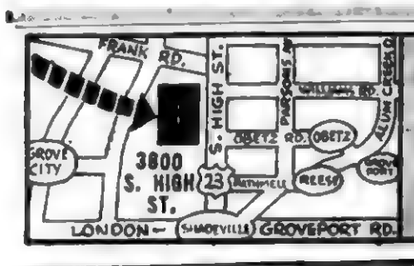
In rifle and pistol shooting the "sight picture" is important. In shooting at stationary targets the sight picture is the position or correct alignment of the front and rear sights in relation to the target. You should get your sights aligned and then concentrate your vision on the target. You will see the sights without really looking at them.

Shooting a shotgun at moving targets means that the sight picture will show a "lead". You will aim in front of the target, and the distance of a lead will come with practice.

Triggers should be squeezed and not yanked or jerked. A smooth trigger pull will not disturb the sight picture, but yanking and flinching will cause you to miss a lot of targets. When using a shotgun, a smooth swing, trigger squeeze and follow-through are important to good marksmanship.

Single Action Six Helps Shooters

The variety of gas-operated guns now available has made it easy to learn how to shoot. They do not kick and there is no loud report, so that timid beginners learn to handle them quickly. A good example of this is the new .22 caliber Crosman single action six revolver. This gun has a precision rifled barrel and will group pellet shots within an inch at 25 feet.



All of the principles of good shooting and safe gun handling must be used when firing these guns. The Crosman single action six was inspired by the sport of fast draw. A growing number of fans are enjoying this safe, indoor fun. But the revolver is really a family gun. It can be used to teach shooting, for plinking at cardboard targets, or for fast draw.

This latest addition to the selection of gas-operated guns has features that increase power and velocity.

Group Works For Happier Christmas At State Hospital

A collection of Christmas gifts for the patients of the Columbus State Hospital is being planned by Franklin County Mental Health Association's vounteer service committee.

There are more than 3000 patients at the hospital—2200 are from Columbus and Franklin County. For many of them this program will offer the only Christmas gifts they will receive, said Norman R. Gutry, executive director.

Because of the generous response of Franklin county residents in the past, the committee is planning the collection of the gifts at an earlier date, Nov. 10 to Dec. 10.

Gifts may be desposited in special Christmas boxes provided by Swan Cleaners at all of their branch stores. Many churches also will have boxes to receive the gifts, which should not be wrapped. Wrapping will be done at the hospital. Wrapping paper will also be appreciated.

Groups and individuals interested may secure further information by calling Mrs. Charles Wheeler, HU. 8-2029.

Suitable gifts include small food items such as cookies, candy bars, and sugar coated cereal; cosmetics, scented soap, perfume, powder, hand lotion; tobacco, pipes and sigarettes; handkies, ties, scarves, bandanas, aprons, socks, hose; writing materials and paper back books.

The committee requests that all gifts be marked with the donors' names and addresses.

"Bringing the gifts early will help to give time for the patients to enjoy wrapping the gifts for the ward Christmas parties and, we hope, will result in the best Christmas yet for all at the hospital," Gutry said.

About half the rural pedestrian deaths last year occurred while crossing intersections.

Sisters Are Reunited After Nine Years

Seeing a sister she hadn't seen for several years was a pleasure for Rose Stewart, 242 Jenkins-av, not so long ago. El Paso, Tex., was the destination of the South Side woman when she left by bus. However, Rose was back in town in time to cast her ballot in the election held early last week.

Our grapevine (it answers to Lynn) wasn't real sure of minor details such as addresses, name of hospital, cause of illness, etc., but get-well wishes to Joyce Snyder of Moler-st, who was in a hospital as we wrote this. (That particular grapevine is one of our favorite "characters" so we'll overlook the missing information.)

The Capital University Mothers' Club will meet at 1 p.m. in Troutman Hall, Friday, Nov. 13. Mrs. Floyd Miller will demonstrate cake decorating, and the theme of the meeting will be "You can have your cake and eat it too."

We don't know the full menu that the Golden Age Club will delve into, Tuesday, Nov. 17, but it will be good. The Schiller Park Club will have an 11 a.m. meeting time.

One teen-ager, one young matron and a few ten-agers will be having birthdays within the week. The teen-ager is Marianne Wiegerig, 677 Moler-st, Nov. 17. The young matron is Norma Jones, 222 Frebis-av. The ten-agers (just pick any old number, say four, five, six, and multiply by ten . . . ouch, what hit me?) are these: Russ Conter, Larry Rumsey and Mary Eichel, Nov. 17. Another celebrant is Anna Brink, 1692 Parsons-av, Nov. 16.

This is Faith with a capital F . . . the Lenox clan is going to eat at the Cub Pack 31 and Troop 31 Pancake and Sausage Supper, Saturday, Nov. 14, and then three of the four are going to swim at the YMCA's monthly family night! The Pancake Supper will be held at South Methodist Church, Morrill at S. Sixth-st; adult tickets 75c, children's tickets 65c. The Scoutlets and Scouts are both sponsored by South Methodist Church. The public is invited to attend the supper.

It's once again time for the Campfire Girls to be selling that delicious candy they sold for the first time last year. The Blue Bird and Horizon Clubber at our house sold it last year and guess who their best customer was? Yep, you guessed it, but it was SO good.

Siebert Street PTA executive board will hold its meeting today, Mrs. Earl Snyder presiding.

Chapter 206, Women of the Moose, will hold its regular meeting tonight at 8 o'clock. Library chairman, Fawn Johnson, will be in charge of the meeting. Since Thanksgiving falls on a regular meeting night, this will be the only November meeting. A business meeting will be held in conjunction with the regular chapter night. The library committee will also be in charge of the Wednesday, Nov. 18, dinner to be held at Moose Hall, 36 W. Sycamore-st. The menu will be pork tenderloin, sweet potatoes, apple sauce, peas, dessert and coffee. Price? $1.00 for adults, 50c for children.

The Golden Keys Quartet will appear at Gates-Fourth Methodist Church this Sunday, Nov. 15, at 10:30 a.m. and 2:30 p.m.

Group B of Ohio State University Mothers' Club will meet at the home of Mrs. A. J. Suave, 1191 Hadden-rd, on Tuesday, Nov. 17, for a 12 noon dessert luncheon. Those assisting the hostess will be Mrs. Louis Soile, Mrs. Tom Warren, Mrs. William Gerhard, Mrs. August Krause and Mrs. John Anthony. Proceeds from the annual auction, which will follow the business meeting, will go to the OSU scholarship fund. Mrs. John Anthony will be the auctioneer.

Congratulations to Harold W. Poeschel, 37 E. Stewart-av, newly promoted lieutenant in the Columbus Fire Department.

Don't know how we got into mid-November so soon . . . didn't we just ring in 1959 a few weeks ago? The year has gone quickly for us oldsters but it has "snailed" (new word) for these youngsters, who will have their birthdays this week: David Blackburn, Nov. 14; Donna Blackburn, Nov. 14; Jeanie Hoy, Nov. 12; Jeffrey Turner, Nov. 16; Marilyn Young, Nov. 14; Linda Elkins, Nov. 18; Edwina Shellhamer, Nov. 18; Crystal Lambert, Nov. 16; Joan Beavers, Nov. 18; Willadean Smith, Nov. 12; Gloria Crites, Nov. 18; Danny Harmon, Nov. 17; Raymond Coy, Nov. 16; Rodger Milligan, Nov. 17; Paula Hendricks, Nov. 13; Michael Beach, Nov. 14; Theresa Szekely, Nov. 13; James Lewis, Nov. 12; Robert Yunker, Nov. 15; Marilyn Saunders, Nov. 13; Kathleen Toth, Nov. 18; Nancy Seemueller, 462 Stanley-av, Nov. 17.

Lincoln Park's Parent and Life education study group meets at 10 a.m. today to hear speech therapist Richard Sayre discuss "Time to Talk." St. Mary's classrooms are open at 7:30 tonight, with the 8 p.m. meeting highlighted by Sister Francois, the speaker from Child Guidance Center.

The Appalachian Mountains, Allegheny section, were the siren that lured ye Gadabout and the Irishman to feast on the vision of autumnal loveliness and color the first of this month and we were not disappointed. The only time of the year when this writer has a strong desire to return to the state of her birth, for the mounains are so beautiful then. We have nothing against the loveliness of the Hocking Hills, but the mountains are so much bigger, and more trees are on them, so there's more to look at. Simple. While in Pennsylvania we stayed on Route 40 and did our turning around at Ft. Necessity, where 22-year-old George Washington fought his first battle, with the British, against the French, in the French and Indian War. The reconstructed fort does not compare with Fort Niagara, but was not built to be imoregnable, as was the fort on Lake Ontario. That section of Pennsylvania is rich in Revolutionary War history, so for a "different" autumn next year, why not try an overnight jaunt, as we did? We stayed in a Washington, Pa., motel (172 miles away), then had the daylight hours to start up the mountains.

An amusing sight kept this scribbler convulsed the entire time we were in the short stretch of West Virginia's Rt. 40. The status of an Indian at the site of McCulloh's Leap in Wheeling, W. Va., was the cause. It was about 8:30 Halloween night, when we were in that hilly city, so some prankster had put an African witch-doctor's mask on the statue's face, and a pair of lady's unmentionables on his outstretched arm . . . the size of a fat lady in the circus it looked like. The mirth was caused by the unexpected sight . . . but the statue didn't seem to mind! We hoped to take a picture of the Redskin on our way home, but he was his normal self by then.

Don't forget, it's "Gifts for Giving" time again, so won't you reserve your "white elephants" for us? Our loyal helpers will assist us in distributing them to the patients at Benjamin Franklin Hospital, who will then give them to their families as Christmas gifts.

We are always moved, when we see mothers or dads who are patients, standing in their hospital rooms waving to their children outside. The realization is great that the long illness deprives these people of the usual holiday activity that the rest of us take for granted. So save your nice, but unwanted, "white elephants" for us to pass along, won't you? Our phone is HI. 4-1051. Thanks!

Historical Novels Available At Parsons Avenue Library

History has been a prolific source of inspiration for the novelist and the Parsons Ave. Branch Library's extensive collection of historical novels has brisk year-round circulation, according to Miss Margaret Bausch, of the library staff.

"Historical novels are a painless and exciting way to absorb history and as a result are perennially popular with library patrons," Miss Bausch explained.

Many excellent novels based on history have been added to the library during the past year or two. Every period in U.S. history is represented, from the establishment of the Colonies to the settling of the West, and there are hundreds of other novels on the library's shelves based on historical periods in other parts of the world.

One of the most popular recent novels based on American history is "Celia Garth," by Gwen Bristow. Written by a superb story-teller, the book is set in colorful Charleston during the last years of the Revolution. Celia, a beautiful girl and a fine seamstress, is apprenticed to Mrs. Thorley, leading dressmaker of Charleston. Her capable fingers and engaging personality lead her into romance, travel, love, heartache, as well as the excitement of being a trusted spy for the young American army.

Other recent novels based on incidents in early American history include "Wind in the Forest," by Inglis Fletcher; "A Dangerous Innocence," by Victoria Lincoln; "The Young Titan," by Van Wyck Mason; "The Winthrop Woman," by Anna Seton, and "Scarlet Feather," by Dale Van Every.

Three excellent novels which depict the settling of the West, a period in history frequently requested by patrons, are William Cook's "Elizabeth, by Name," William Ellis' "The Brooks Legend," and Vardis Fisher's "Tale of Valor."

The Civil War has been the background for many novels. Some of the recent titles are "Night March," by Bruce Lancaster; "The Crossing," by Clay Fisher, and the "Scarlet Guidon," by Ray Toepfer.

A wide variety of historical novels set in other countries can also be obtained.

Recent novels which give glimpses of England's fascinating history include Edison Marshall's "The Pagan King;" Norah Lofts' "The Town House;" and Eve Stephens' "Victoria and Albert." A very popular novel about France is Golon's "Angelique." Numerous other countries are also represented in the library's collection of historical fiction.

Just look for the special bookcase marked "Historical Novels."

The Pulse Of The City

By Bill Terry

While some Democratic observers feel the county organization did not go out strongly enough for Mayor M. E. (Jack) Sensenbrenner — and that that contributed greatly to his defeat at the polls — top Democrats say that just is not so.

For many years the first and second wards on the South Side have been regarded as strongly Democratic. Last Nov. 3 — on the basis of unofficial returns — they still went Democratic, but not as strongly.

Years ago there was a saying, "as the first ward goes, so goes the city." That wasn't true on Nov. 3.

One candidate said he felt the precinct committeemen did not work hard enough, anywhere in the city. He recalled previous years when the precinct workers drummed up big crowds to hear candidates talk.

Some of the meetings he addressed attracted only eight or 10 people. The one non-partisan meeting he attended—at which both Democratic and Republican candidates spoke, was well attended.

To the accusation that the Democratic organization was too confident of victory and did not put its entire heart into the campaign, top Democrats say no stone was left unturned in the campaign.

They say the Republicans duplicated Democratic efforts and discount the door-to-door Republican campaign as being ineffective.

Democratic organization men believe the probe of the pilfering policemen put the lid on the barrel of Sensenbrenner's campaign. The continuing arrest of the policemen did nothing to bolster confidence in City Hall. Democratic county headquarters began getting calls from its workers saying that people who had promised to vote for Sensenbrenner had changed their minds—just a few days before the election. Before that an organization poll indicated a 52 per cent vote for Sensenbrenner and 48 per cent for W. Ralston Westlake.

An important part of the Democratic campaign was distribution of 200,000 copies of a brochure telling of the city's progress under Sensenbrenner and of good things yet to come.

The brochure was printed by the Heer Printing Co., headed by F. J. Heer, Sr., Democratic county chairman. It contained information about Heer as chairman, and Heer said that was the way the "copy people" prepared the brochure.

He said he does not know how much the brochure cost and that up to Monday it had not been paid for.

Meanwhile, Sensenbrenner says that at this time he does not know what he will be doing when the new year rolls around. "I'm too busy fixing up the city," was his comment.

Gift Project For Alum Crest Patients Planned By Women

Holiday Gift Shop, a tradition for the chronically ill, aged patients of Alum Crest Hospital, is being planned again this year by the hospital's volunteer Women's Committee.

The unique shop stocks gifts that patients may select, free, to give a friend or relative at Christmas time. The gift is wrapped, delivered or mailed to the chosen recipient with no cost to the patient.

Patients may also select a gift for themselves, to be gift-wrapped for Christmas eve presentation.

Contributions of money and new merchandise from individuals or organizations are needed by the committee to maintain the service.

Contributions may be made payable to Women's Committee of Alum Crest Hospital, and mailed to the treasurer, Mrs. Nicholas Michael, 2096 Elgin-rd.

Gift items will be collected by committee members. Donors may call Mrs. James Kidwell, BE. 1-7319.

Public is invited to visit the Gift Shop during its operation from 9 a.m. to 4 p.m. on Dec. 1, 2 and 3.

Representing the committee in various sections of the Columbus area are Mrs. Katherine Mitchell, 388 Derrer-rd, Crest chairman; Mrs. Betty Vick, 3251 S. High-st, Crest chairman; Mrs. Jack Kuil, 2374 Berwick-rd, Christmas Shop chairman, and Mrs. Noble Schenck, 189 W. Southington-av, Committee recording secretary.

NFPOC EUCHRE FETE SET FRIDAY

Woman's Auxiliary to the NFPOC will hold its annual euchre party Friday, Nov. 13, 7:30 p.m. at the City National Bank, 3100 W. Broad-st.

Public is invited. Tickets are available at the door.

Wrestlers Win Out In Court Action, Friday

Juan Sebastian and "Killer" Austin ended up on top with the Columbus police last Friday. They are two professional wrestlers.

They were charged with assault and battery as a result of a fracas at the Musical Bar, 1930 Parsons-av. Municipal Court Judge Dean Strausbaugh dismissed the men on the charges.

Assault and battery charges were dismissed when the bartender of the Musical Bar, Carl Noland, failed to appear in time to press charges.

A third wrestler known as "Little Boy Blue," alias J. S. York, did not appear in court. A $20 bond was forfeited on an intoxication charge.

YOUTHS RECOGNIZED

STAND BEHIND YOUTH—The Optimists Clubs of Franklin County are giving a special recognition to youth from the Greater Columbus area at a Grand Awards Dinner tonight at 6:30 p.m. at the Youth Center of the Ohio State Fairgrounds. Participating in the program will be mayors of nine municipalities and key persons from newspapers, radio and television stations. Chet Long will be emcee, Mayor M. E. Sensenbrenner will present a message of commendation. Coach Woody Hayes is the featured speaker. Gov. Duckworth Plumbers End Perfect Season

The Duckworth Plumbers, champion of the Ohio Bearcat League won their ninth in a row last Sunday, as they downed the hard charging Rams, 32 to 6.

In sweeping to their ninth straight victory the Plumbers amassed a total of 240 points, while holding their opponents to 30.

The Rams-Duckworth game was nip and tuck the first period as neither team could get their offenses to move.

In the second period, the passing arm of Rocky Roshon was the big difference. Rocky was able to hit Fred Hamler on a flare pass for a touchdown. Then shortly after, he threw a long one to Gary Kipp, who took it in and outran the Rams for another touchdown.

In the third period, after Bob Cloud intercepted a Ram pass, the Plumbers went to work on the ground. Rocky Roshon broke through the middle and fought his way 30 yards before being downed on the 2 yard line. Tex Rife carried on the next play and went off tackle to score. Marc Borst scored the extra points on a quick hitter.

The Rams fought hard and put on a drive of their own which was climaxed by a 20 yard end sweep by Ohde.

The Plumbers' next touchdown was scored by Mike Long. On a quick hitter, Mike broke loose on a 40 yard scamper to score untouched. This was the longest run of the day.

In the final period Tex Rife finished the scoring for the day by scooting 13 yards around left end.

Coaches, Bateman and Strawser, substituted freely and was able to let all their boys see some action. The Plumbers will have to rebuild next year as this was the last game for 12 boys, namely Marc Borst, Fred Hamler, Jerry Robison, Rocky Roshon, Keith Bradley, Bill Foraker, Dick Hammond, Gary Kipp, Mike Seun, Jeff Kirby, Andy Poczik, and Jim Leonard.

The Duckworth Plumbers will be feted at a party Nov. 22 at the Dispatch Country Club. They will also be honored at the annual Bearcat League Banquet to be held at the Ohio Youth Center on the night of Dec. 8. Tickets can be purchased for the Bearcat Banquet by contacting Bob Bateman at HI. 4-8003.

City Plans New South Side High

Two Sites Are Approved For New School Buildings

Columbus Board of Education Tuesday signaled the start of an extensive building program made possible by passage of the November bond issue, by approving purchase of two new Southside school sites.

Approximately 25 acres in the Livingston-av and Lattimer-dr area will be purchased as a site for a new junior-senior high school. Construction on the building is expected to get under way in 1960.

The tract is bounded by Livingston-av and its easterly extension on the north, Lattimer-dr on the west and south, and Big Walnut Creek on the east.

In addition, approximately eight acres at the northwest corner of Parsons-av and Obetz-rd will be purchased as a possible site for an elementary school, should future needs make a school in the area necessary.

The board also approved working drawings and specifications for a new administration building to be erected immediately west of the existing building, on the northeast corner of Fifth-st at State-st.

A Dec. 22 deadline was set for bids on the project.

The building will be the last major project financed by the bond issue passed in September, 1956. Twenty new schools have been erected and opened with the money from that bond issue.

'Charity Newsie Editions Will Be Hawked Dec. 12

Many men of this community will be among those participating in the 53rd annual drive of Charity Newsies, called the "100 percent for charity" organization. LeRoy Weigand, 55 Haldy-av, is president and William F. Krause, 125 N. Terrace-av, first vice president.

They will join scores of other Columbus and Franklin county men in selling the annual special "open your heart" edition of the Charity Newsies newspaper on Saturday, Dec. 12.

Last year's sale resulted in 6172 children of 2810 families being clothed by the Newsies. In addition, other emergency calls from families in need due to sickness, death, fire or other calamities were answered. Every call received by the uniquely Columbus charity organization is answered.

Administrative costs are borne by members' dues and sporting and social events sponsored earlier in the year.

Newsies started Nov. 16 taking applications from needy families for clothing at their headquarters, 716 S. High-st. All applicants are investigated by Newsie members to make certain a need exists and to avoid duplicated aid. All clothing given by the Newsie is new.

Twenty-three South Side men will take part in the Newsie drive. They include John A. Allen, 338 Reinhard-av; John Belhorn, 473 E. Whittier-st; Heinie G. Butler, 1196 Geers-av; Joseph O. Buttler, 735 E. Beck-st; Pearl Cloud, 545 Cline-st; Jack Cannon, 1218 Wilson-av; Edward Crooks, 111 Parsons-av; Louis W. Draudt, 318 E. Whittier-st; Arthur Kull, 1216 Wilson-av; Clem Mazza, 1343 S. John Phillips Speaks At CSSO Meeting

The Council of South Side Organizations met Thursday for the monthly meeting at the South Side YMCA.

Articles that were brought up at the meeting were the repair of Lincoln Park Shelter House, the elimination of Greenlawn Housing area, recreation reports and the William Lucks Memorial Fund.

Guest speaker for the evening was John Phillips, Juvenile Officer for the South Side. Phillips talked on Juvenile problems in the community and in the city.

Important facts brought out in the topic were (1) Ratio-wise the South Side compares with other sections of our city, no better, no worse was the outcome. (2) Auto thefts are the most frequent offenses of South Side youth. (3) A very large percentage of our delinquents come from the Lincoln Park housing project. (4) Narcotic offenses are almost nil in Columbus and (3) "Fun Without Destruction" programs are paying big dividends on Halloween. The past two years only the normal working staff has been on duty. This year there were only 75 reports of vandalism—which is considered very good. These were facts brought out by Phillips at the meeting.

Officer Phillips believes that an outlet must be found for boys who do not fit in our schools. In his closing remarks he said, "You've got to straighten out the home if you want to straighten out the boy."

'Growing Pains' Blamed For School-Traffic Ills

Francis Rudy, administrative assistant to School Supt. Harold H. Eibling, said Tuesday that he attributes local school-traffic problems to "growing pains" in the rapidly expanding Southeast area of the city.

Rudy has been unsuccessful in his attempts to get relief for school trouble areas from the City Traffic Commission. He met with the commission last week to request installation of a traffic signal at E. Livingston-av and Barnett-rd.

The signal would benefit some 148 pupils from the new Johnson Park Junior High School who live south of Livingston-av and must cross the heavily traveled street to reach school. The request was not approved.

Rudy said that he has asked for the installation of a traffic signal at the intersection of Lockbourne-rd and has received no action. This light would serve pupils from Beery Junior High School.

He said he also feels that some sort of safety measure should be taken at the intersection of Lockbourne and Koebel-rd. He added however, that this was not so imperative since it would serve older students attending Marion-Franklin High.

Another trouble spot cited by Rudy was near the intersection of Southgate and S. High-st, used by pupils attending Scioto Trails School. Parents are not satisfied with walking conditions along Southgate.

Rudy said parents claim drivers have forced children off the berm and onto the mud. He said the situation is better than in the Livingston-av area because there is no ditch beside the road and the berm has been widened for use by the children.

"We certainly realize it is a problem of growing pains in the Southeast, but nevertheless we feel that officials can take an overall look at the problems and come up with some methods to alleviate the conditions.

Man Causes Alarm With Crude Heater

A 79 year old man, evicted from a Donaldson-st rooming house because he could not pay his rent, caused excitement at 424 E. Livingston-av Sunday. He was seeking warmth in the basement of what he thought was a vacant house.

In attempting to get warm he built a fireplace in the basement and started a fire. In puing the brick for the fire he neglected to find an escape for the smoke. Residents in the house above the basement smelled smoke and summoned the fire department. No damage was done.

The man was taken to the Volunteers of America for shelter.

Earlier Deadlines Set Next Week

Thanksgiving means many things to many people and for Hartley Newspapers — it means an earlier date of publication.

Correspondents are requested to have their copy into the office by no later than 9 a.m. Monday morning. Front page items must be in by 11 a.m. Monday.

Classified ad deadline will be 10 a.m. Monday and display ads must be in by 9 a.m. The above instructions apply to all publications but the Eastern Review.

The Green Sheet deadline is Tuesday noon for classified ads and Monday noon for display ads. Church and society items for all newspapers must be in by noon Saturday rather than Monday morning.

Correspondents will be given a week's vacation to enjoy the holiday and are to report only notices of meetings, clubs and other pertinent material. Personal items will be left out.

FOOTBALL CONTEST ENDING

Hey! Poorest Guesser Can Win Prize

Wait one minute before switching your thoughts to basketball.

Take advantage of your season-long football lessons to enter the final Hartley Newspaper Football Guessing Contest.

And chances are better than ever that you might win one of the prizes being offered. In addition to the usual awards for the winners, a bonus is included in this week's contest.

It goes to the person who guesses the most games—wrong.

That's to compensate for the many frustrated entrants who each week have seen their carefully-picked winners list riddled by upsets and losses.

Another special feature is that there will only be 21 games in the contest making it easier for contestants to select their winners without taking chances on teams they know nothing about.

Full details on this special event—arranged to boost the ego of many deflated contestants—are contained on a full page advertisement inside today's newspaper.

Prizes which will be offered are $10 in cash and two pizzas from Johnny's Pizza. The "loseingest" contestant will be awarded $3.50 in merchandise from Fountain Drugs.

A rash of upsets plus several ties in key games made this week's winners among the poorest guessers of the season. They were:

Ann Pabst, 669 Sheldon-av; Jerry L. Jenkins, 973 Gilbert-st; and Mary Fehlow, 314 Woodrow-av.

They will receive in the order of their finish, $10 in cash, a sirloin dinner for two from Johnson's Restaurant or two free pickerel dinners from Plank's.

BUSY SANTA SEEKING HELPER FROM DISTRICT

A "Help Wanted" sign hangs at the North Pole.

Every year around this time, Santa Claus is forced to enlist helpers to keep his many appointments with children around the world.

And this year, St. Nicholas has commissioned Earl Wilson at the Great Southern Shopping Center to pick a rosy-cheeked jolly old man to listen to the Christmas wishes of children who drop by.

According to Wilson, Santa has sent special instructions that this fellow be:

"A happy retired chap with a particular glint in his eyes for youngsters. His knees must be strong and his ears wide open to catch every word from little fellows who jump into his lap. He must be a real gentleman and able to laugh and laugh. And, most important of all, he musn't forget a single item when relaying the youthful wishes to Santa."

Anyone who meets all these qualifications should call Wilson at HI. 3-7486 and say he's willing to help Santa out.

Leaf Pickup Schedule Set For Next Week

The following schedule for the third week of the city's fall leaf collection program has been announced by the city's street cleaning department of the Division of Engineering and Construction.

Monday, Nov. 23 — Rhoads-av to Wilson-av between Livingston-av and Main-st and Main-st to Franklin-pk between Parsons-av and Nelson-rd.

Tuesday, Nov. 24 — Wilson-av to Parsons-av between Livingston-av and Main-st and Franklin-pk to Broad-st between Parsons-av and Nelson-rd.

Wednesday, Nov. 25 — Lockbourne-rd to Fairway-blvd between High-st and Sharon-st and Lockbourne-rd to Rhoads-av between Livingston-av and Whittier-st.

The division is offering the following suggestions to homeowners on how to care for the leaves and facilitate leaf collection: Place leaves in gutter the day before scheduled cleaning and wet them down so that they will stay put. Leaves in yards will be bypassed.

Remove vehicles from the curb when a cleaning is scheduled. One passenger sedan will leave approximately 30 feet of gutter that the sweeper cannot reach. Once the crew has left the street it will not return

Authority to place leaves in the gutter for immediate scheduled collection does not constitute authority for homeowners to use the gutter as a place of disposal for leaves. Leaves put into the gutter except on notice of collection stay there causing cars to skid, blocking normal drainage and blocking up the leadoffs in catch basins causing them to flood. According to the city code this is illegal and any citizen has the right to make a complaint to the Police or to the City Attorney's office.

Former South Students Judge Beauty Contest

Pity poor Eddie Straub and Jim Travis . . . these OSU students, via South High School, assisted in the judging at a beauty contest last week at Ohio's largest school. (We saw Eddie a few hours prior to the judging and he was bearing up under the ordeal quite bravely!) Eddie and Jim are members of the Arnold Air Society. One hundred and fifty girls were slated to appear at the initial contest at the Ohio Union auditorium. After the elimination contests are finished, the ultimate winner will reign as "queen of the ball" for the Arnold Air Society.

Master Zane Edward Fennell must have decided he'd better see what all the "holiday" excitement is about, so he arrived on Nov. 9. Welcoming the 9 pound 2 ounce baby were his parents, Emily and Bill, and two brothers and a sister. The Fennells reside at 1905 Wager-st.

Members of the downtown "Y" will be watching the movie "Battle Station" for 10c, if they avail themselves of the monthly "All Day at the Y" this Saturday, Nov. 21, at 12:30 p.m.

$1500 Fire Damages Caused From Burglary

A burglar pried open a window at the Harold Stewart residence, 1721 S. Third-st Wednesday evening. The thief took $90 from the home.

In entering the home the burglar left the window open causing cold air to enter the home. This resulted in a $1500 fire that was caused by an overheated furnace according to Battalion Fire Chief Elwood Werner.

The floor above the furnace caught fire and spread through a wall into the attic. This caused $1500 damage to the home and $10 to a rug.

There was no one at home at the time of the burglary and fire.

Duffey Warns Against City 'Strangulation'

Says 'Another Cleveland' Possible If Water, Sewer Extensions Are Provided To Outsiders

The freeze on the extension of water and sewer lines beyond the city limits should be maintained.

This point was emphasized in the address on "Strangulation vs. Annexation and Freezes" delivered Nov. 18 at the meeting of the Hilltop Business Association by John J. Duffey, a member of the City Planning Commission and professor at Ohio State University.

The bulk of his address follows:

"As the intensity of fringe development grows, township and county governments cannot provide the services and control desired, and portions of the fringe incorporate on their own. Thus we begin to refer to the major city as the "central" city.

"The central city has no choice but to provide facilities large enough to take care of its suburban neighbors who drive the streets, use the water, fill sewers, receive police and fire protection while working and then return to their suburban bedroom and patio. Income, highway user and similar taxes take a stab at this inequity, but a woefully inadequate stab.

"The city tax base tends to deteriorate. But the things causing the drop prevent the city from broadening its tax base. There is no room for a new industry and development, frequently not even to expand existing business.

"Yet when the city wishes to expand, to get space, it finds its hands tied by a ring of autonomous municipalities and its feet tied by liberal incorporation laws and rigid annexation laws.

Cleveland Is 'Lesson'

"Now consider Columbus and Franklin County. Its growth as a metropolitan area is considerably later than most. In 1954 the immigration from the outside had reached flood levels, and the suburban shift was a steady stream. But Columbus still had large tracts of undeveloped, unincorporated areas surrounding it. Before the eyes of those who chose to look, were the Clevelands and other cities without a single inch of unincorporated land on their border—a mapmaker's delight of municipal bubbles three and four deep.

"Secondly, the suburbanite doesn't want to be "down on the farm." He wants at most the illusion of rural life, and most simply wants larger yards, quieter streets—to get away from the congestion. And they want these advantages together with all the protection and conveniences of municipal government; schools, zoning, police and fire, parks and recreation areas, etc.

Question Health Laws

"But all these municipal services and facilities cost money—it requires a substantial tax base, and an adequate tax base requires a sufficient density of development and a balance in the type of development. Septic tanks and water wells cannot support heavy urbanized development, especially in Franklin County. Here, under health requirements, the minimum size for lot without public sewer or water is 20,000 sq. ft. and there are strong indications a re-evaluation of city health standards is needed. Our ground waters are of limited value for industrial use.

"For Columbus to supply water and sewer services to its fringe areas would have been, and still would be, utter suicide. Recent annexations show the impact of public facilities on urban development and it is almost beyond belief. In the North-East between Oakland Park and Morse Road, hundreds upon hundreds of homes have sprung up in just one year. Look at the East and South and West Sides. Contrary-wise, the effect of their lack is graphically apparent in Mifflin Township. If the Mifflin area were to obtain sewer and water, I guarantee it would be fully subdivided and under development in two years, and incorporated in three.

Stiffer Controls Urgent

"Now consider the other problem—the metropolitan problem. If any axiom applies to present day metropolitan areas, it is that they must either progress to be the standards, or sink lower and lower. It cannot stabilize itself anymore than the central city can stabilize itself. It will grow because social and economic pressures of national scope will force it to grow.

"That growth can be controlled to provide living standards better than we now have. If we do not control that growth, we shall inevitably create urban monstrosities infinitely greater than those we inherited from our father and grandfather,—one that will require redevelopment and reconstruction on a scale many times greater than today's programs.

"To avoid it we need new industry to provide employment and a tax base. We need area-wide land-use control; an area-wide street program — not just expressways, but interior arteries, thoroughfares and secondary streets; area-wide sewer, water, fire, police and other services.

"What do we have? In the immediate area, we have 26 legal persons called municipalities, each developing in accordance with their local aspirations; a group of half-persons called townships, each developing in accordance with various subdividers' wishes; and one archaic, tottering, ineffectual old politician called county government.

"All the people in Hilliard, Arlington, North Columbus and North East Franklin County have just two east-west thoroughfares for their normal local traffic movement—Rt. 161 and Fifth Avenue. Regional Planning has recommended the linking of Fishinger and North Broadway to provide badly needed relief. Columbus programed $2 million. Arlington with less than three-quarters of a mile to pave, refused. The saddest spectacle is a former governor who publicly has grossly distorted the purpose of that link and loudly proclaimed his intention of fighting any street in his back yard.

Majority Rule Required

"You cannot base a long-range, complex, expensive business venture on a hope that forty-some people will cooperate. You cannot operate under a requirement for unanimous consent for each step forward. That is even more obvious when you must deal with more than 40 governments, each with a veto power, and when the needed programs are going to require sacrifice by each of them.

"You must have a legal device which, while protecting minorities also provides for the fundamental right of majority rule. That is the purpose of the private corporation and the municipal corporation. But as somewhat of an expert in the field, I state categorically that there does not exist, nor has there been proposed, any legally and politically feasible means to effectuate majority rule in metropolitan Franklin County.

"The Columbus annexation program offers no solution to the metropolitan problem. But an aggressive, planned program can alleviate much of the worst effect of uncontrolled metropolitan growth, and it is the best existing means of doing so.

'Policy Should Rule'

"There are three points then, or three opinions, I want to express:

"1. Columbus sewer and water lines cannot be constructed merely with a view to hydraulic principles and efficiency of service. They are an important tool of public policy. The decision to build, or not to build, any particular line must take into account those policy needs.

"2. The sewer and water freeze, and the annexation program are vital to Columbus' welfare. They are basic weapons of self-defense, and more than that, they will enure to the long-range benefit of all the people in the metropolitan area.

"3. The creation of a county-wide sewer and water district or a metropolitan federated government for that purpose, would in the long run be economic suicide for Columbus and give tremendous impetus to the growth in Franklin County of the same desperate situation that now exists in Cuyahoga County and similar areas around the nation."

LET'S FIND OUT FOR OURSELVES

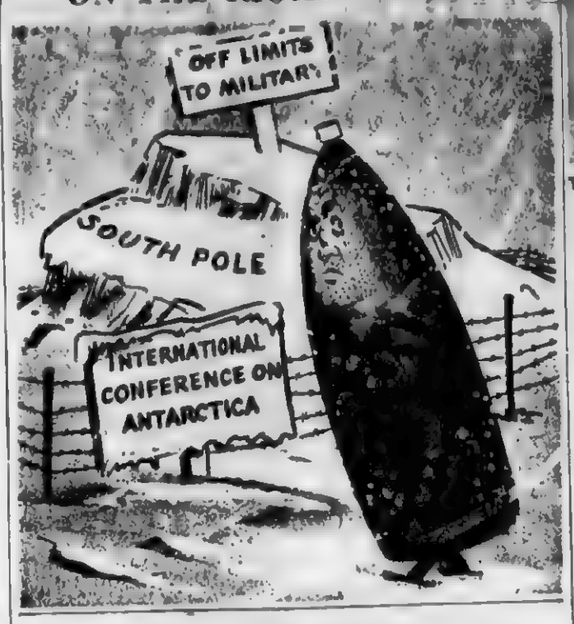
A lot has been said over the past few months about Ohio's mental hospitals.

Governor DiaSile's whirlwind trip around the state peeking behind doors and into kitchens and dormatories has Caused considerable reaction. Public interest in the situation cannot be doubted.

Is there really a need for attention and help from citizens? This is one question still unanswered in the minds of many. Those who are really interested can find out for themselves.

Nothing can answer this question as conclusively as a visit to the Columbus State Hospital. There you can "feel" the institution's nature, its services, its patients and their needs.

It is possible for individuals and groups, whether their concern stems from a general awakening interest as a citizen or from a want to know how they can help, to visit the institution.



All you have to do is contact the Volunteer Office, Columbus State Hospital, 1960 W. Broad-st, and make arrangements for your visit.

Visits may be arranged for morning, afternoon or evening. An hour and a half of your time will give you an adequate initial exposure with necessary background information and opportunity to visit wards, service areas and activity areas of the hospital.

If you are really interested in finding out about the state of Ohio's mental hospitals, you will make this short visit.

When you want to do something for the good of somebody else you need not wait on any committee to meet, debate, disagree and postpone action.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Meats and Poultry — Turkey, pork loin roast, rib roast of beef, fryers, eggs.

Vegetables—Leaf lettuce, potatoes, sweet potatoes, turnips, dry onions, acorn and butternut squash.

Fruits—Apples, grapefruit, oranges, grapes, canned fruit cocktail.

PLAN THANKSGIVING DINNER NOW

Which will grace your Thanksgiving table—turkey with trimmings or pork with trimmings? Both are good choices price-wise for Thanksgiving dinner.

More turkeys are on the market this year. The 32 million turkeys raised in 1959 are five per cent more than last year's crop. Most of the increase is in the smaller family-sized birds. These are available at last year's price level or maybe even a little lower. You will be able to buy turkey in many forms—ready to cook, whole or in parts, fresh and frozen, and some of the frozen turkeys are stuffed. Do not purchase these frozen stuffed turkeys too far in advance unless you have a freezer that will hold them at a constant temperature of zero or below until roasting time.

How to Select—Most desirable are clean dressed plump birds with: 1. Wide straight breasts; 2. Moist, pliable, waxy skins; 3. Thick meated thighs; 4. Fat well distributed under skin.

Pork—either fresh or cured—makes a festive Thanksgiving platter with a minimum of fuss. And economical, too, for the pork supply is expected to remain large during November and into December. Fresh pork is grayish-pink in color, has a fine texture, and is smooth and velvety in appearance. In addition, look for flecks of fat throughout the lean; red porous centered bones; and a firm outside layer of fat. Tenderness is usually not a problem with pork, since the hog is slaughtered when about six months old.

"TO WITHS"

Heading the list of trimmings might be some of Ohio's greenhouse vegetables now in peak supply. Greenhouse tomatoes will add an element touch to the meat platter, the salad, or the relish tray. For greenery consider greenhouse lettuce—leaf or Bibb, and watercress.

Sweet potatoes may add just the needed flavor for the special occasion. These potatoes, both cured and fresh, are in ample supply at favorable prices. You may want to include creamed or stuffed onions, since dry onions are now available at give-away prices.

Apples for pie, sauce, salad or snacks, are in large supply. Nothing will whet your family's appetite for this holiday meal more than the aroma of apples cooking in your kitchen.

Papers Helped Drive To Success

We are most appreciative of the ongoing interpretation of United Appeal and member agencies given by the Hartley Newspaper editions throughout the year.

Your efforts certainly helped immensely in creating the type of impact that was needed to put the campaign across in successful fashion. The overwhelming victory scored in the residential campaign is concrete proof of what you helped UA accomplish.

My thanks to you are shared by everyone involved with the 63 agencies and the entire campaign organization.

BIBLE COMMENT

Silver Won't Satisfy Wish For Itself

The word "career" has become one of the most important in our language.

What does a career mean to the student, young businessman or businesswoman; to the writer, artist, teacher or doctor?

More often than not it has come to imply getting rich, securing prestige and property.

Many of the young adults in high schools and universities calculate their life's aim in terms of an amount of money per year. Achievement is measured often in respect to what they can persuade someone they are worth—not in respect to what they can offer to people around them.

The tragic reality to this state of mind is that it leads down a street with no end. True satisfaction can never be delivered in the form of a salary or sales commission.

"He that loves silver shall not be satisfied with silver; nor he that loves abundance, with increase: this is also vanity." (Ecclesiastes, 5:10).

Recognizing these traits for what they are—vanity—we can understand that their satisfaction is no deeper than a rain puddle. It can catch the rays of the sun and the blue of the sky, yet its base is mud. Tomorrow it will be gone.

THE GREEK GOD WAS FED BY NATURAL GAS

ON MAKING IMPORTANT DECISIONS, GREEK LEADERS OFTEN CONSULTED THE ORACLE AT DELPHI—A PRIESTESS WHO "SECRETLY COMMUNED" WITH ZEUS, MIGHTIEST OF THE GODS. THE MYSTERY AND INTRIGUE OF THIS CEREMONY WERE HEIGHTENED BY AN EVER-BURNING FIRE—SUPPLIED BY NATURAL GAS.

TODAY, GAS IS NOT A MYSTERY BUT AN IMPORTANT ASSET TO EVERYONE WHO WORKS IN THIS AREA. ITS USE IN THE PRODUCTION OF PLASTICS, SYNTHETIC FIBRES, DETERGENTS AND MANY OTHER NEW PRODUCTS HAS HELPED CREATE JOBS FOR TENS OF THOUSANDS. AND, OF COURSE, NOTHING BEATS GAS FOR A CLEAN, EASY AND ECONOMICAL WAY TO HEAT OR COOL A HOME. USE A MODERN APPLIANCE. NO WONDER NATURAL GAS IS NOW, MORE THAN EVER, THE PREFERRED FUEL THROUGHOUT AMERICA'S ORIGINAL NATURAL GASLAND—THE SEVEN STATES SERVED BY YOUR COLUMBIA GAS SYSTEM.

Hunters Welcome Another Season Of Sport

PRACTICE SHOTS—When the hunting season opened Monday this trio was in keen condition, having polished up their pheasant killing skills on Ramblin' Acres' shooting preserve, Opossum Run-rd. Manager Gene Harbage, left, poses with a good dog and Alan Rowe, Columbus postmaster.

INSIDE ON THE Outdoors
By ROD COCHRAN

Upland game hunting season opened with a bang, as usual. Pheasant hunting was a shade better than last year in this area, according to the first day hunters I contacted. A few who hunted in northwestern Ohio found the birds spottier than usual, and the total flushed and bagged was not as great as in 1958.

Rabbit hunters here found good sport the first day. Most hunters contacted said it was on a par, or maybe a mite better, with opening day rabbit hunting during recent years.

Bobwhite Ban Broken

Monday was the first day bobwhite quail could be legally hunted since 1913. During this time a lot of prejudice and overly sympathetic feelings have been built up around this fine game bird. Actually, some of the best quail range in the country lies in Ohio, and having no open season on quail is just as ridiculous as having year-round protection for pheasants, rabbits and largemouth bass. Sportsmen cannot push a species to extinction, even if they tried, if the proper habitat and environment are available.

Ohio quail hunters have nothing to compare their sport with, but Division of Wildlife biologists reported recently that bobwhite populations were about the same as last year. This means there are plenty of quail around, for if one fact sticks out about last year's hunting season it's the fact that almost every hunter I talked to said he saw plenty of quail. Bobwhite hunting is permitted only on state-owned or controlled lands, and on commercial shooting preserves. Quail season closes Dec. 9, and the bag limit is six per day.

Soil Bank Farms Favored

This makes two years in a row when pheasant hunting has been good in central and west-central Ohio. Some hunters I know are finding bird concentrations on soil bank farms—those farms that have land under agreement with the U.S. Department of Agriculture that is not be farmed. These overgrown hay and weed fields are providing some excellent bird shooting. The densely-covered fields make it rough on rabbit hunters who do not have dogs.

It is hard to tell if the soil bank has increased game on large territories, but it is certain that it has helped many local conditions.

Hay Crop Affects Northwest

Officials of the Division of Wildlife point to the dry spring and the early harvest of alfalfa in northwestern Ohio, when asked about the pheasant decline there. If you have never seen the alfalfa operation there, it's difficult to believe. It is nothing like an ordinary hay harvest.

Alfalfa is cut there by mills that work around the clock. The crop is ground as it is cut, and hauled by truck to drying plants where it is made into alfalfa meal. This fast-moving machinery working at night gives young pheasant brood no chance to survive. When the harvest is early, as it was this year, the toll of game is even greater.

Rabbits Crowded by Farming

The rabbit situation in Ohio is also very interesting. Were it not for intense farming methods, the best rabbit hunting would be in the rich, flat agricultural lands from here westward. But farm practices today do not encourage rabbits.

The best hunting as a rule is found in the rolling and hilly land where every nook and cranny is not farmed, where there are some briar patches and brush piles. This land is not as fertile and not as potentially productive of cottontails as the flat land, but because of land use it gives us our best rabbit hunting.

With the flurry and excitement of the opening day out of the way we can now settle down to some good hunting. Seasons are getting longer and a lot of hunters appreciate this added opportunity. Pheasant season extends to Dec. 9, and rabbits are fair game until Jan. 4, 1960.

Correction, Please!

Due to an incomplete report given us about the husband-wife archery teams hunting deer in Michigan, we said recently that Clyde Thomas and his wife Elaine, 1049 Jackson-pk, came home without a deer. This was not the case, and our story caused Thomas a lot of kidding, especially from the people who saw his deer. Right now the Thomases are enjoying their venison, and we hope the record is straight.

Final Phase Of 'Y' Drive Is Underway

Approval to launch the final phase of the Columbus Area YMCA-YWCA Joint Development Fund drive was received today by that organization from the city's Board of Charitable Solicitations under the chairmanship of Judge Dana F. Reynolds.

According to the board's authorization, the drive can continue until June 1, 1960.

In a concurrent announcement today, Richard C. Ninde, general chairman of the drive, said that the half-way mark in the goal of $2,520,000 has been reached. He stated the need for "Y" facilities for the youth of Columbus was never greater. "Only by reaching our goal can these needed recreational and educational facilities be made available," the chairman emphasized.

Under the joint program, the money contributed will be used to build a new YWCA Residence Hall, a Hilltop YMCA—on which work has begun, a South Side branch, a Spring-st branch and for modernization of existing buildings.

Razing of the present YWCA Residence Hall which was built 56 years ago, is planned for early next year.

Meal On Wheels Sets Dinner Date

Goodwill Industries' Open House Set On Anniversary Date, Nov. 19

Goodwill Industries will celebrate its 20th anniversary in Columbus by holding open house at the plant, 1331 Edgehill-rd, Thursday, Nov. 19, 2 to 9 p.m.

Goodwill Industries is the largest single private rehabilitation enterprise providing employment, training and rehabilitation to handicapped people in the world.

Goodwill started operation in Columbus Nov. 20, 1939 in the old Mt. Vernon Avenue Methodist Church with seven handicapped employes.

By 1942, it had outgrown the Mt. Vernon Avenue plant and moved into larger quarters on N. Sixth-st, and on Nov. 1, 1954, started operation in the present modern plant.

There are now more than 200 persons employed in Goodwill Industries work shops. Their handwork is sold in four retail outlet stores in Columbus and in branches in Newark, Chillicothe and Marion.

Visitors at the open house will have an opportunity to see Goodwill Industries in operation. Handicapped people will be seen repairing and refinishing furniture, laundering, dry cleaning and pressing clothes, repairing pop cases and worn out shoes.

In the work evaluation center, the work potential of the handicapped is determined through job-related tasks by a trained ocupational therapist.

Meals are prepared for all employes in the modern kitchen, and a spacious all-purpose room serves as recreation room, dining room and chapel.

All residents of Central Ohio are invited. Refreshments will be served by the Woman's Auxiliary and the Edgehill League.

Local Family In 'Farm-City' Exchange

Rehl said the Columbus Junior Chamber of Commerce selected Mr. and Mrs. Richard E. Cooley and their four-year-old son Rickie, 130 S. Harris-av as the outstanding city family to visit the farm. The Cooleys will tour farm operations and facilities as guests of Mr. and Mrs. Eugene Fisher, R.D. 1, London.

Mr. and Mrs. Wilford Garen, R.D. 2, Mt. Sterling, and their children, Barbara Sue, 10, and Vicky Lee, 7, have been designated as the farm family to visit Columbus.

Marion Franklin PTA Sponsored Fete Successful

By Elizabeth Smith
HI. 3-1184

Mrs. Dora Eberts (Grandma Eberts) 86 years of age, passed away on Saturday morning at a rest home in Westerville. She was a long time resident of this neighborhood, and a charter member of the South High Evangelical United Brethren Church. Besides her many friends, she is survived by a son Edward, Eastman-av, daughters Martha Schlegel of Eastman-av, Elizabeth Zwoste of Thomdale-av and Luanna McDonald of St. Petersburg, Fla. 14 grandchildren and 24 great grandchildren.

Funeral services were at Woodyard Chapel on Tuesday at 3:30 p.m. with burial in Green Lawn Cemetery.

A great big thank you from the Marion-Franklin PTA executive committee to all the parents who worked so hard on Friday and Saturday to help make the Annual Turkey Dinner a grand success. Thanks to all the friends who ate their dinner there, for without you it would not have been a success. All the donations were greatly appreciated, and it was a privilege to serve as hostess and be able to meet so many of the parents of the students.

No calls means no column, so I would appreciate some calls this week for next week's column.

Prognosis

Mom — Susan, do you know what happens to little girls that lie?

Daughter—Yes; they grow up to be mothers who tell their children to eat their spinach because it makes their hair pretty and curly.

Fruit trees can be planted any time after leaf fall before the ground freezes, say Ohio State University Extension fruit specialists.

History Study Proves Interesting To Students

Walter Lensenmayer, English and Social Studies teacher at George C. Beery High School, is presenting a unique way of studying American History to his students.

During the first few days of the school year, Lensenmayer tried to develop in students an understanding of current events. According to Lensenmayer, the period during World War II, Korean War and important periods since then has been the theme of the course. Lensenmayer said that so much happened during that period that greatly influences the course of events.

Students have brought everything from mess kits to purple hearts to class for use as their discussion topics.

The boys and girls constantly invade the library for more information about this period. Along with the general studies of this period, the Columbus Public Library has supplied War films for further study.

After studying the World War II period, Lensenmayer and his class will examine the events of the World War I era, and then the "Roaring 20's" and the depression in the 1930's wind up the 20th century studies. After this the students go back to the country's beginning for history studies.

The Pulse Of The City

By Bill Terry

Is the day of the "hard sell" in political campaigns on the wane, at least in Columbus?

That's the impression Time Magazine correspondents got after analyzing the defeat of Democratic Mayor M. E. (Jack) Sensenbrenner by Republican W. Ralston Westlake.

Usually the man in office has the edge on his opponent, and Sensenbrenner has been in office for six years.

Time characterized Sensenbrenner as "cocky, voluble" and as campaigning "in the typical give-'em-hell, revivalistic style that he calls 'spizzerinctum'."

By contrast, Westlake, labeled by Time as "lackluster," conducted a colorless "nice guy" campaign for better city government. Westlake won by more than 5,000 votes.

Time quoted a typical spizzerinctum of Sensenbrenner as "When you come to the end of the road, what you and I want to hear is the Great Scoutmaster reaching down the hand of comradeship and saying 'Come on up higher. You did a swell job down there on earth . . .'."

Sensenbrenner was confident the progress Columbus made in capital improvements since he has been in office would win him another term. The Sandusky Expressway was opened to traffic just before the election, even though it is not entirely finished. From a dollars and cents standpoint, expressways probably represent the largest Sensenbrenner administration achievement.

Sensenbrenner, an old-time salesman, based his campaign on "selling" the voters on past achievements and the fact "the best is yet to come."

Westlake couldn't point to a past record as the head of a city government, so he had no tangible product to sell. But he had an intangible service to offer which he called "better city government."

The Sandusky Expressway won't be finished until some time next year, although it is open to traffic. Because work is still underway you will find trucks of workmen parked along the expressway — a driving hazard.

All of the ramps will be in operation within the next few weeks, the city promises. But it will be next year before the seeding and sodding will be undertaken.

Most of the light standards are up. The city has yet to install wires in conduits and put in bulbs before the expressway can be lighted up for motorists.

Some drivers find it confusing to drive on the expressway, but city officials say that always happens when they change their driving patterns. If more directional signs are needed, they say, they will be installed.

Bulldogs Prep For Opener At Middletown

Two Scrimmages Scheduled For Pup Cagers Saturday

By Bill Rush

With tryouts finally completed Tuesday afternoon, South High School Coach John Colmery is busy readying his Bulldog cagers for their opener next Saturday, Nov. 28, at Middletown.

Three lettermen were among the original 76 candidates who reported to early practice sessions and they have received a rough jousting for starting positions.

In fact, competition has been so keen Coach Colmery said Tuesday that only one of the returnees had been able to nail a position on the starting unit.

He is Co-captain Bill Young who is stationed at a forward position. Other lettermen fighting for positions on the starting team are Paul Barton and Bill Young, both forwards.

There are also two other returnees from last year's squad who did not letter. They are Sharon Gregory and Ken Kerns.

Colmery has been very pleased with Gregory in workouts and has assigned the 6-4 cager the starting center's slot.

"Actually we are going to be a little taller than last season," Colmery pointed out. The Bulldog's tentative starting unit, besides Gregory, includes:

Young (6-2), Don Jagerski (6-4), Al Wilson (6-2) and Ken Lea (5-9). All are seniors with the exception of Lea and Wilson who are juniors.

South, which opens next Saturday night at Middletown, has had four scrimmage sessions already, winning one and dropping the rest.

The Pups won their single game from Sully Loans, 3-44, and dropped decisions to Garland Equipment, 77-58, Harris Jewelers, 72-49, and Marion High School, 61-49.

Two more scrimmages are facing the Bulldogs this Saturday against M-C Wines and Chillicothe High School. Both are slated for the South High gym.

The Bulldogs are also scheduled to go through a practice session for the benefit of the press Friday afternoon.

Rams Open Cage Season On Saturday

South High School basketball team will play its first game with Middletown, Saturday, Nov. 28, at Middletown.

The Rams first home game will be Friday, Dec 4 in the school gymnasium.

South High School schedule for the year is comprised of seven home games and 11 away games.

The team has six returning team members from last year. Bill Young and Paul Baxton have been selected co-captains of the team.

East Columbus Church Leader Now Fills Once Empty Pews

by Betty Daft

Dr. Joe Belcastro

Worshippers crowding every pew and overflowing into aisles for dedication services held recently was a far different audience than the one Dr. Joe Belcastro faced on his first Sunday in the pulpit of East Columbus Christian Church.

The six members, tired of struggling to keep their little 20 by 40 foot frame church intact, had decided to close the doors on that November Sunday 17 years ago.

Dr. and Mrs. Belcastro, hearing of the church in trouble, attended the service. His decision, "One of you find me a job; I'll stay with you," was the start of the church's triumphant rise.

Today, membership rosters carry the names of more than 900, and the dedication service marked the completion of an expansion program of the church, now valued at $200,000.

By all standards of prediction, the church couldn't possibly live and grow, cut off on three sides by North American Aviation, the airport, railroad and other barriers.

There was no "conservation" between the church and residential areas.

A Will To Build

But the church had a pastor with a willingness to work; a will to build.

Dr. Belcastro supported his family by working at Timken's and Ralston's until 1945, and applied himself wholeheartedly to the church.

Periodic, personal convassing of every home in the community, and regular visits, in person or by telephone to members, keeps the membership strong and growing.

The church's metropolitan membership of nearly 1000 comes from throughout the city. They are people who, drawn to the church to hear Dr. Belcastro speak, stay because his doctrine answers their needs.

"We have many unique features," he explains. "Sunday School and worship are united in one continuous service, marked by departments with assembly, classes and worship.

"I believe in the ethical emphasis of the Protestant faith, and also admire the worship emphasis of the Catholic Church. The two characteristics together, make for truly devout Christians—ethical and worshipful.

"Life Is Good

"I love life, and I love people . . . it is the Italian way," he says with a smile. Life is good and meant to be enjoyed, but cannot be if people are too hampered by unyielding rules and restrictions.

"I draw up no such rules. I require only that people live with good taste, and approach Christ."

The church sponsors basketball teams and bowling leagues, and Dr. Belcastro was instrumental in helping to organize Little League baseball in the area.

He is also a charter member of the East Columbus-Shepherd, Lions Club and Whitehall Masonic Lodge, and a member of East Columbus Civic Club and East Columbus Recreation Committee. He has served as president of the Ministerial Association of the Church of Christ.

Dr. Belcastro, ordained at Washington, Pa., Sept. 8, 1935, holds AB, MA, BD, STM and ThD degrees. He attended Bethany College, Phillips University, Oberlin Graduate School of Theology, Ohio State University, Southern Baptist Seminary, Christian Theological Seminary, University of Chicago and Capital Lutheran Seminary.

Rev. Fred Immelt, associate pastor, and Arthur Swint, chaplain, assist with pastoral duties of the church.

Dr. Belcastro and his wife, Alberta, with their two sons, Michael, four, and David 11, live at 129 S. Napoleon-av.

He has received many offers from other churches during his pastorate at East Columbus. Dr. Belcastro rejects them all, including one for the post of dean of Christian College in Georgia.

"These people have been too good to me," he says, simply.

AT CENTRAL HIGH . . .

Team Wins Last Game

By Leslie Shelhart

Central scored its first victory of the football season Friday night against Marion-Franklin.

The Pirates put all they had into winning the game and held Marion, 26-0.

High man for Central was Senior Eddie Parks, who made four touchdowns. The two extra points were made by Claude Thompson, Jr.

Altogether, the season wasn't so bad. Pirate fans believe it was a training year which will probably lead to a very good team in the 1960 season.

This year the all-around largest player was Senior Willie Ward who weighed in at 206 pounds and towered a good 6'1".

But, on the whole, the 32-man team averaged only 150 pounds with a heighth of 5'9".

The season wasn't bad for casualties, either.

Senior Steve Morlan lost out on several games because of a shoulder separation. Cordell Stewart, junior, lost out on a few games because of a bruised leg muscle, and Don Mitchell, sophomore, was out with a broken clavicle.

Eleven seniors marked the end of their competition at Marion, Friday.

Graduating are Joe Ballinger, Phil Henry, Bernard Mixon, Steve Morlan, Fred Gray, Eddie Parks, Fred Pentello, Barrin Rutledge, Wayne Starner, Willie Ward and Leon White.

At the next assembly 27 boys will receive letters. A letterman must play half of all the season's quarters.

Those receiving letters are Mike Gail, Pat Hartigan, Willie Ward, Ronnie Moore, Bill Poling, Cordell Stewart, Eddie Parks, Fred Gray, Steve Morlan, Claude Thompson, Bernard Mixon, Leon White, Barron Rutledge, Fred Pentello, Charles Clover, Dan Pertee, Glenn Carr, Phil Henry, Tom Henry, Don Mitchell, Steve Tweedy, George Gilchrest, Simon Matthew, Wayne Starner, Oliver Hitchcock and John Temple.

The Kentucky champion, the Belmonts of Dayton, Ky., have a 9-0-1 record for the season.

The Duckworth Plumbers place their 9-0 record on the line.

The game is the first of a double-header. In the second game, Westgate Hawks of Columbus meet the Yorkshire Rams of Kentucky.

Leaf Pickup Schedule Set For Next Week

A. R. Gallucci and J. C. Chavous, Division of Engineering and Construction have announced the schedule for the city's 1959 fall leaf collection.

Division authorities said that "since this is the most unpredictable season of the year, the announcement of the leaf collecting schedule will be adhered to only under proper conditions. If snow or inclement weather should appear it will make it impossible to carry out the collection. However, he said, "we will do everything in our power to keep our schedule."

Monday, Nov. 30—Whittier to Frebis between Livingston and Main.

Tuesday, Dec. 1 — Gould to Barnett between Livingston and Main.

Thursday, Dec. 3 — Rich-st. Fifth-st to Parsons-av, Town-st from Fifth-st to Parsons and Bryden-rd from Parsons-av to Nelson-rd.

The division is offering the following suggestions to homeowners on how to care for the leaves and facilitate leaf collection: Place leaves in gutter the day before scheduled cleaning and wet them down so that they will stay put. Leaves in yards will be bypassed.

Remove vehicles from the curb when a cleaning is scheduled. One passenger sedan will leave approximately 30 feet of gutter that the sweeper cannot reach. Once the crew has left the street it will not return.

Authority to place 'eaves in the gutter for immediate schedule collection does not constitute authority for home-owners to use the gutter as a place of disposal for leaves. Leaves put into the gutter except on notice of collection stay there, causing cars to skid, blocking normal drainage and blocking up the leadoffs in catch basins, causing them to flood. According to the city code, this is illegal and any citizen has the right to make a complaint to the police or to the city attorney's office.

Zoning Board Denies Beauty Shop Request

The Board of Zoning Adjustment denied Friday a request from Mary Weaver, 342 Morrill-av, for a variance to permit the operation of a beauty shop.

A request from Edwin G. Meizer, 4812 Calvin-dr, for a special permit to operate a junk yard at 1632 Refugee-rd, in a Manufacturing District, was held over for consideration at the next meeting of the board, which will be Friday, Dec. 18.

Sister Joan Writes Book Of Her Life

SR. JOAN

St. Mary High School graduates (circa 1926-35) might very well find themselves or similar characters in St. Mary Jeremy's new book, "All the Days of My Life."

The author of the book is Sister M. Joan, O.S.F., who taught at the Columbus high school from 1926-35. The nun-author will be at the high school library Sunday from 2 to 9 p.m. to autograph her book and renew acquaintances.

In part the new book relates the happenings at St. Mary.

Since leaving the school Sr. Joan has been a member of the faculty of the College of St. Francis, Joliet, Ill. She received her doctorate in Chemistry in 1940 from the University of Illinois.

While at St. Mary High School she taught history, English, Latin, mathematics, chemistry and physics.

In 1956 the Joliet Section of American Chemical Society named Sr. Joan "Chemist of the Year."

Map Charge Against Man In Assault

A Hamilton-av man who falsely claimed he lost an eye when attacked by eight teenagers last week, may face police charges, Capt. Thomas Sawyer, chief of detectives, said Monday.

Capt. Sawyer said the department is considering bringing a charge of making a false report against James E. Willis, 38, of 194 Hamilton-av, who told police he had been attacked by the youngsters.

Teenagers who were questioned by juvenile authorities said Willis verbally assaulted a group of four girls and Paul H. Bond, 18, of 1765 S. 20th-st in front of the victim's home.

After talking to the girls who admitted they were involved, Juvenile Officer Stan Dixon discounted Willis' story of the beating. Bond hit Willis after he insulted the group, Sawyer said, and the victim fell to the sidewalk, striking his eye on the lower part of the metal fence.

Willis had claimed that the youths robbed him of $5 and forced his head into a picket fence. The youths denied the robbery.

Bond has been charged with assault and battery in the case, detectives said.

The purpose of the organization is to discuss and solve problems that occur in the band and orchestra. Meetings are held in the school band room on the second Tuesday of each month. All parents and friends of the South High School Instrumental music organizations are invited to attend the meetings. Next meeting is scheduled for Jan. 12 at 7:30 p.m.

Facility Will Be One Of Best In The State

Plans for Southview Park, a recreational center that will take the place of the present Greenlawn Housing area, have been completed. Only minor alterations exist in the plans. Once completed the new Southview Park will be one of the most complete and up-to-date parks in the state.

The proposed park will run from the Scioto River to the expressway and from Greenlawn-av to Stimmel-rd. It will be equipped to handle everything from amateur to big league sports.

Council of South Side Organizations along with other organizations have played a strong part in trying to get the project started. Miles "Cap" Hoover, South Side YMCA Director, has voiced his opinion on the need for the park.

In addition to the proposed park land shown on the map, additional land has been appropriated by the city council. It will border the area west and will be used for additional recreational facilities and nursery.

Once completed this park will be within five minutes from the center of Columbus. Large parking areas will be provided for cars and bus service is within two blocks of the park.

The stadium will contain league sport facilities for hockey, football, and track. Bordering the stadium will be an Olympic Swimming Pool. The pool will be equipped to handle children of all ages.

Trailing the Scioto River will be an extensive nature trail that will be connected with another trail that will border the river north of Greenlawn-av. The long trail of wooded area will supply the bird watcher and nature lover with many hours of enjoyment.

In addition, a boat house will be built along the banks of the river and plans are being completed to use the river in that area for canoeing and row boats. Power boats will not be allowed in the area.

Ray Dietz, Superintendent of the Division of Parks and Forestry in making an extensive study of the area to develop a complete park area in every respect. Dietz, who has been with the Division of Parks and Forestry for 16 years has expressed with big hopes the importance of parks of this nature. Dietz further added that this park should be completed sometime in 1960.

Thanksgiving Services Planned For South Side

South Side Ministerial Association will hold its 38th Annual Thanksgiving service at Oakwood Methodist Church, Wednesday, Nov. 25, at 7:30 p.m.

Rev. Carl Hicks, pastor of Oakwood Methodist Church, will preside over the service. Howard Drake will conduct the choir and Mrs. Thomas Winters is the organist.

Robert Long, Wagner Memorial EUB Church; Rev. Glendon Herbert, Ohio Avenue EUB Church; Rev. Henry B. Ellis, Frebis Avenue Church of God; and Rev. Karl Henry Dawson, Benfield Church of God.

Ushers for the service will be supplied by the South Side YMCA Young People's Inter-Church Council.

The sermon, entitled "Thanks to Calvary," will be given by Rev. Henry Ellis.

Special music to be given by the choir will include Prayer of Thanksgiving, Give Thanks and Sing, and the Introit, which will also be sung.

DON'T LET YOUR TURKEY GET YOU DOWN!

FOWL PLAY—There's a moral in this picture—especially to those who are inclined to take on too much turkey on Thanksgiving. Whether with cranberries or not, turkey is the number one table topic. Out to prove their point were reporter John Peoppelmeyer, and photographer Harley Groom. Turkey, courtesy of Milligan's.

Thanksgiving Traditional Day For Hunters

INSIDE ON THE **Outdoors** By ROD COCHRAN

The Thanksgiving season is one that appeals to sportsmen. Probably more than any other festive day, Thanksgiving holds meaning and anticipation for the outdoorsman.

Historically, the Pilgrims gave thanks for the bounty of the new land on this day, and much of this bounty was the game and fish that they found here. Were it not for good hunting and fishing, the newcomers would not have lived through the first winter.

First Try For Many

So it is with a great deal of tradition that many hunters will take to the field this week on Thanksgiving Day. Always a school vacation, many of us associate our first hunting trip with this day. Because of these associations this week holds almost the same excitement as the opening day of hunting. The attraction of the outdoors is in some way tied up with warm memories of past days afield and the anticipation and planning of future days. This is the appeal of Thanksgiving to the hunter.

The picture of Pilgrims with black hats, shiny buckles on their shoes and a primitive gun on their shoulders carrying wild turkeys and deer to the festive board is firmly imprinted on the mind of every school boy. To this young hunter, this picture is the most interesting in the history book.

Adding to this treasured day of hunting and feasting is the tradition in many families to have a game dinner on Thanksgiving. With all this in prospect it is little wonder that the picture of the first Thanksgiving is well-studied by youngsters in this land.

Pheasants Soon Wary

Usually, the Thanksgiving hunt in Ohio means rabbit hunting. Some pheasants are seen in this area, especially by hunters with bird dogs. After the first day of hunting, cock pheasants get pretty cagey, and difficult to flush. They act more like pacers and trotters than birds, and turn fencerows and corn rows into race tracks. It is almost impossible for a man to flush a pheasant that doesn't want to fly. A bird dog trained for pheasant hunting, will work around in front of a running bird and pin it for the gun. Hunters who hunt carefully with trained dogs will take pheasants on Thanksgiving Day.

Rabbits, however, will fill the Thanksgiving bag. Most hunters will not want to travel far and will hunt close to home. They will hunt part of the day, and then head for the big dinner, whether it be turkey, game or whatever. Rabbits are found almost everywhere, and the holiday hunters will find them. Some hunters will follow the merry ring of a beagle's voice, and their enjoyment afield will be so much the greater. Others will simply walk across frosty fields and along brooks crusty with ice. They will rattle brushpiles and investigate briar patches.

Rabbit Is Favorite

Rabbits have been called the "game birds" of farm boys. This definition could well be enlarged to include all beginning hunters and most oldsters. The rabbit is the favorite game animal in Ohio. This is a dubious reputation to hold, from the rabbit's standpoint, but a standing it has earned by its productivity and its sporting qualities. Whether it is shot in front of dogs, or sprinting away from a "hidy hole" (southern Ohio terminology) the cottontail rabbit is our number one game animal.

We will not be shooting wild turkeys or deer this week, except perhaps for a few archers who are after deer, but our hunting will be very meaningful. In some ways it will go back to the earliest of settlers, and most assuredly it will go back to our early days of hunting.

Thanksgiving Day is for us all, but it is mostly for hunters. And hunters give thanks by going hunting and storing up new adventures and memories for the future.

Marines, Scouts Arranging Dec. 12 'Toys-for-Tots' Drive

Columbus Marine Corps Reserve will again collect toys this Christmas season for distribution to less fortunate children in this area. Columbus Reservists will join other units all over the country in the 12th year of the "Toys for Tots"

The 8,000 Scouts of the Central Ohio Council, Boy Scouts of America, will place door knob hangers on the homes in Franklin County, Saturday, Dec. 5, and will return on Saturday, Dec. 12, to pick up toy donations.

The Marine Corps Reservists will pick up the toys at various collection points and take them to the Buckeye Building at the fairgrounds. During the next week the toys will be sorted and prepared for distribution to various institutions and deserving families, as determined by the Christmas Bureau, United Community Council.

Santa Sends Own Letter

Children in the Columbus area this year will have the opportunity of receiving a personal letter from Santa Claus, postmarked from his home in Santa Claus, Ind., through special arrangements made by the Buckeye Federal Savings and Loan Association, 36 E. Gay-st.

A variety of colorfully illustrated Santa Claus letters complete with a full color envelope showing a picture of Santa Claus is now available free of charge to the public at Buckeye Federal's downtown office and branch offices at the Great Eastern Shoppers' Mart and Great Western Shoppers' Mart.

Persons interested in having their children receive a Santa Claus letter may obtain one at any of the three Buckeye Federal locations, where they simply address the envelope, affix a postage stamp and mail it in the special box in the bank lobby.

These letters are bulk mailed to the town of Santa Claus, Ind., where they are sent to children through the official Santa Claus post office. Letters should be mailed by Dec. 15 to be sure they will be postmarked from Santa Claus, Ind.

The Santa Claus letter will be discussed and shown by Dave Garroway on his "Today" show on Nov. 24, 25 and 30.

Cancer Society Says Study On Leukemia Is Duplicated

The Franklin County Unit of the American Chancer Society has received information from its state office that a professional fund-raiser named Eugene P. Weil is now in the state raising money for the Leukemia Society. He has attempted fund drives in Toledo, Cleveland, Akron and Dayton. What success he has had has not been reported.

Leukemia is cancer of the blood. The American Cancer Society and the National Cancer Institute, working cooperatively, are doing research in leukemia and are devoting more dollars for leukemia research than all other organizations combined. Such was the statement made last February by Dr. Wendell Scott, M.D. of the medical staff at Washington University in St. Louis.

American Cancer Society this year has allocated more than $1,300,000 for leukemia research —some at Ohio State University. The Society and the Cancer Institute cooperate to see that no research project is duplicated, in order to save time and money.

Because the Society has so long been leading leukemia research, it feels that other organizations will merely produce duplication of effort and cost. The Society does, contrary to some reports, purchase laboratory equipment for research as well as necessary supplies and salaries.

We feel definitely that any organization which springs up to do research in any respect of cancer is creating confusion in the minds of giver groups. We will appreciate your suggestions as to how we can reduce duplications in research. Three other organizations have attempted to raise funds in Columbus in the past two years claiming leukemia research as their objective, when in truth one group is building a hospital in Memphis, Tenn., and a second is asking us to support maintenance of a hospital in Southern California. Only recently there was a special hour-long TV appeal for funds to build a hospital in Denver.

Handel's 'Messiah' Is Offered

Ohio State University's School of Music, in cooperation with the campus YMCA-YWCA, is presenting Handel's great oratorio, "Messiah" in its 31st annual performance in two concerts at 3 p.m. and 8 p.m. during the Sunday, Dec. 6, "White Christmas" program.

The University Chorus, accompanied for the first time by the University Orchestra, and organ, will present solo and choral numbers from the 200 year-old oratorio in the two hour program under the direction of Professor Louis H. Diercks.

More than 500 University singers, orchestra members, and committee members will participate.

On the following Wednesday, Dec. 9, at 8 p.m., in Mershon Auditorium, the University Chorus, Symphonic Choir, and Women's Glee Club present a one-hour program of appropriate Christmas music. The second part of the Wednesday program is the annual "Christmas on Campus," coordinated by the Ohio Union Activities and the two "Y" groups. "Christmas on Campus" includes the traditional ceremony in which President Novice G. Fawcett lights the tree.

Holiday Styles Shown For Sugar And Spice Set

A PARTY, A PARTY—and a real party dress! In holiday colors, the top is red velveteen, the skirt white nylon lace . . . and the collar and sash are white nylon too. Two small buttons, white again, trim the bodice. Hand washable. Sizes 1 to 3 and under $3. All these fashions are found in J. C. Penney children's wear.

RING the bell for holiday joy with a new interpretation of the good old days — the lantern sleeve, a geometric Victorian print. Lace ruffles at the neck and black velvet trims the bodice, sleeves and neckline. Sizes 1 to 3, under $3.

NAUTICAL AND NICE and feminine to the hilt—in cotton organdy with soft colors and details designed to add softness to the tailored look. White top with a shawl collar, blue skirt (with matching petticoat), red stripes on the bodice and a flat red bow at the waist. Machine washable, little or no ironing. Sizes 1 to 3, under $6.

A TIME FOR THANKS

The cranberry fiasco cast something of a shadow on Thanksgiving festivities this year. But it would not do for any of us, fretting over the prospect that the holiday bird might lack the gustatory accent of cranberry sauce, to forget what this day is all about.

It is a holiday, a heartwarming time graced with traditions of fellowship added from year to year ever since the Pilgrims sat down to their harvest feast in Plymouth colony more than three centuries ago. If it were no more than that, then Thanksgiving would be worth celebrating.

But it is more than that, far more. Thanksgiving is above all a holy day, a day for counting one's blessings. And the problem, for most Americans, is to enumerate those blessings without growing weary of it. The problem is how to let sincere thanks and gratitude shine through the very surfeit of good things that most of us enjoy.

It is a pleasant sort of problem, doubtless yet a very real one. For when people have as much as most Americans have, they tend to forget the divine origin of abundance. This is a time for remembering — and for giving thanks unto God.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—Apples, grapefruit, oranges, grapes, dried fruits.

Vegetables—Celery, onions, potatoes, sweet potatoes, squash, turnips.

Meats and Poultry—Pork loin roasts, fresh callas, fryers, lamb shoulder, eggs, dairy products.

HOLIDAY FOODS CALL FOR DRIED FRUITS

Will [illegible] have extra folks around for the holiday w[illegible] If so, you'll be looking for "nibbling fo[illegible]as well as something to add a special glow to holiday menus.

Dried fruits can answer both needs. They go into fruit cake, spicy puddings, breads and salads. Combined with nuts they make nutritious and delicious candies. Sometimes we find them mighty good eating just as they come from the package. No doubt you can recall slipping into the family pantry in years gone by to snitch a handful of raisins or some other dried fruit mother or grandmother had stored there.

PRICES on dried fruits will likely be a little lower this year. Crop reports show that this year's supply is somewhat larger than last year. This is especially true of raisins. And there are more prunes, dried apricots, pears and peaches.

How To Tell Quality—Dried fruits of good quality will be clean and plump, fully colored, and soft enough to yield to pressure. The USDA has set up grades for dried fruits based on size, color, quality and moisture content. Packers may not list these grades on their labels. If not, you may need to do some testing of different brands or depend upon past experience in deciding which brand to buy.

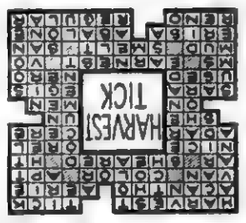
Tips on Using—Dried fruits are actually ripened fruit with about three-fourths of the natural moisture removed. As all experienced cooks know, they take in moisture and swell in cooking. Allow for that in preparing them.

Storage is not usually much of a problem with dried fruits. They should be kept dry. At this time of year, store in a tightly covered container. In warm weather the refrigerator makes an ideal storage place.

NEW CHERRY PRODUCT

Cherry sauce, a new product being introduced in this area, will be available in many stores this weekend. It's a jellied sauce made from red tart cherries and ready to use as it comes from the can. You'll like the bright red color and tangy flavor it can add to your holiday meals. It's delicious with either poultry or pork.

DRIED FRUIT CONFECTIONS



Chop or grind one part each of dates, raisins, nuts, and one-half part of figs. Add chopped candied orange, lemon, or grapefruit peal if desired. Dredge a board with powdered sugar and knead the mixture until well blended. Add a little orange juice if too stiff. Make into balls or other shapes. Roll each piece in sugar and store in the refrigerator. It makes the best of "nibbling foods" for either children or grownups.

MUSTACHE CROWN SOUGHT

SAN DIEGO, Cal.—A tamale maker with an 18-inch mustache says he is out after the tip-to-tip championship of the world.

John A. Todd, 41, said he has heard that a man in England has a mustache measuring 19 inches. He said he expects to exceed that before long.

BIBLE COMMENT

Things Aren't Always Way They Seem

Is it totally within the ability of man to see right from wrong?

If we depend on our own emotions and short range reactions, we cannot.

How things may seem good but be harmful, or harmful and seem good is illustrated in this story of two farmers.

A farmer was complaining to his neighbor that his prize stallion had broken through the fence and run off.

His friend consoled him on his loss. But when he returned the following day he found the farmer smiling, and was told that the stallion had returned, bringing into the farm a group of wild horses.

The neighbor, this time, congratulated the farmer on his good fortune.

On the following day, though, he returned to find the farmer saddened again. One of the wild horses had kicked his son and broken his leg. Since this accident happened during the harvest season, the neighbor did his best to console the farmer for his great loss.

The next afternoon, however, when the neighbor called again, he found the farmer jubilant. The army had marched through that morning, conscripting young men for service in the war. Because of the broken leg, his son was passed by.

Things are not always what they seem. Man's complete knowledge of the value of events in his life is prohibited by his mortal vision.

God alone can judge the value of every happening which shapes our lives for good or worse.

But Definitely!

A man usually feels better after a few winks—especially if she winks back.—Force Caster, Camp Lejeune, N.C.

HITCH-HIKES 2,000 MILES

VERMILLION, Kans.—Skippy Ann, a wire-haired terrier owned by Mr. and Mrs. Clarron Shafer of Vermillion, hitch-hiked a 2000-mile ride from British Columbia, Canada, and arrived at home before her owners.

The dog was lost while the Shafers were on their way to Fairbanks, Alaska, by way of the Alcan Highway. By rare luck a southbound couple from Parsons, Kansas, found Skippy Ann and brought her back home.

For and About Local Women

LONG LINE OF STEELE

FIVE GENERATIONS—Above are five generations of the Steele family, who are all lifelong residents of the South Side. Left to right, Mrs. Minnie Laura Steele, 86, and Mr. Homer B. Steele, 66, both of 580 E. Mithoff-st; Mrs. Fred Herrel, 43, 1190 S. 22nd-st; Mrs. Edward Ballenger, 18, 1043 E. Livingston-av, and her daughter, Shelley Kaye, who was born on Nov. 6, 1959. Homer Steele attended Old South High School. Mrs. Herrel and Mrs. Ballenger attended South High.

Rev. Detwiler Accepts Call To Texas Parish

Rev. John Detwiler, minister of St. John's E. and R. Church, will be addressing his Columbus congregation for the last time this Sunday, Nov. 29. He and his family will be leaving after that to take up residence in Houston, Tex., where Rev. Detwiler will minister to the First E. and R. Church. The Detwilers will be guests of honor at a reception at the church in the afternoon. This past Sunday they were dinner guests in the home of Don and Mary LaRue, who had resided in Lenoir, N.C., at the time Rev. Detwiler was minister there.

Having tonsils out at Thanksgiving time seems a cruel blow, but such was the fate of Kay Chambers, 121 E. Whittier-st, on Monday of this week. Another recent South Side resident who was de-tonsilled was Maxine Wells, 1320 Studer-av. Mrs. Charles Elzey, Columbus-st, was injured in a fall and would certainly appreciate cheery cards. Mrs. Davidson, mother of Jim Coslett, is another ailing South Sider. A Parsons-av resident, Elsie Stegmiller, is recuperating in the home of her son, Howard Stegmiller, 1019 Vernon-rd, after a stay in the hospital, where she underwent surgery. Charles Yunker, 74 E. Gates-st, was another hospital patient, as we wrote these words. This is a coincidence: As we were writing this section of the column, Tracy Peterfish, 800 S. Fifth-st, called to tell us that his daughter, Alberta Blackburn, 756 Jaeger-st, was a hospital patient in Mt. Carmel and had just undergone surgery. All the friends of "Grandma Bertie" will be glad to know she was doing nicely at the time we heard of her operation.

It happens occasionally . . . all our items come in pairs, and this was such a week. Two new additions in families we know are both little girls. Friends of former South-Sider Marilyn (Nistlebeck) Balluff will be interested to learn that Marilyn and Ed are now the parents of a little girl, Christilee, born Nov. 17. The Baluffs reside at 47 N. James-rd. The appearance of a little girl in the Colegrove family, New Jersey section, brought jubilation to the Columbus "home branch" for the young miss the first little girl in the family for 28 years. Great-grandparents of the new arrival are Mr. and Mrs. James Colegrove, 1077 Bruck-st.

Nov. 27 is quite an important date for the Scholz family, 61 E. Gates-st. For Gordon Jr. it is a birthday and for Donna and Frank Kimrey it is an anniversary. Gordon Jr. is stationed at Ft. Knox, Ky., so we're including his address. It is Pvt. Gordon Scholz, BR. 15585623, 149th Trans. Det. Avn. Comm., Ft. Knox, Ky. The Kimreys (Donna was formerly Miss Scholz) will be celebrating their sixth wedding anniversary. They reside at 1463 Ellsworth-av.

The Loyal Men and Women Class of Southwood Church of Christ elected new officers at a recent meeting. These officers are Vesta Brown, president; Floris Wilkins, vice-president; Lona Schwartz and Rose Bowshier, secretary and assistant secretary; Gerry Baughman and Carl Heil, treasurer and assistant treasurer.

The Golden Age Club of Schiller Park will meet for its business meeting on Tuesday, Dec. 1. The meeting will come to order at 1 p.m.

This week we're really talking "cold turkey" when we extend Happy Birthday greetings to these year-older youngsters: Rita Massie, Nov. 28; Patricia Raper, Nov. 27; Jeanette Burchett, Nov. 27; Diana Skaggs, Nov. 28; Patricia Bowen, Dec. 1; Patrick Smalley, who will get to eat his turkey "hot," as he has a Thanksgiving Day birthday; Donald Anderson, Dec. 2; Thomas Ellis, Nov. 27; Jean Ross, Nov. 29; Bob Castle, Dec. 2.

Our sympathy to the family of Julia Stevenson, recently deceased, who had been a resident of 153 E. Morrill-av for 48 years.

We received a card from Dave Leonard, a South High grad of last June, who is now in the navy, and knew he must be a mite homesick, so called his mother to get his address. Dave was leaving for Charleston, S. C., after mailing his card from Norfolk, Va. This is his mailing address: David R. Leonard, S.A. 526-92-97, U.S.S. Bordelon, D.D.R. 881, F.P.O. N.Y., N.Y. While talking to Virginia, she also gave us the address of her other navy son, Doug. Doug and his bride, the former Mary Lou Werner, are in a little apartment in Key West, Fla. Their address is 647 William-st, Apt. 2.

We have occasion to write to Rev. Norman Schreiber every once in a while, and our latest communique from the former South Sider was interesting, as always. The note we received told us that he had attended a meeting in Hollywood and had enjoyed his first trip to California. A trip to Mexico and a ride in a jet were two memorable experiences for the '34 South High grad. Norman is the minister of Collingwood Methodist Church in Toledo.

Don't know the gentleman she married but congratulations to Esta Goble, recently wed. This week our adult birthday wishes go to Eileen Dicke, Norma DiGioia and Helen Ikehorn. And, oh yes, our editor Roger Swaney, is one step nearer the wheelchair brigade. His birthday will be an event of Nov. 29. (We're only funnin', Roger, you look almost as young as ever.) Another Hartley employee, Ray Shaffer, received a "Dear Nephew" letter from Uncle Sam. Cheer up, Ray, you could write a "See Here, Private Shaffer" book. It's been done!

Making pin-cushions in the home of Lana Itskin the other p.m. for a Trudeau Guild 25 project (they're owls, and any resemblance to the hooty-bird is STRICTLY coincidental), another Guild 25 member popped in with an "owl" she had finished, so we asked her about her recent Canadian trip. Helen Souder, S. Third-st, told us that she had spent her vacation near Callender, Ontario, where the Dionne quints were born. The Souders became acquainted with some of the natives in the neighborhood and were interested in viewing snapshots taken of the quints playing with neighborhood children of that area. That would be interesting, to hear about the famed quintuplets discussed as real people, instead of sideshow freaks, methinks.

Thanksgiving will be just a prelude this year to four young people, who will be waiting for Nov. 27 and 28 to arrive. Jackie French, 967 Geers-av, and James Ferrell, 493 Markison-av, both South High grads, will say the words that make them man and wife on Nov. 27, in Brookwood Presbyterian Church. Mr. Ferrell is also an OSU alumnus, and is the head basketball coach at Johnstown, O., High School.

Milly Lowe, 1413 Kelton-av, will exchange her vows with Paul Barnhill, Groveport, on Sunday, Nov. 29. Mr. Barnhill is also an OSU graduate and is associated with the Hercules Box Co.

Mary and Jim Claar celebrated their 25th wedding anniversary quietly not so long ago, but we'll send them good wishes, even though a little late.

The first collection for Gifts for Giving has started and our first contributors are Lillian Ryan, 816 S. 17th-st; Mrs. Wiltshire, 965 Oakwood-av, and Glee Oleta McNutt, 380 E. Whittier-st. Remember, we are not asking you to purchase anything to donate, nor are we soliciting cash. The items we ask for are the "white elephant" type of thing that's nice but can't be used because the owner prefers something else, but is too nice just to throw away. The social workers at Ben Franklin, the Gadabout and several faithful distributors deliver the items to the patients at Ben Franklin personally, who then give them to their loved ones as Christmas remembrances. If any reader, personally (or clubs), cares to participate, just call us at HI. 4-1051. Some groups hold their own Christmas exchanges, and bring "white elephants" as well, so enjoy their own party twice as much.

Bliss College Downs Art School 80 To 50

Bliss College Bookkeepers copped both ends of their inaugural double-header, downing the Columbus Art School 80-50 in the lidlifter and coming back to lower Mountain State College 81-52 in the nightcap.

Coach Jim Redman, Bliss mentor, in a post-game review asserted, "Our diminutive guards took charge offensively and the big boys controlled the boards. Those items, plus our depth, tell the story of our wins."

Pacing the Bookkeepers offensively were Bill Green, Jack Hilt and Larry Dickinson with 24, 31 and 17 points, respectively. Green and Dickinson stand 5'9". Hilt, team capt., is 6'1".

"Biggest disappointment of the evening," Redman continued, "was the fact that the team hit but 21 of 37 foul shot attempts, or 56.7%. And that's the department where I felt we would excel."

Others singled out for individual praise were the Langley brothers, Dick and George, Bill Parker and Bill Smith for their board work, and Tom Miller, Plain City guard, a real defensive ace for the night.

Thursday night of this week the Bookkeepers host Wright-Patterson AFB and then come back on Friday night to contest Detroit Tech. Both games will be played at the K. of C. gym beginning at 8 p.m. and will be preceded by 6:15 prelims. The Thursday night prelim will find the Bookkeeper JayVees engaging the U. S. Marine Corps Reserves and on Friday night they will meet the Detroit Tech junior varsity.

Bliss makes their initial road trip when they trek to Ft. Wayne Saturday to battle the perenially strong Indiana Tech quintet.

Jack Hilt, 1082 S. 22nd-st and Bill Green, 980 Elsworth, members of the Bliss College Bookkeepers, are South Siders.

MAKE MINE MUSIC—Mrs. Kay Smith, 1566 Sullivant-av, is in her 25th year of charity work in Columbus. Talent scouting and music have been her ambitions since she was a girl. Here is an action photo as she played for a local show in Columbus.

Charity Plays Part For Talent Scout

"I love it and live it," that is the answer when asked Kay Smith, local talent scout, if she would do the same thing over again. Kay Smith, 1566 Sullivant-av, has been supplying talent for charity shows and community affairs for over 25 years now.

She started in music as a small girl, taking the talents from her mother who was an organist and who also had her own orchestra. Since then talent has flowed from generation to generation in the family. Mrs. Smith's daughter, Marjorie, has accomplished the art of the organ and leading on to the fourth generation Marjorie's six-week-old baby has already adopted an ear for music.

Kay Smith has supplied music throughout the year for many and varied fraternal organizations, state schools, fund raising campaigns and a host of other charity shows. She has also on several occasions sponsored her own Cancer and Cerebral Palsy Charity Shows.

She recalls also the days of the Nickerbocker Theatre where she played, and the Seventh War Bond Drive shows that she had charge of. Mrs. Smith said that she has sponsored shows all over Ohio.

In addition to her abilities for seeking talent she also teaches singing, plays organ and piano, knits and makes music her hobby. She works six and seven days a week. She said that she was going to carry on and live it until she gets too old to work.

On Mrs. Smith's stardom list is Mitzi Joyce, Betty Swartz, now Linda Lombard, and Phillis Rawlins who is now Judy Manners. She prides herself on the many talented people that she has sent on their way to show business.

Kay, as she prefers to be called, is very well known on the South Side for her work with organizations and varied state units in the area.

LETTER TO EDITOR

South Sider Would Like Local Ice Skating Facilities

Do you suppose there are other readers of your paper who would like to see more safe ice skating area — more of it and in more accessible spots than Columbus now has?

For several years, I have felt that this community's winter life would be enriched if there were more safe places to ice skate — places located within our own community.

While I thoroughly enjoy watching professional ice skaters perform with their practiced skill, there is nothing about their greatest show which matches stopping at one of our own frozen-over spots, where our own people are quickly taking whole-hearted advantage of a rare, hard freeze.

For some reason, it has been my observation that good sportsmanship seems to be a 'natural' with those who skate.

This is an inspiring, but rare sight around Columbus. No artist has ever overdrawn the picture. We're simply missing out on what I believe we could have if enough people were interested. We have so little weather when rivers, lakes, or ponds are really safe for skating that it seems foolish to buy ice skates for the use Columbus can presently offer for them.

What I would like to suggest is a flooding of certain areas—up to three or four inches in some of our existing parks; say, starting with Schiller Park. In this way, our weather would certainly provide good skating for many after-school afternoons and Saturdays and Sundays.

This has been done in Middletown, with excellent results. Perhaps if we were to start it in this part of Columbus, it would soon spread over the city. Let's start a good thing!

Your community spirited newspaper must have many readers who would like to see improvements made within our community. Let's hear from them!

—Mrs. Andrew Taracko

Wilson-av Man Sentenced For Taking Boy, Aged Seven

Charged with contributing to the delinquency of a minor, Harry White, 35, who roomed at 38 Wilson-av was sentenced in Juvenile Court Friday to six months in the Columbus Workhouse.

White was accused of taking Jimmy Lee Brown aged seven, from the home of the boy's parents, Mr. and Mrs. Walter Brown on Nov. 3 without parental permission. The boy was not returned home until Nov. 5.

On Nov. 3, White took Jimmy and four other Brown children to the Main-st School. He let the 4 other children out, but told Jimmy to stay in the car, police said. They spent the next two and one-half days driving around Columbus and Franklin County, sleeping in the car.

White returned the boy to school on the afternoon of Nov. 5 and was arrested a short time later.

Bulldogs Buck Middletown Saturday Night

BULLDOG BATTERY—This is part of the South High School squad which will journey to Middletown Saturday night to tackle the highly respected Middies. They are (from left to right) Bill Young, Don Jagerski, Al Wilson, Shar Gregory and Paul Barten. The Pups will be seeking their second win over Middletown in five encounters.

First Four Games May Help Decide South High Future

By BILL RUSH

Try to make out a rough basketball schedule and you'll have a tough time bettering Columbus South.

The Bulldogs open their cage wars this Saturday night against an always-great Middletown five at the Middies' gym, then come back home to host Central in their City League inaugural Wednesday.

Following these two tilts come Delphos St. John and East along with Northern Ohio power Canton McKinley.

This makes the job of predicting South's future fairly easy. If the Bulldogs look good in these games, they'll be hard to stop.

Coach John Colmery puts it this way:

"If we can win one of our non-league and one of our league games in our first four encounters, we'll really have something. If we don't, we'll just have to wait and see."

Everyone knows about the Middies. They've blazed a trail through the Ohio Scholastic basketball scene that hasn't been matched. And indications are that they will be plenty tough this year.

Middletown is led by veterans Bill Martin and Garv Martins who stand 6-4 and 6-3 respectively in the forward slots. Guards are Bob Armstrong and Gene Fuller, who is the Middie playmaker and key man.

Rounding out the squad is a sophomore center that is getting all the notice accorded Ohio State standout Jerry Lucas at the same stage of the game.

All in all, it shapes up as a real test for the Pups, but Colmery feels that the game is definitely not out of reach.

Since Colmery took over the Bulldog cage reins, South has played Middletown four times emerging the victor only once.

Coach Colmery has thinned out the 76 lads vying for positions on the Pup squad and tentatively set the following line-up for Saturday:

Terry Foster and Shar Gregory, guards, Al Wilson, center; Bill Young and Don Jagerski, guards.

The Pups scrimmaged twice last weekend topping Chillicothe High School, 47-34, and dropping a decision to M-C Wines of the Columbus League, 60-50.

The Bulldog reserves also decisioned Barrett in a scrimmage, 31-24.

Here's South's schedule:

Nov. 28—at Middletown.
Dec 4—Central.
Dec. 12—at Delphos St. John.
Dec. 18—East.
Dec. 23—at Canton McKinley.

Sullivant Muscle Men Beat Schiller Squad By A Grunt

Displaying a surprising team spirit for a brand-new club, Sullivant Gardens Weight Lifting Club put on a furious last minute spurt to muscle out a Schiller Park Weight Lighting team by only 35 points at Schiller Park Nov. 17.

The Sullivant boys, all of them in their first weight lifting contest, were behind by more than 200 pounds going into the last event of the evening.

Close to the finish, which was the dead lift, the Sullivant Gardens team had more than made up this deficit and had totaled 3,645 pounds while the Schiller team recorded 3,610 pounds.

In the deadlift event, bantam weight (under 121 pounds), Leonard Reed lifted 225 pounds. Thomas Rippey, a feather weight (under 132 pounds) lifted 250 pounds. Dan Pertee and George Chaffin, light and middle weights (under 148 and 165 respectively), each lifted 300 pounds. Ronnie Green, in the light-heavy class (under 181 pounds), lifted a hefty 350 pounds, while Phil Pertee, in the middle-heavy class (under 198 pounds), lifted the second highest weight of the meet, a rugged 400 pounds.

Lifts 450 Pounds

However, the real surprise came when Robert Jackson, in the Sullivant Gardens' heavy weight class (over 198 pounds), hoisted a staggering 450 pounds, the best lift of the contest. The combination of these good lifts proved to be enough to edge the Schiller team from the lead by 35 pounds.

Judge Robert Draper, sponsor and counselor, was happy that the boys won but declared "The fact that they won by such a narrow margin should stimulate them to improve themselves further."

The club meets at Sullivant Gardens Recreation Center where Phil Pertee of the Columbus Recreation Department, assists Judge Draper in instruction.

Marion-Franklin Opens Cage Season Tonight

Marion-Franklin's cagers, with a year of City League experience under their belts, start their 1959-60 basketball wars tonight hosting Franklin Heights in the Red Devil gymnasium.

Coach Richard Coldren, who ushered the Devils through their "growing-up" year last season, expects to field a small but speedy quintet.

There's plenty of competition for starting berths on the Red Devil squad and Coach Coldren could only speculate on who would win the first team positions by game time.

He tentatively set the starting line-up as:

Fred Daniels, sophomore, and Richard Reese, senior, at the forwards; Ray Fisher, sophomore, center; Richard Reeves, senior, and Ron Leddy, senior, at the guards.

Although these boys will probably start, Coldren added that Sephomore Larry Crabtree and Junior Richard Enyart will see their share of varsity action.

"We don't have a lot of experience or height," Coldren commented, "but there's plenty of good spirit and competition."

Following Franklin Heights into the Red Devil gym will be Grove City next Tuesday night. M-F starts its City League schedule next Friday at Aquinas.

Franklin Heights, a member of South-Central Ohio League, won only three games last winter but should be considerably stronger this season..

Southeast Lions Ask Area Help In Starting 13th Orbit Of Aid

Don't duck when you see those Lions coming down the street this Friday

They won't hurt you

In fact, their primary aim will be to help. They will be selling copies of the Southeast Lions Roar, annual publication of the club which has earned the nickname of "The Club That Gets Things Done"

The newspaper, designed by members of the Lions Club, tells of the group's many charitable and community projects undertaken during the past year.

Money raised by contributions for the newspaper will be used by the Lions for new projects in the coming year.

There is no set price for the newspaper—you can contribute only as much as you wish to participate in the many Lion sponsored projects which will take place during the coming year.

The Lions have a proud story to tell this year. Gifts to various organizations over the past 13 years which the club has operated have reached $100,000

Benefiting from the Lions' efforts last year were the South Side Settlement House, South Side Day Nursery, Monett House, Fornof School, Alum Crest Hospital, Schiller Park, Scioto Trail School, South High School, St Ladislas, Marion-Franklin, Berwick, Mercy Hospital and many others.

Besides informing the public of its accomplishments, the group tries through the newspaper to tell the heart-warming stories of the way in which gifts were received

Persons who will not be home when the paper is delivered and would like to assist the South east Lions in their work may mail contributions to W. E Cook, Jr., 1631 Parsons-av.

And no matter how you receive your Lion newsboy, President Lou Whitacre says "Thanks a million"

Buildings To Be Ready For Classes In September

School Board Tuesday took action to assure adequate school housing for the rapidly increasing student population in the south east area by tentatively selecting sites for two new elementaries and officially approving the location of a new junior-senior high school

Construction on the junior-senior high and on one elementary will get underway early in 1960 and be finished in time for occupancy next September

Tentatively named for a new elementary was a location about 100 feet by 430 feet, bounded by Kent-st on the north, Gault-st on the south, first alley west of Kelton-av on the east and a public playground on the west.

Subject to approval of the city planning commission construction will start on the school after the first of the year

A second site of approximately eight acres of vacant land at the northwest corner of Parsons-av and Obetz-rd was named as the possible site for a future elementary

There are no immediate plans for erecting a school on the location Future needs in the area will determine when the building is indicated

The board also officially designated a site for a planned junior-senior high school, after the commission aproved their choice on Nov. 25.

A building with a capacity for 1500 students will be built on 25 acres of land bounded by Livingston-av and its easterly extension on the north, Lattimer-dr on the west and south, and Big Walnut Creek on the east

The proposed elementary school at Kent and Gault-st is a good indication of the surprisingly rapid population increase in the area.

A four-classroom addition to Ohio Avenue School was opened in 1956 to accommodate an enrollment increase from 500 in 1940 to a present total of 987

An eight-room annex to Main Street School was also opened this past September to provide relief in that school district.

Refreshing Interlude:

Any chance to take a couple days off for relaxation should be a refreshing interlude but this past Friday and Saturday at French Lick, Ind., was especially nice. We had the good fortune to get acquainted with a number of the youngsters who are members of Obernkirchen, or the Happy Wanderers, the German Children's Choir . . .

Association with such polite and well mannered children causes one to reflect that we Americans may be missing something in parental training. A special curtsey to Peter Oberheide and sister Giesel of Jagerstabe . . . Incidentally, we'd highly recommend viewing the Children's Choir on the Hallmark TV program on Sunday, Dec. 13.

Young Folks Find Judge Draper Wears Robe Of Friendship

By Betty Daft

"It isn't possible to teach or preach idealism without practicing its principles." Judge Robert M. Draper, 104 S. Westmoorav, fills his hours off the bench with application of his philosophy.

By giving generously of his time and talents to young people, he has helped countless ones find their way out of entangling webs of circumstances.

And the youngsters in turn, recognizing his council, guidance and interest in their welfare as genuine, have made him their friend and confidante.

He has symbolized "the law" as a trusted friend, rather than a frightening, robed orge behind an imposing bench to hundreds of youngsters.

* * *

"The Judge," means a sympathetic listener and helpful counselor to Explorer Scouts in the Sullivant Gardens post, students in his weight-lifting class there, and members of the Sunday School class he teaches at the Presbyterian Mission on Main-st.

And in return, he reaps a rich dividend of frendships for the efforts he sows in their behalf.

Time Is 'Plentiful'

"Time? There is always plenty of time," he insists. "Anyone can find the time if he just clears his mind of the unimportant.

"There is always an hour to go hunting with a boy or take him ice skating, teach kids a skill, or find a job for a young girl who badly wants to become a nurse."

Hoping to interest others in helping, the common pleas judge points to such an urgent need as the inadequate recreational facilities at Sullivant Gardens.

West Side Kiwanis Club has recently offered some support to the program at Sullivant.

"There are 1000 youngsters living in the project. Cut off as they are, by Mound-st and industry, the cloverleaf, farm lands and the cemetery, they are virtually dependent on the program offered there for all their leisure time activities."

High in his praise of the project's recreation director, Draper said, "They do a great deal with very limited facilities. Much more is needed."

A softball diamond, horseshoe court and badminton court have been recently laid out on the athletic field at his insistence.

Wife Shares Interest

Ruth Draper wholeheartedly shares her husband's interest in children, and their home is always on an "open house" basis to their daughters' friends.

Judge Draper speaks confidently of his faith in young people. "They have never let us down; our hospitality and friendship have never once been abused.

"Our mark on young people is all we leave behind us."

MOVES AHEAD

Fruit Dealer Takes First 'Bold' Step

Joe Mercurio is a man who thinks for himself.

That's why he recently took the bold business step of moving his Capitol Fruit Co. from the downtown Central Market district to the East Side.

Today Mercurio and his company are at 1900 E. Main-st, miles away from the congested produce district with its parking problems.

Capitol Fruit Co. was established downtown about 60 years ago by Mercurio's father. When the son moved the business, he racked up a "first." His company is the first to move away completely from the market area.

Why did Mercurio divorce his business from the downtown produce section?

"Some day the whole area is going out," is the way he explained it. "I decided not to sit and wait for them to build a terminal. Everyone is waiting for the next guy to make a move."

He referred to urban renewal plans and proposals to relocate the produce district that have been talked about for years.

Capitol Fruit Co. serves Columbus, the remainder of Franklin County and surrounding counties. The firm now has 4,400 square feet of refrigeration space; a warming room for tomatoes, sweet potatoes and bananas is being put in and two adjoining buildings permit almost unlimited expansion.

"We can grow as fast as we want to grow," says Mercurio, who has plans to add more trucks and a station wagon for special deliveries. He sees East, Southeast and Northeast Columbus as area that will enjoy the greatest business growth.

His firm handles all fruits and vegetables, in and out of season. There are plans to wholesale canned goods next spring. His customers include individually-owned grocery stores, supermarkets, restaurants, hotels—and individuals.

Individuals can drive in and buy a bag of potatoes or bushel of apples, or anything else that is on hand.

"Our new facilities mean produce is handled less than formerly," Mercurio says. "That means that by the time it reaches the home there is less chance of it being bruised.

A veteran of 25 years in the food business, Mercurio lives at 949 S. Chesterfield. He is a navy veteran.

Ohio Deer Kill To Be Lighter This Season, Say Experts

INSIDE ON THE Outdoors By ROD COCHRAN

Deer season for gun hunters is just around the corner.

A three-day season this year, it occurs Dec. 10, 11 and 12 from 9 a.m. to 5 p.m. Bow hunters enjoy a 75-day season probably the longest in the United States, which opened Oct. 15, and extends to Dec. 31.

Deer are the only big game Ohioans have, but we hunt them almost in our backyards. To go deer hunting you do not need to travel any farther than to hunt rabbits or grouse. The growth of the Ohio deer herd is one of the hunting milestones of this century. In the early 1900's deer were virtually extinct in our state. Now they are hunted in every county, and more than two-thirds of the state offers good deer hunting.

Season Is Day Shorter

Hunting prospects this year, however, are not as good as last year. Merrill C. Gilfillan, writing in the November issue of The Ohio Conservation Bulletin, says, "The 1958 deer kill will be 1,000 fewer than last year, according to forest game biologist Eugene Knoder if conditions during deer season parallel those during last year's deer season. This year's three-day season will be one day shorter than last year. In addition, Knoder estimates that the deer population is lower than in 1958."

A satisfactory deer population will be found in a wide belt that starts on Lake Erie and curves southeastward to the Ohio River. Carroll County on the North and Athens County on the South mark this belt on the river boundary of the state. To the North, Lorain and Ottawa Counties are the markers, and good deer habitat anywhere between these four counties should produce satisfactory hunting.

The northeastern counties, long the best deer hunting area in the state, have fewer deer than last year according to the biologists. Also, a triangle of counties in southern Ohio has fewer deer. This area has Fairfield County as its top and covers all the counties to the south, including Adams County on the west and Meigs County on the east. The intensively farmed western counties have a generally low deed population.

Road Kill Is Yardstick

Division of Wildlife biologists estimate the size of the deer herd by the number of deer killed on highways throughout the year. Yes, deer are pedestrians and many of them are killed on roads. If the highway kill increases, then it is safe to estimate an increased deer herd. This year the road-kill diminished.

Many factors enter into the deer hunting picture. With such a short season weather is very important. A light snow makes hunting easier and causes a higher harvest. Too much snow, on the other hand, keeps hunters out of the field and reduces the kill significantly.

On a local basis a successful harvest depends on the number of hunters out. If few hunters are in the field, regardless of weather conditions, then deer are not moved much and not many are seen.

More hunters, up to a certain point, improve hunting. Many deer are sighted, for instance, on the opening day of small game season in very unlikely areas. This is because the thousands of opening-day hunters moved them around.

Gilfillan states in his Bulletin article, "There is a certain amount of luck involved in getting a deer. This element is usually overemphasized, however. A hunter's chance of success is materially increased when he knows the country he is hunting and has scouted the area before hunting season."

FEELS BETTER NOW
Girl Says Thanks —For Thanksgiving

Editor's Note: This item was written by William and Marjorie Denny, parents of Melody Jo Denny. It tells of the aid they received recently when their child was faced with a heart operation. "I'm not much of a newspaperwoman," Mrs. Denny said, "But the whole thing was very much in our minds this Thanksgiving. I only want to say thanks."

Mr. and Mrs. William Denny

Thanksgiving Day this year was a real celebration for Melody Jo Denny.

The table, loaded with turkey and all the trimmings, was only of minor importance because Melody has a whole new life to be grateful for.

Her family's special thanks go to the many people of Reynoldsburg who responded to the Record's appeal for blood for her open-heart surgery. The blood was not only necessary for use in the heart-lung machine during the operation, while her own heart and lungs were completely stopped, but for several transfusions afterwards.

Born with a hole in the wall between the two lower chambers of her heart, and a valve that had grown together, Melody might have looked forward to having only 10 to 17 years of life as a semi-invalid.

We have known since she was three months old that the operation would have to take place and the risks involved.

Now, with it all behind, we are grateful that she is becoming more and more active and happy and will have a chance to lead a full and normal life.

Melody proudly displays her four "purty 'cisions" (Incisions) as only a three-year-old can — all thanks to the surgeons, the Red Cross, and the blood donated by the people of Reynoldsburg.

Without the blood, the operation would not have been possible.

Four Injured In Two-Car Crash

A two-car crash last Thursday afternoon north of Grove City on Harrisburg-pk resulted in injuries to four persons.

Injured were Clarence Yost, 53, of 2651 Fishinger-rd, face cuts and skull fracture; Walter Caldwell, 54, of 1611 N. Hague-av, back injuries; Hilda Caldwell, of the same address; back knee and face injuries; and Thomas Yost, 23, of Clifton-rd, face and leg injuries.

Thomas Yost was cited by sheriff's deputies for traveling left of center line. The Yost car veered left of center, striking the Caldwell car broadside, deputies reported.

Conservationists Have Big Week

There will be a turkey and ham shoot at Southeast Conservation Club's new location on Jackson-pk, Sunday, Dec. 6, at 1 p.m., under the supervision of the Hunter Safety Instructors. This will be open to members and their guests.

Plans are being formulated by the new farm committee to provide ice skating dates open to neighbors and friends.

On Dec. 2 at the Hart Road Club House, Membership and Election Night was scheduled. A fried fish supper was on the menu.

Most lazy folks are just too tired to complain.

Bulldogs Out To Scuttle Central Pirates

St. Mary's Open League Year At Canal Winchester Friday

Partially shaken by a convincing defeat at Middletown, Coach John Colmery's Bulldogs head into another rough one Friday night playing host to Central in the City League opener for both teams.

Marion-Franklin also opens its City League wars Friday, traveling to Aquinas while St. Mary's plays its first County League tilt at Canal Winchester.

A lone Saturday game is carded with St. Mary's trekking to Watterson.

Colmery, who refuses to make excuses for his Pup cagers and admits they were out-conditioned and outshot at Middletown, nevertheless feels they can become a title contender in the city loop.

"All we need is a good shot of confidence," Colmery quipped. "Our boys are just as good as any others, we've just got to make them believe in themselves."

Central will be bringing an all-veteran unit to the South gymnasium with Ed Tucker, Gary Jewell, Fred Gray and Herman Reeves leading the attack.

South has probably the two toughest aggregates in the conference for their opening opponents. Two weeks after Central, the Pups meet highly regarded East in their second league game.

Listed as a doubtful starter for the Bulldogs is guard Don Jagerski who had to be carried off the floor at Middletown after being spilled. If he isn't ready, Colmery will go with Eugene Harper, a junior letterman.

Only bright spot of Saturday's game, Colmery said, was the improved shooting of Bill Young.

Columbus St. Mary's lists seven seniors and four juniors on its varsity crew. Co-captains are John Sauer and Wally Gray.

Other Rambler players are Jerry Parker, Jim Schmitt, Mick Francisco, Dick Spurlock, Joe Tanner, Mike Montler, Dave Francisco, Andy Downey and Gary Bucilla.

The Rams won their opener last week at Holy Family, 74-26.

Remainder of the schedule is:

Dec. 11—Reynoldsburg
Dec. 12—Academy.
Dec. 18—at Dublin.
Dec. 22—at Rosary.
Dec. 30—at Watterson.
Jan. 8—New Albany.
Jan. 15—at Hamilton Twp.
Jan. 22—University.
Jan. 23—Aquinas.
Jan. 26—at Lancaster St. Mary
Jan. 29—New Lexington St. Al.
Feb. 5—Rosary.
Feb. 9—Corning.
Feb. 12—at Academy.
Feb. 13—at Aquinas.

Middies Top Pup Cagers In Opener

Middletown, a spectre of defeat that hangs over the Ohio cage arena, overpowered a developing South High eleven Saturday night on the winner's court, 60-39.

South led twice early in the fray with leads of 2-1 and 7-5, but faded rapidly as the Middies picked up steam.

The Bulldogs managed only eight points in the second stanza and six in the third while Middletown was smashing the nets for 28.

It was the fourth time that the Middies have managed wins over the Pups and limited them to 39 points.

Bulldog guard Don Jagerski was injured just before the Pups lost their early lead and had to be carried from the court.

Every player on the South bench got into the game at least three times except injured Jagerski.

Wins over Wright-Patterson Air Force Base and Detroit Tech brought the Bliss College varsity's win streak to four prior to their initial loss to Indiana Tech last Saturday night in Ft. Wayne.

With four players scoring in double figures, Bliss romped home a 100-72 winner over Detroit Tech in the Friday night tilt. Dick Langley, Bookkeeper center, had 23, Bill Smith and Jack Hilt each contributed 19, and Bill Green posted another 17.

Girl Says Thanks —For Thanksgiving

Editor's Note: This item was written by William and Marjorie Denny, parents of Melody Jo Denny. It tells of the aid they received recently when their child was faced with a heart operation. "I'm not much of a newspaperwoman," Mrs. Denny said, "But the whole thing was very much in our minds this Thanksgiving. I only want to say thanks."

By

Mr. and Mrs. William Denny

Thanksgiving Day this year was a real celebration for Melody Jo Denny.

The table, loaded with turkey and all the trimmings, was only of minor importance because Melody has a whole new life to be grateful for.

Her family's special thanks go to the many people of Reynoldsburg who responded to the Record's appeal for blood for her open-heart surgery. The blood was not only necessary for use in the heart-lung machine during the operation, while her own heart and lungs were completely stopped, but for several transfusions afterwards.

Born with a hole in the wall between the two lower chambers of her heart, and a valve that had grown together, Melody might have looked forward to having only 10 to 17 years of life as a semi-invalid.

Melody Jo Denny

We have known since she was three months old that the operation would have to take place and the risks involved.

Now, with it all behind, we are grateful that she is becoming more and more active and happy and will have a chance to lead a full and normal life.

Melody proudly displays her four "purty 'cisions" (Incisions) as only a three-year-old can — all thanks to the surgeons, the Red Cross, and the blood donated by the people of Reynoldsburg.

Without the blood, the operation would not have been possible.

Honor Service Is Planned For Frank A. Beatty

On Sunday, Dec. 6, at 2:30 p.m., Frank A. Beatty of Darbyville will be the guest when a special Service of Honor will be held at the Darbyville Methodist Church for his faithful service over the years.

Mr. Beatty served for 37 years as the Sunday School Superintendent, giving up that position in 1955 because of failing health. During the 75 years he has attended the Darbyville Church, he has held many church offices.

His friends know and remember him for this church work and also for his singing, especially at funerals. He also enjoys playing the piano.

During this Service of Honor a new pulpit Bible for the Darbyville Church will be dedicated in honor of his faithful service to the church.

HERE ARE TIPS ON APPLIANCE CARE

It takes a lot of knowledge to be the woman of the house today.

Besides taking care of her customary duties, she must also assume responsibility for hundreds of dollars worth of appliances necessary to perform all the housework.

Here are some tips passed on by the Better Business Bureau that may help housewives.

When something goes wrong with your appliance and you find it necessary to make a phone call for a serviceman to come to the house, be sure to ask what the service call will cost.

Even though the appliance may be new or almost new and still under the manufacturer's warranty, there may be things that will happen which are not covered by your guarantee.

It is well to read the warranty policy and see what is warranted and the length of time by the manufacturer.

Some manufacturers will furnish the parts that are proved defective in manufacture, but do not pay for labor to assemble them.

Always remember to have enough cash on hand to pay for a service call as all firms work on a COD basis, and some add 10 per cent carrying charge for a charge account.

INCOME TAX FAX

There's Nothing Wrong In Saving On Tax Payments

Editor's Note: This is the first of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Taxes may seem a long way off right now, but they are not. We have to live with taxes every day of our lives and if we want to pay only our share we must keep accurate records of our finances and so shape our daily lives to produce the lowest tax result.

These columns are intended to help you in a general way: to give you the answers to the most often asked questions about income and deductions and to point out the tax saving possibilities that may be open to you. If you have a specific problem you should consult the accountant of your choice as early as possible.

There may be some things that you should do now, before the end of 1959, that could make a big difference in the tax you will have to pay, or the refund that you will receive, in 1960. Future columns will tell you what these things are. Watch for them.

Sometime you may hear or read that tax savings are morally or legally wrong. That is not so. Judge Learned Hand expressed it so well when he said, "Over and over again courts have said that there is nothing sinister in so arranging one's affairs as to keep, taxes as low as possible. Everyone does so, rich or poor; and all do right, for nobody owes any public duty to pay more than the law demands; taxes are enforced exactions, not contributions. To demand more in the name of morals is a mere cant."

Group Sets Final Show

Capital City Gun and Indian Relic Collectors Association will hold its final meeting and show Dec. 5 and at the National Guard Armory, 4094 Sullivant-av.

Members will be assessed no charge this time for their usual quota of exhibition tables. Arthur L. Burgess, Jr., said this is being done to deplete the group's treasury before disbanding.

The exhibitions feature an interesting array of Civil War lore, antiques, guns, knives, Indian relics and western gear. Admission is open to members of gun clubs, their friends and guests. Hours are 8 a.m. to 6 p.m.

Lundstrum Appointed Land Planning Head

Appointment of Allan W. Lundstrum to chair a newly-created Land Use Planning Technical Committee was announced today by Harry M. Miller, chairman of the Board of the Development Committee for Greater Columbus.

Lundstrum, president of the Ohio Fuel Gas Co., will direct the new committee to provide citizen assistance to public officials responsible for formulating and effectuating a comprehensive land use plan to guide the orderly growth of the Greater Columbus area. The committee expects to schedule its first meeting early in December.

Authorities have long considered comprehensive land use planning as the cornerstone on which rests the effectiveness of all other planning functions.

Stemming from population and economic base studies of the urban area, the land use plan is drawn to guide the harmonious and orderly growth of residential, commercial and industrial areas.

With a workable land use plan, the proper placement and timing of construction of transportation and communications facilities, public utilities, schools, fire stations, parks and playgrounds, and numerous other community improvements can be determined. The land use plan thus provides the pattern for the physical elements of the community.

Civic leaders who have accepted membership on the new technical committee include Robin Bell, Surface Combustion Corp.; Preston Cooke, Preston Cooke and Co.; John W. Craig, Westinghouse Electric Corp.; H. James Holroyd, Holroyd and Myers; Fred W. LeVeque, L. L. LeVeque Co.; Robert K. Levy, the Union Co.; James A. Lingo, Lingo and Breen; Robert M. Rex, Columbus Bolt and Forging Co.; Todd Tibbals, River Forest, Inc.; and Richard Tully, Tully and Hobbs.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—apples, grapes, grapefruit, oranges, tangerines.

Vegetables—broccoli, potatoes, sweet potatoes, turnips, dry onions.

Other Foods—pork loins, lamb shoulder, fryers, eggs, ice cream, almonds.

FOOD SHOPPING IN DECEMBER

December has always been a delightful month for food shopping. And this December is no exception. All departments of the store are "spruced up" a bit in anticipation of the coming holiday season. As we go through the markets, here are some tips for your shopping lists:

Grapefruit supplies are back in stride. Sizes are larger and prices moving downward . . . eating quality now excellent. Supplies from Florida and Arizona are good and Texas reports the biggest crop since 1951. The smaller sizes are more economical.

Florida juice oranges are the best buy in oranges—fruit is larger and prices lower. California Navels are now excellent in quality—better than a year ago, and considerably lower in price.

Tangerine supplies are 10% below those of last year, but there'll be plenty of good tangerines around for Christmas.

Tangelo supplies are reported to be 50% larger than last year. Flavor of the tangelo is described as a combination of orange and grapefruit, without the sharpness of grapefruit. These, too, are at their best for Christmas.

Many special fruits have their season in December. This is peak for fresh coconuts, persimmons, pomegranates, kumquats, D'Anjou pears, and California avocados. Enjoy them for their color and unusual flavors.

Apples of many kinds remain in good supply at low prices.

Bananas which have been up in price due to low import supplies, are again down in price.

Vegetables—You many find the green, leafy vegetables a little higher in price, due to adverse weather conditions. However, remember that a little of these goes a long way. And there's still a deluge of homegrown acorn and Hubbard squash, and the season to enjoy parsnips is just beginning. The flavor becomes sweeter after the first freeze. In general, the root vegetables are now better vegetable buys.

Meats—Pork is the economical red meat choice. Loin prices are lower, which will probably mean some good values on pork loin roasts and chops. Little change is expected on beef prices until spring. Watch for special prices on roasts and steaks now that cold weather has increased the demand for the long cooking cuts. You can expect attractive prices on lamb, especially the shoulder cuts, from now until the holidays. Fryers and eggs will continue as two good protein buys.

Tree Nuts—There'll be lots of the four major tree nuts (almonds, filberts, pecans and walnuts) for your fruit cakes and other Christmas baking. The 1959 almond crop is record large—three and a half times the 1958 crop. Almonds are small this year but you'll like their flavor. The filbert crop is up about a fourth, but both the pecan and walnut crops are down a little. Prices on pecans and walnuts have started off at last year's level but may advance as the supply dwindles.

BIBLE COMMENT

Thanksgiving Thoughts Last Through Year

For a Thanksgiving season meditation, as valid now as when it was first spoken, the words of the theologian Henry C. Potter return to us.

As we gather about the family board today, let us remember the houseless and homeless and unbefriended, and be sure that we have done something to make sunshine in their hearts, no matter what gloom may reign outside.

And as we grasp the hand and look into the eyes of friend and kinsman, be this the greeting we give:

"Brother, whatever else our homes provide today of plenty and good cheer, let us provide things honest in the sight of all men."

And then, in the name of that Master whom we serve and great exceeding love: "let all bitterness and wrath and anger and clamor and evil speaking be put away from us with all malice; and let us be kind to one another, tenderhearted, forgiving one another—whatever the old wound that aches and burns today, even as God for Christ's sake hath forgiven us."

MORE ON FOREIGN AID

A $5,000,000,000 foreign-aid program has been drafted tentatively by the State Department for approval by the Budget Bureau.

The sum was expected to be trimmed — perhaps by $1,000,000,000 — during a review by the Budget Bureau in the next three weeks.

A final figure of about $4,000,000,000, covering military, economic and technical assistance for the fiscal year may be submitted to President Eisenhower just before he leaves Dec. 3 on his overseas tour.

Derson Held To Jury In Fund Theft

Paul Derson, 36, of 446 S. 18th-st who was fired Nov. 20 as cashier in the office of County Treasurer Newton A. Thatcher, pleaded Innocent Friday to charges of embezzling $17,408.70.

He was bound over to the Franklin County Grand Jury under $1000 bond when he appeared before Municipal Court Judge Fred L. Donnally.

Derson was discharged by the county treasurer for drinking during working hours. Derson previously told County Prosecutor Earl W. Allison that an error he made six years ago started him on a series of embezzlements.

Annual 'Y' Meeting Set For Gahanna

The YMCA's annual Hi-Y and Tri-Hi-Y Conference for the high school youth of Southeastern Ohio will be held Saturday, Dec. 5, at Gahanna High School.

Dr. Otis Maxfield, senior minister of Columbus' First Community Church, is the keynote speaker on the subject of "Youth and Authority."

"Woody" Hayes, OSU football coach, will address the conference, giving illustrations from his own career of how a respect for authority has made the difference between failure and success on the gridiron.

Approximately 450 youth and adult leaders are expected at the event. Presiding will be Mike Kagay, senior at West High School, and vice-president of the Ohio Hi-Y Council.

Sharing the conference leadership will be Rollie Stagg, Gahanna Hi-Y president; J. Bailey Bush, principal of Gahanna High School; Marion Canter, song leader from Reynoldsburg High School; the Mifflin Tri-Hi-Y Club under the leadership of Mrs. Marian Smith, are leading the worship services; and the conference coordinators are Glaze Thompson (Franklin County YMCA branch executive), Robert Schmidt (Metropolitan YMCA Youth Program secretary) and Mr. Robert Taylor (Ohio-West Virginia Area Council).

PTA PLANS LUNCH

Stewart Avenue PTA will hold a jitney lunch at the school on Thursday, Dec. 10.

UNIFORMS ISSUED — Members of the Optimist Junior Glee Club were issued their uniforms at the Monday night rehearsal. Boys who are participating in this year's Boys' Glee Club are: Mike Badger, Steve Bonner, Stan Bonner, Darrell Boggs, Ralph Bressler, Robert Burton, Ralph Crawford, Jr., Larry Dunning, Eddie Saulk, Mike Fischer, Bruce Harris, Tom Hauck, David Henry, Jim Henry, Billy Hickle, David Houck, Bob Jepsen, John Klenzle, Barry Kroft, Garry Kroft, Wynn Kroft, Don Martin, Frank McCathran, Jim McMahan, Rodney Miller, Dan O'Neill, Tim O'Neill, Ron Pargeon, Jack Parsons, Marc Parsons, John Prahm, David Ramey, Virgil Rutherford, Ken Savage, Robert Skeen, Richard Skeen, Danny Smith, Kenneth Smith, Stan Sobel, Eddie Speakmon, Walter Steffans, Dick Todd, Charles Todd, Larry Whitt, Don Wiederhold, Bob Wilson, John Wilson and Tom Wright. Director of the Glee Club is Paul Ward and accompanist is Dale Everett.

Optimist Junior Boys Glee Club Oldest In City

Optimists Junior Boys' Glee Club, the oldest glee club in Columbus, started out its 1959-60 season with uniform fittings last Monday night at the South Side Branch YMCA. Forty-four boys were present for the fitting. This year marks the 24th year for the club, which started back in 1935.

The Junior Boys' Glee Club first met in 1935 in the old Emerick home at Thurman-av and High-st. The home has since been torn down and a service station is on the site. In 1936 the club moved to its present location at South Side YMCA. In its 24 years of service to the community the club has gone from 15 voices to the present 44 voices.

Rev. and Mrs. Al H. Heinz were the first directors of the boys' glee club. Rev. Heinz is a member of the Downtown Optimist Club. Following his footsteps, Paul Ward, a music director at Central High School, stepped into the director's spotlight.

Sponsors for the Junior Boys' Glee Club are the Optimist International of Columbus and the South Side Branch YMCA.

Each year the boys sing at various civic affairs, club and organization luncheons, banquets and meetings, and supply Christmas music in caroling form to shut-ins. During the Christmas season their voices echo throughout the South Side with words of Christmas cheer. The group is available for special entertainment. Plans can be completed by calling the South Side YMCA.

Miles "Cap" Hoover, director of the South Side Branch YMCA and widely known youth advisor, said that "this training is valuable to a youngster, it is a real development in his future life." He further stated that "a good voice is a God-given ability if treated properly." "Cap," as he has been known since his high school days, has worked with youth for more than 25 years. His wide training for the younger generation includes all categories and fields.

Members of the board of the glee club said all South Side boys with an ability to sing are urged to file application to the group.

South Side Family Spends Holiday In Tennessee

A "different" Thanksgiving was spent by Mae and Virgie Dean, 33 E. Jenkins-av, from their usual one with all the relatives around the festive board. The two drove to Tennessee, where their son Bob is a student in Milligan College, and had their dinner with him. Jill Hoover, their daughter, spent her Thanksgiving in Columbus with Mike's folks. The young Hoovers now live in northern Ohio. We were going to mention Mae anyway, for she has a birthday today, Dec. 3.

This time of the year brings trepidation in the Lenox household, for so much seems to happen in the lives of relatives. A year ago a niece, Joan Butler, was in the hospital with a rare and little known disease. This year Joan's father, John Brandun, of S. Twentysecond-st, was injured in an auto accident and her aunt, Vivian Lenox, has an infected esophagus. Another branch of the family seems susceptible also. A year ago one of the relatives passed away, and this year a young 24-year-old bride was killed as she crossed the street . . . we're a little old to start getting superstitious, but we're happy to see the New Year arrive!

Birthdays are a prelude to Christmas in the lives of these youngsters . . . Constance Romine, Dec. 9; Ronald Linville, Dec. 3; Roger Coverdale, Dec. 9; Wayne Birchler, Dec. 9; Ira Childers, Dec. 6; Sheila Harber, Dec. 3; Aretta Moore, Dec. 4; Paul George, Dec. 4; Patricia Fields, Dec. 9; Kenneth Garren, Dec. 4; Jerri Mason, Dec. 5; Mary Poeschel, 329 E. Jenkins, Dec. 3; Deanna Womeldorf, 2724 Terrace-av, Dec. 8.

The silver "25" wedding anniversary of Mr. and Mrs. Floyd Engle, 446 Stanley-av, was celebrated with a mass at St. Mary's Church on Sunday, Nov. 29.

Our sympathy to Mary Merritt, 384 Reinhard-av, who lost her mother last week. Mary is the hard-working president of all the Trudeau Guilds. Also our sympathy to the Hysell family, at the death of Orla Hysell.

We imagine the Dec. 7 birthday of Hattie Pehrson will be celebrated in an extremely quiet manner, for the PEBS member underwent an eye operation on Nov. 24, so she will be inactive for awhile. As a matter of fact, she will undoubtedly still be in Mt. Carmel Hospital, where she is a patient, in room 524. Marty Pehrson, her son, will be home from Texas for the Christmas holiday.

Friends of Lucille and Millard Hussey will have to erase the Thurman-av address of the popular couple and write in 2694 Floribunda-dr, for that is now their new home.

Mr. and Mrs. Arthur Bell, of Reinhard-av, spent Thanksgiving in New York City, where they visited with a son.

Mislaid for a week or so was this item . . . Mary Bright, of Sheldon-av, celebrated her 89th birthday on Nov. 12. We're expecting to write up that 90th year, Mrs. Bright!

Priscilla Dicke, freshman at Cincinnati Bible Seminary, was one of the Columbus visitors for a day on Thanksgiving.

A good friend, Irene Clark, spent her Thanksgiving visiting her father in Doctor's Hospital. Eber Varner, 1016 Williams-rd, is a retired employe of Buckeye Steel Casting Co., and we know he would be cheered to receive cards from his friends and former coworkers. The latest communique about him gave us the word that he came through his operation nicely.

South High School friends of Dan and Marianne Baughman will be interested to learn that the young missionaries are the parents of a new daughter, Jane Suzanne, born on Sunday, Nov. 15. For the card-minded, (Christmas cards would be a happy thought to send also) the address is Box 252, Yaba, Nigeria. Richie Hugoniot is one who would enjoy hearing from his friends also. His address is 707 West Fremont, Selah, Wash.

Two Trudeau Guilds, 10 and 25, will hold their December meetings Wednesday, Dec. 9. Guild 25 will hold a 6:30 p.m. potluck dinner in the home of Mrs. Larry Rumsey, 2868 Eastmoreland-dr. Guild 10 will hold its 8 p.m. meeting with Mrs. Glenn Buller as hostess, Mrs. Buller's home is 326 Frebis-av. Both meetings will feature Christmas parties for the members.

The Stork played an amusing trick on two former employes of the Camp Fire Girl office, 718 S. High-st. Sir Stork decided to leave two little Cub Scouts at the homes of Mr. and Mrs. Roger Hatton and Mr. and Mrs. Ronald Gromelski. Pat Hatton was formerly the Executive Director, and Pat Gromelski was a secretary, while working at the Camp Fire Girl office.

The executive board of the Orient PVA will meet at 2 p.m. in the school building this Sunday, Dec. 6. The nominating committee will also meet at the same time. The next regular meeting of all members will be held in January.

The Social Service Committee of Women of the Moose, Chapter 206, will be in charge of the Wednesday, Dec. 9 dinner at the Moose Hall, 36 W. Sycamore-st, from 5 to 7 p.m. Nellie Huber, chairman, has chosen to serve as the night's menu, turkey, dressing, mashed potatoes, cranberries, peas and carrots, coffee and sherbet. The price of the meal is $1.00 for adults and 50 cents for children.

The December executive board meeting of Siebert PTA will be held on Wednesday, Dec. 9, at 12 noon. The affair will be a potluck, with each member bringing a covered dish. Following the dinner, the board will hold its business meeting.

Belatedly, the warmest wishes to Mr. and Mrs. Gus Glassmacher, 1050 Jaeger-st, who celebrated a 47th wedding anniversary on Saturday, Nov. 28.

Many Columbusites, including the Gadabout, feel a great sense of loss with the passing of Dorothy Jolly, 1730 S. High-st. She was a wonderful woman!

The long and lankies of Capital University get their basketball season underway tonight at Cedarville, then travel to Louisville, Ky., for a session tomorrow night, both non-conference games. On Wednesday, Dec. 9, the thinclads will tackle Ohio Wesleyan at Delaware. Don Dicke, the South High grad on the squad, has been fighting an infected toe, but hopes to be able to see action by whistle time.

Teresa Marilyn Allmon missed her mother's birthday by a few days, for the new Miss Allmon arrived on Nov. 22, and her mother's natal day was Nov. 17. The parents are Marilyn and William Allmon.

An open church wedding in Livingston Methodist Church on Dec. 4 will unite Jo Ann Carter, 135 E. Mithoff-st and Jimmy Lee Smith, 1370 Millerdale-rd in matrimony. Both the young people are graduates of South High School.

Our friend, Wilma Barton, 341 E. Innis-av, will have a busy Dec. 10, from all indications. The South High School PTA president will preside at the board meeting and Christmas party at Southview Shelter House on that day from 12:30 to 2 p.m., then will be hostess at an Open House at her residence from 2 to 4 p.m. and 6 to 9 p.m. The Open House is designed to allow the employed members of the board to be able to attend.

The Gifts for Giving project is making progress . . . three more contributions receive our thanks for their assistance in the project. "Thank Yous" to Mary Johnson, Jerri Ross and Marie Hart. Our fervent hope is that we at least achieve the goals of the previous years. We think the project rather unique for we solicit no money . . . merely the "white elephants" that seem to have a way of accumulating around the house. As per usual, we have less items for the men and children, so last year's ties, shaving lotions, etc., would perhaps bring the Christmas joy they failed to elicit last year! Perhaps the games, or "doo-jiggers" that were pushed back for the larger toys, could be found in time to make our Dec. 17 deadline. (Our delivery date at Benjamin Franklin Hospital is Dec. 18). We hope!

Mohawk District Scout Meeting Set Thursday

Mohawk District Commissioner, Harold Welch announced the regular meeting of the Commissioner staff, will be held at Scout Headquarters, 1426 E. Broad-st, at 7:30 p.m. Thursday evening, Dec. 10. All commissioners are asked to be present.

The regular meeting of the Mohawk District Committee will be held on Tuesday evening, Dec. 15, at Scout Headquarters at 7:30 p.m. Richard Castron, district chairman, urges all district committee members to be present.

Philmont Scout Ranch promotion will be part of the program for the regular roundtable meeting for all adults in scouting to be held at First English Lutheran Church auditorium, the 22nd, and McAllister on Thursday, Dec. 17, at 7:30 p.m.

John Westlake, Mohawk District Organization and Extension Committee chairman, announced a new troop is being organized at the Lockbourne Road Baptist Church and a new Cub Scout pack is being set up at Benfield Avenue Church of Christ. The second and third meetings of parents will be held on Wednesday, Dec. 2, and Dec. 16, at the church basement on Benfield-av.

Barrett Holds Thanksgiving Assembly

Wednesday, Nov. 25, Barrett Junior High School held its Thanksgiving assembly program, prepared and presented by Barrett's Hi-Y and the Senior Girls' Glee.

Jim Lyle, president of the Hi-Y, made the address of the occasion, a study of primitive and later day feelings of thanksgiving toward the guiding and protecting and providing power. Scott Snyder led in prayer.

The orchestra, led by H. L. Germain, furnished instrumental music, the Senior Girls' Glee, led by Andrew Denman, sang "Bless This House" and "Thanks Be to God."

Vice-Principal Ruth Castner was in charge of the program.

Cub Scouts Get Awards At Meeting

Cub Scout Pack 31, of the South Methodist Church held a monthly Pack meeting on Tuesday, Nov. 24. Dens 1 and 3 presented skits.

Jerry Autenrieth and Barry Brown received gold arrow points. Melvin Penrod received a bear badge and Jimmy Dayton received his denners stripe.

The boys who received the merits are members of Den 3. Mrs. Melvin Penrod is the den mother.

Hoermle Adds New Appliance Line Equipment

Hoermle Appliances, 1884 Parsons-av, has added Mathes stereophonic radio and record playing equipment to its line.

The Mathes stereo line features hand-made cabinets fashioned in fine hardwoods, stereophonic radio with split tuning and the ultimate in high fidelity sound from stereo records.

Split tuning in radio was first introduced at popular prices by Mathes. It permits simultaneous playing of AM and FM for more enjoyment of stereophonic radio programs.

Mathes "Music Centers" feature exclusively: fine cabinet styling, highest quality tone reproduction and prices far below competitive products offering similar features.

Bexley Mayor Heads For Seventh Term

Bexley Mayor W. A. Schneider, after 24 years as administrative head of the suburban city, was re-elected without opposition last Tuesday and now looks forward to his seventh term in office.

A veteran of the plumbing business for 30 years, Mayor Schneider said that "honesty and a middle-of-the-road policy" have been his only platform and continues to be.

"I have made mistakes but they have been honest mistakes. When I go to bed at night, I sleep with a clear conscience," said the mayor smiling.

Schneider did not attend high school due to ill health. The family doctor told his parents that he must quit school and take an outside job.

Mayor Schneider feels that the poorest man in Bexley should enjoy the same city benefits as do the wealthiest men in the city. Likewise, Bexley's business tycoons pay the same traffic fines, and abide by the same laws, as do the laborers.

The mayor moved to Bexley 38 years ago. He lived at 779 Euclair for 35 years and now resides at 789 Euclair. He is married and has one son living in Bay City, Mich. Another son died at the age of 16.

Born in Columbus, Schneider did not attend high school due to ill health. The family doctor told his parents that he must quit school and take an outside job.

The Bexley administrator went to work with a local plumber and seven years later went into business for himself. He sold the business to his partner just three years ago.

Mayor W. A. Schneider

Mayor Schneider entered Bexley politics as councilman in 1934. Two years later, he ran against three other men for mayor and won. In three elections, he has had no opposition in the mayor's race.

He said he entered the city government scene because he felt that with his own business he would have enough time to devote to the "part-time" job of mayor. He has been working full-time hours as mayor ever since!

When Schneider became Mayor, Bexley boasted one police cruiser and a pickup truck. There are approximately 80 people on the city's payroll at present and the the city takes care of its own street work, rubbish and garbage collection and recreation.

The city's recently-built $500,000 city hall is a source of great pride to the mayor. It was built without the aid of any special bond issue. "It was built with money I saved here and there in city expenditures," said Schneider.

It was during the forming of the charter commission in the early 1930's that the people were polled on the question of annexation to Columbus. Residents decided they would rather remain a separate city. Schneider served on the commission.

The Bexley charter went into operation in 1932 and has had only one amendment since. This was to give permission to the city to put a water fund to other uses besides water.

Mayor Schneider said that council has never turned down any of his requests or suggestions during his administration.

The mayor said that he and his wife have traveled a good deal but don't care to much anymore. His friends are his only hobby and source of enjoyment, said the mayor.

Unsuited

A young sailor at a naval station went strolling right past a young officer without saluting him. "Hey, you," shouted the officer after the retreating boot, "come back here."

He pointed to the bars on his shoulders. "Do you see this?" he demanded.

"Are you complaining?" asked the rookie. "Look at the suit they gave me."

Grener-av Man Crushed Under Dump Truck Bed

Funeral services for James V. Estep, 37, were being arranged Wednesday. Estep was crushed to death beneath the dump section of his dump truck Tuesday.

According to police, Estep was apparently crushed when he stopped his truck to work on the dump section of the vehicle.

Surviving are his wife, Mary Alice, a 12-year-old daughter, a stepson and stepdaughter. Their home is at 378 Grener-av.

The accident occurred opposite 1359 McKinley-av. He reportedly may have raised the bed of the dump truck to fix a faulty muffler. In doing so he may have set off the lift mechanism, or the hydraulic system failed to operate, dropping the bed on his back.

Jr. Hinch wants to grow up and git on the police fierce.

Zakany Damage Suit Dismissed

The $150,000 damage suit against the New York Central Railroad in behalf of Steve Zakany, 72, a former railroad laborer, was dismissed by Common Pleas Judge George B. Marshall. This action occurred Monday, Nov. 21.

Outerbelt Project May Be Ready By Christmas

ULI Advice Comes Late For Planners

Concrete plans for construction of the proposed outerbelt encircling Columbus will probably be announced within the next few weeks despite advice to the contrary on the project made by the Urban Land Institute.

The institute, a non-profit panel of outside experts, spent last week studying Columbus' growing pains and making planning recommendations. Among these was reconsideration of the proposed outerbelt.

But the new proposal isn't likely to have any effect at all.

That's what Franklin County Regional Planning chief Grover Clements said Tuesday when questioned oif any change in plans was contemplated.

Clements, who had conferred earlier in the day with State Highway Department officials, said final plans for the project will probably be announced before Christmas.

Is "Federal Undertaking"

"The outerbelt is part of a federal undertaking," he continued, "and isn't likely to be affected by recommendations made by groups studying Columbus."

Many hearings have been held throughout the county since plans for the outerbelt began taking shape several years ago. Most disputed link of the project was that skirting Worthington.

State Highway officials have already set a definite route for the belt between New Rome and Grove City and between Grove City and Reynoldsburg.

Also important to outerbelt planning are new freeways to expedite travel to downtown Columbus. Engineering funds for simultaneous construction of limited access roads north of Rt. 40 from West Jefferson to Columbus and also east of the city are included in next year's Capital Improvements Budget. They are, of course, subject to review by the incoming Westlake administration.

Traffic Load Debated

The State Highway Department's chief of planning and survey, Frank J. Murray, took exception to an opinion given last week by ULI's traffic expert, Lloyd B. Reid. Reid, former New York City traffic commissioner, now of Detroit, said it appeared that only 20 percent of the traffic approaching Columbus is passing through the city. Thus, the cost of a $92 million outerbelt seemed unjustified, he reasened.

Murray, however said that as much as 37 percent of inbound travel was "through-traffic." He said the proposed roadway was important for the traffic of the future.

Such federal road projects have also been important in Civilian Defense emergency exodus planning. Construction has been financed 90 percent by federal tax money, and the rest is split by state and local government. Federal cutbacks, however, have jeopardized some of the work.

Kiddies: Reach Santa Through This Paper

Writing a letter is never more important to a youngster than around this time each year. With pen in hand, boys and girls who ordinarily scorn letter writing relate their Christmas wishes to one of their best friends . . . Santa Claus.

To help in transmitting the messages to the North Pole, Hartley Newspapers have agreed to give jolly old Santa a big hand this year.

The seven community newspapers will begin, starting next week, to publish letters from youngsters to Santa Claus.

After they have been printed, the Hartley Newspapers will forward them to the North Pole.

Letters must be no more than 50 words in length and contain the full name and address of each boy and girl. They should be addressed to Santa Claus, 2465 W. Broad-st, Columbus 4.

Watch the next issue of this newspaper for the first Santa Claus letters. To insure printing, all letters should arrive at the Hartley Newspapers office before Dec. 19.

Spanish-American War Veteran Tells Story

By Roger Swaney

Gently rocking in his old wooden rocker in his home at 258 E. Mound-st, Silas "Pappy" Hardwick vividly recalls his days as a mule train driver with the circus, his Spanish-American War experiences and his work in the building of Universal City, now known as Hollywood.

Although somewhat handicapped as a result of a recent fall, Hardwick, who is 89 years young, still is able to get around the neighborhood but has had to give up his daily stroll.

For years he was known by his neighbors as a man who would go out of his way to do needed chores for them.

A retired construction worker, "Pappy" was one of the builders of the Indianapolis Speedway, the Rose Bowl, Hollywood Bowl and helped build Universal City.

Liked To Travel

An orphan soon after he was born he never let that over-rule his ambition to travel. At the age of 18 he accepted a job with the Sells Brothers Circus as a mule train driver. At a salary of $3 a week he started his journey into new parts of the United States. After working with the circus for a year he felt he could further his venture more by working his way across the United States. He worked in lumber camps, and construction and hopped trains as a means of transportation.

In 1898, the scene of the Spanish-American War, Silas Hardwick enlisted in the army at Fort Leavenworth, Kans. He served under what he stated was one of the most famous generals of the U.S. Army, General Fred Funstal. Although staying in the army for only a short period he still furthered his military experience as a civilian.

He recalled the time when Teddy Roosevelt, then an army officer and a member of the Rough Riders, saved the life of friend of his by amputating his leg with a bayonet. The soldier was Sgt. McNulty, the author of several Spanish-American War songs.

Born In Cabin

"Pappy" Hardwick, known to hundreds across the United States, was born in a dirt-floored, log cabin south of Columbus. Being an orphan he prides himself on some of his recipes. He cookkd over a large handmade open hearth. He baked bread by putting hot coals around it.

As a hobby, keeping up his love for nature, he works in the yard of a close friend of his. Weather permitting he takes a daily jaunt of about a mile.

When asked what advice he had for the younger generation he said, "I constantly preach to the youngsters the day of makin' it with your hands has gone. The day has come when you make your way with your head." He went on to say "You need good education and plenty." At 89, a full life past, and Silas Hardwick still looks to the future.

A Spanish-American War veteran and circus hand he enjoys telling about the experiences of his life. Hardwick now lives in a rooming house on E. Mound-st. He enjoys working areund the house and in the yard doing small chores. At 89 years young he still is looking forward to many more years to come.

Former South Sider Assumes Duties With AF In Germany

A civil service employe with the US Air Force in Frankfurt, am Main, gave a lift to the writer of these words this week by sending a long newsy letter. The writer was Irma (Bentz) Whitright, who has lived in Germany for quite a few years now. Since she is a South High graduate, in addition to going to OSU, we'd like to share a section of the letter today. She bounces around Germany in a Lloyd, a German-made car, which is a 2-cylinder job. She and "Little Abe" (the name she's dubbed the car) have travelled from Amsterdam in the north to Salerno in the south, to the Rhone valley on the west, and she was planning to visit Berlin as she wrote, to extend her eastern visitation. She's put 30,000 miles on the car in 15 months, so will know Germany pretty extensively before she sees America again. The German she learned from South High School's Miss Volk has been put to good usage, for she often serves as an interpreter both th official and unofficial capacities. An amusing observation caused us to smile and we quote "I studied languages for 10 years and shorthand for six weeks, so I am naturally hired somewhat for shorthand and not at all for languages." She also assists when she sees a German and Englishman (or American) involved in an auto accident, so many of the local police recognize her and use her linguistic ability, calling her the "Wayside Interpreter."

Southwood PTA executive board will be early birds today . . . the meeting will be held at 9:30 a.m., with a coffee break at 10:30, which the teachers will attend. The students of the school are busy practicing the program which will be presented at the December PTA meeting, Dec. 17, at 7:30 p.m. The teachers are directing the presentation.

John Rogers, 393 E. Gates-st, spent last Friday visiting friends in Cincinnati. Julia, his mother, had her ailing leg re-injured in an auto episode. Cheery cards would help her morale!

Up to Dec. 16 birthdays, for the young set . . . Kathy Ann Hinson, 1399 S. Sixth-st, Dec. 11; Timmy Wiechers, 236 E. Moler-st, Dec. 13; William Griffith, Dec. 3; Kathi Horne, Dec. 10; Mary Workman, Dec. 11; Charles McNulty, Dec. 15; Elissa Nagy, Dec. 5; Deborah Ratliff, Dec. 13; Harlon Wilson, Dec. 16; Diana Summers, Dec. 14; Maxine Wolfe, Dec. 8; Robert Seasor, Dec. 14; Jo Ann Williams, Dec. 9; Lenora Pritt, Dec. 10; Steve Merritt, Dec. 12 and Doug Wallace, 151 Southwood-av.

Harold Colegrove, of New Jersey, was a Columbus visitor for a few days, arriving on Dec. 4.

There's only a day or two for his South Side friends to get in touch with Gary Thompson, but we didn't have the information early enough to be much help any sooner. Gary had the sad task of attending his grandmother's funeral (our loved Dorothy Jolly). The Red Cross helped to get him here from his Marine base in Okinawa. While in Columbus, he may be reached at BR. 9-0142, or at 298 S. Chase-av. He leaves on Dec. 12 to return to his assignment.

Jenkins-av. Earl and Pat Miller, of 494 Hanford-st, will be wedded 11 years tomorrow, Dec. 11. Virginia Long has a Dec. 11 birthday, while Dec. 12 is the natal day of Georgia Cook. On Dec. 15, Gasper E LaRue, Bill Kaufman, Margie Speakmon and Mrs. Ralph Mouser will pause from their holiday preparations long enough to say "howdy" to Father Time.

Mrs. James Robison, Sr., was a patient in White Cross Hospital last week for a day. She should be home, 1571 S Sixth-st, by now.

The young-spirited South Sider, who will celebrate an 81st birthday on Jan. 23, flew to Clearwater, Fla. and visited an ailing step-son for 19 days. One of the thrills in this year's Gifts for Giving project was in having one of last year's recipients call and ask if she could help by being one of the contributors this year. The lady is once more one of the work-a-day world, and is getting her fellow employees interested in the project. It is gratifying to know that the project is appreciated so much. It was also a pleasant moment to find out that the idea is being used for one of Ohio's largest hospitals! But the success of the project belongs solely and squarely with our wonderful readers, and we are happy in our role of the liaison person. As we write, we have practically nothing for the patients' children . . . we hope that's obsolete information soon. For first-time readers, Gifts for Giving puts "white elephant items" into the hands of patients at Ben Franklin Hospital to be used as Christmas gifts by them, for their loved ones. Contributors for this week are Mrs. Wagner, Mrs. Lisle, Mrs. Kelly, Mrs. Manion, Judy Hart, Audrey Fausnaugh, John and Julia Rogers, Mary Johnson, Alice Colegrove and Mrs. Bighouse. Our warmest thanks to these sympathetic folks for participating in "Gifts for Giving." We plan to distribute to the Ben Franklin patients on Dec. 18, so this is practically our "last call"—for this year. If anyone desires ye Gadabout to pick up a contribution, the phone is HI. 4-1051. Thanks!

DiSalle Criticizes Columbus State Hospital Head

Columbus State Hospital head Dr. Lowell Dillon was openly criticized Tuesday by Governor DiSalle for remarks made following an inspection of the institution.

DiSalle, speaking at the annual meeting of the Franklin County Mental Health Association, produced a newspaper clipping which quoted Dillon as accusing the governor of "grandstanding" during his visit to the hospital.

The governor became ill during the inspection and vomited, according to other newspaper accounts.

Dillon, also present at the meeting, abjectly apologized to DiSalle.

Asked if he intended to fire Dillon, the governor stated that he was powerless since the hospital head was appointed by the Department of Mental Hygiene and Correction.

Mayor Re-Election Bid Not As Sure As His Bet

Dublin Mayor W. Ralph Jones knew who was going to win in the village's mayoralty race this year.

That's why he bet against himself — and won! He won $8 in a private bet between council and himself. Mayor Jones guessed that Lewis Geese would garner 92 and he would get 72 votes in the recent election.

Geese actually received 114 and Jones 68 but the mayor was the closest in his guess, so although he lost, he won.

LETTERS TO EDITOR

Payola Share Due This Paper

I dunno — maybe you're entitled to some of that payola everybody seems to be getting, for arranging the wonderful community service advertisement plugging our November "Light A Life" campaign.

But seriously, the Council and the children who benefit from the CRC program are deeply indebted to you for your cooperation. The attractive ad was rated one of the finest publicity attractions of our drive.

You should know that you have helped Woody, and the thousands of volunteers who conducted the fund solicitation, to raise $50,000 to educate the mentally retarded youngsters in Franklin County. Many of those we train can now become useful members of society instead of liabilities to their families and community.

Little I can say can express my true gratitude, but I want you to know you have our most sincere and warm appreciation for your very generous help.

Very truly yours,
Joel Snyder
Publicity Chairman

Children To Be Guests At Yule Party In Woods

Children six years of age and older will be honored guests Saturday, Dec. 19 when a special Christmas program is presented at Beech-Maple Lodge at Blacklick Woods.

Columbus Metropolitan Park Board has planned the two-hour program which will begin at 2 p.m. and feature a skit by Camp Fire Girls of Columbus and Franklin County, two Christmas films and a talk by Harry Feldman, recreation consultant of the United Community Council.

There will be a blazing fire in the fireplace, a Christmas tree, and singing of Christmas carols.

Park officials said interest is so high in the program that a second program will be held at 4:15 p.m.

Accommodations are limited and reservations can be made by calling the park board office, CL. 8-9575.

Place wall light switches about 48 inches from the floor, say extension home furnishings specialists at the Ohio State University.

The fabric, the label, construction details, and fit are keys to good quality in men's suits and coats, say Extension clothing specialists at OSU.

STILL ON TOP

Chicago—Back in 1936, Jesse Owens was the sprinting star of the Olympic games in Berlin. Now 46, Owens still is in great shape and can run pretty fast. He proved it recently when he chased and caught a thief.

Owens saw a man looting his parked car and making off with his topcoat, hat, and some records. The man had a 100-foot head start, but Owens, now a disk jockey in a Chicago radio station, turned on the steam and caught him within half a block.

Jets Shoot For 800 Sales Of Box Seats Before Season

The Columbus Jets, with an $80,000 season box seat sale as their goal, have already received 383 confirmed box seat reservations for the 1960 season.

This figure betters the pre-Thanksgiving sale of a year ago, when 328 season box seats were in the hopper.

Top season sale in the club's previous five years was 747 box seats in 1956. The season box seat sale reached the 733 mark in 1959.

"In view of our second-place finish last year and with a real chance of having a one-two ball club from the outset in 1960, I definitely feel we have an excellent chance of selling 800 season box seats in 1960," said General Manager Harold Cooper.

The seats sell for $100 each on the season, which amounts to a savings of roughly $40. The Jets begin the season with approximately 70 home openings on the schedule, with the box seats selling for $2.00 apiece over the counter.

In addition to the season box seat sale, the Jets are now accepting orders for $10 gift certificates, which when presented at a later date, entitle the holder to a book of 10 general admission tickets to any regularly-scheduled game on the Jets' 1960 home schedule.

Postmaster Gives Annual Plea For Cooperation—

Postmaster Allen M. Rowe is asking the cooperation of all to assure mail delivery before Christmas Day.

Since Dec. 7, all window service at the main office, stations and branches begins at 7:30 a.m.

Rowe suggests that all mail for distant states should be deposited before Dec. 10 and "local deliveries" sent no later than Dec. 16.

He added the following suggestions:

1. Be sure that mailing addresses are correct.
2. Always write legibly.
3. Use complete addresses, including street, apartment house, rural route and post office box numbers. Avoid abbreviating street or state names. Place your return address on all mail.
4. Use zone numbers in sending and return addresses.
5. Pack and wrap parcels carefully, using quality materials. Parcels should be well cushioned so they don't rattle.
6. Address parcels on one side only, and place a duplicate address within the parcel.
7. Mail holiday greetings with first class postage. They may then be sealed and will be forwarded or returned if undeliverable.
8. Separate your Christmas cards into "local" and "out-of-town" bundles, using the labels distributed by the postman or station.
9. Greeting cards and written messages may be enclosed in parcels, if so endorsed and given the appropriate postage.
10. Affix the correct amount of postage in the upper right hand corner.

Above all, mail early in the day and often.

Ohio Quail Shooting Can Keep Those Shotgun Barrels Hot!

INSIDE ON THE **Outdoors** By ROD COCHRAN

I was eating a sausage sandwich at the State Fair and talking about quail hunting with Bob Evans, proprietor of the sandwich stand, when he invited me down to his farm near Rio Grande for a quail hunt this fall.

He was then making plans with his neighbors to sign a quail hunting agreement with the Division of Wildlife that would allow quail hunting on a block of more than 1,000 acres of land in Gallia County. I quickly accepted the invitation to hunt.

Bob called recently and asked if I could make it down the following Saturday. The trip to Rio Grande was made in the darkness of early morning, for he wanted to start hunting at 9 a.m.

Stanley, Bob's son, who is in school at Marietta College, was home for the weekend, and we made it a threesome. Two dogs, Tony a pointer and Pete a setter, accompanied us.

We started out in a field where Evans is converting an abandoned area to lespedeza, a legume that does well in southern Ohio and is an excellent quail food. The dogs were not long in acting "birdy," and then they pointed. Stan moved in on the dogs and a rabbit flushed—then a second rabbit ran out.

Dogs will occasionally point rabbits, so Stan relaxed a bit. At this moment the quail flushed, and none of us connected. Our excuse was the rabbits had thrown us off. It sounded good at the time, but experience throughout the day indicated that our shooting was not expert.

• • •

We watched where the covey flew, and flushed the main body of the birds again. From this flush we dropped the first quail of the day. We found two more singles from the covey and Bob shot one of them. From here on it was a succession of coveys and singles until noon. Our bag for the morning was nine birds.

• • •

After a hearty meal prepared by Mrs. Evans, we were off again. The afternoon was pretty much a repeat of the morning. Plenty of action, but so-so shooting. The dogs were indispensible, both in finding coveys and singles, and finding dead birds. It was a day to remember, and as 5 p.m. came we had 17 birds—one short of the limit.

No. 8 or 9 Shot Advisable

For my first Ohio quail hunt I used the same shotgun I use on other upland game. It is a 12 gauge pump with a modified choke. Brush loads were used with number eight shot. These shells are designed to scatter more quickly than ordinary shells, and I'm certain they improved my score on quail. Much of our shooting was in brushy areas, and at close range when compared to pheasant shooting. The small, number eight shot is also very suitable for quail hunting. I feel that 7½ is absolutely the largest to use when hunting these birds, and eight or nine is more advisable.

Evans said that most all of his friends down that way have young bird dogs they are training, for good dogs are much in demand and those with quail experience are almost impossible to find. John Halliday, Gallipolis, a well-known sportsman in southern Ohio and member of the Ohio Wildlife Council, has a handsome young pointer he is working on quail this year. We saw John at noon, and he was going to hunt on an adjacent "quail leased" area in the afternoon.

Quail Dogs Scarce

The Division of Wildlife has not observed the amount of quail hunting that it expected this year. Part of the reason may be that not many Ohioans have experience in quail hunting and therefore do not realize that it is one of the finest of outdoor sports. Another reason may be the shortage of quail dogs. In any event, "quail fever" has a good start in Gallia county — there's a saying going around down there, "After one quail hunt, you'll divorce your wife and marry a bird dog."

Quail hunting, in some ways, combines the best of pheasant and grouse hunting. These birds give you plenty of action—they keep your gun barrel hot similar to the way pheasants do on opening day. Hunting is done in brushy, remote areas where the hunters are scarce and the shots difficult — almost like grouse hunting.

Carp Provide Sport For Ohio Anglers

Carp can provide lots of sport for Buckeye anglers, according to John Walker, Wildlife District No. 6, fish management supervisor, Ohio Division of Wildlife.

Walker has proof of his statement. Recently he drained two ponds at the Spring Valley Wildlife Area, Greene County, which had been stocked with carp last March. The carp remaining after a summer of fishing were counted.

In the first pond of less than an acre in area, 209 carp up to several pounds in size had been released to provide bow hunters and others an abundance of opportunity. The carp could be taken by all legal means for rough fish-hook and line angling, snagging, spearing, clubbing and bow hunting.

One-half the carp population was taken during the eight months. This is a high rate of success, according to Walker. Although subject to heavy fishing pressure the carp reproduced well.

The other pond of about one-half acre was stocked with 208 carp of the same size. Here 116 carp, or almost 56 per cent, were harvested by anglers. Carp in this pond also reproduced well.

This experiment indicates that carp are useful in providing sport where fishing pressure is heavy. It tends to prove what some fish experts have always maintained — that carp are important to fishermen.

St. Mary Plays Two League Games in Action This Week

Marion-Franklin helps Eastmoor open its City League cage season Friday night at the Red Devil gym in the South Side's top game of the week.

Only one other Friday night contest is scheduled with Reynoldsburg at St. Mary. The Ramblers play again Saturday night, hosting Academy and South heads out of town to tackle Delphos St. Mary.

In the only mid-week game, Marion-Franklin is at Reynoldsburg next Tuesday.

Coach Rich Coldren's Red Devils got off to an impressive start with wins over Franklin Heights and Grove City, but hit a snag last Friday in the City League opener losing a tough one to Aquinas.

Eastmoor, with only a game against Mid-Eight rival London under its belt, will be short on experience when meeting Marion. But they can't be taken lightly until their true strength is determined.

Coach Colmery, in the middle of a year of rebuilding, has a young team lacking real experience, but with good speed. The squad is built around lettermen Ronnie Leddy, Richard Reese and Richard Reeves.

Coach Anthony Lavalle's Ramblers are on the spot in the Franklin County League. The loss last week to Canal Winchester's highly successful Indians means St. Mary can't lose too many more and remain in title contention.

Both Reynoldsburg and Academy are fairly unknown quantities. The Raiders have been beaten twice, but both times by respected foes.

The Ramblers, on the other hand, can't be counted out. Canal Winchester meets another stiff test this weekend in Rosary and who can tell what the loop standings will resemble by week's end.

Taking a break from City League action, South will take a breather at Delphos — if it can be termed that.

Delphos is one of the more highly rated teams in the state and will probably give the Bulldogs a real run for their money. They play a man-for-man defense and employ a fast breaking offense.

Bulldog stalwart Al Wilson missed the first two days of school this week with the flu and Coach John Colmery said he might not even make the trip to Delphos.

Don Jagerski, who sustained a severe bruise in a spill at Middletown, was able to play against Central last week and should be back in condition for the Delphos fray.

Although the Pups were beaten by Central, the loss wasn't convincing and indicated that the Bulldogs might become real contenders before the season is over.

Following on the heels of the Delphos game comes the big one with East, scheduled for next Friday in the Bulldog gym.

Marion-Franklin, which lists North as its next City League foe after Eastmoor, plays a traditional game at Reynoldsburg next Tuesday. The remainder of the Red Devil schedule is:

Dec. 15—at Reynoldsburg.
Dec. 18—at North.
Dec. 29-30—Holiday Tournament at Summit Station.
Jan. 5—at Groveport.
Jan. 8—Linden-McKinley.
Jan. 12—at Central.
Jan. 15—at South.
Jan. 22—at West.
Jan. 29—East.
Feb. 5—Aquinas.
Feb. 12—at Eastmoor.
Feb. 20—North.
Feb. 26—West.

SOUTH SIDE SPORTS NEWS

Bucs Down Pup Cagers At Foul Line

A wobbly Central quintet took advantage of South's charity mindedness to corral the spirited Pups at the free-throw line Friday night before a packed house at the loser's gym, 55-48.

Coach John Colmery's Bulldogs had the most goals and the most attempts, but also committed the most fouls enabling Central to win even though the Pups outscored them from the floor, 44-40.

But even if South had made all its free throws, it still wouldn't have been enough to overcome the seven point deficit. The Bulldogs cashed in on four of ten free throw attempts while Central netted 15 of 23.

Colmery summed it up by saying "excessive fouling and weak, although improved, shooting." Central made 31.4 per cent of its action shots while South meshed 30.9.

One bright spot of the evening was Ken Lee, whose performance has earned him a shot at a starting position.

High point man for the Pups was Al Wilson with 13 followed by Bill Young who scored 10.

Central was led by Herman Reeves who parted the twine for 25 points.

Indians Top St. Mary Five In Loop Tilt

St. Mary broke even in two weekend encounters losing to Franklin County League opponent Canal Winchester, 67-47, and dropping Watterson, 64-47.

Winchester's Indians, currently riding the crest of a five game winning streak, had to overcome a first quarter 13-12 edge to defeat the game Ramblers.

Paced by Mike Montler's 16 points, St. Mary kept within striking distance until midway through the fourth stanza. Teammates John Sauer and Joe Tanner gave Montler a hand with 12 and 13 points respectively.

Host Watterson fell behind 20-6 at the end of the first period and were never really in contention as the Ramblers notched their second win last Saturday. High point man for St. Mary was Sauer with 22 followed by Dick Spurlock with 15.

Aquinas was led by George Burke who smashed the backboards with 18 points.

Barrett Bows To Dominion By One Point

Barrett Junior High School's basketball team has had a busy week. After going 'round and 'round with the Faculty team on Tuesday, Dec. 1 they met Dominion Junior High School on Thursday, Dec. 3 and played hard to win by a final score of 37 to 36. Dominion had it won by a score of 36 to 35 with 18 seconds to go, when Barrett's Mike Rickard stole the ball and dribbled down the floor for a lay-up shot that won the game.

The entire Barrett team played good basketball, both on offense and on defense. Ron McDaniel, with 14 points, and Fred McGhee, with 11 points, did most of the scoring for Barrett. Tom Isaly, with 14 points, was high scoring man for Dominion.

On Tuesday, Dec. 8 Barrett played Mohawk at Barrett. This was the first league game of this season. On Thursday, Dec. 10, Champion Junior High School comes to Barrett for a non-league game.

Mrs. Jane Nelson Wins Volunteer Award At LAFB

Mrs. Jane Nelson, wife of Major Nelson of the Strategic Air Command, was named "Volunteer of 1959" at Lockbourne Air Force Base's annual Family Service Awards luncheon.

Mrs. Nelson received a silver bracelet bearing the SAC emblem and silver miniatures of SAC aircraft.

Mrs. Lila Patton was named "Volunteer of the Month" for her work during November.

Snooze In N. Yale-av Home Brings Charges By Police

A snooze in an apartment at 28 N. Yale-av brought charges of malicious destruction of property and intoxication against William H. Jones, 29, of 2168 Harper-rd.

Police said Jones apparently seeking a place to sleep wandered into the David Melfi apartment. Soon after he had entered the home neighbors smelled smoke.

Officers said Jones had fallen asleep on a couch while smoking a cigaret and the couch was set afire.

Neighbors called police who arrested Jones. Firemen who were called added a charge of careless fire. Damage was estimated at $10.

City Buys Final Lots For Center

Only a short length of red tape remains to be snipped before the Columbus Metropolitan Housing Authority takes over construction of an ultra-modern senior citizens apartment and recreation center north of Sunshine Park.

Councilmen Monday night authorized the purchase of the last two of 29 parcels on the 3.5-acre tract at a price of $70,400. This completed the city's 20 percent share of expenditures for the project. Total cost of the land was $261,230. The federal portion has been received.

Necessary rezoning is expected in a week or so, said CMHA coordinator Harry Drake, followed by a 30-day legal waiting period. He said all occupants except the Lorenzo Equipment Co. and a filling station have relocated. Mr. and Mrs. Frank Loyer, 518 Sullivant-av, were the last to sign over their home on Friday.

Drake said first contracts for razing the buildings would probably be let about Mar. 1. The city has yet to decide how it will reroute Sullivant-av to the north of the new center. Drake said the newly appointed service director, Ernest H. Stork, has been a helpful consultant on the new center and probably would have some suggestions on the street re-arrangement after the first of the year.

Westlake Fills Four Posts At City Hall

Four major cabinet positions have already been filled by Republican Mayor-elect W. Ralston Westlake who will assume the city's highest elective office Jan. 1.

Named to the position of service director, a controversial post in Columbus during recent years, was Ernest H. Stork, 65, 664 E. Cook-rd.

Albert G. Giles, assistant Franklin County prosecutor, was named safety director. Giles is a Bexley resident and plans to move into the city as soon as possible.

Assistant City Attorney W. Bruce Jenkins will be the new mayor's executive assistant.

Latest appointment has C. Howard Johnson, Jr., an attorney examiner with the Public Utilities Commission, assuming the post of public utilities director.

CW High School, Church Choirs To Present Messiah

Canal Winchested High School Mixed Chorus will assist in the presentation of the Christmas portion of Handel's oratorio, "The Messiah," Sunday, Dec. 20.

Members from the four church choirs will join other singers from the community to form a chorus of approximately 90 singers.

Two presentations will be given at two different locations.

The afternoon performance is planned in the United Church of Christ at 2:30 with Mrs. William Snyder playing the organ accompaniment. The evening performance will be given in David's Lutheran Church at 8, with Miss Alice Schmidt at the console.

Soloists were auditioned by the four church choir directors and the high school chorus director, and are all local singers.

The entire oratorio will be directed by Mrs. Phillip Heffner.

GIVE A MINUTE BACK!

What America needs is a renassiance of citizenship!

With that remark, Louis B. Seltzer headed into the conclusion of his address at the annual report meeting of Citizens Research held Thursday evening at the Fort Hayes Hotel.

Stunned listeners heard the world famous editor of the Cleveland Press charge that "this generation of Americans is not as staunt as those before."

Admittedly dissatisfied himself, Seltzer said most Americans know something is wrong. They are restless. Symptoms of this are evident in movies, magazines and television.

His words leveled a grave charge at this generation. It comes at a time when America, perhaps more than ever before, must be prepared to withstand determined attacks of conflicting ideologies.

But how many of us are ready to plead guilty to this charge? How many fellow Americans do you know that are unadmittedly or knowingly dissatisfied? What about ourselves?

Have we been willing too long to sit under the tree of democracy "and pluck the ripened fruit while doing nothing to strengthen its roots," as Seltzer pictured?

Being dissatisfied is not a solution. Americans cannot afford to become accustomed to dissatisfaction. We must start now to strengthen our citizenship by actually donating time each week to the American effort.

We must take time to read. We must go out of our way to attend civic meetings. We must make it a point to vote at every election. And we must make ourselves actively interested in the preservation of our American way of life.

As Steltzer put it:

"We must take time to give a minute back to the United States which has given us so much!"

INCOME TAX FAX

Sell Your Stock Losses To Reduce Taxes

Editor's Note This is the second of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Do you have stock market losses? If so, then consider selling the stocks now and using the loss to reduce your tax.

Warning! Do not purchase like or similar stock within 30 days before or 30 days after the sale. If you do, the loss is not allowable.

Here is how to figure capital gains and losses. If you have held the asset for more than six months the gain or loss is "Long Term" and if you have held the asset six months or less the gain or loss is "Short Term."

Short term gains are taxed as ordinary income but only fifty per cent of long term gains are taxed. Also, if your taxable income is over $18,000 for a single person or $36,000 for a married couple you should use the alternative tax computation for capital gains and pay only 25 per cent of the total amount of your capital gains as tax

You add all your long term gains and deduct all your long term losses.

Then add all your short term gains and deduct all your long term losses.

If you have a long term gain and a short term gain, you compute the tax on each separately.

If you have long term gains and short term losses, you deduce the short term losses from the long term gains and compute the tax on the remainder as long term gains.

If you have long term losses and short term gains, you deduct the long term losses from the short term gains and include the remainder as ordinary income.

If you have more losses than gains, or only losses, then you can use the loss to offset ordinary income up to $1,000.

Capital losses, either long or short term, are deductible in full from capital gains. They are deductible up to $1,000 from ordinary income in any one year. If your loss amounts to more than $1,000, it can be carried over and treated as a short term capital loss in succeeding years. You can deduct $1,000 each year for the next five years, if your loss amounts to that much.

Your loss can be deducted in full from capital gains in any year that you have capital gains.

BIBLE COMMENT

Nature Stands Still In Wings For Holiday

Once again we come to that time of year when the trees have lost their foliage, the streams run ice cold and the skies gather overcast.

Color seems to have disappeared from our lives, and the chill seems to crawl into our bones seeking a permanent home until springtime.

Life has subsided to a minimum of necessity. The birds hover in the eaves, dead plants appear as though they never will reawaken.

By the end of December the world of nature we know and enjoy will be almost at a standstill.

What more perfect time of the year could there be to celebrate the birth of the Christ child?

By its very somberness, nature seems to be preparing for the annual visit of this most holy and joyful anniversary.

It is as though the entire world of nature, not wishing to detract from the great event, stands in the wings of the cosmic theater while the greatest of all pageants takes place in the center of the stage for all the peoples of earth to watch with their undivided attention.

The gloom of the season acts almost as a foil to the celebration of the birth. The absence of natural beauty around us appears to emphasize the splendor of the Christmas coming.

The world takes an inferior position, leaving the planet to the world of man that he may sing the praise of the One who devoted His life to him.

Uncle Charley Says:

Many a feller's little cup cake can't bake a biscuit.

Yep, when a kid is bad, take a look at his dad.

VENISON

Deer hunting season in Ohio opened Dec. 10. This year some 40,000 hunters will be combing the Ohio woods and fields for deer. If you are one of the families fortunate enough to get a deer, you will be getting one of Ohio's finest wild grown foods.

Care is Important—If you give your deer the best of care from forest to table, you will have some delicious, appetizing meals for your family. Take care of your deer as quickly as possible to prevent any waste of this valuable wild game.

Seasoned hunters say it's extremely important to keep the carcass cool while taking it home. It's better to put the animal on the top of the car or in the trunk with the lid open than to place it on the fender near a hot motor.

Equally important these veteran hunters say, is to bleed the deer as soon as it has been shot. Blood that remains, lowers the quality of the meat. Meat from a well-bled deer will keep much better.

Aging—Allowing mature carcasses to "age" for several days will improve their edibility. Hanging the carcass in a refrigerated or cold area for at least three to four days is necessary but a week or 10 days may be even better. If the carcass is covered, it helps to keep the meat from dehydrating. The meat may turn dark, but this doesn't hurt the venison a bit.

Venison has a distinctive flavor.—Meat from deer as well as from other game has a characteristic flavor. It is not comparable with the meat from any other animal.

If you wish to overcome any gamey flavor, choose a highly seasoned sauce when preparing venison for the table. You may use garlic, onion, tomatoes or spices and herbs such as bay leaves, thyme, and savory during cooking.

Remove Fat for Better Taste—The characteristic venison flavor seems to be concentrated in the fat. So trim the fat completely. Another reason for trimming is that the fat hardens easily, and has a tendency to cling to the roof of the mouth while eating. Like lamb, venison is best when served hot

General Cooking Methods—A deer gets considerable exercise and the meat is covered with only a little fat. This gives venison a tendency to dry out when cooked. Because the meat is lean and somewhat dry, this can be corrected easily by adding generous amounts of fat. Suet, pork fat, or bacon may be mixed with ground venison, or strips of bacon or salt pork may be placed over the outside of roasts to keep meat from becoming too dry.

Tender cuts of venison, such as rib and loin chops, round steak and leg roast, can be pan—or oven broiled or roasted. The less tender cuts, such as neck, shanks, chuck and breast, should be cooked with moist heat or ground for "deerburgers" or meat loaf.

DEERBURGERS

About a half pound of beef suet, pork fat or bacon ground with five pounds of venison adds juiciness and flavor to deerburgers. A more palatable meat loaf can also be made by using fat in the same proportions.

Area Designer Markets Her New 'Shood' Creation

"SHOODS" BY THE SCORE—Mrs. Thomas Van Arsdale, designer of a new type of fitted, lined wool hood, is shown modeling and displaying a number of her creations. The name "shood" was chosen because, Mrs. Van Arsdale said, "Every woman 'should' have one."

One woman's ingenious answer to her own problem has been welcomed by many others this winter.

Mrs. Thomas J. Van Arsdale, 467 Demorest-rd, designed a taffeta-lined wool hood for herself last winter, and found her creation so popular with family and friends that she was swamped with requests for copies.

Believing that many others outside her close circle of acquaintances might also approve of the hood, she visited store buyers last summer and with their approval, went into production.

The enthusiastic response to an ad in this paper's classified column provided her with a choice from hundreds of women who were eager to sew, in their homes.

A crew of six now make the hoods in their homes and Mrs. Van Arsdale cuts, packages and delivers them to retail stores in the area.

The most satisfying part of the whole project to Mrs. Van Arsdale is the happy discovery that her small enterprise has been so thoroughly encouraged and helped by big business.

"People have been so very helpful, so generous with advice on every phase of this operation from buying to packaging. I had no idea that really big business heads would take the time to share their knowledge.

"It is most gratifying to know that anyone with an original idea and a little initiative can actually market his own product."

O'Connor, Rector of North American College in Rome. Rev. Benedetti was formerly of 474 E. Whittier-st, where his mother now resides.

Ex-South Sider To Be Ordained At Rome Rites

Rev. Charles Michael Benedetti, son of Mrs. Quinto Benedetti of 476 E. Whittier-st, and the late Quinto Benedetti, will be ordained to the Holy Priesthood, in Vatican City, Europe, in the Chapel of North American College, Dec. 20.

The celebrating Bishop will be His Excellency, the Most Rev. Martin J. O'Connor, STD, Rector of North American College, where Rev. Benedetti has studied the past three years and was ordained Sub-Deacon and Deacon, respectively. His mother is a member of Corpus Christi Parish.

He is a graduate of St. Vincent de Paul High School, Mt. Vernon, where he was awarded the Notre Dame Trophy for outstanding athletic achievement, in his senior year. Later he graduated from St. Charles Borromeo College-Seminary, Columbus, with the degree of Bachelor of Arts, and was Valedictorian of his class.

His first Mass will be sung in the Church of Santa Croce in Jerusalemme, Rome. On Dec. 24, he will sing a High Mass in Bagni di Lucca, Province of Tuscanno, the birthplace of his Father the late Quinto Benedetti, and also of an aunt, Mrs. Ermenia DiPiero, 1178 Linwood. Christmas Eve, Dec. 25, he will sing the Solemn Midnight Mass at Boccheggiano, Province of Grossetto, the birthplace of his mother, Mrs. Benedetti.

Mrs. Benedetti sailed on the Cristoforo Columbo June 15 for Rome where she met her son Charles and together they toured Germany, France, Austria, Switzerland and Italy. Another son and brother, the Rev. Father Leo J. Benedetti, former assistant pastor of Holy Rosary Church, Columbus, and now pastor of the new St. Mark's parish, Lancaster, sailed Nov. 15 on the Queen Elizabeth for England, and after a brief tour of England, France and Spain, will join his mother and brother in Rome and will participate in the Ordination ceremonies . . . and in the first Mass and succeeding Masses mentioned above. Both Mrs. Benedetti and Rev. Leo J. Benedetti will sail from Rome Dec. 31, on the USS Constitution and after a short Carribbean cruise will arrive in the States around Jan. 12.

Rev. Charles Benedetti will continue his studies at North American College until July, 1960, when he will return to the Diocese of Columbus.

Don't Let Your Christmas Spirit Get Out Of Hand

This is the season when we people in the newspaper business begin getting calls asking if we know of a needy family. Generally the person inquiring advises that his or her group has had a fund raising project and now they want to know where to spend the money.

This is also that time of the year when a lot of people who "know the ropes" make their calls and ask for aid. Many of them are not deserving.

It is a fine thing that people get the Christmas spirit and want to help needy families. But it is very important that their efforts are not misdirected.

We would suggest that if you are interested in aiding a needy family call the United Community Council, CA. 8-5696, and explain what you want to do. They in turn have ways of checking on these needy families.

Even if you have a family in mind why not satisfy yourself by inquiring if they are really deserving. The Community Council reports that last year 390 families in the county were left out while numerous families received duplicate aid.

Wants To Stay East

The newly-appointed Safety Director Albert Giles is a resident of Bexley at 221 N. Ardmore-rd, but around the first of the year when he takes over his new job in Mayor Westlake's cabinet he would like to be a resident of Columbus. He prefers the East Side, somewhere in Eastmoor or Berwick. He is a prospect for a home in that area. Any suggestions?

South Side Man Charged With Forgery

Rexal Armstrong, 31, 1198 Deckebach-av was charged with forgery after he cashed a payroll check made out to him in the amount of $.00.

Armstrong, in a dispute over his final pay check after he was released from a local bottling company was given a check made out for "nothing" He had a small amount coming to him, however, deductions from that amount totaled the wages due him.

After accepting the draft he filled in figures in the amount of $440.00 and came up with a legitimate looking check.

The stopping point came when he tried to cash the check at a local bar. The bartender, cautiously accepting the check gave him only $140, and assured him that he would get the rest of the money after he had made certain the check was good.

Columbus Police arrested Armstrong later after the check had been proven worthless.

St. Nick Has 40-Years Service To Community

Joseph C. O'Harra, alias Santa Claus, is chalking up more than 40 years of service to thousands of children in the Columbus area. Ole' Saint Nick as he is known around this time of year, lives at 6507 North-st, Alton, when he is not at his headquarters at a shopping center.

He has satisfied the younger generation with his jolly laugh and promises that if they are good they will get what they want in school, churches, civic clubs and shopping centers for many years.

The biggest question that has been asked the ole' boy this year is "Why did you come in an airplane instead of by sleigh." His answer was that he brought his sleigh as far as there was snow and then took the helicopter from that point.

Like Tickle Bug

So far this year highlighting the wants for Christmas have been the tickle bug, tiny bear doll, Shirley Temple doll and tractors and cars. One small girl remarked as she sat on his lap that she would have a Christmas tree, milk and cookies waiting for him when he came down the chimney.

In real life the ole' boy is a contractor at 73 years old. His main interest is in housing projects.

O'Harra states that this is a big time of the year with him when he can sit and listen to the different reactions of children as they come in to tell him what they want for Christmas. He said "it is a wonderful pleasure for me to deal with children."

And of course everyone believes in Santa, at least the story goes at his headquarters at the shopping center. He has children of all ages from one to 92 come in to greet him. So far this year more than 15,000 sticks of candy have been handed out at the shopping center.

Mr. O'Harra is looking for many more years of service with the children at this time of year. When asked if he gets tired of the lengthy hours he said he doesn't get tired because of his attention to the tiny tots he doesn't have a chance to think of himself.

Guest speaker Judge Horace Troop laid himself wide open last week when he asked for questions at the annual Christmas meeting of the Council of South Side Organizations.

Right away Louis Dimmel, 435 E. Mithoff-st, put the Judge on the defensive by asking:

Parking Ban Is Sought On South High Street

Council of South Side Organizations president, William Neno along with Councilman William Hoermle and Otto Meier, chairman of the traffic commission voiced their opinions this week on the lack of recreational facilities in the South Side as well as the present run-down facilities now being used in areas of the South Side.

CSSO President Neno presented Hoermle with a letter Monday night in reference to condition of the Lincoln Park area. He stressed that Lincoln Park Shelter House is badly in need of repair and that new families will soon be moving into the area as soon as the new housing facilities, now under construction are completed.

At the present time there are only a few swings, a battered shelter house and a storage shed on the Lincoln Park site. When the new housing units are completed they will add approximately 100 more children to the area. Councilman Hoermle has offered to check into this more thoroughly in the very near future.

Material Ordered

Ray Dietz, superintendent of Parks and Forestry, in a recent tour of existing parks and proposed recreation areas in the South Side with Miles V. "Cap" Hoover, YMCA director, representing the youth of South Columbus, and Roger Swaney, representing the Council of South Side Organizations, said that material has been ordered for repair of the Lincoln Park Shelter House and expressed his future plans for additional recreational and park facilities in varied areas of the South Side.

Hoermle is expected to talk with Nick Barack, director of recreation, and Ray Dietz of the Division of Parks and Forestry, in coming weeks about park and recreational facilities in the South Side.

Along with Neno's request for repairs on the Lincoln Park area, Leo Gaffin of the Marion-Franklin Safety Committee is expected to present a letter to the traffic commission to ban parking on the east side of S. High-st from the north side of the railroad viaduct to Hosack-st.

Neno talked with Otto Meier at Monday night's City Council in view of the parking ban. Meyer informed the CSSO president that he would like to have some written form so he could present the situation to council. Action is expected to be taken on the ban after the holidays.

South Side School Site Is Approved

Columbus School Board Tuesday officially designated a site on the South Side as the location of a new elementary school.

City Planning Commission on Dec. 9 okayed the board's tentative selection of the 100 by 430 foot tract bounded by Kent-st on the north, Gault-st on the south, first alley west of Kelton on the east, and a public playground on the west.

Construction will get under way on the small elementary school after the first of the year, and the building will be ready for occupancy in September.

The board also heard a report by Cleo Dumaree, assistant superintendent, on the school policy on compulsory immunization.

State legislature last summer passed a compulsory immunization law requiring that all students be immunized against smallpox, diphtheria, whooping cough, tetanus, and polio.

The law also provides that those who fail to comply may be excluded from school.

Cites 90 Per Cent Compliance

Dumaree said on the subject, "We have just completed a comprehensive check of all schools and find that approximately 90 per cent of the enrollment of 80,000 have either completed or are in the process of receiving injections required by law.

"Principals, teachers and school nurses have been instructed to counsel with the remaining ten per cent of pupils and their parents and establish a deadline for each. Pupils who fail to comply or who aren't progressing toward the goal by the date set will be excluded from school."

MEETING PLANNED

PEBS, Chapter 2, will meet Tuesday, Dec. 22 at 6:30 p.m. at Berwick Manor. A gift exchange will be held after a short business meeting.

This meeting will also be followed by their Christmas party, with a gift exchange.

A STARRY FOOTNOTE ON THE ADVENT OF THE SEASON

IN TIME FOR CHRISTMAS—A cascading banner of Christmas stars appears to have alighted to adorn the barren shrubs and wintry exposed home of a Franklin County residence just in time to herald the rebirth of another Yule season. Although they cannot be seen, the nocturnal lights also decorate four other outdoor cubicles on the premises. Such a scene, along with warm glowing hearths and the camaraderie of "good fellowship," takes place almost nightly at this time of each year throughout the land. This one happens to be at the home of Mr. and Mrs. Russell Phillipi, 1189 Rome-Hilliard-rd, and can be seen from miles around. Garlands of ringed Christmas lights lend an aura of seasonal beauty.

Schiller Park Golden Age Club Takes New York Trip

An activity-packed weekend kept local Golden Age Club members exceedingly busy earlier this December. Four members from Schiller Park Chapter availed themselves of the package trip to New York City. The four were Heartha Lightfoot, 152 E. Miloff-st; Lucy Mewing, 1573 S. High-st; Emma Martin, 1819 S. Fifth-st, and Gasper E. LaRue, 282 E. Morrill-av. Visiting the United Nations building, Statue of Liberty, RCA Music Hall, Rockefeller Center, "What's My Line" TV program, and making a guided tour of Chinatown, the Bowery, Harlem and several other well-known Gotham highlights filled the two full days that the Columbusites visited the Atlantic Coastal metropolis. The Golden Ager we know best summed it up nicely. To quote, "It was a lifelong dream come true."

This past Tuesday, the Schiller Golden Age Club held its annual Christmas party at the South Side Park.

The waning days of 1959 bring birthdays to these young South Side residents . . . Linda Goodwin, Dec. 19; Kathleen Goeller, Dec. 21; Paul Metzger, Dec. 17; Robert Reed, Dec. 21; Gerald Feyh, Dec. 19; Jay Saunders, Dec. 20; Anthony Bolton, Dec. 23; Fred McCoy, Dec. 15; Warren Parks, Dec. 17; Mansfield Moore, Dec. 20; Deborah Burdett, Dec. 21; Diana Denner, Dec. 21; Jerry Ellis, Dec. 20; Deborah Lambert, Dec. 10; Peggy Jordan, Dec. 19; Robert Howard, Dec. 20; Jeanette Adams, Dec. 19; Leslee Furbee, Dec. 15; Judith Blackburn, Dec. 20; James E. Kessler, 174 E. Moler-st, Dec. 22; Wanda Clark, 1042 Lockbourne, Dec. 23.

PEBS Chapter 1, held its Christmas party in the home of Mrs. Cecil Smith, 312 Southwood-av, Dec. 16, at 7:30 p.m. Assisting the hostess were Mrs. Roy Newman and Mrs. Ed Bray. No. 2 chapter of PEBS will hold its first Christmas meeting next Tuesday, Dec. 22, at Berwick Manor at 6:30 p.m. A gift exchange will highlight the party.

The South High basketball team will engage in two contests before the Christmas holiday. Dec. 18 it will entertain the East High Tigers at home and on Wednesday, Dec. 23 will travel to Canton McKinley's gymnasium.

Sympathy is extended to the family of Mary Thomson, 771 S. 22nd-st, who was such an active member of South Side Church and school organizations. Sympathy also to the members of the Camp family who lost a relative in another Ohio city. Mrs. Camp had resided for years at 221 Hinman-av. Some of her former neighbors may not have known of her passing.

The Holiday season will have all sorts of activity for the families of Linda Chamberlain and Steve Miller this year of 1959. The June grads of South High School will say the words that make them "Mr. and Mrs." on Wednesday, Dec. 23. Linda chose that date because it is also her birthday. The open church wedding will take place at 7:30 p.m. in Washington Avenue EUB Church. Miss Chamberlain resides at Circleville. Mr. Miller's home is 1400 S. 6th-st, although currently he is in the U.S. Navy.

Frank Knore, stationed at Ft. Knox, Ky., will be home for the Christmas holiday season as he has a ten-day furlough at this time. Frank also rates belated birthday greetings for his Dec 14 birthday.

Santa Claus will be present at the annual Christmas party held by Chapter 206, Women of the Moose this evening. Junior Regent Marilyn Young is chairman of the party. The members will not have a gift exchange but are asked to bring canned goods to fill baskets for the needy.

Mrs. Ray Conkle, Southwood's PTA president, and Mrs. Adolph Reich were co-hostesses for the school's executive board this past Tuesday, Dec. 15. The party was held at 2768 Castlewood-rd, home of Mrs. Reich, who is the school's clerk. "Christmas With Our Children" is the theme of the PTA meeting at Southwood at 7:30 p.m. tonight. The pupils, under the direction of the teachers, will present the program.

Heyl Avenue PTA will watch the fourth, fifth and sixth grade pupils present a Christmas program, "Happy Holidays" this afternoon at 1:30 p.m.

Anniversary salutations to Mr. and Mrs. Richard Donovan today. The couple, celebrating the tenth wedded year, resides at 297 Markison-av.

Tomorrow is the big day! We will be going to Benjamin Franklin Hospital and distributing "Gifts for Giving" to the patients at 10 a.m. The items donated are nice and we'll be proud to pass them along to be used as Christmas presents. Had we not received toys too late last year to distribute, we would have been almost toyless this year so we're exceedingly grateful that we had the late donations to use this Christmas!

Donors during the past week were the Christian Service Guild of Washington Avenue EUB Church; Mary O'Hara, Marie Long, Frances, Sally and Nancy Paulus, Glenna and Beth Edwards; Rose Komives, Mrs. James Colegrove, Ann Wiegerig, Dona, Patti and Jeri Hampton, Ruth Kleinlein, Mary Claar Marge Hoptry, Mary Eichel, Amelia Mann, Mary Merritt and Mabel Diday. We hope we have not missed any donors in the past weeks. We are expecting to hear from one or two more groups this week and will mention them in next edition. As always, we get a thrill out of meeting the readers personally . . . it always strengthens our conviction that we live in the nicest part of town!

To each and every contributor, our warmest thanks. We know your Christmas will be a happier one, knowing a relative of a tubercular has a "remembered" Christmas because of your throughtfulness. Thanks.

A crown of pearls held her fingertip veil and she carried a Colonial bouquet of tiny white mums and orchids.

Miss Joyce Hannah, maid of honor, was gowned in yellow organdy over taffeta with ballerina-length, bouffant skirt and full, puffed sleeves. She wore a tiny white hat with nose veil and carried an arrangement of yellow camellias.

Miss Charlene Gallantine, bridesmaid, wore an identical ensemble in pink and carried pink camellias.

Cheri Lynn Spencer, the little flower girl, wore a baby blue frock of organdy and a white hat, and carried a bouquet of baby rosebuds.

Hostesses for the reception, held at the church were Mrs. Barbara Spencer, sister of the bride; Mrs. Helen Souder, and Mrs. Lucille Ell.

The new Mrs. Schrader was graduated from South High School in June. Mr. Schrader was also graduated from South High School and is associated with the Columbus and Southern Ohio Electric Co.

Meet Walter Evans-New Game Protector

The new game protector for this area is a sportsman who likes to hunt and fish.

Walter Evans, who lives with his wife, Virginia at 577 Harley-dr, has been on the job for less than two weeks although his employment with the Division of Wildlife began last Sept. 15. Evans and 24 other "students" entered Wildlife's training school then, and have seen a good deal of the division's operation in the last three months.

Walter Evans

Recently graduated from Ohio State University, Walter Evans holds a degree in wildlife management. He has lived in Columbus for 18 years, and his wife is also from this area. So Evans is no stranger to his new assignment. College was interrupted for a two-year hitch in the Marines, when Evans was with the Second Marine Division. "The only excitement happened just after I was discharged," said Walter, "when my outfit was sent to Lebanon."

Likes River Fishing

As far as fishing in Franklin County is concerned, Walter's favorite spot is the Scioto River in the northern part of the county. Here he likes to fish for smallmouth bass and catfish. He uses both artificial and live bait—whatever they're hitting on best. Hoover Dam has attracted him for several fishing excursions, as it has most other fishermen in this vicinity. Walter said he has caught quite a few walleyes there, but none of them were very big.

• • •

In the gunning department, it is rabbit hunting all the way for our new game protector. He has taken his wife hunting this year in an attempt to convert her to outdoor sports. "And I think she's going to make a hunter," he added. The Evanses expect to move out of the apartment they are now living in sometime next year at which time Walter expects to get a basset hound to help him hunt rabbits.

Are Educators Too

The profession of game protector has come a long way in recent years. There was a day when the popular conception was a man hiding in the bushes waiting for someone to commit a violation. Now game protectors help people obey the laws. They give many talks to sportsman and farmer groups and at schools—they show movies and spend a lot of time explaining the fish and game regulations and the reasons back of them.

The phrase for this is "preventive law enforcement," but a simpler explanation is that they help people do the right thing. It is not unusual to find a man with college training or who holds a college degree filling the job of game protector. This is a technical job nowadays, and a basic knowledge of biology and fish and game management principles is needed.

Walter Evans is a personable young man of 24 years, and he is here to serve you. His phone number is AM. 3-5926.

Area Deer Hunters Successful

Reports of successful out-of-state deer hunts are filtering in.

The most unusual comes from Arick Naeder, Lilly Chapel, who was hunting in Pennsylvania. He sighted a buck and shot, and as he rushed up to the deer another hunter met him. It seems that both had shot at the same time and neither heard the other shot. To solve the problem they divided the venison.

Tom Maggard, of the M and T Sohio station in West Jefferson, brought a deer back from a hunting trip to the Seneca State Forest in West Virginia. Pete Thacker, Darbycrest, hunting near Spruce Knob, W. Va., also returned with a deer.

John Hoermle Opens New Thrift Shop

John R. Hoermle

Newest merchant on Columbus' South Side is John R. Hoermle, who Nov. 14 opened the Thrifty Shopper at 1749 Parsons-av.

Hoermle is no stranger to retail merchandising. For the last six or seven years he has worked in his father's store, Hoermle's Appliances at 1894 Parsons-av. He worked there full time the last few years and after school before that.

The younger Hoermle is a graduate of Aquinas High School and now is attending Franklin University at night, taking a business course.

"I've felt for some time that a store like mine was needed in this section of Columbus," he said. "We have been very well pleased with the way customers have been patronizing us."

The store specializes in new merchandise which is sold at low prices, Hoermle said. "We call it a 'bargain' store because our customers can save one-half or more."

On hand now are all sorts of housewares, dry goods, some hardware items, toys, Christmas wrapping materials and cards and many other items. The only used merchandise in the store was some refrigerators which, Hoermle said, were sold quickly.

The store, which has 5,000 square feet of showroom space, has a rear entrance and a parking lot in the rear.

Young Hoermle lives with his parents at 2434 Beverly-pl. A water sports enthusiast, he likes to swim, go boating or water ski.

Sunker Resigns City Position

Roland G. Sunker, 29 of 423 Townsend-av, has resigned his position as director of the Columbus Department of Community Relations effective Dec. 31.

He said he submitted his resignation to Mayor Sensenbrenner in anticipation of the administration turnover Jan. 1.

J. C. Penney, At 84 Has Keen Memory For Names And Places

He rarely forgets a name, a face, an encounter. People who have not seen him for 25 or 30 years are often dumbfounded when he reminds them of some small incident of their last meeting.

And people remember *him*, too. A man of simple but firm beliefs, who loves people, he has a way of saying and doing things that is hard to forget.

James Cash Penney, founded his first store in the mining town of Kemmerer, Wyoming in 1902. He seems to remember every customer he has ever waited on and every Penney associate he has ever met.

At 84, he not only puts in long days at his New York office at a pace that wears out associates two generations younger, but he travels more than 50,000 miles a year through the length and breadth of the retailing organization that indelibly bears the mark of his personality and beliefs.

Penney stores are well-known for their friendly, respectful relations with their customers. The founder insisted on this. He called his first store "The Golden Rule," and notes that nothing has yet come along to convince him that the Rule ought to be repealed.

Mr. Penney Still Fits Shoes

Mr. Penney, a devout and plain man, has had a career more colorful than any merchant of Baghdad. He has become a legend in his lifetime—and much of the legend is built on the stories of people who know him. They include the world's great — and people whose shoes he has fitted.

He still fits shoes. In a Midwestern store a man and his wife and several children came in and asked for the shoe department. They were led by a salesman who took great pains to provide them with the proper fit in a moderate-priced line.

The couple told the salesman how much they enjoyed buying at Penney stores and said that Mr. Penney must be a wonderful person. "I'd sure like to meet him someday," said the man as the fitting was finished. The salesman stood up, extended his hand, said simply, "I am Mr. Penney."

V. M. Fay, manager of the Penney store in Long Beach, Calif., says that Mr. Penney visited the spanking-new store two years ago.

"I was hoping," says Mr. Fay, "that Mr. Penney was impressed by the beauty of the displays, the bright lights and the glamorous setting. But on the way down the escalator Mr. Penney said, 'Vern, see those two customers over there. No one is waiting on them. I'll take one — you take the other'."

Other Penney associates find that certain incidents involving "the boss" are equally memorable.

Retired Manager James Dougherty, who managed the downtown Penny store in Milwaukee, remembers what happned when Mr. Penney visited his store during Dougherty's first year with the company in 1918.

Mr. Penney came to the store strolled along the counters, came to a display of men's corduroy pants marked $3.98, called the manager over.

"These pants," said Mr. Penney, "can be sold for $2.98. I know their wholesale cost."

"You are violating one of the fundamental principles of this company. You are not giving the customers all the value you can while still making a reasonable profit."

Mr. Penney remembers people as a matter of course. Few are prepared for the incidents of memory that crop up during his visits and travels.

This year at the opening of a new Penney store in Minneapolis an old man moved past the throng of celebrities before anyone could stop him, and placed himself before Mr. Penney.

"Do you remember me, Mr. Penney?" he asked.

Barrett Splits In Two Games

Barrett Junior High now stands even in two league games after toppling Mohawk and bowing to Champion.

The Barrett squad started the season by bouncing Mohawk, 52-27. Tom McDaniel and Bill McGee were the high scorers for Barrett with 18 and 17 points respectively while Jim Felluse topped the losers with 10.

Champion followed Mohawk into the Barrett gym and walked off a 30-22 winner. Champion brought along its one-man show Fred Martin, who scored 24 points, two more than the whole losing team.

Nippert Idea Is Good

Nippert Electric Product Co., has mailed out a letter to its suppliers indicating its appreciation for the fine services provided by these suppliers in the past year. In turn they ask that the suppliers refrain from sending gifts at the holiday season to any member of the local manufacturing company staff.

The firm is to be complimented. Dependability, quality products and fair prices are the best gift any firm can expect from its suppliers.

Give a Gift That Will Serve the Community Well

As the first of the year rolls closer and many people are wondering and worrying about departing with their hard-earned money to Uncle Sam in the form of income tax it might be well for those who can afford to do so to give some serious thought to a special Christmas gift.

The YMCA and YWCA are still engaged in their big financial drive to obtain funds for new buildings in Columbus. The entire city will profit by and enjoy these facilities once they are available. A new Hilltop Y is under construction but not enough money is on hand for the swimming pool. The South Side and Spring Street Y's need new buildings. The YW is in serious need of new residence quarters.

A gift at this time to the YM-YW Development Fund would be one that certainly should result in a fine feeling on Christmas and Day for every day in many years to come. In addition it may be deducted from the income tax you will pay very soon.

Give a thought . . . give a gift that will last. Make a contribution to the YMCA and YWCA.

Pre-Holiday Notes: New members of the Hilltop Business Association include D. John Benanti, James E. Gatterdam, Ray Minker and Lester E. Smiley . . . Jim Graham and Wilbur Ehlers of Hilltop Kiwanis Club are putting the big squeeze on their fellow club members to bring in tax stamps before the end of the year, hoping they will go over the $125,000 mark . . . and that's a lot of small paper in anybody's language . . . Mr. and Mrs. Maurice Stretch will be moving back to Mansfield comes Jan. 1 . . . Don Best will join the Shank and Saunders Insurance firm in the near future . . . Our boy and gal, Bill and Nancie Rush are thinking in terms of blue and pink and wondering what it will be . . . Frank Prince is on the sick list.

THE TASK OUR COURT FACES

Municipal Judge Horace Troop was put on the spot last Thursday night when keeping a date to speak at the annual Christmas meeting of the Council of South Side Organizations in Columbus.

Bill Neno, president of the Council, introduced the Jurist by reading an editorial. The article took our courts to task for being too tolerant with repeated violators of motor laws.

The point was driven home by Neno when he referred to the recent catastrophe on S. High-st. A youthful man, convicted of several driving violations in the past, ran down three Scioto Trail School students waiting for the morning bus.

Neno, like a lot of other people, wanted to know how these things were allowed to happen. He especially wanted to know why the courts would permit a potentially dangerous person like this to remain free.

Here's the answer Judge Troop gave:

"I would rather let eight guilty men go free, than mistakenly convict a single innocent person." Judge Troop said this saying was common among the jurists of our country.

"And it represents the spirit of our laws . . . . and I don't think you want it any other way," he continued.

Punishment is no deterrent to crime, the Judge emphasized. The human factor must be considered and if the circumstances point toward a chance for rehabilitation of the offender, the judge may decide to be more lenient than toward the hardened criminal.

That's what is called "judicial discretion." It's the human side of our courts.

But where do you draw the line? That's the big question that everyone wanted answered.

"We all make mistakes," Troop added. "But in this country, the individual is considered the most important and must be given every opportunity for rehabilitation."

Facing the Scioto Trail incident "I don't know which judges had tried this man before . . . nor do I care. squarely, Troop charged:

But I sincerely believe that each must have thought he could be rehabilitated.

"Whenever any judge gives a fellow a break it is with his fingers crossed and saying 'Holy moly, I hope I didn't make a mistake.' "

It is easy to criticize a judge after he has made a mistake. If the mistake was made while keeping in the spirit of American law outlined by Troop, he should be pardoned.

On the other hand, judges should not become so soft-hearted that the lives of others are needlessly jeopardized.

Employed properly and with care, the discretionary power of the court is one of the greatest American assets.

TIEING LOOSE STRINGS

INCOME TAX FILE

Watch Your Medical Bills To Help Reduce Tax Costs

EDITOR'S NOTE: This is the second of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.)

Medical expenses present great opportunities for switching expense from one year to another.

Medical expenses are deductible to the extent they exceed three percent of your adjusted gross income, but not more than $2,500 per personal exemption and not more than $5,000 on a separate return or more than $10,000 on a joint or head of household return. Exemptions for old age and blindness do not count.

If you or your spouse are over 65 years old, the three percent provision does not apply to you and if you or your spouse are over 65 years old and disabled, the maximum deduction is increased to $15,000 and if you are both over 65 years old and both disabled, the maximum deduction is increased to $30,000.

Now, suppose you have large unpaid medical expenses this year and will have even more in 1960. Do not pay any of these this year. Wait until 1960 and pay them all in that year. This way you will have the advantage of the full deduction instead of losing three percent of your income this year as well as three percent of your income for 1960. This works the other way, too.

Suppose you have paid medical expense of over three percent of your adjusted gross income and will have a deduction and you still owe medical bills which you plan to pay in 1960.

If you pay those bills before the end of the year, they will be a deduction this year. You won't have to use them to make up three percent of your adjusted gross income for 1960 before you can start deducting again. If you do not have funds readily available, it might be wise to borrow the money.

Lee's see how that would work. Suppose you borrow $1,000 from a bank and repay in twelve monthly installments. Your cost for such a loan would be about $70. Now, suppose you take this $1,000 and pay deductible bills with it. If you are paying taxes at the lowest rate, you will save $200. Your net profit on the transaction will be about $130.

Remember, too, that any interest paid on borrowed money will become a deduction next year.

BIBLE COMMENT

TV Scandal Is Reflection Of Our Times

Congressmen are grinding their hatchets, we are told, for a renewed assault on the fallen angels of television and radio.

The stinking taint of sub rosa payments for popularizing vulgarity, the manipulation of quiz contestants who relinquish principle for interest, has aroused the great mass of people as few other major scandals have done.

But the chances are that our self-righteous criticism is prompted more by the embarrassment of being cheated than by an honest appreciation of what has happened.

If we can get over the feeling of being cheated and know that these men under investigation are reflections of our society —then we will have proceeded somewhere.

The words to the Romans are recalled:

"Do you who judge them while doing the same things, think you shall escape the judgment of God?"

Thus, perhaps we should turn our eyes inward before we sit in judgment on those who have taken their shoddy fees.

If we can divert our self-righteousness to self-examinations, then the scandal will serve a rewarding purpose.

If the main issue is man's willingness to cheat if the price is right—then have we cheated others when the fee made it seem worth-while?

Have we made a business promise we know we could not keep? Have we, by taking a job, in effect promised to give a day's work for a wage we are willing to take—and cheated the clock in little ways during the day? Have we hired a man to do a piece of work for a certain sum—only to make increasing demands on him because we think he will not risk walking away because he has a family to feed? Or have we kept the extra change from the miscount at the store?

There are a thousand ways to cheat and never be caught.

Before we smugly read the headlines, perhaps we should recall as best we can, everything we did yesterday.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—Apples, bananas, grapefruit, oranges, tangerines.

Vegetables—Cabbage, celery, potatoes, turnips, canned corn.

Meats and Poultry—Pork loin roasts, pork shoulder roasts, ground beef, stewing chickens, large eggs.

'TIS THE SEASON OF GIVING

The Christmas season is a time of giving —of expressing thoughtfulness. Gifts of food can do this in a more personal way than almost any other gift. Food always makes an appealing gift and it can be so original that it will delight your friends or family on Christmas morning.

SOME SUGGESTIONS

Fruit Gifts—Be it a basket, box, or attractively arranged centerpiece, a gift of fruit is one enjoyed by all. This year a good selection might be: apples of several varieties, both Florida and California oranges, pink and white grapefruit, tangerines, tangelos, a variety of grapes, winter pears and bananas.

Be sure to include some unusual items, too. Avacados are available, as are pomegranates. A fresh cocoanut, package of dried fruit, a persimmon or a few kumquats might be included.

Vegetables—Ohio is the major producing area for greenhouse vegetables, so why not consider a basket or a salad bowl filled with tomatoes, leaf and Bibb lettuce, water cress and a jar of your favorite dressing.

Preserves, Jellies, Pickles—Use an assortment of homemade delicacies that you made last summer in unusual containers. These will please a friend who doesn't belong to the "do-it-yourself" clan.

Fresh jams and jellies can be made from fruits put in the home freezer last summer. Remember to reduce the amount of sugar if sugar has been added to the fruit.

Baked Goods—Breads, fruit cakes, puddings and cookies are traditional in many homes. Many of these items can be packaged and frozen, and delivered Christmas Eve, to be enjoyed by friends on Christmas Day.

Cheeses, Nuts, Candies—An assortment of cheese is a somewhat traditional gift. Ready-packaged ones are available, but a more original package might be made by selecting the varieties yourself. Include hard, soft, and semi-soft cheeses and perhaps a little cheese board and knife.

Fruits and nut candies, candied orange and grapefruit slices, and others made from dried fruits will be a welcome change from the usual sweets. Include nuts—toasted or spiced—or in the shell. Supplies of almonds and filberts are bountiful this year and you'll like their price tags.

Meats—A gift of meat can be the answer for what to give the one who "has everything." Who wouldn't welcome a ham, a turkey, a package of steaks, chops or bacon, or a variety of smoked sausages?

Elbin Seeks Re-election On Record

Pointing out accomplishments of his administration in helping build the Columbus Expressway System and in county road improvements, Franklin County Engineer Guy Elbin has announced his candidacy for re-election.

Declaring his administration will stand on its record of accomplishments, Elbin said, "We are pleased to have been associated with the civic groups, the city, state and federal departments in planning and construction of completed sections of the Columbus Expressway System. . . ."

"We are equally pleased with the construction accomplishments on our county road system." He made reference to major improvements on Lane-av, Dublin-rd, Alum Creek-dr, and Sunbury-rd.

He also noted prompt work performed by his maintenance forces in the ice and control removal program during the hazardous winter months.

HOPE SO

A small boy, visiting New York for the first time, went in an elevator to the top of a skyscraper. As he shot past the 62nd floor at breath-taking speed, he gulped, turned to his father, and asked, "Daddy, does God knew we're coming?"

Five Students Get Honors At George C. Beery School

George C. Beery Junior High honored several students as outstanding school citizens at a recent special assembly at the school.

Students were selected by votes from the student body and teachers of the school. The criteria used in selecting the students were scholarship, dependability, participation in school activities, leadership, personal appearance, courtesy and other factors.

Those named to the honor were Karen Sue Barger, Alana Lucas and Bruce Bell from the eighth grade and Janice Frye and Larry Gaffin from the seventh grade.

A committee headed by Mrs. Vera Secrist set up the standards for the selections and planned the program. Rev. W. A. Roberts of the Hope Evangelical EUB Church and delivered the message to the assembly to conclude the program.

Construction Is Started On Hamilton Meadows Line

Work is under way on a $54,700 Ohio Fuel Gas Company pipeline construction project to extend natural gas service to the new Hamilton Meadows subdivision being developed south of Columbus, it was announced today.

Wilbur T. Collins, Columbus district manager for Ohio Fuel, said more than three miles of pipeline is being laid east along Williams-rd from an existing Ohio Fuel Line at Lewis-av to Lockbourne-rd and south along Lockbourne to the new subdivision south of Rathmell-rd and west of Lockboufne-rd.

Collins said the new line will make natural gas service available for heating and air conditioning, cooking, water heating, clothes drying, refrigeration and incineration in the new subdivision and for 35 existing homes along the proposed route of construction.

Ohio Pipeline Construction Company of Newark is building the new pipeline for Ohio Fuel. Work is expected to be completed before Jan. 1, Collins said.

LETTERS TO EDITOR:

'Silent Night' Playing Urged

Sir, remember a few years ago, between 9 and 10 p.m. — all Columbus played on record players — "Silent Night?"

I and dozens of others would like that every Christmas Eve, between 9 and 10 — one song.

I know if you run a little item in your paper asking Hilltoppers they would say "Yes."

Will you please? It should happen the 24th of December—just as Christmas is on the 25th. Will be looking. A subscriber and Hilltopper.

Mrs. E. Comton
S. Eureka-av,
City.

Karl E. Van Atta Named To New Goodwill Post

Rebuild For Panting Pups Tiger Attack

St. Mary To Test Shamrock Luck In County Loop Game

South's battered Bulldogs are busy licking their wounds in preparation for a visit from the East High Tigers Friday night in the South Side's highlight game.

A full slate of basketball is carded Friday night with North invading Marion-Franklin and St. Mary traveling to Dublin.

Two games are scheduled for early next week with St. Mary trekking to Rosary Tuesday and South hitting the road for Canton Timken Wednesday.

A lot of questions will be answered Friday night after the lights are turned off in the South High gym.

Coach John Colmery's baffling Bulldogs, which have earned the dubious title of being the City League's darkest dark horse, will have made their role more clear after engaging East.

Thus far, the Pups have dropped two decisions while winning only one. But their losses came at the hands of always rough and tough Middletown and preseason loop favorite Central.

And the Pups actually outshot the Bucs from the field, but were beaten at the foul line.

Following these two losses, the Bulldogs bounced back last Saturday night to wallop a highly regarded Delphos St. John quintet.

So where does that leave South? If that was the whole story, it might look quite bright. Now add these facts and make your own conclusions:

Starters Al Wilson and Don Jagerski sidelined with flu and injuries. Two sophomore reserve players called upon to fill the vacant spots.

That means Coach Colmery must start all over again moulding South High's squad—and that's exactly what he is doing.

Subbing for Wilson and Jagerski, who has never fully recovered from a mishap in the first quarter at Middletown, will be reservists Jim Bell and Gary Gaulkey.

That means it will take a real effort for the Pups to upset East's title-bound express. Coach Colmery terms his team's chances as a "long shot at best," but says his Bulldogs can upset the Tigers.

Marion-Franklin, which stands 1-1 in City League play, will get a real test in perennial toughie North. The Red Devils evened their loop record Friday by coming from behind to outlast Eastmoor.

Once-beaten St. Mary will be walking into a basketball beehive when it disembarks at Dublin.

The Irish, apparently boosting their best team in three seasons, now stands 3-1 overall and 1-1 in the Franklin County League.

Only Hamilton Township has beaten the Shamrocks while Dublin has taken the measure of University, Ohio School for the Deaf and Pleasant View.

Coach Frank Diehl's squad is led by Jim Headlee and Bob Love. The Irish team, composed of all lettermen, employs a fast break as its main weapon.

Area Cage Slate

Friday, Dec. 18—East at South, St. Mary at Dublin, Marion-Franklin at North.

Tuesday, Dec. 22—St. Mary at Rosary.

Wednesday, Dec. 23—South at Canton Timken.

Bulldogs Get First Victory Over Delphos

Improved shooting enabled South to smother highly regarded Delphos St. John, 60-42, Saturday evening on the loser's floor.

Hitting on 40 percent of their action shots, the youthful Bulldogs scored their first win in three starts.

South jumped into a 13-8 first quarter lead, then held a 23-20 halftime edge, and moved ahead 45-33 at the end of the third quarter.

Bill Young, who came through with a fine performance against Central the week before, led the Pup cagers with 19 points. No other Bulldog performer scored in the double figures with Terry Foster coming next in line with nine.

Although the Bulldogs hit a hefty average from the floor, the shooting was still off at the foul line.

Raiders Bow In Overtime

Seemingly on the road to victory, Reynoldsburg's Raiders were caught from behind and finished off in an overtime period by host St. Mary, 56-55.

The Raiders, which led 12-9 and 27-22 at the end of the first and second quarters respectively, didn't relinquish the lead until the third period, then came from behind to tie the game at 51-all when regulation time ended.

A field goal by Mike Montler followed by two fouls contributed by Wally Gray provided the victory margin for St. Mary.

The team of Dick Spurlock, John Sauer and Gray combined for 42 St. Mary points. Danny Sharp was high for the Raiders with 56 tallies.

Reynoldsburg won the reserve game, 33-25.

Red Devils Overpower Warrior Five

Held to a single goal in the first period, Marion-Franklin came from behind Friday to shock visiting Eastmoor, 58-56.

The Red Devils, temporarily derailed the week before by Aquinas, showed plenty of class in overcoming an apparently confident Warrior crew.

Coach Rich Coldren's Satans didn't catch up until 5:58 of the final stanza when Ron Leddy meshed a fielder.

The lead changed hands several times again with the Red Devils finally breaking away with 56 seconds remaining when Frank Daniels connected on two straight jump shots

Larry Crabtree and Richard Reese were the high scorers for Marion meshing 15 counters apiece. Bill Huffman was high for Eastmoor with 18.

Former South Cager Dicke Rates High On Capital Squad

Eight of the 11 leading players on Coach John Colmery's South High School basketball team received "A's" and "B's" in all their grades on the first report.

*** *** ***

A former South High cager with a real future at Capital University is Don Dicke, who lives with Mr. and Mrs. F. J. Lenox, 1411 S. Sixth-st.

A candidate for the starting position for the Lutherans, Don stands 6-6, weighs 185 pounds and is rated a terrific rebounder by Coach Whitey Regan.

A junior, plenty rough under the boards, he will profit by his varsity experience last year.

While at Columbus South Don lettered in basketball, track and cross country. He also received the honor of being chosen the "Most Valuable Substitute" on his prep cage team.

*** *** ***

After watching his Red Devils come from the rear to smash Eastmoor, Marion-Franklin's Gay Tormentor remarked last week that "If the rest of our opponents can read the signs, they'll be packing cushions in their behinds."

* * *

Coach Anthony Lavelle lists only four juniors on his varsity unit at St. Mary. The seven other varsity players are seniors.

Heading the list are co-captains John Sauer and Wally Gray.

Only two of its charges are over the six feet mark with Jerry Parker scaling 6-2 and junior Mike Montler going the same height. Dave Fransilo and Andy Downey, along with Sauer, stand an even 6 feet.

* * *

Buster, the bodacious Bulldog from South High, quipped last week after his alma mater bested Delphos St. John, "If those Tiger Cats from East come here too cocky, don't be surprised if they go back a bit rocky."

* * *

Two former South High grid performers received varsity letters at Capital University this year. They were Darryl Suterius and Chuck Mason.

DELIVERED TO HOMES OF THE SOUTH SIDE EACH THURSDAY MORNING

Vol. VIII, No. 41 2465 W. Broad St., Columbus, Ohio, Thursday, Dec. 24, 1959 Total No. 405

'Twas the night before Christmas when all through the house
Not a creature was stirring, not even a mouse.
The stockings were hung by the chimney with care
In hopes that St. Nicholas soon would be there.
The children were nestled all snug in their beds,
While visions of sugarplums danced in their heads.

And Mamma in her kerchief and I in my cap
Had just settled down for a long winter's nap,
When out on the lawn there arose such a clatter,
I sprang from my bed to see what was the matter
Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.

The moon on the breast of the new-fallen snow
Gave a luster of midday to objects below.
When, what to my wondering eye should appear,
But a miniature sleigh and eight tiny reindeer,
With a little old driver so lively and quick,
I knew in a moment it must be Saint Nick.

More rapid than eagles his coursers they came,
And he whistled and shouted and called them by name:
"Now, Dasher! Now, Dancer! Now, Prancer and Vixen!
On, Comet! On, Cupid! On, Donner and Blitzen!
To the top of the porch, to the top of the wall!
Now, dash away! Dash away! Dash away, all!"

As dry leaves that before the wild hurricane fly,
When they meet with an obstacle, mount to the sky,
So up to the housetop the coursers they flew
With a sleigh full of toys and St. Nicholas too.
And then in a twinkling I heard on the roof
The prancing and pawing of each little hoof.

As I drew in my head and was turning around,
Down the chimney Saint Nickolas came with a bound.
He was dressed all in furs from his head to his foot,
And his clothes were all tarnished with ashes and soot.
A bundle of toys he had flung on his back,
And he looked like a peddler just opening his pack.

His eyes—how they twinkled! His dimples—how merry!
His cheeks were like roses, his nose like a cherry.
His droll little mouth was drawn up like a bow,
And the beard on his chin was as white as the snow.
The stump of a pipe he held tight in his teeth,
And the smoke it encircld his head like a wreath.

He had a broad face and a round little belly
That shook when he laughed like a bowl full of jelly
He was chubby and plump, a right jolly old elf.
And I laughed when I saw him in spite of myself.
A wink of his eye and a twist of his head
Soon gave me to know I had nothing to dread.

He spoke not a word but went straight to his work,
And filled all the stockings; then turned with a jerk,
And laying his finger aside of his nose,
And giving a nod, up the chimney he rose.
He sprang to his sleigh, to his team gave a whistle,
And away they all flew like the down of a thistle.
But I heard him exclaim ere he drove out of sight,
"Happy Christmas to all and to all a good night!"

Turner Is Returned To Lima Hospital

Paul James Turner, 34, was returned to the Lima State Hospital last week after a panel of three Common Pleas Court judges rendered a verdict of not guilty by reason of insanity in a first-degree murder case that had been pending since 1954.

Turner had been accused of shooting Virginia Raleigh in a Parsons-av tavern Feb. 5, 1954.

The passenger pigeon is now extinct, the last one having died in Cincinnati, in 1914.

Let carols sweeten your holiday period. Best wishes to all members and friends.

Ewige Weihnacht!

Editor's Note: This story is being printed by the South Side Leader as a way of saying "Merry Christmas" to its many readers with Germanic backgrounds. The story, titled "Eternal Christmas," was taken with permission from the Freie Presse of Cincinnati.

Wenn es jetzt wieder Weihnachten wird in der Welt, dann empfinden wir zumeehst einmal die unmittelbare Kraft dieses schoensten aller Feste und geben uns willkommen seinem gegenwaertigen Zauber hin. Glocken klingen, Kergen brennen, Lieder toenen, Kinder jubeln. Kurz, es ist die volle, unmittelbare Gegenwart dieses Festes, die uns erfuellt, als waere jetzt eben, also waere uns selbst irgend ein Freudiges und Schoenes geschehen, und wir selbst helfen an unserem Teil, um auch den Unseren und darueber hinaus so vielen wir nur koennen, das Fest zu einem freudigen Erlebnis zu gestalten. Mag auch Weihnachten "alle Jahre wieder" kehren, so klingt es doch jedesmal ganz frisch und aus wirklicher eigener und allgemeiner Freude heraus: O du froehliche, gnadenbringende Weihnachtszeit. Unberuehrt vom rauschenden Strom der Jahrhunderte, nicht ungenuetzt durch den Gebrauch von Generationen, nicht gebrochen durch alte und neue Feindschaften, nicht geknickt und erlahmt durch die Aufspaltung in Konfessionen: steht Weihnachten so frisch und lebendig vor uns, als ob es einen heutigen Ereignis gewidmet waere. Ewige Weihnacht!

Freilich, diese ewige Weihnacht wird nicht immer in der gleichen Weise empfunden und gefeiert; sondern ihre Feier erhaelt aus der jeweiligen Gegenwart ihre besondere Faerbung und ihren eigenen Wert. Daher wird Weihnachten immer durchwoben sein von der Erinnerung an bestimmte Umstaende und Erlebnisse, sei es an die Kindheit im Elternhaus, sei es an ein Jahr voll besonderer Not oder an ein Fest in der Fremde und aehnliches mehr. Und wenn es dann weihnachtet und wir ueber uns in die geheimnisvoll schimmernde Himmelskugel hinaufschauen, wandern unsere Gedanken wieder einmal nach de Heimat. Alte Erinnerungen werden wach. Fern lassen wir unsere Gedanken kreisen: durch die schmalen Gassen und Winkel unserer Vaterstadt wandern sie dem Elternhause zu-dort, wo das Erlebnis der Weihnacht an tiefsten und unvergesslichsten geblieben ist. Leise klingen Glockenklaenge, wie wir sie ihrer erinnern - Glocken deutscher dome und Kirchen - wie die damals zu Hause voll und brausend von den Tuermen herab die hohen Feste einleiteten, Weihnacht vor allem. Dann hielten die Menschen in ihrer geschaeftigen Hast inne und lauschten den ehernen Stimmen, die ihnen Frieden auf Erden und den Menschen ein Wohlgefallen verkuendeten. Ja, freudig begruessen wir in Gedanken frohe Jugend und wuerdiges Alter - daheim, so weit, ach gar so weit - unter dem Lichterbaum in Elternhaus.

Kaum ein Volk feierte Weihnachten so freudig und reich wir das deutsche. Dort war es allgemein, bei jung und alt, reich wie arm, im Nord und Sued, daheim und in der Fremde. Aber gerade darin zeight sich die ewige Art der Weihnacht: Wie ein starker Magnet hat es alte Sitten angezogen und neue Lebensstroeme geweckt, bindet es persoenliche Geschicko und Volksschicksale und bleibt doch zeitlich.

Als in den bitteren Kriegs- und Nachkriegsjahren das deutsche Volk mit anderen das Los der Besiegten teilte - Hunger und Not, do war es bedenklich stille, traurig und oede. Oft unter bitteren Traenen glitten die Melodien der Weihnachtschoere ueber die zitternden Lippen: Ehre sei Gott in der Hoehe! Friede auf Erden - und den Menschen ein Wohlgefallen. Den leidzerrissenen Herzen gab die Botschaft der ewigen Weihnacht trotz allem Trost und Hoffnung - und Gott verliess die Seinen nicht. Die Augen haben heaute wieder einen frohen Glanz und gluecklich scharen sich die Kleinen um den strahlenden Baum, den liebende und traute Menschen geschmueckt haben.

Seien wir dankbar, dass hier die druehen, trotz aller Unruhen in der ganzen Welt, dieses Fest der ewigen Weihnacht in unseren Haeusern gefeiert werden kahn und dass wir an diesem Fest der Liebe die grosse Wahrheit spueren: Geben ist seliger alsnehmen!

Life Long South Sider Pastors Local Parish

Msgr. Edmund A. Burkley

Rt. Rev. Msgr. Edmund Burkley, this year celebrates his 53rd year in the Holy Priesthood. Father Burkley not only is celebrating a half century to the priesthood but also is a native of the South Side.

Father Burkley was born in 1880. He was baptized in St Mary's Parish, the same parish of which he is pastor. He was a direct descendant of Anton Brun, one of the original committee that founded St. Mary's Parish.

He attended St. Mary's School and spent his boyhood in the neighborhood of the parish. In September, 1893, Father Burkley entered the Pontifical College Josephinum, then located at Eighteenth and Main-st, to begin his priesthood.

In January, 1894, the young priest to be suffered an acute attack of typhoid fever and pneumonia. Father Burkley was administered the last sacraments. However, life was not at a close for the young priest as he rallied from his illness to finish his schooling.

Ordained in 1905

Father Burkley was ordained to the Priesthood on Aug. 25, 1905 at St. Joseph's Cathedral by the Rt. Rev. James J. Hartley, bishop of the diocese, and said his First Mass in St. Mary's on Aug. 27, 1905.

In recognition of his zeal and priestly labor Pope Pius XI bestowed the title of Rt. Rev. Msgr. on Aug. 18, 1934 to Father Burkley. It was a well deserved title for Father Burkley but to his friends he always will be "Father."

For over 50 years Father Burkley has labored with zeal, charity and self sacrifice among the people of St. Mary's. Distinguished for brilliancy of intellect and wit he is one of the most unassuming of men and one of the most humble. His great love for God is exemplified in his love for his people, especially the children.

Few Streets Paved

When Father Burkley was first ordained, there were only four paved streets in the section of the South Side that St. Mary's is located. Those streets were High-st, City Park-av, Third-st and Schiller-st, now Whittier-av.

As a young priest, Father Burkley made several of his sick calls on a bicycle. However, owing to mud roads and commons, the bicycle could be used only during the summer months.

Having lost several pairs of rubber overshoes while traveling through mud, a pair of rubber boots was purchased, and stood waiting at the hall door for such emergencies. While still a seminarian, Father Burkley prepared the deaf children for the sacraments.

After Ordination it was only natural that he should say Mass for the Deaf every Sunday. Frequently, he and his Mass server could be seen running from the deaf school at Town and Grant-av to get back to St. Mary's in time for the next Mass. He taught the Catholic Deaf at the State School for the Deaf from 1900 to 1925, and observed his silver anniversary of instructing the deaf there in 1925.

Many Distinctions

Father Burkley's distinctions are many; he is the oldest active pastor in the diocese; he has been Monsignor longest in the diocese; and as far as can be ascertained he is one of the oldest active priests in the United States. He is Spiritual Advisor of many of the Parish Societies, besides being Chaplain of Commandery No. 98, Knights of St. John and Chaplain of Auxiliary No. 65.

An interesting anecdote about Father Burkley's intimate connection at St. Mary's, he is still living on the same soil upon which he was born. Ground was taken from their residence on Front-st and dumped in a "run" that was located beneath the present Rectory.

Father Burkley's long filled life is a cherished tribute to the people of the South Side.

Dream Stuff For The Holiday Season—State Fishing Records

INSIDE ON THE Outdoors
By ROD COCHRAN

Not long ago the Outdoor Writers of Ohio sent me a list of the state record fish. These are all-time records, and it is seldom that one is broken.

Surprisingly, there is no record for black crappie, so the first entry submitted would hold the state record for a time.

Here's the list:

Brook Trout—2 lbs., 11 oz., 18½ inches. Taken by Stan Grabowshek, of Willoughby. Taken in 1955 from the east branch of Chagrin River.

Brown Trout—13½ pounds, 32 inches. Taken by J. Harris from Cold Creek, Erie County. Date unknown.

Rainbow Trout—10½ pounds, 30 inches. Taken by Hohn Fedlam, Sandusky, from Pickerel Creek, 1951.

Muskellunge—30 pounds, 47½ inches. Taken by Medard Cronin, Cleveland, from Wills Creek. Date unknown.

Blue Catfish—92 pounds. Taken by Harry Brookbank and Charles Glaze from the Ohio River near Higginsport. Caught shortly before 1911.

Channel Catfish—22 pounds 3 ounces, 35 inches. Taken by Al Root, Cleveland, from Lake Erie in 1955.

Shovelhead Catfish — 58 pounds, 38 inches. Taken by Tom and Hiram Gordon, Logan, from the Muskingum River five miles south of Malta in 1957. This fish has been disputed and the record is now being investigated.

Yellow Perch — 3 pounds 8 ounces, 15¾ inches. Taken by J. H. Clasky, Cleveland, from Lake Erie in 1954.

Walleye—15 pounds, 32 inches. Taken by William Heathman, Warren, from Pymatuning Lake, in 1951.

White Bass—3 pounds 6 ounces, 18 inches. Taken by Julia Morrison, Lakewood, near Kelley's Island in Lake Erie in 1954.

Sucker—9 pounds, 11 ounces, 27 inches. Taken by Milan Kutner, Fairview Park from Rocky River in 1954.

Carp—69 pounds, 5 feet 8 inches. Taken by Hudson and Garber, Morrow, from Little Miami River in 1947. This record has been disputed and is being investigated.

Rock Bass — 1 pound, 15½ ounces. Taken by George Keller, Dayton, from Deer Creek, near London, in 1932.

Northern Pike — 16 pounds, length unknown. Taken by Harold Vahney from Delhurst Lake. Date unknown.

Sheepshead — 18 pounds, 33 inches. Taken by Ralph Desgrange, Leipsic, from the Maumee River in 1957.

NOVELTY MAKER—David Smith, working in the occupational training center for retarded children at Goodwill Industries, 1331 Edgehill-rd, is busy making novelties for Christmas. He and his classmates stay at the center for an eight-week period in addition to doing regular classroom work at school. The center tries to bridge the gap between school and the adult world by providing useful work experiences.

LEARNING BY DOING—At the Goodwill center, the retarded boys and girls learn to become a value to society by doing repetitious projects, Mrs. Mary Alice Sharp, workshop director, points out. Here she and student Frank Ross examine a pair of earrings that the boy has made. Frank, like others in the group, lives at home. Next on the list of projects is the making of Easter novelties.

Bears Hand Marion Devils League Loss

A big third period provided North with enough push to overpower outsized Marion-Franklin Friday in a City League tilt, 76-48.

The scrappy Red Devils, who now stand 1-2 in the City League, kept close behind the host for the first two periods trailing by slim margins of 21-20 and 35-26.

But a big 36-point third period enabled the Polar Bears to claim a healthy 61-35 margin going into the fourth chukker and that was the ball game.

Rich Reese and Rich Enyart were the top scorers for Marion netting 12 and 10 points respectively.

In a game played the Tuesday before, Reynoldsburg whalloped the Franklin five, 82-50.

MARION-FRANKLIN — Daniels 3-0-6; Jackson 1-0-2; Enyart 4-2-10; Reese 5-2-12; Fischer 1-1-3; Judy 1-2-4; Leddy 1-1-3; Crabtree 2-1-5; Reeves 0-1-1. Totals: 18-10-46.

Gifts For Giving Welcomed By TB Hospital Patients

'Tis a Friday evening as we write this column, the day that the Gifts for Goving were delivefed at Benjamin Franklin Hospital. It's such a happy tiredness we feel as we make this weekly visit with our neighbors! Thanks to the contributions amassed in the last ten days of the project all patients at Ben Franklin were able to give remembrances to their loved ones.

Nellie Renz, 1339 Wilson-av, headed for Detroit, Mich., for the holiday season, where she will visit with her daughter. Upon her return to Columbus, she will prepare for a trip to Florida and a visit with her mother.

Gravely ill in California is Clare Berkehemer, wife of Bob Berkehemer. Clare has many Columbus relatives and Bob also. Bob was a South High grad of some 20 or more years ago.

A relaxing Christmas at Buckeye Lake's Fairfield Beach will be the pleasant way that Ethel Kridler, 1012 Deshler-av, will spend the Big Day.

St. Mary's PTA and PCCW will co-sponsor their last euchre party for the year on Tuesday, Dec. 29, at the high school, 685 Mohawk-st, at 8:30 p.m. Admission 50 cents.

Birthdays in the most exciting week of the year are celebrated by these youngsters: Teresa Hendricksen, Dec 24; Sharon Kifer, Dec. 28; John Collier, Dec 30; Brenda Evans, Dec. 28; Richard Heneye, Dec. 26; Douglas Minnick, Dec. 29; Pamela Pearce, Dec. 27; Carolyn Young, Dec. 27; Ray Early, Dec. 24; Beverly Blackburn, Dec. 30; Charles Melvin, Dec. 26; Michael Hoffner, Dec. 25; Bonnie Gregory, Dec. 24; Susan Willoughby, Dec. 30; Lon Evans, Dec. 29; Paula Sue Huffman, Dec. 26.

"The Christmas Story" was presented by Siebert Street School students for their parents at the PTA meeting, Tuesday, Dec. 22. On Wednesday, Dec. 23, a White Christmas was held at 9:30 a.m. at the school. Pupils brought canned goods for the baskets for the needy of the community. Carol singing was carried out in traditional fashion.

The South High School Bulldogs will travel to Newark on Tuesday, Dec. 29, for a non-conference game.

Adult birthdays in our reminder book will be celebrated by these folks: Alvina Henley, Dec. 24; William Almon, Dec. 25; Howard Ebert, Dec. 29; and Buss McCaffrey, Dec. 30.

Cloverleaf 2 will have a meeting on Dec. 29, at 8 p.m. in the home of Mrs. Paul Moseman, 1100 Wilson-av.

Holiday vacations and furloughs mean many young adults will be home for the holiday season. Those we've heard about are Robert and Donnie Wilson, Bob Dean and Priscilla Dicke. Robert Wilson, son of Tom and Julie, of 1624 S. Eighth-st, will arrive on Dec. 20, from Ft. Hood, Tex. Upon completion of his furlough, Robert will travel to a new assignment in Virginia. His brother, Donnie, a June grad of South High School, will be on a two week furlough from Ft. Riley, Kans. Bob Dean, whose home is at 33 E. Jenkins-av, is a seminary student at Milligan College. Church obligations will make Bob's Christmas vacation a short one, as he must return immediately after Dec. 25. Jill and Mike Hoover, Bob's sister and brother-in-law from northern Ohio, are also visiting at Jenkins-av, but for a two-week visit. Priscilla Dicke will arrive in Columbus for a three or four day vacation from Cincinnati, where she is attending the Bible Seminary.

Wanda Clark, 1042 Lockbourne-av, is a happy girl for her soldier-boy friend is also due home for a furlough from Ft. Riley, Kans. Tommy Suttler is the young man, and his home is near Lancaster.

Belated birthday greetings to Joe Donahoe, Southwood-av, who attained his 80th year on Dec. 9.

Family and friends gathered to honor Gasper LaRue on his Dec. 15 birthday. Attending were Frank and Jean LaRue, Lana, Lorraine and Darrel Haskin, Bill, Nellie and Janice Kaufman and the Lenox family. The piece de resistance of the refreshments was a "potholder" cake invented by twelve-year-old Tom Lenox. (In telling of the incident, we discovered grown-ups have made the same "boo-boo," that is, left the pot-holder under the bottom layer, to be discovered when an attempt is made to cut the cake!)

One contribution helped mightily to enable parents to include all their children in their gift-giving. Jean LaRue, our sister-in-law, saved all her jars such as instant coffee, cheese, small mayonnaise and jelly jars. She painted the lids and glued angel heads, santas, small churches and all sores of gay things on the lid. She pasted seals, cut-outs from cards, etc. on the side. These gay jars she filled with hard-tack, and donated to the Gifts for Giving, four dozen to be exact. It would be wonderful if some group would adopt this way of assisting in the project also, for then we'd know that no child of a patient would go "un-remembered." We were wanting to do this ourselves in the past year, but our largish family eliminates buying things in small jars. We'd appreciate getting the small jars to enlarge this phase of the project.

Mrs. Nichols, a former patient, remembered her ailing days also, and contributed greatly. O-Ki-Zuda. Camp Fire Girls of Mrs. Weaver, helped to swell the number of toys we were able to give, as did Mrs. Colvin. Other contributors were Mary Kennedy, Troop 700 of the Girl Scouts whose leaders are Mrs. Roy Claar and Mrs. Griffith, Mrs. Hancel Rice, Sharon Dunkle, Mrs. Burns and Mrs. Bier, our doll lady.

Making the rounds to distribute the gifts were Mrs. Bier, Lana Itskin, Mary Merritt, Helen Souder, Mae Dean and Marge Hoptry, our old faithfuls. Oh yes, we want to thank a couple of anonymous donors who left their contributions on our doorstep, while we're expressing our gratitude. We wish every donor could have witnessed the pleasure of the patients; they would have felt rewarded as did we. Two young mothers (obviously roommates) away from their babies, best exemplified the feelings, we believe, when with eyes shining, they said, "This is wonderful, for we were worried what our children would get for Christmas this year."

One touching incident occurred in the new patients' admittance ward. One gentleman, when asked if he'd like something for his wife, sadly said he'd gladly give her something if she'd realize it, then explained she'd been a patient at the State Hospital for 14 years, and that he'd had to rear their daughters, the youngest one now 15 years old. One of Mrs. Bier's dollies went to a patient who will probably spend all her short-life expectancy at the hospital.

Yes, tuberculosis is being conquered but that doesn't make those ill with it any "less" sick than in times past, nor does it disrupt their lives any less! Until the disease is finally conquered we'll work for happier Christmases for Ben Franklin's patients. (As an after thought, we had ten or twelve patients more in mid-December, than in original mid-November number, so TB is still an active foe.)

Battered Pups Beaten By Undefeated Tigers

By Bill Rush

South's battered Bulldogs proved too thin to handle East's rampaging Tigers Friday night as the undefeated City League leaders battled off a stiff first-half threat to notch a 71-48 victory.

The win left the Bengals with a 4-0 record while the Pups stand 1-3 overall and 0-2 in the loop.

Sharp shooting by Bill Young and Snare Gregory enabled the Bulldogs to keep within striking distance of the fast-breaking East aggregate during the first two periods.

South played the game without the services of regulars Don Jagerski and Al Wilson. Both had missed school during the week with seiges of the flu and a leg injury suffered in the Middletown game also impaired the 6-8 Jagerski.

Lack of height made the big difference in the long run with East's taller forwards limiting South's play under the boards.

Tiger Leroy Anderson scored the first points of the game by jumping with a rebound. Young tied it up for South and the game became a seesaw battle until the closing minutes of the second stanza.

Although South never managed to get into the lead, they were able to notch the count at 2-2, 4-4, 16-16 and 22-22.

The Bulldogs more than made up for their lack of height by scrapping for the ball causing a number of turnovers in the first period. East overcame this later when its offense really got rolling.

After Pup guard Ken Lee knotted the count at 22-22, Tigers Al Burke and Max Jones spun the score to 32-24 by halftime.

Gene Harper took some of the pressure off the Bulldog forwards by meshing several strikes in the second period.

Young, who continues to impress Coach John Colmery with every game, was South's high scorer with 17 points. Clarence Winston was tops for East with 29.

East—Winston, 12-5-29; Anderson, 5-4-14; Burke, 5-1-11; Jones, 2-3-7; Clifton, 4-0-8; Shaw, 1-0-2; Doughty, 1-0-2; Wright, 1-0-2. Totals: 31-13-75.

South—Young, 8-1-17; Foster, 2-0-4; Gregory, 2-1-5; Lee, 1-1-3; Harper, 4-0-8; Gaulke, 3-0-6; Barton, 2-1-5. Totals: 22-4-48.

We did want to make a full report on Gifts for Giving while it was still so fresh in our mind. Hope you don't mind! And naturally, to ALL the folks who helped with the success of the project, our warmest thanks. It just wouldn't "go" without your help, wonderful readers!

Now, may each and everyone of you enjoy a healthful, happy Christmas with your loved ones.

Second Loss Is Handed To Ramblers

A scrappy Dublin team handed St. Mary its second defeat in the Franklin County League, 53-51, Friday on the Shamrock hardwood.

Dublin iced the verdict in the closing seconds when Harold Smiley dunked a two-pointer. The Ramblers didn't have a chance to strike back.

Joe Tanner was the top scorer for St. Mary with 16 counters while Captain Ken Sauer netted 12. Bob Love was high for Dublin with 18.

St. Mary's—Spurlock 4-2-10; Sauer 5-2-12; Monte 2-1-5; Tanner 7-2-16; Gray 4-0-8. Totals—22-7-51.

Dublin—Smiley 2-0-4; Holder 4-5-13; Love 6-6-18; J. Headlee 4-1-9.; R. Headlee 4-1-9. Totals—20-13-53.

Optimist Glee Club Holds Carol Party

Members of the Optimist Junior Boys Glee Club caroled throughout the South Side Monday night. This is an annual event of the club.

Leaving the South Side Branch YMCA at 7 p.m. they journeyed to several local homes. During their evening carol services they stopped at Mercy Hospital for a short song fest in the corriders of the hospital.

After the evening of caroling, the group went to Y Park for refreshments and a visit from Santa.

The Optimist Junior Boys Glee Club is co-sponsored by the Optimist Club International of Columbus and the South Side Branch YMCA.

Red-Capped Thief Steals $2500 At South Side Store

A gunman, clad in a three-quarter length navy blue coat and red cap held up the Snedeker's Market, 1603 S. Fourth-st, early Monday evening and stole an estimated $2500.

Police said the store owned by Paul Snedeker, 841 Enfield-rd handles a large amount of cash in selling money orders, stamps and cashing pay checks.

There were four clerks and several customers in the store at the time of the robbery. The gunman completed his "transaction" without anyone noticing him other than Mrs. Martha Springgs, a clerk in the store, whome he held up for the money.

The gunman handed Mrs. Spriggs a blank check, on it written "This is a hold up." He removed a chrome-plated revolver from a lunch bucket that he had placed on the counter and told Mrs. Spriggs, "I'm not fooling. I mean business."

She described the gunman as being about 5 feet, 9 inches, 150 to 160 pounds and fair complexion. He was wearing a three quarter length navy blue packet, red cap, brown pants, red plaid shirt, dark gray knit gloves with leather palms.

THIS IS FOR MY BROTHER . . .

In many countries across the world, the poorest children get CARE food at school — often, the first and only meal they have all day. At a school in Colombia, a CARE representative saw several youngsters placing their CARE roll in their pockets. Why? One little boy explained: "This is for my brother. He's too young to come to school."

Not all the lavish gifts Americans will exchange this Christmas can match the gift of that hungry child who shared his lunch with the brother who had none.

By joining the annual holiday-season CARE Food Crusade, you can share our plenty with the hungry in 15 countries of Asia, Europe, the Middle East and Latin America.

The foods are mainly commodities donated by the U.S. Government from our farm abundance—flour to bake into bread and rolls, powdered milk, corn meal.

Every one dollar you give sends one package of life-giving food, delivered with your name and address to make it a personal act of sharing.

Mail your dollars to CARE Food Crusade, 8 Chestnut st, Columbus 15. Your gifts will reach destitute refugees, orphans, disaster vivctims, undernourished children at school and in their homes. Those who get the food will know that in well-fed America another human being said: "This is for my brother . . ."

"Women will be the last thing civilized by man."—George Meredith.

BIBLE COMMENT

All Should Seek Peace At Christmas

The sound of autos, buses and trucks blend into a din along the main street. The snow falls on the holiday shoppers rushing through the slush.

From the store fronts, recorded Christmas carols blend harshly with the busy sound of traffic.

The scene is anything but peace on earth, that great promise of the scriptures to all men on this most joyous Christmas celebration.

It seems there is less and less time to consider that phrase: "peace on earth." There is so much to do.

Yet, this is a holiday devoted to the Prince of Peace. In His name men have retreated into lives of religious contemplation.

Others have cheerfully met violent death. Still others have endured great personal tragedy, with His name on their lips—an assurance of peace in time of agony.

Even more than the absence of war and civil disorder, the peace of Christmas has come to mean a peace of the soul.

This single word, "peace," is more often being interpreted as international truce, and the uneasy stillness of former battle zones.

Yet the peace we should be seeking is a reflection of the peace that comes eventually to all men when they have crossed the borders into God's kingdom.

Peace within ourselves is not achieved by defeating another man. It comes when we subdue the personal enemies of greed, lust, slander and selfishness that can become so instinctive in our personalities.

Find this peace here, fight for it with ourselves as we would an inhuman enemy, and international peace must follow as logically as summer follows winter.

This Christmas, take a moment to find peace.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits — Oranges, grapefruit, tangerines, apples, cranberries, frozen orange juice.

Vegetables — Brussels sprouts, broccoli, lettuce, sweet potatoes, celery.

Other Foods — Ham, pork loins, bacon, sausage, large eggs, cheese, ice cream.

FOOD FOR THE HOLIDAYS

By the time you read this newspaper, shopping for your Christmas dinner is probably completed. But there is the long stretch of meals ahead during the holidays that may call for bigger bags of groceries than usual. Here are some tips that may help you as you plan and shop:

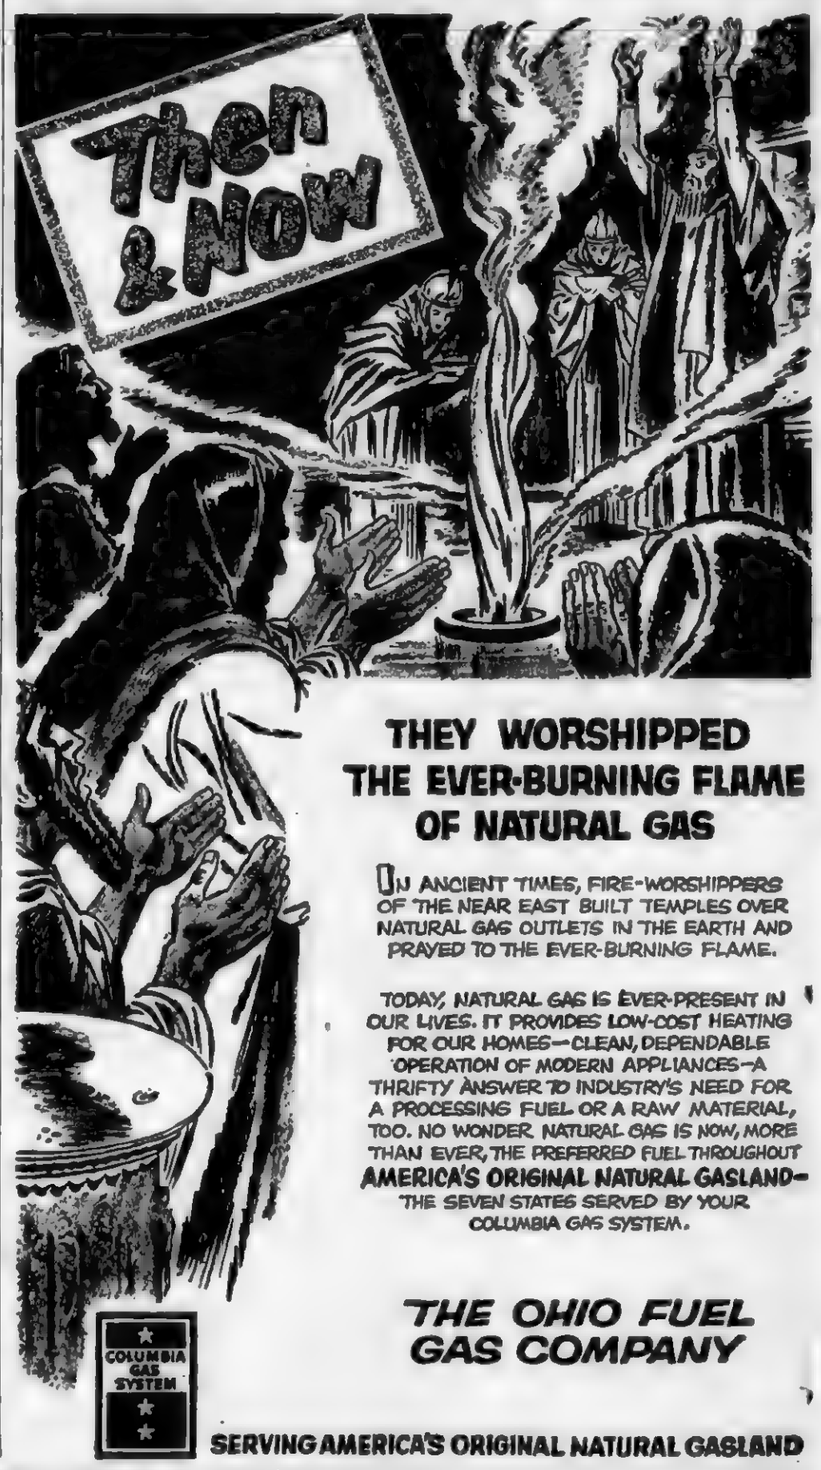
All cuts of pork — fresh or cured are usually good values. Loin roasts and chops, or spareribs, are often a welcome change after the Christmas turkey or ham is eaten. All sizes of canned hams are especially priced this week and are so quick and easy to prepare. And don't forget bacon, sausage or ham for special holiday breakfasts. Economical beef choices this week are chuck roasts and ground beef.

There's a wider selection than usual at the dairy counter to help you plan healthful meals and snacks. Have plenty of milk, assorted cheeses, ice cream and eggnog on hand while the children are home from school. Eggs make good protein dishes for any meal of the day. Eggs are of excellent quality at this time of year when low temperatures help to retain their freshness.

Citrus fruits, rich in vitamin C, are seasonally at their best and prices stay low in spite of holiday demands. Apples are still available and generally carry good quality this year. Keep the fruit bowl well filled. "Cleared" cranberries are back in heavy supply to add their color and popular flavor to holiday meals.

Heavy inventories of canned and frozen orange juice and citrus blends, when the industry is entering a new packing season, means lower prices on all of these items. The frozen orange juice is 3-4 cents less per can in most markets than it was a month ago.

Canned fruits to look for include cling peaches, fruit cocktail, applesauce, and red sour cherries.



While some vegetables may be higher priced now than they were during the growing season locally, there are many which are in good winter supply—rutabagas, turnips, parsnips, potatoes, carrots and cauliflower.

This country is blessed with plenty of good nutritious food. Our farmers have seen to that. Our food processing industry and our transportation system make food accessible to every corner of the nation, and even the remotest dwelling in the land.

This is something to remember as we enjoy the fellowship of family and friends during the holidays.

Merry Christmas and a Happy New Year to you and your family.

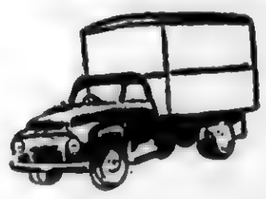
HOT MONEY

Three years was the prison term handed to a man in Montreal, Canada, for possessing fake money. Police found 10 bogus $10 bills hidden in a hotplate in the man's house.

Weather Blamed For Small Kill Of Ohio Deer

Weather during the three-day shotgun hunting season, which closed Dec. 12, favored the deer more than the hunters, according to reports from district offices of the Ohio Division of Wildlife. Personnel checked 784 deer in the field and at nine checking stations.



The deer kill reported by the six districts does not represent the total for the state. Final figures will await the processing of deer-hunting report cards which all permit buyers are required to submit at the close of the season.

Last year almost 43,000 hunters bagged about 4,000 deer during a four-day season.

FAYETTE COUNTY FIRST

Fayette County led Wildlife District No. 5 in arrests in November, according to T. W. Overholser, the law enforcement supervisor for the south-central area. Ninety-two were made in this county during the month compared to 71 for the remainder of the 15-county district.

Wishing You All A MERRY CHRISTMAS And A HAPPY NEW YEAR

We have no complaints in our files, from you, the readers or our customers, on the electrical inspection department. NOT ONE; and we thank you for the work. It makes us feel our prices are reasonable and our work has been done right in the past year and WE ARE HAPPY. YES, we intend to keep it this way; with the LORD'S help; our know-how and your help in furnishing the work.

WE THANK YOU AGAIN.
